These monster enemies of Hillel are inhuman to their prisoners, prisoners who had their homes stolen and are denied freedom for being born to Nazi tyranny. Demand Justice for yourself as a Human.

Some Serious Evil Jarg in Dishonest Reporting
http://www.aish.com/jewlariousMultiMedia/jewlariousMultiMediaDefault/Israel_Unfair_and_Unbalanced.asp

Forgetting about the truce given to those in a concentration prison camp? Where they are denied food and water? In curfew prior to near half the days of the year, for years? How could they not to claim such self righteousness? They don't bother because they'd rather YOU were made innocent victim, then them, Zionists who would screw you out of a house called home. Did you know: they openly steal Peoples homes in that criminal nazi state labeled godly? Of whom openly thieve? Officially? Yes, and they try to thieve the title of Jew from the Messiah too, but I'm not going to a slave prison death camp for innocent humans, I'm fighting back to demand open communications to rule true Justice concerned. Freedom is paramount. 911 perpetrators will be brought to Justice by King of Jews Johnny Dazzler.

Neocon Enemies of the Jew do not Care for Truth

But Neocon enemies of the Jew do not care for Truth. They lie as enemies to God, on hopes to murder Jews like they did in Lebanon with millions of land mines. What kind of "Human" would commit such crimes against Life? Cheating Liars for Satan Johnny tells YOU.

When Bush asked about his errors in judgement:

Stressing that Israel was "the first to stand

it's good to get killed Jews by breaking truces
with a prison death camp, cause look at all the
free American Welfare money we can steal through

Simple Common Sense for Mankind

/ / Israel has admitted HAMAS kept the cease fire; and that Israel broke it, then unleashed a total starvation blockade on Gaza followed by flaming death from the sky aimed at schools, hospitals, ambulances, and children, and you dare call the people opposed to such barbarity a "mob?" \ \

Zionists are evil people who pretend they are honest, when lying directly to everyone. Blitzer reports Hammas broke the truce, he is lying to continue the murder of innocent peoples. Understand: Israeli Nazi state they will continue to murder our innocent Humanity until the rockets stop falling on Jews. Yet, they broke the truce, and murder Jews routinely with reckless abandon. Jews from the Bible as of "nigger" Ethiopian, are what the Zionist hate when warring GOD for apartheid, apartheid that is Humanity in Gaza. A zionist is a war criminal who speaks not against the neocon, but against Innocent Humanity as YOUR enemy.

Livni: Gaza truce would give Hamas legitimacy

As they always do because they are dishonorable murderous nazi thieves of God as Just cause is. I am, and YOU are, you just maybe don't know it yet, or if ever. A zionist serves Satan to escape the neocon terrorists from their ungodly crimes on 911.

Ron Paul:
US Will Be Rightly Blamed for Israeli Killings
http://www.youtube.com/watch?v=6C756NOPyDA

Not the Nazi Israeli?

The guilty party are those who advocate these mass murderers of innocent peoples with deliberate lies, like from Blitzer. Blitzer will be tried, and executed a war criminal for stating Hamas broke the truce., Where, only two minutes earlier, he learned, that it was his Nazi partners. DEATH SENTENCE. It was on TV. BUT SEE? Ron Paul, the Libertarian, ain't going to be honest here. He'll lie cheat and steal Humanity's voice for Justice - like

he did with OUR money. A typical Libertarian
like Alex Jones who wants to blame "socialists",
"Liberals", aka, all of innocent America.
Blitzer is war criminal, who makes his own
discussions. As is Ron. What an enemy to not
mention the truce. THINK: IT IS THE ISSUE. But
Ron plays the dummy to kill more with contempt
for Freedom. Ron Paul, the bigot, asked,
'should we be doing this'? SEE? it's not first
degree mass murders, no, according to Ron Paul,
it's argumentative that indiscriminate mass
killing is a good thing really. Remember,
Ron Paul does not support arresting those
who committed mass murder on 911 either.
Or those who STOLE TRILLIONS. Or lawless Bush,
the ACTUAL AntiChrist enemy of God. Ron Paul
will watch America die for a stolen dollar.
And Alex Jones will refuse all calls to label
him good guy like himself warring order
to our universe for it.

Israel is [NOT?] responsible for these childrens death
http://uk.youtube.com/watch?v=Y9PIZQqIep4&feature=email

Ron Paul "When we pick sides, we make it worse"

He also took our millions donated for freedom
fighting away for his family, but not our own
as dying innocent victims giving. Pick a side.

Remember: Sadistic authoritarian George Noory
is a very real DEMON of Satan, who again,
openly tells US, he wants to murder our
species as the innocent forsaken, and Alex
Jones doesn't hear a problem with that
either. Love the bushite blindly, and
they'll kill US for a dollar sukka.

Alex Jones is like the retarded brother we
can't help but love because we're human. He
is still retarded. And George Noory is still
seriously evil as a traitor to the cause of
Freedom in America. And Ron Paul is still
slamming Ron Paul.

Ron Paul "Israel can not act without
Washington's approval"

So, it is Ron's fault then by not mentioning
the truce?, or as that, innocent People are being
indiscriminately murdered in a death camp that
he figures is argumentative? that innocent
People are dying as targeted for mass genocide?

Or is it the Ron who states YOU are to blame
instead of himself for being there, not saying
anything? HEY RON! Can you hear me now!

They are targeted by Obama who suggests
there is an argument to be made here. There
isn't. Nazi Israeli DEMON LIARS broke the
truce to kill Jews for money. They are godless
enemies of Humanity. So it isn't that we are
pro-Palestinian, it is that we are pro-Human.
Zionists DESERVE to die, before US, the innocent,
they target for murder for stolen cash gain.
Like Obama has promised to do for AIPAC. But
what about the rest of US 6 billion plus Obama?
Who is it of US innocent folks do you wish to
MURDER, or torture next as a Zionist war criminal
for Satan Obama? Torturing kids is popular in
Israel, tell US Obama, which American father will
have his children tortured, or murdered
sadistically by yourself as a whore for Nazi
Israeli? tell us, we're not waiting.

The Chosen Bad Example

Zionists Destroy Our Homes as Satanic
http://www.youtube.com/watch?v=mo2HW4T7wK4&feature=related

When I see the women and her child, left outside

while they sadistically destroy her meager gains,
I grow weary with ourselves for not speaking right.
Nazi Israeli are committed to deny US our God given
rights as Innocent persons to speak freely for Justice
realized. All because they STEAL our Lives for monetary
gain. It is our reality, give it or take it, YOU LOSE.

Then.. Hammurabi founded Civilization.

I go concerned for any hesitations of condemnation by
Obama. It's like, he's talking some jive about
how now he'll NOT let the words of Hamas reach
his ears. Being against war criminals, doesn't make
you pro-Hamas, necessarily, it means your against
war crimes to defend the lives of ourselves respected.
Remember: He told US earlier during the campaign that
he wouldn't fear speaking to anyone, Hamas especially,
because he was confident he could win the discussion on
Liberty, by principles that unite all free men. Now,
he has promised the FBI's Most Wanted AIPAC, he will
pretend to not hear any calls for fairness as all
parties united by common cause. Johnny Who? Where did
you go Obama? You were here, then.. pooof! you
vanished into the loving shackles of convicted/ing
criminals is a mass, "WE ARE TRAITORS TO JUST CAUSE"
organized war crime outfit, dedicated to deceiving the
Public by lying. I am not Lying. I'm not saying I hold
his associations as a measure of himself, I am concerned
with him stating, he will not hear our cries for Justice,
as then AIPAC cheered. I was as freaked out about it as
you maybe yourself now, believing it as possible. Check it
out for yourself, and wonder, just "who" is this person
they tell us they're are going to take for as dying fools?
I mean look at what happened to what's his name, when he
sided similarly the same in error as hugely criminal? Come
on be honest with us son, "Are you on drugs?". Maybe he's
just been stressed with all of everything he is heaped
to follow on, NOT to know by Blitzer, that Israeli broke
the truce to kill more Jews for money, and, also STEAL
innocent Peoples Homes while saying, "they are God's
Chosen". Yeah, chosen for, "The Bad Example", of how
Jews are left undefended by these grave robbing war
criminal nazi forces. As the King of Jews, I call for
Public War Crimes trials of the entire bushmob as
terrorists, and their supporters for lawless tyranny.

Riddle me Dumb

Hamas Workers and/or Troops? Out hiding in the mountains of Afghanistan you mean right? Satanic enemies of all Humanity I tell you. The most evil nazi sons-of-bitches who openly advocate tyranny and oppression through mass murder of ourselves as the innocent left targeted defenseless. Enemies of Jews everywhere, the Zionist cares not for facts on who's Life it destroys for stolen gain by lying. That's why they target Jews, for fear the Light of Truth would expose them as the Nazis they are. It's a prison death camp, brought about by Israeli STEALING OUR Homes as ungodly thieves. Thieves who leave a Jew to starve to death in a garbage dump because, it'll attract more charitable aid The Zionist can use elsewhere. It's not a Jewish thing, it's a criminal matter. They STEAL innocent Peoples Homes in that country. God's Country? God would will such criminal offense? Which God? Not the God of Abraham, nor by the teachings of Hillel, Christ, Mohammad, or Confusion? So which absent God do you speak where WE can't speak as ourselves openly for Just Cause? Cat got your tongue? How come your not saying anything? The Israeli Zionist ENEMY wants US ALL in slave labor prison death camps silenced away that's why!

Hey! you could call me Daddio if you wanted! To the telephones we go.

Israeli are attacking prisoners held criminally in their own Death Camps!! GET ALEX JONES ON THIS!

Hmm... why wouldn't Alex? to support his fictions over Our Rights to Live Free perhaps? A Hero adapting to the deaths scene?, or, a Bush whore committed to enslaving Humanity, all so he can say, he told US so. Big hero or big hero. Your NOT powerless to his vision of complete control over information. He refuses 911 info, Iraq war info, Israeli info. All so he doesn't have to look the fool, while Humanity dies with his insults against our wills to make something better of ourselves. Justice is what I will. Masturbate on your own time Mr. Alex Jones.

If he states again about how he knows everything, and is always right, and those that criticize him on ANYTHING are delusional, it's going about to make everyone further sick with this obscene take on what life means as Alex takes it. If I truly state two nickels make a dime, does that mean therefor they make a quarter also? If I say so like Alex would? He is an idiot. Truly. George Noory figures Hamas broke the truce, and that the Mideast solution is that Jews should be separated with special rights, as oppressors over the freedom of every Palestinian Prisoner, and what's Alex Jones gonna say about his 'truth telling freedom fighter' George to actual 'lame ass evil nazi traitor' George?, to YOU about how George is just trying to murder millions of helpless people as an offer for the final solution? We can expect Alex now to claim, Zionists should have special rights over Jews, all to maintain his FICTIONS on Noory being anything but the monster to Humanity he is. Just because Noory doesn't growl when talking about murdering all children in around the age of 15, or against soldiers who refuse criminal orders, does still make him a true fascist nazi enemy laughing at your murderers escaping to live freedom in our dying forsaken worlds. The bushmob doctored the NIE. Conned Congress, and Soldiers. Did 911, by closing criminal FBI investigations immediately. Alex and George don't seem to want US to know these FACTS that demands arrests of the culprits responsible for high treason against Johnny's America. Now, who's with yourself. I am! I am! I am!

Alex Jones doesn't know squat of Social Security, but pretends he does, like Ron Paul does when speaking of the Federal Reserve, Health Care, IMF, World Bank blahblahblah.. I mean even the expert of experts

Alex has on near twice a week, EVERY WEEK, to talk
all about how the Illuminati are doing everything,(give
me your money now for whatever), DOESN'T SAY TO KNOW,
it was Chris Cox who changed Investment Banker rules,
to cover instead one tenth of WORLD INCOME loans,
to one twentieth. MORE THAN DOUBLING THE ENTIRE GLOBAL
MARKET FOR LOOTING WITH HIS SIGNATURE! (And. that isn't
even a fifth of the TRUE trillions dollar fraud story.!)
Now, granted, I wouldn't expect one tenth of one percent
of America to have even a distant clue of which I am
speaking, but importantly, Alex's expert of experts has
never mentioned it. EVER. Why? He don't give a fuck, but
how much money he can get you to give him for investing
in things that are un-important to our struggles, but
for the fact, he states, you'll get free money for
nothing!! OUR ACTUAL PROBLEM. It reminds me of those
Ron Paul dollars... where Ron'll fix everything, cause
we, as a private company, are going to make YOUR money
instead... holy fuk mon.. Talk about the kettle calling
American racists. Thank God the FBI stepped in. (The
answer unfortunately is not nowhere as easy as Alex
would blindly lead you) - again, so I guess it will be,
Americans were just too far gone as illiterate
chauvinists, who cared too little for your freedom as
themselves degenerating. Why? To battle tyranny they
knew not Justice wins the day, and blamed innocent
groups gathered wherever, instead of following the crime
scene leads at the real murder scenes - like was once
done on TV and at the Movies. But even that was too
far above their doped down heads, to raise their finger
to dial a phone number.

How about stating "A lawless bushite enemy wars America
as a traitor, to escape the neocons from the crimes of 911."

Then Alex states the head of GCN is giving out gold
at less than it's value as a special treat, every
second or third week. Below wholesale. Now, really
think this thru. Do you think Alex is trying to con
you here? you bet. That is the Gold Racket. Diamonds
are another thing - where I've personally seen,
about a decade ago, a huge press that makes Diamonds
out of coal. Swear to God it's true. Costs to make
diamonds are pennies to the thousands paid to Zionists
who live in Israel calling for the murder of all
innocent Peoples. Where is the rich Zionist, grave
robbing Jew hater to demand Justice for our times?
Where? Pressing coal into diamonds, while advocating
the murder of our entire Human species. THEY WANT
TO KILL GOD AS SATANIC ENEMIES OF LIFE. While I am
last known to Life's enemies as Jesus Christ, the
Zionist's end every time. I'll have brought more
Zionists to their rightful dooms, than any other,

of any time, anywhere. I HATE Zionist bushite LIARS to death, all because I Love Humanity too much, to watch US die undefended as the innocent forsaken. They can change their evil ways, but till now, often not, benefiting off our suffering as war criminals who simply lie as demons to steal our Human values. Let's change this for our betterments. I mean the Halo is a dead give away..

The head of GCN has a son warring God to rape American women as lawless enemy in Iraq for the Neocon - again NEVER mentioned as something worth fighting against for Freedom in America - soldiers are suppose to REFUSE criminal orders - but not when Alex is at the mike. He will never mention the Bushmob doctoring the NIE to con America for death as exampled, because it doesn't fit his fictions, where all the bad guys escape because they are geniuses headed by secrets so powerful, nobody can ever know'em, except Alex. He tells us near every day, he knows everything already, and is never wrong, therefore you can't criticize him. Bullshit. It's like he wants to be wise like Johnny Gawd is, without doing anything like studying for a test where the teacher actually does know the issues. He told US today, the British came up with concentration camps, from the Indians - who spent all their lives murdering themselves. The British 'invented' false imprisonment? The British came up with the, Jews Killed Jesus? The British invented Pope Gregory VII? I suppose Alex has never heard of Ghettos. SEE? he just pulls shit out of his ass, and calls it like it's truly pure gold you'd wanna buy. Those, like your typical American have no clues, so they figure, Life must be sorta so that History is all one big Alex Jones NWO cartoon. What? that the NWO did 911, and everything else that use to instead, require criminal investigations to nab the actual evil doers? Alex Jones IS the NWO he tells US all we should be concerned about never stopping, like it was in the DARK AGES. Justice Alex, why is that hard for you as a "Conservative" to figure? Is it because you are cowardly in the face of true Liberty? Afraid that some People, on some Issues, ACTUALLY know a great deal better than you could even imagine presently? Don't like that do you?, where you don't rule this Universe as a lawless tyrant desperate to live in an illusion at the expense of everyone else dying victims to censorship? Does he try to find wise men or women? rarely. "Ron Paul [MUST] leads our truth movement" - like, fuck off already with the Ron Paul, The Truther, Bullshit Alex Jones. 1% is what YOU get on Social Security deposits - 1%. And.. Bush stole 700 billion. 700. Billion. That's 700

BILLION. It's a "Trust" account. A "Trust" Account. It's
being held in "Trust" Alex. Ron Paul is asleep at the
wheel. As, so are the rest of all you other fools..
I want Justice, and I want it now for all the victims
of 911. Americans be damned, we want Justice, and We
want it Now.

In Texas, child rapists are given the right to
freely move about without fear that Texans will stand
as armed Men in defense of their very own offspring.
And Alex wants this for the rest of America. That some
how to own a gun, means an American would kill a cop
who beat a women near to death for pleasures that
he could never be Publicly arrested for, as a
sadistically evil nazi bushite fuck. Look, if YOU DID
kill that particular DEMON COP after the Chief
refused to arrest him, you couldn't possibly go to
jail in Johnny's America, because the truth would win
out in a fair verdict. And REAL cops would honor you
with great big, thank you. Nothing worse than a
cop (or bushite grunter) who believes the Law doesn't
apply to him while he drives drunk, tazers someone for
nothing, abuses Women, or kids, to sell drugs, or
kills good cops, who are good men. (Like mercs do in
Iraq officially for Rumsfeld's P2OG. Coming to an
American city near you!)

Again, the two Laws of Johnny:

1. No evidence, person innocent.

2. Torture? fuk you and die then

"Rice says it is 'hard' for Israel to spare civilians in Gaza"

We KNOW they are ONLY targeting innocent People,
the ungodly zionist Satanic enemies say so..

"Israel Rejected Hamas Cease-Fire Offer in December"

Livni has declared her country "is not going to show restraint"

"Her" country?

It's like she's admitting here, that they DO NOT
target the IDF's Hamas, but only our innocent lives
as a threat to LIFE and GOD. Remember: the Zionist
LIARS broke the truce.

This guy even sounds like the Satanic false
accusing enemy of God he is. Let US, as Humanity,
hunt these real devils down, try them, and have
them executed publicly for the benefit of God and
Man. Understand: this REAL DEMON knows he's lying,
no living man on Earth could spew the vile lies he
does to excuse indiscriminate mass murder, or starvation,
as this Zionist enemy of life sells to STEAL Your
HOME, your Family, YOUR LIFE. An open enemy of God
trying to STEAL the Title of Jew from Christ. EVIL
ENEMY OF LIFE. See, when a bushite dies, you served
Life well in defending their next INNOCENT target.
BILL HIM FOR STATING ISRAEL WAS STRUCK THOUSANDS OF
TIMES. BILL HIM FOR STATING HAMAS BROKE THE TRUCE.
BILL HIM FOR STATING bin Laden DID 911. BILL ANY
Zionist FOR THIS TREASONOUS LIE. Why God asks? Because
there isn't any evidence to support that Satanic lie.
According to the FBI. And according to God, Zionists
are not Jews, but of Satan as enemies of every life
form in this Galaxy, Hunt him down, and bill him
today for the love of God. You can 'hear' it in his
voice.. how he lies TO YOU as a DEMON of a Hatred
for Truth and Humanity. Facts, that are easily
available, are not what he works to mislead others,
others he hates, and wishes to murder for as ungodly
sadistic pleasures as YOUR enemy. Bill him under
American law for being pro-torture too while we're
at it. Death to bushite, death to the murdering
enemies of God's Love for Mankind, and enemies of
TRUE Justice for Americans. The fuking demon enemy
lies to you, as a con to STEAL your life, or just
as soon, the life of another innocent other. Now,
what are you going to do about it? Except his lies

LYING to kill God and Justice in our Worlds? Not

' In Civil-Contempt Cases, Jail Time Can
Stretch On for Years for Americans, without Ever
seeing a day in Court. '

Where are the arrests?, then firing squads for
the Judges who 'judged' such criminality against
freedom for US, the Peoples in America?

' Where Did Taxpayer Money Go? Panel Slams Treasury
[FOR STILL REFUSING TO SAY] '

Where are the arrests?, they stole eight trillion
and counting.. And Congress 'slams' them for
disappearing OUR MONEY. Slams with what?, a,
don't do that again please butt sqeeze? It should
be massive slammer time, with a return of all
STOLEN monies.

' THEREFORE, those pro-Israel politicians in Congress
won their seats in part using stolen money. '

Where are the arrests? Amerikan bushite nazi grunts
are assisting in the mass murder of innocent Christians
in Palestine. War crimes demanding death sentences. It
isn't an argument that can be turned around. Nazi Israeli
STEAL Peoples Homes without apology, as a function of
their SATANIC government, while colectively bombing the
INNOCENT victims who die because of it. It's a prison
camp! they are denied water, food, shelter.. since four
or five truces over that they've broken, every one. These
are Satanic enemies, willing War Crimes against God,
a God NOT loved by zionist American Nazis. And a Son
as powerful as the four winds, ridiculed by Zionists,
and American know nothings, for the continued debasement
of YOUR soul worth here dying.

Israel Attacks Iran News Station

Why does not Iran DEMAND arrests, and death sentences
for these blatant war crimes against Humanity committed
by Amerikan Nazi Israeli Zionists? Along with the
perpetrators of 911? WHYWHYWHYWHY. Russians! Can you
help US out?

Pictures of Alex Jones masturbating
"we were right about it all."

It's the NWO! The Illuminati! Not Bush, Cheney,
Neocons Gone Wild, or any of many other REAL
criminals, for the war criminals are just
puppets to his EVIL fictions. Forget about
Bush escaping.. Socialists who design traffic

lights, and Liberals who will to share fairly are Alex's enemy, because he's fearful the FACTS would escape his denouncements against truth tellers. George Noory, one of the most despicable individuals on the face of our great Earth - is exactly the kinda guy he wants returned to send his wannabe Patriots nowhere but to die. What about Justice America? The bushmob doctored the NIE. TREASON. There is video of iron flowing like water from the towers, seconds prior to the collapse. Alex ain't there to help US, for that is where TRUE Patriots fight for real Justice. When WE phone with indisputable facts, on Ron Paul the bush whore sell-out for example, he lies to all (GOD), then hangs up on US. Is that the kinda freedom you think the Founding Fathers had in mind to give Your rights to speak for Alex who blames anyone but the criminals directly responsible for your funeral? The private banker never covers our loans, so why give them trillions without questions offered without answered as, never mentioned by the guy who is 'right all along on everything under the sun', and.. he 'rules the Ocean of truth' too don't you know YOU have a steak going all rotten to hell here also? You'd think Alex would take our call just for the challenge on where we stand? I'm free!

He is not. And George Noory tells us openly, he's into killing innocent kids for profit. George's profit is that apparently, by murdering all children in around the age of 15, will stop them from getting a clue at anytime in the future, to take him out as an ENEMY of EVERYONE for censoring our cries for Justice. Why is it that Alex would invite obstructionist, Steve Quail, or Alan Watt, on to lead you nowhere while they jerk off, but where we gotta go to actually defend ourselves? Steve has been on with Noory more than a hundred times, and, we'd figure, Alex will soon be delving into the Alien questions also. Answerable by me in seconds, but ahhh.. like Noory, doesn't want the truth of such a subject uttered, just endless streams of illiterate bushite dumfuk losers sucking on each other. While they wrest from US the wonder; just why we can't stop criminals from robbing ourselves, while murdering our families? Alex wants to blame the unstoppable NWO, while I, want to blame those actually responsible, like Bush and the proven treasonous, Neocon terorist liars who are pro-torture. With arrest warrants. All of them. I'll do it for

Reagan's, War Crimes Act, as an act of respect for my Great America, that's isn't always been dying dead wrong under the leaderships of criminals.

Israel hits Gaza after UN truce resolution

/ / AP Israel and Hamas responded to a UN peace demand by hammering away at each other with bombs \ \

The IDF's Hamas is hammering away with what at who? Is the AP referring to the tin can rockets that travel usually several miles, but in one case, 22 miles? To kill a Jew standing outside in his yard, thinking on how he would defeat true evil in his time? Tin can rockets that contain no explosive charge? Have no mistake, if it hits you in the head, your dead, but really, what do you think the odds are on that? E=mc�. Or is this another, amerikan past time, of, who cares for the facts, we are at war with God and Christ now? Joe is an American Zionist "Plumber", who has amassed a multi-million dollar fortune in the competitive industry by shit eating. Every bushite death is a mercy given to God in defense of all that is right and Just in this Universe. A lawless bushite enemy wars America as a traitor to escape the neocons from the crimes of 911.

Traitors to the Cause

Bush and Cheney are traitors to the cause of American Liberty. To leave them free, is to leave America un-guarded from further transgression.

UN: Israel Admits Claims About Attacked School Baseless

US military re-supplying Israel with ammunition through Greece

House and Senate Compete To See Who Can be Most Pro-Israel

This warrants the Death Sentence to Republicans who have committed America to these war crimes - DEATH SENTENCES. Christ DEMANDS these trials to start tonight on America's Coast to Coast radio program. It's called first degree mass murder.

Israel broke the truce on Nov. 4th, yet state they will continue to murder Humanity indiscriminately until a truce can be found that they will break, as always, Being the Satanic enemies of God and Man according to the Bible:

The Bible "I know the blasphemy of them which say they are Jews, and are not, but are the synagogue of Satan."

Freedom Granted by Americans for Neocon Liberators

"Americans are having their heads velcroed to chairs and forced to take in nutritional supplements by a tube forcibly inserted through their noses by US guards."

These are People not charged with any criminal offense don't forget. Die bushite die you know is what I recommend, as does Reagan. A dead bushite means you've saved the life of their next victim, an Innocent Human Being guilty of no crimes. The war criminal enemy is the bushite, the Zionist, the LIAR neocon traitor to Life as this Universe, along with every dumfuk grunt who serves tyranny for the bushmob at Guantanamo, Iraq, or Afghanistan. It is a soldier's oath to obey lawful orders only, but Cheney they don't take out with American Law - how come? cowardly fascist nazi whores for Zionism's evil as the ungodly that's why. Cowards dying for the escape of the Neocons from the 911 scene as reported publicly. - Vs. US. That's we whoever you are.

Widespread Suffering and Death
http://www.youtube.com/watch?v=gVdee2iXSVk&feature=related

Notice no one shoots at the blimp fire bombing the entire neighborhoods. And if it's phosphorous, that smoke is already deadly toxic. That is why it warrants the Death Sentence under International Law when used against OUR Humanity, as the most evil of Nazi War Crimes ever. The neoCON LIARS are the LIARS conning you here on our TVs and Radio dramas, in where, they don't want to openly take our public calls for real Justice. Bush and Cheney are traitors to the cause of American Liberty. To leave them free, is to leave America un-guarded from further transgression. So, them being "puppets" is even all the reason more to insist in their capture for trial by Jury. A Public Jury of our Peers. Now, who's in with You? You can count me in. and I bet willed to action, we will find others to be something of ourselves too.. Justice and Liberty for All. Equal rights given is what true freedom is as measured. Translated from the 'Alien' dialectic to Amereeze jank vibe; where is the fucking evidence here Neocon traitors who false accuse to lead us off the straight and narrow? It leads to Bush, Cheney, Rumsfeld, and Condi that's why I figure, you figure, they figure, we figure, so... what are WE going to do about this sacrificing for godless tyranny further then as unrepresented?

Israel Attacks Jews,
Silence from Mainstream about Violation of Law
http://www.youtube.com/watch?v=K1kt8qi0M-M

They kill Jews for money. They bombed Jews in Lebanon for money. They want to bomb the HUGE sacred Jewish communities in Iran.. wonder why? Zionists are not Jews, for Jews don't steal in God's good name. Nor target innocent beings for stolen gains. A zionist is a thief to life, and as such, needs to be formally charged for their criminal offenses, given lawyers, and upon a successful prosecution, rot in a prison cell and/or pay restitutions. YES. why? so not another innocent person must fall in their place as next victim to a zionist's public commitment to lawless tyranny for evil intentions.

This Zionist enemy of God speaks like a six year old. "Hamas Terrorists", "4. Jan.", come on now, how evil do you have to be to believe this ungodly demon sells you righteousness. They STEAL our food. They are OUR criminal enemies who torture innocent Peoples. A godless criminal enemy who also steals Peoples Homes. And drops millions of land mines to murder Jews indiscriminately for decades. Commits war crime after war crime against Humanity. Vile bile.

They killed our innocents, and unless we kill theirs, they will go on killing ours.�

It is the crime of which they demand WE are outraged against. Welcome to Humanity's suffering world due to lacking communications skill. The term "they" are referring to is YOU. Your innocent life Israeli intend TO STEAL, TO MURDER, TO ROB YOU Your rights here granted by God. These are ungodly acts of mass murder, perpetrated by enemies of Life. They targeted a UN Girl School for Christ's sakes. please fight back by supporting my calls for open international dialog. Let US never forget, the Zionists also would bomb
some locations, then later, drop the warnings

be destroyed instantly by the Zionist flying the
America paid for Apache. I did a big show of shows

scenes perpetrated by the treasonous, neocon Zionist
terror merchants. It's like they think some dying

private banker frauds. The banker does not

CNN: The Nazis Broke The Ceasefire!
http://www.youtube.com/watch?v=KntmpoRXFX4

Protest pictures from around the world (not on CNN)
http://www.rys2sense.com/anti-neocons/viewtopic.php?f=11&t=16496&start=0

Remember Israeli nazis to this day, insist as
DEMONIC LIARS, Hamas broke the truce - as Hamas
is responsible when they target school girls for
slaughter. They said the UN were secretly attacking
Jews, clearly a LIE as impossible to prove because
it didn't happen. But facts are the furthest thing
away from the godless false accuser Zionist con man
or demon witch LIAR like Livini. FoxNews calls the
demon witch a Jew! ANTISEMITES.

We can witness, Americans do not have the intellect
to understand what this means. See, LIAR Nazi Israeli
broke the truce to get killed Jews for money. A
regular fair for Nazi Israeli. Now, they state they
will continue to indiscriminately murder humanity
until the tin can rockets that travel miles stop
killing Jews who hate Zionists. But importantly,
it is Israel that wants Jews to die, so they can
make off as Satanic with our stolen values. Just
like the Bush family did with Hitler, that the
Nazi Nation has no probs working gun in hand to
wipe out Jews everywhere still to this day. Again,
Nazi Israeli MURDERED JEWS in Lebanon as targeted.
And leave Jews to starve to Death in Israel for
more charitable aid they can use elsewhere. Public
knowledge not disputed by any living soul on this
planet because, the Zionist government admits freely

to this. Israeli think being Satanic is worth it, for all the money and lives they can steal as enemies to Christ, Hillel, Mohammad, YOU, blahblahblah.

And, as demonic thieves, they steal homes from innocent god loving folks. US. But see the McCainiac HATES you as being a virtuous man or women, so they call for more indiscriminate carnage against Humanity, on failed hopes, that we as God are not going to come down to hunt them to the ends of this earth, try them, and have them executed for the war crimes of Torture, Rape, and mass murders committed for the neocons escape of 911.

Joe the Plumber to cover Gaza op

/ / Wurzelbacher says he'll spend 10 days covering the fighting and explaining why Israeli forces are mounting attacks against Hamas. \ \

Don't want an intellectual who might have a clue of what is transpiring with the forces of Satan, fuk, CNN'll likely hire him also. Don't you just hate this treasonous lying nazi demon? He has no journey man's license, never did, isn't a plumber, and doesn't have the millions of dollars he claimed he did to purchase a company that would have rolled over 250,000.00 a year for himself alone plumbing. Plumbers, as good as the job is, never generate that kind of money. Who cares though, right? A Nazi liar is what Zionist's want, and that is what America gets. TV'ed Americans couldn't care much less. Evil nazi McCainiac who's sworn existence, is to con teen soldiers for death to raise the fortunes on the un-elected Neocon bushmobsters now fancies himself a teacher on the struggles against evil. It's like that faggot at anotheruntoldstory.com, who's into murdering innocent Gays, while fucking his own brothers up the ass, who runs ads everyday at GCN, tells US now, all about how evil we all are for demanding Justice. How long do you think that'll run with the Alex Jones towners still raising no concerns? It's for the money as Ron Paul would say.. Again, it is to divide ourselves from true liberty, by demonizing the innocent on our radio and tv channels. Instead of Bush, Cheney, Rumsfeld, and Condi.

http://www.liveleak.com/view?i=ab0_1231290043

http://www.kuwaittimes.net/upload/img_pict/headline9637e7.jpg

Read of the bushite in my America who call this work of Satanic enemies, a good thing they support to war terrorism for the sadistically evil liars of the neocon. Then KNOW my friends, a bushite is the enemy of every living soul on this planet. Have no love for those in the Air Force, the enemies of Man who bomb our families without excuse, but to know, they hate US as Christ to speak free for Humanity. That DEMON George Noory was so happy last night about all the good the bankers AND CHENEY are doing for their hatred they spoke of for all Russians. SEE? not to protect America, but to kill you with their true commitment to the demonization of innocent people, all to escape the neocon terrorists. I HATE George Noory more than anyone alive in America. He is so openly evil to ourselves, that only those who wished to lie to you, (like Alex Jones does about Ron Paul), would say otherwise as bushite dumfuk enemies. Cowards committed to escaping Bush and Cheney for treason against Freedom. They doctored the NIE on Iraq, highest of war criminality. Alex Jones has never mentioned it, but for MAYBE in passing. Hey because all the bad guys are just puppets to ignore over the elites, globalists, socialists, liberals, gays maybe, Blacks, Mexicans, and anybody else smarter than NWOer Alex. Ron Paul is a coward as rarely if never has a clue of which he is speaking on.

Israeli PM says to end offensive if Gaza ends rocket attacks

Sarkozy urges Syria to press Hamas for Gaza truce

How does the ungodly get away with this obscenity? Nobody can deny Nazi Israeli broke the truce, as they always have done as Satanic for the last 60 years. Killing Jews for money is popular with the Zionist Nazis don't you know us by now? FoxNews CONNED Americans for DEATH with the unmentioned, TREASONOUS doctoring of the NIE. To kill Americans for more neocon gains, which Alex Jones never mentions either. Do Americans even care enough to raise Humanity's call? Do they demand public executions of sadistic godless Zionist torturers? as the Standing Law of America - The War Crimes Act - brought to be by Reagan - DEMANDS by the Law of America? It is the Law after all, yet, CNN, CBC, and FoxNews calls the perpetrators of the most heinous evil against Mankind, heroes. America is
a nation of godless cowards willing to die murdering innocent Christians in Israel, all for the profits of the 'magical' zionistic private bankers. Bushite grunts are now supporting the indiscriminate carnage,

serving as police services forbidding any of the prisoners in Gaza from fleeing the indiscriminate slaughter. Again, as Satanic, they don't arrest the "Suspects", for what could they truly charge them with?, no instead demand we die helpless murder victims by forbidding escape, as they did in Fallujah murdering more than three hundred thousand innocent souls. Die bushite die screams to all men on Earth from the Son of God. Will you stand for YOUR life as truly worth something here? Like lawless enemies Policing your reality will bring you more happiness and prosperity with the great truth teller HAPPY George Noory? The demon who openly confesses the will to want to murder all children in around the age of 15? Too crazy for you to face such an enemy of huge demonic origin, so, go the cowardly way like Alex Jones as sell out slave instead, to cover the demon with endless praise on his treachery to not have our fight on everyday with open calls for understanding Justice is freedom. Instead of a constant stream of bushite dumfuk enemies of Living. This isn't complicated. Or it doesn't have to be.

Israeli nazis state they will murder humanity indiscriminately until rockets stop falling on their country. Yet, they broke the truce.

Alex Jones told US as a deceiver, he's been on Coast to Coast a hundred times. Not in these last eight years he hasn't. I demand Alex prove this, or be known by all far and wide a treasonous liar, trying to take US off the tracking of criminal action of his buddy, the demonic enemy LIAR George Noory. bin Laden didn't do 911, despite the facts that WE KNOW George Noory knows better of but LIES to con the American teen further for death at the profits of the un-elected bushmob. See Alex wants you to blame anyone but those directly involved in the crimes of 911, or Iraq, or those responsible for it's cover-up by Zionist propaganda. George Noory will have as invited guests whos only function there is to spread dis info as supporting more indiscriminate warfare for the escape of the neocon terrorists responsible for starting the illegal wars to begin US at. Or those whom often support torture, a war crime that only exists as irrationally held by those who's minds have only a blind hate for the indivisible rights of another innocent other. And often truly hate men and women for being Just as wise. The McCainiac Zombie video is a perfect example. When the Zombie is asked about the rights of Women, the McCainiac

Zombie cried out for raping more Women. The
position of authoritarian power, was only found
with the bushite as oppressor, rapist, torturer,
or Air Force Bomber, not liberation by freedom.
The bushite McCainiac KNOWS it can't compete
openly to defend it's criminal treasonous
actions! Remember, Alex "the Conservative"
thought McCain was the choice if you had to make
one, earlier on, then changed his position,
sort of, later by calling them all puppets not
worth the effort, but .. Obama's idea's matter
not, it's that his Birth Certificate is, no war
too be fawned. Palin? who's she? McCain
firebombed Vietnam as "war hero" for France?
The Banker doesn't cover our loans? Matters
little.

Norwegian doctor: Israel intentionally targeting civilians
http://rawstory.com/news/2008/Norwegian_doctor_in_Gaza_Israel_targeting_0105.html

"All that is happening in Gaza here now is against
international law, it is against humanity and I
think it is against what it means to be a decent
person. You don't treat other people like this.
Even if you disagree with him� maybe even if you
fight with them, you don't treat civilians, children
and women like this."

Israel deliberately targeting civilians in Gaza
http://www.youtube.com/watch?v=Ev6ojm62qwA

It was almost acknowledged on CBC radio that
nazi Israelis, use the argument that a tin can
rocket traveled miles, to kill some innocent
Jew as a direct hit (likely a person who hated
godless NEOCON), all because that nazi state
has OPENLY, as PUBLIC policy, stolen water and
food including baby formula, along with a huge
list of other atrocities, to punish God and
Humanity since way back before three of four
truces. AGAIN, Nazi Israeli always, as ungodly,
break their truces. Why? Because YOU, or Christ
as any Jew's life means nothing, to all the
'free' billions they'll get from given American
worker wages. Look, Americans refuse to call
for the arrest of Bush on their national,
"truth telling" Coast to Coast radio program.
Why? Because, for one, George Noory, (Alex
Jones' best buds), has told US he's into
killing innocent kids as powerful, and that

'bin Laden did it', Is good enough for US.
You don't get a say here however how you will
live or die. George Noory calls all grunts
heroes, and those who refuse criminal orders,
those he wishes to go ballistic on. Yes, it's
true, George Noory is still alive and happy
as ever.

Rise Up for innocent Life, or don't and see
where it'll get you in the end.

Again, every soldier in the Air Force serving
for the neocon liar is a traitor warranting death,
to save the lives of their next innocent victims.
They have murdered more than two million people
in Iraq. They are pushing heroin into America
from Afghanistan. They are raping AMERICAN
women as officially "LAWLESS" (can't be arrested
but through Rumsfeld - who has not seeked any
prosecutions for the raping of American Peoples.
He, as Neocon, is TRYING to DESTROY FREEDOM
For all Americans in America - while paying
with American wages, South African death squads
to murder Black men) and TV'ed Americans refuse
to speak for Justice denied themselves. Zionist
amerikans only see US as innocent others, not
themselves to pay, but they do pay, they will pay.
God, nor John will not live in a world where
bushite grunts walk freely down our streets as
first degree mass murdering rapists, torturers,
and thieves. Celebrated by CNN, CBC, and FoxNews.
Especially when they DEMAND they have greater
rights than Human Beings. Mass Murderers deserve
immediate death sentence to defend ourselves
from their demon lies and betrayals to God and
Man. Every CBC and CNN reporter who reported
Russia attacked Georgia unprovoked will warrant
trial, then death sentences for their total
commitment to the Satanic NeoCON enemy war
criminals. Remember: they targeted for murder,
helpless innocent families. YOUR family. CNN
wants you to blindly believe, CNN personalities
like ENEMY George Noory are so happy, why would
we think they willed death against our great
Humanity by conning you for more stolen money
through the sacrifice of YOUR life for zionist
criminals who laugh at your powerlessness to
raise your voice for Justice.

Look at this picture of nazis indiscriminately slaughtering
our Humanity, while on MSNBC they reported that the Nazis
will continue to murder Humanity until a truce can be found,
A truce that the Satanic enemies of God will naturally break,
as they ALWAYS do. They are godless enemies of Life who wish
to steal the Title of Jew from Christ. They targeted Jews in
Lebanon with seven million land mines, and let Jews starve to
death in Israel for more charitable aid they can steal from
G-d's Good Will. When asked by Israeli newspapers why, it was
said to kill a Jew is rewarding for the godless Zionist.
Public record. Die bushite die.

Israeli plan to topple Hamas, re-instate Abbas
http://a-mother-from-gaza.blogspot.com/

/ / Breaking the truce Nov. 4, then, was Israel's way of getting the gears rolling for this whole sick game: the toppling of Hamas, and the re-instating of the impotent Abbas into Gaza so the "peace process" can remain forever in formaldehyde, to quote wiseass, er., Weisglass. \ \

Nov 4th! - perfect!. We are dealing with Nazi war criminals who refuse US, as a Species, Justice for everyone. Especially The Jew's Jew, Johnny America. Hint: they call us Love just to hide our complete agreement with this Living Universe to will Justice for God as every last bushite zionist freely moving. Once all the neocon zionists are rotting in a prison cell, or formally executed as godless war criminals, we all will have one joyous welcome in a heavenly future.. Until then, demand Justice for US. That's YOU too. Angels included. Who? I don't see no Johnny Wizard here anywhere, We are Good to Go. Rise Up for innocent Life, or don't and see where it'll get you in the end. The bushmob are traitors for closing official FBI investigations into 911, immediately after the mass murder of Americans occurred. Treason, of a, trust WE don't have it in US to stand for our common values as the Revolution will not be televised, Johnny Who. Man, are we or no? Be Somebody, then get on your phone to call in for Justice willed. Alive I Say! - this must be where you'd raise the dead and dying.. if you only could raise your finger to dial the phone numbers - well guess what? - I Command You Can! - snapoutofit - Speak for pursuing Justice on 911, and show serious concern for publicly paying private banker men trillions in worker wages for nothing. This is seriously disturbing, yes, but seriously important to address openly in our spaces to remedy with a Johnny Wizard World Wide Work of Wonder, Super CNN Special of Specials, with Your

Host, the One and Only, President and CEO of
Shareware Earth Co. John Himself. Hey everybody!
Wow eh? So a.. when is the good guys showing up?
Now. Justice. I want US to Host Coast to Coast for
open Public communications, where things get
solved because we know whats we're learning about.
We of god, this way comes, then men and women with

on hopes they'll lend a small fraction some back
to ourselves at high interest is dumber than rocks.

My friends, demonic evil forces do exist to STEAL
the living rights from anyone of us, especially
including the Jews. Remember, it is the zionist who
steals God's good name through lies left unchallenged
by private corporate interests tied to the CON of
private banking in total. Christ is a Jew too.
Israeli broke the truce knowing such action woud get
killed Jews in Israel, a cash bonus! Like starving
Jews do attest on a infomercial that ran for near
18 months across Canada. Then covered by the Israeli
press, that the Zionist officials there actually
enjoy the prospect of suffering Jews because it,
OUR SUFFERING, will attract more charitable aid the
ungodly criminal enemy can use elesewheres! Hitler

We can overcome this, and create a better world in
the process. It's back to the simple things: open
communications, and evidence, evidence, evidence
to convince ourselves truly of anything. We are
in a horrible dream right now, that we must arrive
ourselves into for comforts. Arrest the Neocons for
treason. That of course includes anti-gay faggot

Satanic Enemies of Christ

CNN with Blitzer allowed reported on Larry King that Hamas broke the truce, without any uttering of fact. While when the nazi israelis were accused, just minutes earlier, Mark Regev could say only silence. The zionist Satanic enemies of Jews speak only silence, because they know they are satanic enemies liars of Human will.

Again, these SATANIC enemies break their truces everytime, then state, it is Humanity's fault because CNN will never ALLOW the humans to know. They are murdering innocent People in hospitals for example, or those in a Church, just as amerikan bushite nazi grunts do for the escape of the neocon zionists responsible for 911. To hunt a lawless bushite nazi grunt, and kll it instantly is to defend it's next innocent bombing victims. Bush and Cheney closed 911 investigations on 911, therefore killing a lawless bushite traitor for our Humanity is just to get ourselves together to arrest those responsible for mass murder on 911. The deaths of bushite zionist liars is a mercy given for the love of God. Die bushite die.

Israel Nazi State

Israeli nazis state they will murder humanity indiscriminately until rockets stop falling on their country. Yet, they broke the truce. They always break their truces. Understand these Satanic enemies of God, dropped seven million land mines on Lebanon when learning the conflict was over. They will kill Jews for money, THEY are the Nazis. Nazi Mark Regev is clearly insane. 'It wasn't israel that started this' He could not stand with any man without instantly being exposed to All of Humanity as a war criminal in need of immediate public trial for death sentence. These are only innocent people being bombed. In a concentration refugee camp. Look, it's a prison camp. And if YOU
were a prisoner there, and Texan child rapists are something you'd wish to defend your community from, you'd maybe join the Gazan police force, run by Hamas, a political group democratically elected. All police officers in Gaza, Nazi israeli claims warrant 1000 lb bombs, not warrants for arrest for

a criminal offense. Remember, it was Israel that broke the truce, as so is spoken by Palestinian government officials speaking internationally - using the example from November. But understand, as Satanic fraudsters, they always fuck over Our Innocent Humanity this way.

What kind of "Human" would commit such crimes against Life? Cheating Liars for Satan God tells YOU.

The Bible "I know the blasphemy of them which say they are Jews, and are not, but are the synagogue of Satan."

Look, these enemies of Life steal INNOCENT PEOPLES HOMES as thieves of The King of Jew's simple philosophy.

exterminates the vermin. \ \ He can advocate
the MURDER of innocent people for the neocon
liars, and Google doesn't destroy his account?

Remember Zionist Nazi Israeli started all their murder rampages against Innocent Peoples for 'free' welfare money, as broke the truce with, IDF funded Hamas on Nov. 4th. They have been indiscriminately bombing People with excuses that never do add up. Example: Nazi Israeli stated they were in the right to murder ANYONE in a car or truck in the entire nation of Lebanon, (especially in the Jewish communities) because like enemy "Gray Ghost" would say, all those innocent Peoples deserve TO DIE AS MURDER VICTIMS for his sadistic ungodly pleasures. Remember, Nazi Israeli didn't mention this until thousands has already been murdered, then even still, without radio, TV, or newspapers, telephones, or sky writing how were ONLY THE INNOCENT JEWS as officially targeted to know? Then the seven million land mines to kill innocent kids for generations. To the enemy of Life, Gray Ghost it matters not that Israeli started the conflict by sacrificing nazi vermined trashed as Satanic dumfuk enemy soldiers sent across the border, to Grey Ghost, all it knows, is Justice must not be allowed to win this game for our human race, for he would be truly seen as a sadistic enemy of Freedom, powerless, or rightly dead for his proud treasons against life in this universe.

Gawly je, I dunt no y dat detnt work-ed' - o wel, cary ohn my wayward Son.

Livni: Gaza truce would give Hamas legitimacy

See? this is why NAZI I$raeli thinks they have an excuse for bombing people indiscriminately to break a truce they signed on to. This isn't a one time, maybe two time occurrence, but every time in the last 60 plus years the zionists aligned with Hitler have. Satanic enemies of Humanity.

ANTI-SEMITE is FoxNews every time they assault God with "Israel, the Jewish State" to torture, steal, and murder.?. ANTI-SEMITE!

The Ungodly Zionist - a report from the front

/ / The most recent victim of Israeli airstrikes
was 10-year-old Ismail Hamdan \ \

To the Satanic enemies of Man, the Ungodly Zionist, an innocent murder victim's life can not be allowed a defense such as the charge of first degree murder against Netanyaho because, he states no Justice to any who believe in the Jewish cause, as Hillel, of freedom as Liberty for all. If Jews ran Israel, Netanyaho would be chastised publicly by the Humans, for sanctioning the criminal acts of first degree murder. The nation of Nazi Israel STEALS Peoples HOMES. What other nation on this Earth commits such willful crimes against innocent Human beings OFFICIALLY? Steals homes from god loving innocent folks and labels it our 'Justice system'? Who? Neocon Amerika, the nation that gave trillions to bankers recently on only prayers that their gods will maybe lend some of their own money back to them at high interest. But alas, evil is the deceived disguised, as in their deep ignorance of money and virtue, they do not understand, the private banker never covers the loan. Never does a private banker reach into it's pocket to borrow US to begin with - so as a consequence, the bankers have just pocketed all the 'free' loot for nothing, TRILLIONS, and are not saying why should they help anyone else with charity? it's the amerikan way. Instead, hate the wise socialist who designed a working good traffic signal system, where lives are saved and congestion is eased, or hate the white man, the black man, different People. But never Mr. Bush, Mr. Cheney, or Rumsfeld, the neocon traitors who closed criminal investigations immediately after the crimes of 911 occurred, who doctored the NIE to con America into death, and never slight the trillioniare private banker gods, who have stolen/taken our public authority through war criminals in Congress. Taken from all others to bring us a much poorer world suffering due to our speakings of contempt for Justice as christians in America - who claim in silence only indignation for real Christian families robbed or murdered Officially by the zionist state of ungodly Israeli, paid for by dying America. Americans refuse to raise their phones for the arrest of the bushmob for capital mass murder, so, what's private trillioniare bankers walking away with the entire economy in free fall going to do for them, when they are already to death for the glorious Zionist Neocon thieves of Civilization? Proudly in hatred for Innocent Humanity. Again, Hamas was founded by Zionists in the IDF, to kill Jews for money - public record. Jews starve near death in Garbage dumps of Israel, all because the Nazi Zionist UNGODLY government states it is beneficial to starve Jews, for, they will receive more humanitarian aid THEY can use elsewhere. Public knowledge. Zionist liars murder innocent Jews for money, like they did in Lebanon, and like the zionists did on 911 by forbidding the pursuit of the terrorists by following the crimes scene leads at the real murder scene. Unjust enemies of Man.

To arrest those responsible for 911, we are going to need to form a public warrant for a person or persons. Bush and Cheney are guilty of closing investigations on 911, treason, called obstruction.

UnHoly Nazi Israeli Racists are Greater

IDF's YouTube Gaza channel to Correct Ourselves

/ / it will disseminate footage of precision bombing operations \ \

Precision? They dropped seven million land mines in Lebanon, after having seeked out where the Jews lived, (Northern Lebanon), and murdered them firstly! JEWS. They, as enemies of God, like those of FoxNews, will refuse these type of FACTS on their hatred for Love and Justice. Their hatred for Jews, real Jews, like me. Understand: American baby formula has been contaminated with poisons, and FoxNews doesn't think it's important to their corporate responsibilities to kill ourselves further for profit. The Zionist will murder anyone just to steal your belief in God as Love. They HATE me for being wise and Just. Hate. For, why wouldn't America support my demands for open radio communications on the Coast to Coast radio network? Americans would rather murder Humanity before Justice succeeds beyond their illusions of grandeur through the mass murdering of ourselves for stolen gains. The banker does not cover our loans! Giving them trillions for free unquestioningly is dumber than rocks. Enough.

Fake Rocket Attack
http://xymphora.blogspot.com/2005/02/fake-rocket-attack.html

Remember however, the Zionist has no qualms about killing Innocent Jews too if it means Americans will get it more free welfare to murder ourselves. They openly STEAL Peoples homes in that nation run as thieves don't You know? Or as it is just open public knowledge that the Zionist excepts that 911 was actually a good thing for them as war criminals reaping the cash rewards for continuing capital murders?

/ / Ehud Barak promised that the war would continue �to the bitter end.� \ \

That is you there Barak promises to end bitterly as the innocent the demon targets for ungodly murder. How could ANY REAL MAN steal food from a Christian baby? How do they do it?, as the inhuman. (Like bushite do in Iraq, while on CNN in interview tell US, they are there war criming for neocon traitors to steal everything as "helping the Iraqi children". They offer no clean water, no food, just indiscriminate bombing campaigns of evil incarnate. True fascist nazi enemies of true freedom in America who advance censorship to anyone like myself. Why? They lose. They are not men but Satanic enemies of the King to Jews, the Messiah. I Am. Thieves to the scriptures of Hillel, and of Moses. Thieves to the intent of every true religious person, for God is everywhere. God is the Word, and the Word is Holy. So, fuck you and die bushite nazi traitors to American Justice, those of them who refuse US open free words to resolve their war criminal behaviors as is done in godless Israel today against INNOCENT Christians. Done before another innocent other has our homes stolen, or is murdered by the lawless grunting bushite dumfuk enemies of Jesus Christ. I am King already, always have been, always will be. Live with it. The Koran is filled with great understandings on this relationship. Christ is mentioned more than Mohammad - and Mary can be understood as the mother of all being before we are. a virgin.)

CNN TODAY

/ / Stand down 'Christian' nation. It's not your babies. Ethnic cleansing is not a 'sin' as long as the 'chosen ones' of Israel do it. \ \

Israel, the nazi enemies of God nation broke the ceasefire on November 4th. Now, as demon liars claim they want to honor a ceasefire again to further steal ourselves from the Love of Justice. Why do the godless Zionist do this always as first degree murderers? Because they can't win an open debate on their treasons against God and Man. The private bankers DO NOT cover our loans. Again, these SATANIC ENEMIES OF GOD dropped seven million land mines on Lebanon while target killing JEWS. INNOCENT JEWS. Targeted. Northern Lebanon, look it up. Israeli MURDERED Jews. Innocent Jews as targeted for more stolen charity. I again, beg you to support my call for war crime trials against the bushmob, including CNN demons who report a total contempt for YOUR life dying. Your call loser.

ISRAEL: No civilian casualties in Gaza!
http://uk.youtube.com/watch?v=RlZd3vR6Kzk

Satanic enemies of God as anyone included. Think: who buys these demon lies to steal further from our innocent Humanity? Zionists do at CBC and CNN, who will murder America by openly lying to destroy freedom. Example: CNN reports Georgian nazis who targeted children schools, churches and threw grenades into our homes to murder as minions for Satan are called freedom fighters. Just like the Third Infantry, the new lawless police officers of California, who can't be charged with rape for example, because ONLY Rumsfeld can okay such prosecutions. Hey who cares for Iraqi Rights right?, for TV America's CNN with FoxNews and

George Norry doesn't, for it's only American women and children now right nazi enemies? And WE ALL KNOW, cowardly America refuses to even raise their phones for these dying concerns. How can George Norry continue to live happily dying America for the neocons? How? they let them. Alex Jones thinks George Norry is just fantastic, so no, don't encourage the NWOers to demand free communications, because if we did, Alex Jones and the like, would factually look like the idiots he is. (better to die America than face this foolishness?) The banker doesn't cover our loans, we do Alex. So giving them trillions in American worker wages is a bank robbery in progress. Simple. NOT a diabolical ingenious plan, we, the simple folk can't figure without the Alex Jonesers geniuses of thought control developed by the CFR, builderberg, the Boners and NASA.

Obama stated all lawless soldiers who war for godless Zionism are heroes, which includes South African death squad goons who murder my nigger friends. AEGIS. I call them lawless enemies of God, deserving death sentences to save the lives of their next innocent victims, Obama calls them heroes warring for the escape of the neocon traitors responsible for 911. Who are you going to believe?

Look, I plead

Just because. THE 'suspect' WAS IN ON THE MASS MURDER OF US. Justice for All there you nitwits. Under who's command was he working?, and does Condi figure in there some where by sending TV America elsewhere? http://www.nation.com.pk/pakistan-news-newspaper-daily-english-online/Politics/23-Dec-2008/IAF-plans-to-hit-targets-in-24-hours/2

"General Mullen is pressing our authorities to allow India to hit certain targets,"

In a normal world, Mullen would be questioned, then arrested, tried, and executed with Gates for trying TO KILL INNOCENT PEOPLE for cash profits stolen from God's America. But the nation is filled with cowardly know nothings.. how do we know this? They refuse to even pick up their phones to complain about DYING needlessly for the un-elected Zionist neocons. The TRAITORS who did their part to carry out 911. America only PRAISE real demon George Norry who openly lies to the ears of America, while advocating the indiscriminate slaughter of all children in around 15, because he claims, that way, you reduce the risk that they might sometime in the future own a gun to kill himself as a REAL bad guy. These REAL monsters will kill your American kids for cash. Why? Because YOU refuse to even raise your phones for concern. It's "just" your neighbor's kid who'll get the vaccine shot filled with toxins, drink the American Milk, chew the bubble gum, eat the Campbell's Soup, or drink the tainted water. The poisonous water containing sodium fluoride is in soft drinks, beer, and bottled purified water costing near 3 dollars that Pepsi openly confessed, they just get right from the poisoned public taps of Boston, unfiltered. TV America? where are you man? Why do you still refuse to raise your phones? You go in faith WITHOUT science, with reason?, without God, or even crave my words as the Great Son. Why do you forsake yourselves? Are you not worth the effort to say your own lives are worth something too?

Charlie Manson "Yes, your honor, I did authorize the killing of Sharon Tate and the rest, but you know, we need to focus on the future rather than the past!"

Bushite Nazi grunts of the Air Force have bombed more than a many innocent persons, claiming we as Humanity can't hold them to account for their murderous crimes of STEALING our lives. It is an oath soldiers give to obey lawful orders only, yet, a bushite's word means nothing. They bombed Samara for no reason but to die. They bombed Fallujah for no reason but to die. No honor, no courage, no manhood.

Again, this Zionist infiltration is designed to divide our populations through demonizations against the Innocent. There is no crime in loving people despite what GCN advertizes.

"The concessions made by the Olmert-Livni government to the Syrians do not and will not obligate a government that I shall head," Netanyahu said. The concessions of indiscriminately murdering US repeatedly? Understand to know: The Zionist is a Satanic demon enemy of Humanity according to God, in the Bibles all timelessly. Netanyahu, the demon, is so ungodly as evil criminal, he will likely "win" Istraeli the Zionist election on a public platform of godless tyranical theft and murder. Remember, Israeli Zionists funded the creation of Hamas to kill Jews in Israel, and TRUE Jews also live in Lebanon, Iran, Etheopia, Canada, and the North Pole, and we're the "niggers" there too that Israeli despise - like as they who PUBLICLY supported South Africa's oppression of Innocent South Africans for stolen monies. Satanic I tell you. Don't believe? in innocence? That's the power of Peres, the devil. Evil a zionist criminal is proudly. Peres will tell you, all about when Zionists target to murder little old ladies as he did on Larry King, it's really not Satanic, because they'll blame the murders on someone else completely different, as US, the innocent. blatantly. In your face. While CNN goes, uhuh, gotta kill those Jews in Northern Lebanon. As Syrians too! Israeli dropped seven million land mines on more than 170 towns and villages given to them from Condi! a godly nation of Jews? ANTI-SEMITE is FoxNews everytime they assault God with "Israel, the Jewish State" to torture, steal, and murder.?. ANTI-SEMITE!

Again, the two Laws of Johnny:

1. No evidence, person innocent.

2. Torture? fuk you and die then

MY LIFE HAS VALUE

"You can't count on Congress or the Courts to save yourselves"
Ron Paul - The oUtRAgiOuS fUnnY MaN

Ron Paul is a traitor. He didn't support arresting Bush for 911, or for the killing of American teens by doctoring the NIE. Now, Alex sells Ron Paul, is his leader of OUR truth movement because he says there's nothing he's going to do but blame poor people, or socialists,

"The Liberals and the Socialists, along with the Communists and the Gays, with the Muslims, and Community Organizers with the freaks different that me did the murders", said near all the retard bigot Conservatives blindly false accusing.
Example: Condi says Pakistan's ISI committed the murders, the FBI says no, there isn't a scintilla of evidence to substantiate that. Condi says Pakistan's ISI FOR SURE did the murders, the FBI says no, there is not a whisper of fact to form that conclusion. The "Army" says for sure Pakistan did the murders, the FBI says no.. There is not a thread of fact a zionist offers to form YOUR own mind in respect for your rights being equal to ours.
Condi only tries to hypnotize the "Conservatives" into believing something without understanding, without knowing. Sean Hannity does this everyday

on purpose to kill innocent American teens.
Conservatives are universally ignorant People,
and sometimes, serious war criminals like Condi.
Taking US off the target of following the crime
scene leads at the real murder scene. The
"Conservative" mostly doesn't have the mind to
understand Justice is freedom, like the NWOers,
so they false accuse US as Innocent others, for
crimes they don't speak for as Our true defense.

I'm counting on you kids eating right, and
knowing you belong free here. I'm King Johnny.
Hi.

Anyway,

Imagine: Alex doesn't ask 'hero truth
teller' Ron Paul for a million or three for
advertising on Bush and Rumsfeld's prior plan
to invade Afghanistan for Enron. Why not?
Who's money is it still anyway? Ours. In
God we Trust. Wanna see a card trick?

Christ Loves Everyone!!

I can FIX Monstanto's GMO assualt.

How? by understanding the science
involved, that Monsanto DOES NOT, and Alex, not enough.
(look for works I've done A DECADE AGO FOR ANSWERS -
Google however has removed more than 20,000 documents
referencing my writings as of last month - do you care?
That a man such as great as I, will not be allowed to
give my works for free to Humanity any longer? -
People of Earth: undertand, many in America say YES!
here, because they truly HATE Humanity's cause of
Liberty and Justice for ALL. Google closed my
Jew_Boy_Johnny account, all because of vermin like
"shitskin Moslem", who openly message in the
hundreds daily for murdering innocent Moslems,
who pirate all of Google Groups with racist
nazi slurs, just needs simply complain I am anti-Semitic
- The Son Of Man - no trial, no questions, no answers!
I can not post more than three times every four to six
hours, otherwise, they close my accounts, while at the
same time then, go through years of my writing to
sadistically destroy more. They figure they have
something in our Courts to support their treason of
assisting in mass murder against America by Zionist
theives who steal the title Jew, as in godly? while
shitskin posts hundreds daily pirating everyone's
threads with his EVIL hatred for God and Humanity, if

not even more from Israel) Not the Alex Jonesers way,
but the actual way logically understood as where the
problem resides. DNA, as is life, is multi-dimensional.

Where is this
"Christ" that CBC, CNN, GCN, and RBN harp on
that speaks nothing for real Justice to the victims
of 911, or Iraq, or Afghanistan? Or the children of
South Osettia? Alex is near fit, but he is far from
sufficiant. Jack Blood was great, but Alex we guess
doesn't want him looking like he Rulez like US
too though. RBN has it's moments, yes, I guess that's
true.. Things do seem to be improving, what with
all the torturers and rapists wanting to come home
as brain damaged Zombie police officers. They don't
want the laws of freedom though, too complicated.
They'd rather hunt down our families from the
sky with bombs actually.. fuk, I hate EVERYONE
in America's Air Force, every last evil fuk. They
watch these videos and celebrate their complete
indiscriminate murderings that get killed so many
GIs - they celebrate the slaughter of our innocent
Humanity . George Noory will kill your American kids,
have no doubt, for, he already has.

CBC and CNN only smile to tell you all the great
things they do by denying OUR Humanity these truths.

America is a cowardly evil nation desperate
for excuses as still being run under by zionist
thieves.

Israeli Settlers call Ethiopian Jews "Niggers"
http://www.ynetnews.com/articles/0%2C7340%2CL-3633163%2C00.html

This isn't isolated. The Jews of Ethiopia, are
the actual Jews of the Bible. These monstrosities
that God knows as Israeli, are Satanic enemies
of Man. They steal our homes, rape or torture our
INNOCENT families, and bomb Jews as the did in
Lebanon TARGETED as an OFFICIAL function of their
evil "government". They actually, a few years ago,
gathered all the darker skinned toddlers, and
murdered them as an OFFICIAL government of
SATANIC action. More than 100,000 "Nigger" toddlers,
Jews, they murdered with radiation poisonings.
Officially. Now, Americans GIVE them money to bomb
innocent Christian families indiscriminately guilty
of nothing. They steal their desperately needed
food and medicine. They are thieves of the most
vile evil natures. Example: the Zionist who

STOLE 50 billion dollars from American Jews will not be ordered to give back the money! Sure, they tell you that SOME of the suckered Jews, will get a small portion of their investment returned, but only through the wages of American citizens, NOT by the Zionist THIEF, T-H-I-E-F, who you are told OFFICIALLY "lost" the money. (will he even spend a day in jail?) He lost it, ah shucks, just like the trillions "lost" to criminal trillioniare speculators. And like the banksters, who never covered a dime of the money for the fraudulent loans, but get to STEAL your homes, and now wish to charge US a renter, for a home Americans, the illiterate suckers, actually paid for, and will continue to until they speak above the laughter of a George Noory, or con man Bill O'Really, the true demon enemy. Or will instead? cowardly, will go like Alex Jones, naw, George Noory is a good guy, a happy guy, sure he speaks of the enjoyment in slaughtering defenseless innocent children, so what?, he's pleasantly happy to state all is well going ballistic against soldiers who refuse criminal orders from the Zionist neocon. Not a fuking dime!! Understand, this isn't just a, let's get the info out for People to know as Alex Jones sells to near overdose.. (we are mere mortals who work nine to nine Alex The Great.) CBC managers, all of them, have known since shortly after 911, that Bush and Cheney closed FBI investigations, they know that iron is on video flowing like water from the towers, THEY KNOW THIS because I personally told them. Yet, they smile as demon liars to die our teen soldiers CONNED deliberately. We need some serious police action in arrests of treason against all news celebs, who of course will get lawyers, (what they deny in happy silence to not mention against American torture victims) but will be shown conviction for their real contempt for the value of YOUR life my friend, our lives they watch indiscriminately die for lies they sell happily for stolen cash profits.

Dead Babies Can Take Care of Themselves
http://bellaciao.org/en/spip.php?article17872

/ / The FDA may not know a safe level but I damn sure do, that level is zero! \ \

But will Americans of America, even lift their phones against happy George Noory, CNN, and all that sees fit, to sit idly silently dying US victim in their corporate extravaganzas? I hear the magic money bag guys are in running the show from our central banking offices, in as a debasing culture of indifference to their own cowardly sacrifice. That's if we believe what we know of the fictions they sell ourselves. Georgia, Iraq, Afghanistan, and so on.. they lie to our world for criminal gains, gains they've seen near to overtaking them. Demand the arrest of Bush and Cheney for closing criminal investigations on 911 immediately after the crimes occurred. Then, without evidence, falsely accused an innocent man of the crime. A crime they knew enough of, to plan before hand the invasion of Afghanistan for Enron. Speak now, or, suffer to die in tyranny you nation of fascist cowards.. your move. Your baby.

Does this Work if The Judge is a Criminal?

http://rawstory.com/news/2008/DoJ_blocking_Obama_team_from_docs_1212.html

/ / The Justice Department has evaded a request from President-elect Barack Obama's transition team for documents about the secret programs of U.S. intelligence agencies. \ \ Torturing innocent People to death as guilty of nothing, or escaping bushite rapists who target American women in Uniform, while pushing heroin to enslave American teens for zionist grave robbers. Not in Johnny's America I'll tell you that right now.

It actually doesn't work that way though..
Justice is man.

NASDAQ chairman Bernard L. Madof STEALS 50 BILLION ! !! !!!!!!!
http://www.youtube.com/watch?v=MrcBazJ5Xas&eurl=http://www.brasschecktv.com/page/497.html&feature=player_embedded

/ / CNBC's Davif Faber reports on the $50 billion Ponzi scheme run bu ex-NASDAQ chairman Bernard L. Madoff. \ \

A Zionist STEALING from Innocent Jewish Peoples targeted SPECIFICALLY. Somethings never change... Do you have any ideas on the fact, that a great many Zionists have been arrested over the decades for putting Nazi

Swastikas on their own grave stones? Also, did you know an estimated more than 20 million Russians died to defeat madman Hitler? Who's banker was Zionist George W. Bush's grandfather? Do you know this yet?? Well, now we know we know, to be King I am here your servant. Just don't therefore figure I'm going to wash your feet now. Be American.

http://www.worldnetdaily.com/index.php?fa=PAGE.view&pageId=83477

/ / New rules published in the Federal Register would allow certain civilians to call American soldiers into action inside the U.S. to prevent environmental damage \ \

This is why it is outlawed by the American Constitution(s). Demon thieves must not be allowed to command mindless grunts who shoot people randomly for fun. As AEGIS and Blackwater, KBR enslavement camps along with Campbell�s Soup, is in part, their acceptable Business partners, warring Humanity as US innocent for stolen profits with poison. Teen grunts are admittingly from any you honestly ask, portrayed ignorant low life failures, drop out bushite vermins who want to in turn, victimize the innocent as they accept America, as them, must tyranny as cowards for traitor war criminals. Criminals like them in Afghanistan, who openly defend poppy fields to imprison American citizens say nothing on their trailer trashcan talk, internet forays for blatant complete disregard for suffering Mankind. These grunts of far off military dictator shipping nations, that the TV neocon wants patrolling our Americans streets, don't instead fight proud for our honorable Police Service successes - of whom play our Freedom game for the law books sighted as rights heretowin. A force that claims they are lawlessly un-accountable, is a force of evil against our great lands. Friends, they hide nowhere in darkness, ready to be exposed for Public questioning. Soldiers were caught dressed as al-Qaida, murdering police officers, and when they were in jail, awaiting trial, the bushite grunters, broke them out!! With "American" Tanks commanded by a Saudi in some likelihood. (Buford 'where's the billions?' Blount is a Saudi military commander, who in his off time, also commands, the Third Infantry!) Posse Comitatus will be a good thing to impose as standing Law..?. You're the American Patriot Soldier. Need help? Well, I could be your make believe

King for the time being.. by just simply, forwarding these life and death concerns as our own. We have some rights here Soldier to have Justice prevail as our benefaction. The bushmob did 911. Your call.. Don't be dumb now. Your call..

Lawless enemy world of enslavement though naked ungodly tyranny?, or American Liberty as Justice believed for the victims of Guantanamo? False capital accusers who take our concern awry are our problem in fair Governance here, when we understand this, we will have conquered the world as the new orders. No evidence, person innocent. Torture? fuk you and die then. These be the glorious tales we tell of times ago, where men were men, and war criminal zionist nazis were hunted down to defend Life ourselves. When a bushite enemy of America dies, it's a glorious moment for all innocent Peoples defended from it's lawless terrorism. They are traitors who war for the escape of the neocons responsible for 911. Cowardly traitors who LIE to America to con further more from the American victims.

Give Free to Banker.. Loan Back Maybe? Paleeze..

Why We Do the Things We Do

Sales pitch: Mankind takes on the world as One with the calculators. Civilization DID happen! Correct math scores are not impossible to find as an answer to: why we do the things we do. Americans gave private interest bankers trillions on only Hopes that these, the most obscenely wealthy of all the upper classes, are going to graciously lend some of our own money, (we just gave them,) back to us... in dire need. at interest! It's for our benefit baby, don't you cry. This is just plain dumber than rocks Johnny Wizard says okay. And simply going to a gold standard is not the easy made NWO answer, it is accounting for ourselves that is going without questions. The private banker is highjacking our public authority for their private interest of exploitation.

Our governments are not holding Private Bankers to some kind of public authority to question who's interests are being devalued here. This is why the thing has been messed around for so long, We, the People, have been too foggy on super basic math skills as pronounced by, truly effective Jewish leadership. "The Private Banker DOES NOT cover our loans, we do." Read that again now. And acknowledging, we, as conscious, can succumb to suggestion without knowing what we are even saying sometimes really. Everyone wants to play the lead, but few are wanting guitar practices.

It get's easier as you try..

Answers: we need a tax on every buy and sell to limit speculation in the stock markets as it was prior, while openly discussing how the investigations are going, in returning the 700 mill that was given through for another means by Congress. For the private bankers to take that money elsewhere, is to neglect the problem persisting of home owners, and that mortgage issue they forgot US about. Why Americans desperately, at peril, gave the money to begin at. Look, while arrests are transpiring, we'll then discuss using the re-cooped stolen money to finance all remaining mortgages on family homes at zero interest levels, upto, let's say for now: $500,000. It's an idea I'm putting out there to dialog on with you guys and Obama. Obama!! How's it going!! Hey man, we can work it out.. You don't seem like an impossible person to reach. Hey, make life interesting in ushering in a new peace plan by communicating. Now I know your all pals with everyone as government, as that is what a successful politician can do sometimes good, sometimes criminal. Obama, we can't let these con men go. These have been times of lawless wars against God as indiscriminate bombings, of torture, of slavery, of heroin pushing, of national looting of

a Peoples Treasures. How much is too much for you my
poorer brothers and sisters of the faith? Obama, let's
believe in ourselves. These bankers are stuck crooks
for no faulty but our own. It's still our money however.

King Johnny Earth, White House Jester. !

Our dreams have come true... Boo!

If you're a scanner enthusiast near a body of water, do you monitor
USCG communications?

If so, what's interesting regarding these?

What's the technical quality of the communications? Any suggestions to
make them more understandable to the boating public?

Do you monitor all USCG freqs?

yes i monitor maritime comms.
i live in so. cal near two harbors and listen to sportfishing and whale
watching boats.
once in a while i do hear cruise ships about 10 to 12 miles off shore.
USCG is on my list too.
we have a coast guard station in channel island harbor just 5 miles as
the crow flies.
what is your location?

Report Of �People Planting Bombs� on 9/11
http://www.prisonplanet.com/report-of-people-planting-bombs-on-911.html

Why isn't Happy George Norry, Our Enemy, covering this everyday as an important subject to defend American life he holds truly in contempt? Again, Alex Jones leaves every American to die victim to his NWO, before he will acknowledge TRUE evil in our world. George Noory, the evilest ACTUAL Enemy of History, Alex claims is a good guy for never allowing open discussion on 911, Afghanistan, Iraq, and so on, without selling his Zionist hate for our Humanity. Can you believe that demon enemy co-ksucker Ian Punnet actually preaches? The demon has told US more than once he doesn't believe in God, so what do you think that other "buddy" of Alex Jones has in store for your life? Alex has said near a hundred times, that Christ's disciples were all killed by the Romans for believing - what a demon he is - for - what Bible is his fans conceiving? Again, Alex Jones will never encourage his listeners to demand open debate. Alex would lose on all his lies like, he's been on with George Noory a hundred times, or fifty times in five years. Why does Alex lie to US all like that? Because he doesn't really want Justice to prevail where GREATLY wiser men or women would likewise prevail through open dialog. Alex can't have that because everybody MUST be under HIS NWO mind control. Mind control on education, the Federal Reserve, and FREEDOM. Alex figures having a gun to shoot innocent Americans in the back is his brand of loyalty to God and Country. Well, I, as Christ, state it isn't mine. He would see every American murdered, before allowing the notion that he, and his likewise cult, might just have something to learn about evidence being a REQUIREMENT to prove someone's guilt or innocence. His godless commitment is to escape Bush, and his zionist media controllers with excuses that don't hold water in any Court of Thee. Alex refuses to allow Americans to know why the Constitutional protections are there to defend yourself, because if you did, you'd demand the arrest of Bush for treason, and call Ron Paul an sell out loser who pocketed the millions conned for being Alex's loyal fans. Alex doesn't like this Truth because he's gotta be leading Earth's "Truthers" at the pinnacle of his spear as a liar, where all of History, is one badly drawn Alex Jones cartoon - a dickhead. A true dickhead illiterate on the bible, on Justice, on Life.

no cause for the Iraq war. Truly. Example: why
bomb if you can go anywhere without delay? To
only murder innocent People INCLUDING SOLDIERS
to thieve from ourselves as war criminals is what
any rational person comes to understand. When you
destroy bushite grunts who war God for rape, torture,
and enslavement of our species, you save the
innocent lives of their next victims. To hunt
the godless bushite enemy, is to love Justice
as our glorious Humanity winning over the lawless
nazi grunts of the Third Infantry - who'll shoot
anybody, blindly as cowards, led by a Saudi, Buford

weapons depot undefended for looting. Qaqaa. Killed
many a bushite nazi grunting lawless coward by his own

treasonous brand. And mumbling bushite nazi grunts have

Obama Gets Tough to Shield Bush Torturers
http://chris-floyd.com/component/content/article/3/1694-protection-racket-obama-gets-tough-to-shield-bush-torturers.html

Who does Obama think we are as 'United' together
on pro lawless torture against innocent 'others'?
Wake up people, we are under attack by those
who refuse US Justice to win Freedom for
anyone. "Conservative" retards are completely

lost here, because they do not have the intellectual skills necessary to understand: a person accused of a criminal offense without any evidence is innocent. Or, how about, No one deserves to be tortured for confessions on crimes left then unresolved for actual retribution. [Aegis OPENLY murders innocent families for more American paying for zionist monies - P2OG - YOUR Spouse, YOUR Child, YOUR family].

Following the crime scene leads of 911 to nab the actual evil doers is beyond the will of the deaf, dumb and blind? with lawlessness gaining for monetary loses due America as corporate cheaters. We are Brilliant, of that much I am certain. Conservatives are minimally, idiots.

Obama Accused of Blackmail over Terror Trial Evidence
http://atheonews.blogspot.com/2009/02/us-accused-of-blackmail-over-terror.html

Again, Obama is taking a position to torture innocent people here as a traitor to Just cause. Just cause to live in a free society. Torture warrants the death penalty under American STANDING Law.

Video: Cop Punches Woman In Face Four Times During Arrest For Riding A Bike
http://www.liveleak.com/view?i=99c_1233639102

Top Cop Johnny Judge rules: Ten years in prison. Maybe fifteen if the dumfuk grunt, back from the

war against Iraqi children as a traitor to American
values, shows no remorse for his crimes against an
American women either. Absolutely any cop or soldier
who disagrees as true contempt for our freedoms with
punishment against this nazi trash pirating our
police uniform, WILL WARRANT death sentences all
around to ACTUALLY defend liberty in my America.
Any American father who prides in killing innocent
Iraqis for the escape of the neocons for 911 is no
father. And a wife should get the hell away from
a male who enjoys murdering helpless innocent others.
Children in such families should be challenged
by relatives through the Courts to save the lives
of our endangered offspring. Again, without water
or food, Iraqi children are murdered by Neoconner
grunts irrationally everyday with nothing to say,
aka, without reason but as Satanic Bush whores, to
make our God as Humanity suffer further for their
escapes as actually selling freely, lawless zionist
savagery.

KILLING MORE OF THEM - reporting war crimes to the Police

the neocon traitors. traitors like themselves whom
will murder innocent folks like your Self to steal
our common values. Wouldn't you glory in seeing
these savage grunts who on video, indiscriminately
shoot innocent families, or bomb a city entirely,
executed by Christian Patriot firing squads? or
televised to fry in the electric chair for these
documented war crimes? I sure would. It would make
our world a much safer place to raise a family
secure in knowing, bushite grunts as enemies of
everyone, were hunted to extinction for their
crimes against our Humanity. Hunted by Johnny Law,
the True Spirit of America.

UK judges accuse Obama Administration of suppressing torture claim
http://www.timesonline.co.uk/tol/news/uk/article5661291.ece

Yeah really. What kinda world does Obama take US
for here? Does he actually believe we hold no
interest in being attacked as ourselves, the

innocent forsaken? A reminder: an American was executed under Iraqi law without any evidence brought against the accused, while the grunts were offered an excuse to seek not the culprits at the terror scene. The case was lightly reviewed at democracynow, a year or two ago, and can be found by searching for a grunt pretending to be an ambassador to Romania. A case where the Judge's life was threatened by a "General", where if he didn't order the death of the innocent American citizen, the grunt with the General would murder US all right then and there. The Innocent American was murdered as forsaken for value shared by free men.

"Judges Bribed by Private Contractor to Sentence More Kids to Juvie Detention"
http://www.philly.com/philly/opinion/inquirer/20090128_Editorial__Judges_Sentenced.html

Christ speaks!! Echem.. This is called a criminal action to falsely imprison American children for more stolen money. Will the contractor be arrested, tried, then executed in America to defend American children? Unlikely, because it isn't as important as how fat Oprah is today, or as Alex Jones the bigot would say, on how daily, the hidden NWO elites are responsible for every criminal action against Liberty in America, not war crime dictating LIAR Bush who told US Saddam wouldn't let the inspectors in without corporate news correction, Bush, who closed Police investigations on 911 for Enron, KBR, and the Kissinger associates. And certainly not Bremer for personally stealing tens of billions, no no no, "just puppets" "just puppets" as instead, the Illuminati in other words not allowed spoken understood with Alex Jones NWOers. I want a free to speak arena where 50 percent of what Alex spews is truly dumber than stupid. Why? because he is controlled through his personal weakness of bigotry, to actually believe foolish things as factual. Examples are truly endless when we discuss Alex Jones' dumminess, but here is one example. Alex states 911 truthers were attacked in a TV show as NWO mind control- but, the "truther" he referred to talked in the drama on there being NO PLANES! A dis-info bushite stooge if ever was one depicted with special effects. We suffer with his bullshit every day, knowing if we tried to phone, would not be granted a minute because I, in support of Freedom for America, make all bigots look truly dumb as fascists lashing out at nothingness to divide our masses. And apparently, he can't have America becoming greater for defending ourselves fairly through Judicial actions.

They admit TODAY, as yesterday, and last week, month, year, decades, that they target completely innocent people for murder to punish Humanity for believing in God as Just, or real freedom understood as practiced. Libertarian couldn't give a shit on a issue such as this, that they keep everyone ignorant of through hypnosis. Israeli openly admit to thieving innocent peoples homes, to them be sent at gun point, to live in a concentration prison death camp.

Obama set to allow Bush-era �torture flights�
http://timesofindia.indiatimes.com/Obama_set_to_allow_Bush-era_torture_flights/
articleshow/4067338.cm

What the fuk eh? Doesn't Obama know this
crime warrants death in America according
to the war crime act? Does he believe America
just will never have a chance to speak for the
interests of US as innocent Human beings he is
planning to torture as an enemy to Life?

Refusing to Defend American Values

Yoo: Bush okayed torture to outwit defense lawyers

This is why it warrants the Death sentence. Remember
corporatist Amerikan citizen, these torture victims
that include children as younger than a hundred, had
not been alleged to have ever committed a crime in
their entire lives. Victims tortured to death for the
pleasures of those Satanic, such as General Geoffry
Miller, who tell US today as confidenced, they do it
because, patsy wasted American soldiers will just refuse
to hunt them down for formal executions. Let's change
this for our Humanity in this future, to look back,
and know, American males were men of the World, who
stood for the principles enshrined within every living
Constitution. A free man shall not be jailed, or
tortured by anyone in our names as Governed, without
the perpetrator tried publicly for execution as our
Love of real Justice. As first degree mass murderers
warranted death sentences under the War Crime Act
ushered by Reagan!, all done in for our protections
of their next innocent victim - ourselves. Or

die a death in corporate tyranny worthy the title, cowardly traitors to God and Liberty. Blackwater, CACI, AEGIS, KBR and the like will all be hunted to extinction for refusing to quit their lawless Rape and mass murder, murders done for more stolen money as America's name high-jacked. The Lawless enemies shall be prosecuted by the honorable Soldiers of the Good old, Red White, and Blue. Count me at our words on this, I am,

King Johnny

Ungodly Israeli Nazi LIARS Continue to Murder Children after "Truce"
http://www.youtube.com/watch?v=-HQO0774lx4&feature=PlayList&p=4199C9262539936D&index=0&playnext=1

A truce means nothing to Hamas?, who states much of no complaints as in support of Israeli Nazi lies, why? Have you seen where a blimp is traveling about five miles an hour, fire bombing thousands, and none have even a pullet gun, never mind an Iranian rocket launcher to shoot the Satanic demons down for God as Love? Why doesn't Hamas at least admit, like an Israeli General has, to be funded by Zionists for cash gains paid for by Zionist Amerika? Why? Why is it that Hamas suffered near no loses, but all the Cops who voted who knows, died murder victims trying to defend our family from Texan child rapists? Along with thousands of others targeted as innocent Peoples? Targeted. Why? Nazi Israeli broke the truce!! THINKTHINKTHINK Demand coverage! Hamas certainly isn't. ..maybe because they're illiterates on the Cause of God's Will being Just?

Bushwhoring Enemies of the American Police

What a demon enemy of life these bushwhore enemies of American Liberty are eh? No concern whatsoever, for all the teen soldiers conned to die for those who committed 911 in NYC. The millions of bombing victims, the tortures, the rapes of American women, STILL, TO THIS DAY, left undefended by "the law". Evil enemy of everyone these demon fuks are. How difficult is it, to understand the facts they feign complete blindness on? They WANT to con you as the coward to life they are, willing to kill America to make their antiChrist lawless enemy Mr. Bush happy.

From years after the fact still demanding Justice now:
http://groups.google.co.uk/group/alt.military.uk/browse_frm/thread/ca0e34fb32caeb0a?hl=en&scoring=d&

Huh? "at last been disarmed..." ? How does he figure? The equation hasn't changed. Example: The same unaccounted anthrax, (that was disintegrated into ash), still is not able to be measured as completely accounted for, (never could be), but this bushwhoring war crime apologist, tells US, it was only though the lawless murder of our good friends and family for countless generations, that he now attests without reason, or evidence, to find Iraq in "fact" disarmed of it's still nowhere to be found, weapons of mass destruction. (An irrational reason he pronounced previous in corporately broacasted public support of instigating heinous war crimes against our humanity under the leadership skills of the evil lying demon antiChrist, our Mr. bush Jr..)

Ron Paul defeats 5 TV 'experts' in 10 minutes
http://www.youtube.com/watch?v=0k92fTDReHg&e

Ron Paul is a traitor. They stole the cash Ron. And, the Iraq war is a war crime. But Ron, the Fascist, doesn't want THESE FACTS uttered. Why? Because wiser men would prevail, wiser men like me who understand buying in bulk is cheaper. Those like Christ who understand, who KNOW, the banker doesn't cover our loans - so why give them as much as a taxed red penny?, let alone trillions as officially unaccounted for? They are stealing the cash Ron. Ask yourself: Why has Alex Jones forbidden his bushwhore cult from understanding Bush doctored the NIE?, or of iron flowing like water from the towers? Because wiser men would prevail and he can't have that. He called shooting innocent men in the back, an act of liberty. I, an actual god, unlike Alex, lie near never, but maybe to myself when I'm lonely. Alex yes will tell you rapists are free to do what they will in Texas to American children, un-arrested, but he won't mention it when the police chief is with him on air, talking about how he'd like to be exempt from traffic tickets for being so popular. NO MENTION of the rapists walking away without arrests made, no mention of Bush's documented treasons on 911. Where are Alex's priorities? In selling YOU out so he can be wealthy like a bankster?, and have special rights over everyone else that drives drunk, or speeds? a big hero standing over our dead soldiers yelling, I told you so, I told you so, I was right, I was right. Again, understand: It is not by my will to deny open debate with America, it is Alex, and his demon buddy George Noory that denies out Humanity this right. And when people try, like Peggy, or Black men on Jewry, Alex lies cheats and steals our wills for further thefts. Ron Paul's family has millions taken from loyal Alex Jones fans. MILLIONS! Does Ron do commercials with that money highlighting the bushmob's plan to invade Afghanistan, dated two days prior to 911 for Enron? Of course not, wiser men would prevail to expose him as the charlatan charity raider he is regarding Health Care, Social Security, Public Schooling, earmarks.. It is unfair to measure Ron against corporate nazi zionist whores of MSNBC who willing, openly, kill American teen soldiers for criminal neocon gains, as an honorable gentleman's talk. Half honest People like Ron are extremely ignorant on the workings of our world. EXTREMELY. I joke here not. Evil is the deceived disguised - translated - evil people are always dumb.

Corporate America says no, Charlie Manson was a genius, but not, that most Americans are prone too easily to suggestive states where they can be made to believe anything blindly. Think: what does, "bin Laden did 911" mean anyway? You should know of what I'm trying to teach you here. That is how Alex knowingly or otherwise, steals our rights, by beating off he knows everything already. And some, if not most, actually believe him without knowing squat either. It's sooo easy that way - no study required!! LIBERTARIAN HELL! Everything is not on the Internet, where it near should be, but regardless, a Libertarian can't be bothered to read anyway. "Free Talk Live" is the best example for this: the

two hosts are unbelievably ignorant on just about every single subject under the sun, but beat CONSTANTLY, on how greatly wise they are as drop-outs. You wouldn't believe any of them when they speak on Freedom, if you simply understood, an innocent man does not deserve to be in OUR prisons, or tortured. Under any circumstances that Obama has excepted for our excuses. Magna Charta. But in Alex's 'genius' mind, he doesn't need to actually understand he is a for sure bigot, (measures another unfairly in a group HE concocts from blind hate or personal fear - typical CONSERVATIVE and/or racist) who has no problems with that at home, or at work. Provable in seconds by OPEN DEBATE, but Alex ain't gonna take our calls because, he can't for the lives of every People person thought of here, admit he could have something to learn, therefore, the NWO is unstoppable in his brain washed cult of indifference to Justice practiced for the benefit of all treated fairly. Why? He's not wise enough to respect the great minds of the audience, and I personally believe, he doesn't even have the good judgment to own a gun. (I mean, why wouldn't Alex find my stories of OUR Justice system triumphing by my single hand at least minimally beneficial to his blind cult followings? to not hang up on me immediately while spewing lie after lie on how I'm top secretly a dis-info NWO artist working for Bush? or whose voice sounds too friendly to trust? like he has done the last four times I've phoned - Hey! I can be an asshole if you want - no prob.) Perhaps it's near because, Alex Jones is blind, and as such, could actually be found guilty in Texas for murdering those two innocent black men shot in the back with his approval to release the murderer from a RIGHTFUL death sentence prosecution. "law of Parties". He is a party to the crime, for he worked to support the release of the FOR SURE, FIRST DEGREE MURDERER. Sound like an America you could live with? I didn't think so either. I wanna be Alex's Attorney. Texas is a State of massive lawless corruption, as dire incompetence in legal affairs where they OFFICIALLY plan executions against innocent People not established to have harboured criminal intent! With Jury Trials!!!!
!!!!!!!!!!!FINING THEMSELVES GUILTY!!!!!!!!!!!
While Alex does express murderous criminal intent, and the Police chief calls him a good man for no scary pressures. What the fuck is wrong in Texas where they mess themselves like this regularly? Imagine, while Bush with the Neocons escape, and Zionist Israeli target to murder Christian School girls OFFICIALLY, Alex doesn't want to have to pay traffic tickets like the rest of US. What a douche bag to tell he LEADS our Truth movement I say. Now, I'm

not saying he shouldn't contribute with the truths
WE SHARE, far from it, it's just he can't have our
cut off switch to silence our objections to his exposed
foolishness, and/or blatant criminality. I'll give him
a chance, for starters, to criticize any position I take
while we all publically call on ourselves for
assistance internationally. Like on his "buddy",
George Noory, deserving to be tried Publicly for the
traitor he is, and be formally executed after his day
in Court. Our Courts. Teen soldiers have been conned
to die by George Noory for the escape of the neocon
terrorists who committed 911 with Condi, Runsfeld,
Bush, Myers, Tommy Franks, and General Ahmad. AND
HAPPY GEORGE NOORY KNOWS IT - and cons with lies
naked to the ear of any who can listen or hit record.
A NAKED traitor to the cause of Liberty if we ever knew
one regarding the War Crime facts of Iraq. .And
Ian Punnet is an evil godless enemy Bush whore who
lies too to get YOU killed as the innocent soldier
forsaken so don't forget.. It's YOUR life. It's God's
Gift. Now support our rise for popular international
debates to get these Neoconners behind bars
awaiting Public Trials! "Public"thatsoyu!! Get to
the Phone to call someone to care man.. Johnny
Jesus has arrived! Justice Will Be Done in this,
Our Kingdom to Come.

Justice to the war criminals of
indiscriminate warfare would better serve ourselves
to halt for our safety. The bushmob did 911.

Not only that but the BBC argued that to show
innocent Human Beings suffering, in CRITICAL
life threatening need of desperate food and
water that Israeli nazi stole, (because they are
unlawful murderous thieves), would have them look
like they were partial to serving Humanity's
interest in compassion for US humans. Over the

slaughter for more Amerikan welfare. Wicked evil
nazi bastards who too, DO NOT THINK IT BEST to

Oh yeah, and mercury is neural toxic, anti-psychotics

make us crazy, and sodium fluoride makes us stoopider while weakening your body for big cash surgeries - ultimately leading to a profitable death for dah' winnahs.. Bush and Cheney are traitors to the cause of American Liberty. To leave them free, is to leave America un-guarded from further transgression.

The bushmob doctored
the NIE. Conned Congress, and Soldiers. Did 911,
by closing criminal FBI investigations immediately.
Alex and George don't seem to want US to know
these FACTS that demand arrests of the culprits
responsible for high treason against Johnny's
America. Alex wants your money, and EVIL George,
our enemy, wants your soul stolen for Satan.

Turley: Obama 'accessory' to war crimes if no prosecution
http://rawstory.com/news/2008/Turley_Obama_accessory_to_war_crimes_0127.html

Understand, Alex Jones doesn't want Justice for Americans because he loses out to better men that usher a greater life. He doesn't want the evidence of George W. Bush made public to defend American teen soldier's lives. The true fascist Alex Jones, who in silence supports the escape of Bush for treason, will fail our true voice for Justice in our times. WE DO NOT rule the truth we share equally committed to defend ourselves from lawlessness. And you'll never rule my right to speak freely over your intent to sell us all out for monetary swindles, just like Ron Paul did. Understand: Ron Paul doesn't even acknowledge 911 was an inside job, or, that Bush gave zero evidence to form Your opinion.

Alex Jones, the Slave, told US today that he challenged Bush for eight years - Bushite lying nazi traitor. Not only that, but he also ridiculed those who wish to blame Bush now for anything! Again, he doesn't want Justice where bad guys can't steal from ourselves unrepresented. Ron Paul is a multi-millioniare, made rich by charitable aid conned from Alex Jones' NWOers! Alex Jones doesn't have a problem with that, we do.

Israel to be Judged - Universal Petition
http://www.tlaxcala.es/reponse_signataires.asp?lg=en&ref_campagne=10&Page=1

The demon LIAR zionist Israeli is a godless enemy of Humanity, much like everyone at Foxnews, CNN, BBC, and the CBC. Our revolution against the godless bushite shills, will not allow our revolution through speaking honestly, (to become of ourselves something greater), a chance to be televised for our benefits. Bush closed criminal investigations immediately after 911. According to the FBI and Senator Dashle. CNN says you have no power, Foxnews says you have no power, the BBC says you have no power, the CBC, the same, like Alex Jones NWOers... but well, don't believe it. YOU Do have the Power.

We must demand open communications to bring back values WE ALL would agree to through polite debate. "Conservatives" don't want this Freedom idea

expressed in general terms because, a "conservative"
is universally, minimally. a bigot. Why? Life isn't
like, their way, - then- all other opinion under
the sun on how things actually get done. (Aka
"socialist" traffic light repair men, or "liberals"
who want to treat The People fairly). Or who we are
as equals to our laws fairly practiced. Pay attention
to what I am saying here. Liberals can be Dicks with
a capital D too of course. But a Hannity couldn't
survive 2 minutes with me speaking on his very real
treasonous behavior in OUR public arenas. Behavior
done to escape the 911 culprits from the long arm of
the Law, with his conscious will of criminal deceit
exposed, we all learn to better defend ourselves.
And Shawn Hannity can't have that for ourselves, he
takes too much money from ourselves as talentless by
keeping US in the dark dying needlessly for traitors
never elected publicly.

Who am I you ask? Johnny Law. at your service. Look
me up with usenet to discover, we live in a world of
idiots everywhere pretending to be somebody by lying.
While I want US all to truly improve our condition by
actually understanding how bad off we are by failing
to respect ourselves for correction. Too many, know
it alls, with not enough to know you need evidence to
form a guilty verdict against an accused man or woman.
Not according to CNN, CBC, MSNBC, Foxnews and the like
however. Let's change this by supporting my challenge
for top billing at the Coast to Coast radio show hosting.

Unseen Gaza High Quality: Part 1 of 6
http://www.youtube.com/watch?v=UeezoWRu1FU&eurl=http://whatreallyhappened.com/

Why is it that numerous visits don't change the
view count? What is this business of a=a+1, the
top secret, I'll go rhythm, that is way beyond
our comprehension in it's scientific complexity?
For Americans, okay, but the Human species just
isn't this dumb.

While Zionists OFFICIALLY target Christian school
girls for mass murder, CNN instead reports that
bushite grunts attacked girls in Afghanistan, posing
as Taliban. I WILL every celeb at CNN to be arrested,
tried and executed for the reporting they have done
today without facts. Remember: the Taliban played no
part on escaping those responsible for 911, and opened
schools for girls, and were brought together on the
single purpose to defend women. Death to CNN reporters

to LIE for killing OUR school girls. I HATE zionist enemies of Humanity and God I am.

The Torture Ban that Doesn't Ban Torture
http://atheonews.blogspot.com/2009/01/torture-ban-that-doesnt-ban-torture.html

/ / Obama's Executive Order bans some -- not all -- US officials from torturing but it does not ban any of them, himself included, from sponsoring torture overseas. \ \

Is America a nation of Law to Live freedom? Because this SPECIFIC deviant action of Obama warrants the death sentence under Reagan's "War Crimes Act". SPECIFICALLY. Or, is it you falsely believe Obama can do no wrong against innocent people here, where an illiterate nazi grunt, maybe from South Africa, will kidnap YOUR children, and torture them to death for sadistic pleasure, with as they did using power tools caught in Iraq, according to Iraqi government official(s), and several soldiers from Oregon, all because Obama has given an ILLEGAL! "excuse" to NOT support following the crime scene leads at our REAL murder scenes? Again, death to the bushite dumfuk enemy of God, death to the enemies of a freeing Humanity striving for a just society. Obama needs to be arrested for this under the Law as it stands I'm sorry to say my friends. Why? Torture is illegal in all 50 states, (as Reagan directly planned), no matter where you ship the innocent victim to, or from! Read the War Crimes Act, then demand Justice today, otherwise, it's YOUR funeral. Obama wants to secretly torture Peoples here, while lying to US ALL that he doesn't! A TRAITOR! Who also wants to give bankers 100s of billions of dollars more to disappear, that WE pay for, out our door, never to be seen as our own again.

Jack Blood interviews Richard Andrew Grove, an AIG insider and whistleblower
http://video.google.com/videoplay?docid=6546044203900048624

Alive We Say

And Alex Jones gives us the same guy twice
a week that blames the Illuminati, while
encouraging that YOU TOO! can get money
for nothing like the banksters. Just give
the Alex Jones', NWOers, the "truthers" money
money money money. No time for affording the
explanation that the TREASONOUS bushmob
doctored the NIE. That Saddam wasn't in
violation of 1441. That a NEOCON is
identifiable for it's demonic LIES
against God and Man. Never to tell, the
private bankers don't cover OUR loans,
that Bush PERSONALLY worked to close
Police investigations immediately after
911 (obstruction), or that WE have video
of iron flowing like water that PROVES,
without doubt, bin Laden couldn't have
single handedly placed the explosives
in the buildings, or stole the black boxes.
Because someone surely would have spotted
him dragging his dialysis machine what with
all the professionalism of corporate news
media coverage regarding our horribly
suffering worlds. Alex Jones ignores the
treasons of Bush, as a Bushwhore, and
instead, tells US of how Obama is Bush on
steroids. He only wishes. What about
Justice for Americans Alex? Why for do you
forsake ourselves? For money? What about
the lives lost to mass murder, that you
allege to champion OUR TRUTH without saying
much of anything on real Freedom?, on real
Justice like your deviant election rigger,
Ron Paul? Well, no wonder, Alex told US he's
into shooting innocent American People in
the back as a tyrant of evil, a white Devil
if you will. Kids too if you dare look in
his back yard for a copper. See? Now if Alex
doesn't allow US to speak, more and more will
understand to know why. I am a defender of
all that is right and just in this world,
because I don't need to lie like Alex does on
a huge host of issues. I'm more like Jessie
Ventura, in where I don't need/want to lie.
If I end looking foolish, (of which I like
never truly am), it's a benefit, because that
way, I've learned something. Alex knows
everything already, and 'is always right'.
Like I say Retarded. You weren't right by not
understanding that the banker doesn't cover
the loan. One example of easily hundreds. He's

a typical, he knows it all, know nothing dumduk American. Hear him on health care speak as Ron Paul does, and know, I defeat them in under ten seconds. TEN SECONDS. This is why he hasn't in years, allowed me to speak more than five or six words. He's rather all America die, than admit he does NOT rule our 'Ocean of Truth'. I want the challenge of opposition through debate to PROVE my skills beyond reproach. Alex, every time, just hangs up on anyone who tries to improve our communications by factually speaking. Why? Because he IS TRULY deeply ignorant on what freedom or Justice means. Why we have law. What a consensus is. Allan Watt is severely disabled in this regard, another Alex Jones favorite. And this is why, Allan can't take calls openly either. He has jerked off with himself too long to quit now learning super basic precepts, for like Alex, he "knows" the inner workings of the 'genius' NWO elites. Not Law 101, not Bush, not Rumsfeld, Not Condi, not Torturers, not bank robbers, rapists, or even petty thieves. Allan Watt isn't a bad guy, he's just a chauvinist pretending he actually knows something, when his real disability is directly related to his absence in understanding understandings. Doubt is a near foreign concept. A challenge for Allan: can you get your 'genius mind' around the fact that Peter Powers did the London bombings, and not the Illuminati of 1463? and if not, why are we so dumb to our present plight that way? Don't get me wrong, Allen has much to offer, it just isn't the issue right now on saving our dying futures. Maybe I was too hard on Allen, he is really actually kinda cool. Alex Jones too has many incredible moments of ecstatic clarity increasing in all they joy of seeking enlightenment. .. Ok - but this is serious business that requires little dilly dally with what we'll have as a side dish in Paradise Lost. We are talking Human Lives have been destroyed by our inaction to remedy these failures to communicate effectively. and.. Jeeze, the weight of my responsibilities, as just plain John, being a/the Legos Man - for like the Family and everythings, get's me never forgetting, all we got are these words left dormant from the power they truly possess in the minds of the wise asses. And.. here I am. I'm a Talker of Words looking to make a break in the NewZbiZ. Zzzz... Alive We Say! Alive!

King Johnny, from Earth, has come for talks.

The Zionist enemy, the most evil nazi sons-of-bitches
who openly advocate tyranny and oppression through mass
murder of ourselves as the innocent left targeted
defenseless. Enemies of Jews everywhere, the Zionist
cares not for facts on who's Life it destroys for stolen
gain by lying. That's why they target Jews, for fear the
Light of Truth would expose them as the Nazis they are.

Hamas doesn't have a military though, so,
why not demand the arrests of those who
broke the truce, and murdered innocent people
indiscriminately, on plans more Jews would
die for cash profit? Profit paid for by
zionist amerika? - the false imprisoning
torture and rape center for Neocon
Freedom.

The self-defence defence
http://www.guardian.co.uk/commentisfree/2009/jan/23/israelandthepalestinians-gaza

/ / This has been a central theme of the war in
Gaza: not that hundreds of innocent people were
killed, not that over 5,000 were horribly injured
and not the sky-high human and monetary cost of
wrecking homes or razing infrastructure. \ \

Court petitioned to arrest Livni upon arrival in Brussels
http://nawaat.org/portail/2009/01/23/belgian-court-petitioned-to-arrest-livni-upon-arrival-in-brussels/

"We believe there were dozens of IRGC
personnel in the Gaza Strip during the
war," an Israeli source said. "Some were
killed; others went into hiding, and
others escaped."

See? the demon enemy of God speaks no
evidence as a TRAITOR to every Jew. A terrorist
nation that still steals humanitarian aid in
our public realm of left defenselessness. The
false allegation deserves a death sentence
by Jews against the war monger Zionist enemy.
A cause that Iran should champion, if in fact!,
this allegation by OFFICIAL WAR CRIMINALS WHO
TARGET FOR MURDER OUR SCHOOL GIRLS, is on it's
face, unsubstantiated as patently, demonically
false. As typical from any godless Zionist.

Where are the Americans asking for the formal arrest of Bush for high treason? Whoring for Alex Jones's contempt for REAL Justice? The ignorance of all American talk radio hosts speaks for itself. NO knowledge on why acts of high treason, are crimes against every American. The bushmob doctored the NIE, and Alex doesn't want Americans to know, because if they did, they ask, why does Alex do everything he can to escape those personally responsible for 911, while then asking for money to continue his fight against freedom in America. Again how much money do we have to pay Ron Paul or Alex Jones before they will allow the knowledge of the Iraq war against Human will is criminal? How much?

Obama! feel free to call on me to help out with a plan for judicial actions. That offer goes out to everyone in Palestine, Canada or Britain too. Russia, let's help out these fools by freely communicating, what say you? Justice for all is freedom to be. The Israeli cop killers must be brought to justice for war crimes. Those cops, were cops. And I, am a man.

Alex Jones Rocks!

Now Alex has problems in "my" mind because I am an ACTUAL genius, and he is generally, an idiot. Today, he did one of his usual commentaries, however this time, he was pretty honest with himself, and his love for Ron Paul. Ron Paul sells incompetence, and Alex corrected correctly!. that a.. sorry Ron but these banksters know they're robbing us as undefended blind men essentially. That's what I'm talking about!! Look, Ron Paul can be a dumb Ass, although, he's still not all that bad a guy. A Dumb guy on things like economics sure, Justice, warfare, Health Care, Social Security, ect. ect. but still., like a child learning of why the sky is funny blue, isn't all that bad a guy really. He's certainly not a war criminal, like Bush or Rumsfeld are. Doing 911 then sanctioning torture. While Neocons Champion sending illiterate American teens for death as war criminal. Think about it. Maybe he is..

-

�We have all these documents that are now publicly available that prove that these methods of interrogation were intentionally ordered by Rumsfeld,�

Let us understand. These actions "give" a guy like Willie Brand "the right" to RANDOMLY kidnap men, women, or children, and torture them to death for sadistic pleasure with his faggot Capt, Christopher Beiring. (I think that's how it's spelt). But anyway, this is the truth. A bushite is a godless Zionist whore of Nazi evil, an enemy of America, who wars YOUR Freedom with criminal "excuses", for refusing to support the arrest of those responsible for 911. A TRAITOR, and could be wannabe rapist, robber, or 911 mastermind ringleader. Torture is illegal, and warrants the death sentence, according to, Reagan's "War Crimes Act". Some only suggest, that this was why someone tried to kill him as honorable. Death to the torturers of our innocent families, torture they do without apology as Zionist Military "Judges". Instead today, where they get salaries paid in the billions by the zionist giving nation of, a-mirror-kay, echem, America. Johnny's America. A nation where Justice will rule for the favors of all treated equitably with or without you. Honor me in company my friend. We have no rivals.

"they do not understand, the private banker never covers the loan. Never does a private banker reach into it's pocket to borrow US to begin with - so as a consequence, the bankers have just pocketed all the 'free' loot for nothing, TRILLIONS, and are not saying why should they help anyone else up with charity?" Then went on to say, it wasn't any of our business with what they did with the money. (But for to cover criminal fraud in the derivatives market, where the true value of said commodities were backed by ZERO capital. ZERO DOLLARS. WORTH NOTHING. So, think about who's truly giving it always here until Johnny, the man who came out of nowhere, arrived to explain everything in five or six minutes.

/ / Dr. Condi was very smart when she declared at the outset of the most brutal Israeli war on Gaza that it was the Palestinian side which is held responsible for violating the six -month truce. \ \

She lies, Innocent Christians die.

Nazi argues it's good to get killed Jews by breaking truces with prison camp.

They shoot Peoples indiscriminately telling US that's how evil they are to argue it's Your fault though.

This post was passed to near everyone in our Secret Service defending Obama. Let US demand Justice for the Victims of 911, by warranting for the arrest of every Neocon Nazi Zionist pirate of OUR Jewish faith for Public trial on LYING for War Crimes against our dying Humanity. War Crimes against God.

A ZIONIST LIAR'S TRUCE

Again, the Zionist deserves to die by public trial today to defend the Jewish faith. Look at usenet. These demonic enemies go, 'yeah, Hamas broke the truce', they do it to kill you. To steal the lives of innocent Peoples to profit off our deaths as victim.

The Zionist is an
enemy to the God of Love and Justice, of Beauty, and Children. A zionist LIES with a hatred unmatched in Satanic hatred for the survival of our species. I beg you, hunt to bill the zionist war criminal who charges we will not succeed to see every last war criminal on this planet hunted down to complete extinction, by public trial, then Jewish firing squads. The Zionist has bombed US, The People indiscriminately with out cause. It was Nazi Israeli that broke the truce to get killed Jews for money. They starve Jews in Israel to attract more charitable aid they can use elsewhere. They, as Nazis, will continue to murder Jews for money unless WE DEMAND, their formal trials and public executions. They have

murdered our families, and they will pay will their lives for it as the directly responsible, and in no way, will escape our rages against them as the enemies of every Human Being Living for Freedom. Every Human that loves children. They HAVE ADMITTED to targeting the school girls for murder with lies they were caught doing. THEY DON'T GIVE YOU EVIDENCE. And when we get the facts, it's near always exactly the same thing: they steal our Homes, they STEAL our lives. God calls the Zionist Jew Enemy of the Synagogue to Satan!!

"We also need a massive overhaul in Our news channel prioritizing, including to add censorship free, open line public communications. Done to gain value in learning from the art of conversations. And still, to this day, do Nazi Israeli CONTINUE TO THIEVE the Homes of god loving folks in the region, guilty of no crime but to have been born into such brutal ungodly oppression against Civilization. Someone should ask what King Johnny, The King of the Jews has to say on this subject of a Zionist's complete absence of morality, as inhumanly bereft any common decency among our brothers and sisters. I mean for Christ's sake Tom, THEY ADMIT to sadistically targeting our children for MURDER - as some kinda Satanic demon whore to Pure Evil - aka. Wanted War Criminals for Public Trial. Just as the Nazis were for similar outrages. Let's hope men of America are least half they were then, but we are suspecting, they will as of usual, balk as cowardly slaves to the private banker man ruling their minds, it's a, no wonder. Where is there that purpose striving for a greater future living in a just society? Where is the Christ in their Christianity? to financially support the arming of such unlawful Zionist killings in silence against Innocent Christians?

Wow. The demon LIAR will also say Hammas broke the truce, and Israeli started this by stealing innocent peoples homes, then imprisoning ourselves, the victims, in a death camp for indiscriminate slaughter. While they continue to STEAL OUR CHARITY by breaking truces. What is it that YOU can't picture?

"The view from the other side, that the Qassams are a retaliation for the siege that starves the one and a half million inhabitants of the Gaza Strip, [a prison death camp,] was not mentioned at all."

Masada legend galvanises Israel

/ / they committed collective suicide - men killing their own families, afterwards each other, until one [evil zionist liar] remained to kill himself. \ \

ISRAELI IS A THIEF WHO CAN'T SPEAK OPENLY IN DEFENSE OF OURSELVES IN OTHER WORDS? That is right. They, as documented criminal, lose every debate personally since before the dawn of Civilization because their position is clearly unsound. They are criminals who murder People in hate for a freed Humanity. They OFFICIALLY steal Peoples homes in that country didn't you know they proudly proclaim it so? And steal humanitarian aid from starving children. Targeted to murder children specifically as publicly confessed, 'it is Hamas WE blame', not them as demonic child murderers. Hideously evil as ungodly sadistic savages. Enemies of YOU, enemies of them, and enemies of me, the King of Jews Christ fellow from beyond the grave. They are so evil to God and Man, they tarnish everyone of US to not win justice sooner by blaming the actual bad guys. Justice is Freedom.

/ / Those white phosphorus shells used on the Gazans are made in the USA according to Jane's Defense. \ \

Again, these peoples are not Jews. Being Jewish is a religion. These thieves of God are Satanic in their LIES to betray the common trust in our words, that bind all worlds to victory, called freedom universal. Even tales of the Devil have him keep his word, with verses specifically condemning the self to damnation for targeting the innocent for death. God's the Word. Every word inside a fool's paradise. Including the periods. Not as like, I'm playing a word game, but that it in wonder, is all strangely here. Example: The Universe as it has existed always, is not separate from our 'pauses', or faulty drawn conclusions. The universe, in one sense, was as good as anytime, created 6000 years ago. AS TOO 50 billion. You say, impossible, I say no, study quantum physics, and know, I live this.. our existence is not scientifically separate from the timeless nature of consciousness, proven as not only theoretical, but actual. That is a first step at developing a REAL relationship with the living Universe if you want to as like an artist does - that TOO! can be just as thought static in it's orderly constructions for Atheists. (An Atheist is still mostly a fool here however.) Overall, for any, it's sorta simple: Life has left YOU in charge of YOUR fate. Now, do well to make something of this being as eternal Life reaching for balance, as your body does, and good cops do when bringing the bushmobsters to Justice. By Israeli calling for more murder against the innocent of your mind as racists and bigots they are openly, is still shadows of YOUR mind, YOUR WORLD.. get it, got it? God is in genius to set Life as this, as like, nowhere existing, but for as yourself within. Will you speak out for the Justice denied Humanity?, or not you? Atheists can be Just too!, but generally lose it on not understanding the intelligence of order is way beyond what they dream up with assumptions. All anyone has to do is ask themselves, who do you mean "God"? Atheists are ridiculous!, but, to each his or her own, we are on a path here, believe what you want to believe. This is not a faith initiative I'm bringing by keeping this real, I DEMAND JUSTICE BY OUR WILL BE DONE.

A zionist cabal of criminal pirates who murder Jews around the world for stolen money is seriously evil as criminal. What do you think? Let US have a open line discussion on this indivisible matter of rights to all as equals before who ever we proclaim, I AM.

I mean you right? Say it with me... "I" "AM" we are good to go.

Again, Americans need to demand the arrest
of the Judge and prosecutor for being openly
evil demons, as TRUE enemies to freedom in
America. But guess what? Americans will refuse
to even phone Alex Jones, or George Noory
to be hung up on. Just refuse as brain dead
zombies - as known in this circle, McCainiacs.
Did you hear Alex's NWOer yesterday state he
doesn't want anyone to speak as Justice for
Americans because to learn even the most basic
of precepts for Justice, he can't pretend he is
a Freedom Fighter begging US for more money?
Like multi-millionaire Ron Paul, who gave the
fixed election up to take our money and walk
away. How much money in the millions do we have
to pay them at GCN, before they will acknowledge
the Iraq war is a war crime? THEY NEVER WILL,
because the faggot owner has a son who's into
raping American women as lawless enemy of Life.
Americans are indeed, selfish, like all the plane
crash survivors telling US how they couldn't care
less that Israeli nazis are openly targeting our
Christian children for murder with their tax
money, as unimportant, to how long they stood on
a plane wing, now approaching it's third day, of
wall to wall coverage. Telling us again of how
Christ saved your life as a lifeless degenerate.
I, as Christ, am really starting to hate all
Americans in total now. How difficult is it to
pick up their phones? They don't, and I'm beginning
to believe it's because, like GCN, they really
don't care for the future of our Humanity being
left for dead as continuing victims to EVIL liars.

flaming death from the sky aimed at schools,
hospitals, ambulances, and children, and you
dare call the people opposed to such barbarity
a "mob?" \ \

Zionists are evil people who pretend they
are honest, when lying directly to everyone.
Blitzer reports Hammas broke the truce, he
is lying to continue the murder of innocent
peoples. Understand: Israeli Nazi state they
will continue to murder our innocent Humanity
until the rockets stop falling on Jews. Yet,
they broke the truce, and murder Jews routinely
with reckless abandon. Jews from the Bible as
of "nigger" Ethiopian, are what the Zionist
hate when warring GOD for apartheid, apartheid
that is Humanity in Gaza. A zionist is a war
criminal who speaks not against the neocon,
but against Innocent Humanity as YOUR enemy.

Blitzer is war criminal, who makes his own
discussions. As is Ron. What an enemy to not
mention the truce. THINK: IT IS THE ISSUE. But
Ron plays the dummy to kill more with contempt
for Freedom. Ron Paul, the bigot, asked,
'should we be doing this'? SEE? it's not first
degree mass murders, no, according to Ron Paul,
it's argumentative that indiscriminate mass
killing is a good thing really. Remember,
Ron Paul does not support arresting those
who committed mass murder on 911 either.
Or those who STOLE TRILLIONS. Or lawless Bush,

Ron Paul "When we pick sides, we make it worse"

He also took our millions donated for freedom
fighting away for his family, but not our own
as dying innocent victims giving. Pick a side.

Remember: Sadistic authoritarian George Noory
is a very real DEMON of Satan, who again,
openly tells US, he wants to murder our
species as the innocent forsaken, and Alex
Jones doesn't hear a problem with that
either. Love the bushite blindly, and
they'll kill US for a dollar sukka.

Alex Jones is like the retarded brother we
can't help but love because we're human. He
is still retarded. And George Noory is still
seriously evil as a traitor to the cause of
Freedom in America. And Ron Paul is still
slamming Ron Paul.

Ron Paul "Israel can not act without
Washington's approval"

So, it is Ron's fault then by not mentioning
the truce?, or as that, innocent People are being
indiscriminately murdered in a death camp that
he figures is argumentative? that innocent
People are dying as targeted for mass genocide?
Or is it the Ron who states YOU are to blame
instead of himself for being there, not saying
anything? HEY RON! Can you hear me now!

Wow. The demon LIAR will also say Hammas broke the truce, and Israeli started this by stealing innocent peoples homes, then imprisoning ourselves, the victims, in a death camp for indiscriminate slaughter. While they STEAL OUR CHARITY. What is it that YOU can't picture?

Hi. My name is King Johnny.

/ / The targeting of civilians, whether by Hamas or Israel, is a war crime. \ \

They are targeted by Obama who suggests there is an argument to be made here. There isn't. Nazi Israeli DEMON LIARS broke the truce to kill Jews for money. They are godless enemies of Humanity. So it isn't that we are pro-Palestinian, it is that we are pro-Human. Zionists DESERVE to die, before US, the innocent, they target for murder for stolen cash gain. Like Obama has promised to do for AIPAC. But what about the rest of US 6 billion plus Obama? Who is it of US innocent folks do you wish to MURDER, or torture next as a Zionist war criminal for Satan Obama? Torturing kids is popular in Israel, tell US Obama, which American father will have his children tortured, or murdered sadistically by yourself as a whore for Nazi Israeli? tell us, we're not waiting.

The Chosen Bad Example

Zionists Destroy Our Homes as Satanic
http://www.youtube.com/watch?v=mo2HW4T7wK4&feature=related

When I see the women and her child, left outside while they sadistically destroy her meager gains, I grow weary with ourselves for not speaking right. Nazi Israeli are committed to deny US our God given rights as Innocent persons to speak freely for Justice realized. All because they STEAL our Lives for monetary gain. It is our reality, give it or take it, YOU LOSE.

Then.. Hammurabi founded Civilization.

I go concerned for any hesitations of condemnation by Obama. It's like, he's talking some jive about how now he'll NOT let the words of Hamas reach his ears. Being against war criminals, doesn't make you pro-Hamas, necessarily, it means your against war crimes to defend the lives of ourselves respected. Remember: He told US earlier during the campaign that he wouldn't fear speaking to anyone, Hamas especially, because he was confident he could win the discussion on Liberty, by principles that unite all free men. Now, he has promised the FBI's Most Wanted AIPAC, he will pretend to not hear any calls for fairness as all parties united by common cause. Johnny Who? Where did you go Obama? You were here, then.. pooof! you vanished into the loving shackles of convicted/ing criminals is a mass, "WE ARE TRAITORS TO JUST CAUSE" organized war crime outfit, dedicated to deceiving the Public by lying. I am not Lying. I'm not saying I hold his associations as a measure of himself, I am concerned with him stating, he will not hear our cries for Justice, as then AIPAC cheered. I was as freaked out about it as you maybe yourself now, believing it as possible. Check it out for yourself, and wonder, just "who" is this person they tell us they're are going to take for as dying fools? I mean look at what happened to what's his name, when he sided similarly the same in error as hugely criminal? Come on be honest with us son, "Are you on drugs?". Maybe he's just been stressed with all of everything he is heaped to follow on, NOT to know by Blitzer, that Israeli broke the truce to kill more Jews for money, and, also STEAL innocent Peoples Homes while saying, "they are God's Chosen". Yeah, chosen for, "The Bad Example", of how Jews are left undefended by these grave robbing war criminal nazi forces. As the King of Jews, I call for Public War Crimes trials of the entire bushmob as terrorists, and their supporters for lawless tyranny.

People are Coming to Town. Justice for All Coast to Coast radio broadcasts all, until we have secured the neocons in a prison cell awaiting the treason trials.

We are Good to Go. Rise Up for innocent Life,

Again, they are Satanic here because they THREAT to tell you, yeah, Zionists are casting the leads for the real mass murder scenes - Justice denied Humanity. God doesn't exist to defend yourselves from war criminals for Satan.

War crimes trials with public executions will commence against ever GUILTY zionist living to lie that Hamas broke the truce, that Georgia was attacked without provocation, (again, CNN are not 'accidentally' conning US here). And trials for every last living bushite bomber, rapist, and torturer - death to the bushite, the true traitors who war against freedom for America, traitors who war Innocent Humanity for the escape of the neocon zionists.

No no no no. What you do is investigate who this the "US" person is as the GUILTY party my friends. The facts have spoken for ourselves without contention. And while we're at it, try to figure who that "Army says.." person is too, we need to know who these traitors are who hide their names backing war crimes to continue. however the study of something here is needed if we're
ever going to convince ourselves dying indiscriminately
this way sucks. As the innocent for profit we pay for,

SEE! This is AFTER fire bombing the whole community.
Satanic evil enemies of Life. Who admit to targeting
any one who has ever so much as swept our streets,
warranting bombs dropped on their Block(s). SEE! they
are ENEMIES OF EVERYONE. EVERY LAST ONE OF US.
INCLUDING GOD.

Riddle me Dumb

Hamas Workers and/or Troops? Out hiding in the mountains
of Afghanistan you mean right? Satanic enemies of all
Humanity I tell you. The most evil nazi sons-of-bitches
who openly advocate tyranny and oppression through mass
murder of ourselves as the innocent left targeted
defenseless. Enemies of Jews everywhere, the Zionist
cares not for facts on who's Life it destroys for stolen
gain by lying. That's why they target Jews, for fear the
Light of Truth would expose them as the Nazis they are.
It's a prison death camp, brought about by Israeli STEALING
OUR Homes as ungodly thieves. Thieves who leave a Jew
to starve to death in a garbage dump because, it'll
attract more charitable aid The Zionist can use
elsewhere. It's not a Jewish thing, it's a criminal
matter. They STEAL innocent Peoples Homes in that
country. God's Country? God would will such criminal
offense? Which God? Not the God of Abraham, nor by
the teachings of Hillel, Christ, Mohammad, or
Confusion? So which absent God do you speak where WE
can't speak as ourselves openly for Just Cause?

then... we can later argue about how your ideas are

Israeli are attacking prisoners held criminally
in their own Death Camps!! GET ALEX JONES ON THIS!

Hmm... why wouldn't Alex? to support his fictions over Our Rights to Live Free perhaps? A Hero adapting to the deaths scene?, or, a Bush whore committed to enslaving Humanity, all so he can say, he told US so. Big hero or big hero. Your NOT powerless to his vision of complete control over information. He refuses 911 info, Iraq war info, Israeli info. All so he doesn't have to look the fool, while Humanity dies with his insults against our wills to make something better of ourselves. Justice is what I will. Masturbate on your own time Mr. Alex Jones.

If he states again about how he knows everything, and is always right, and those that criticize him on ANYTHING are delusional, it's going about to make everyone further sick with this obscene take on what life means as Alex takes it. If I truly state two nickels make a dime, does that mean therefor they make a quarter also? If I say so like Alex would? He is an idiot. Truly. George Noory figures Hamas broke the truce, and that the Mideast solution is that Jews should be separated with special rights, as oppressors over the freedom of every Palestinian Prisoner, and what's Alex Jones gonna say about his 'truth telling freedom fighter' George to actual 'lame ass evil nazi traitor' George?, to YOU about how George is just trying to murder millions of helpless people as an offer for the final solution? We can expect Alex now to claim, Zionists should have special rights over Jews, all to maintain his FICTIONS on Noory being anything but the monster to Humanity he is. Just because Noory doesn't growl when talking about murdering all children in around the age of 15, or against soldiers who refuse criminal orders, does still make him a true fascist nazi enemy laughing at your murderers escaping to live freedom in our dying forsaken worlds. The bushmob doctored the NIE. Conned Congress, and Soldiers. Did 911, by closing criminal FBI investigations immediately. Alex and George don't seem to want US to know these FACTS that demands arrests of the culprits responsible for high treason against Johnny's America. Now, who's with yourself. I am! I am! I am!

Alex Jones doesn't know squat of Social Security, but pretends he does, like Ron Paul does when speaking of the Federal Reserve, Health Care, IMF, World Bank blahblahblah.. I mean even the expert of experts Alex has on near twice a week, EVERY WEEK, to talk all about how the Illuminati are doing everything,(give me your money now for whatever), DOESN'T SAY TO KNOW,

it was Chris Cox who changed Investment Banker rules,
to cover instead one tenth of WORLD INCOME loans,
to one twentieth. MORE THAN DOUBLING THE ENTIRE GLOBAL
MARKET FOR LOOTING WITH HIS SIGNATURE! (And. that isn't
even a fifth of the TRUE trillions dollar fraud story.!)
Now, granted, I wouldn't expect one tenth of one percent
of America to have even a distant clue of which I am
speaking, but importantly, Alex's expert of experts has
never mentioned it. EVER. Why? He don't give a fuck, but
how much money he can get you to give him for investing
in things that are un-important to our struggles, but
for the fact, he states, you'll get free money for
nothing!! OUR ACTUAL PROBLEM. It reminds me of those
Ron Paul dollars... where Ron'll fix everything, cause
we, as a private company, are going to make YOUR money
instead... holy fuk mon.. Talk about the kettle calling
American racists. Thank God the FBI stepped in. (The
answer unfortunately is not nowhere as easy as Alex
would blindly lead you) - again, so I guess it will be,
Americans were just too far gone as illiterate
chauvinists, who cared too little for your freedom as
themselves degenerating. Why? To battle tyranny they
knew not Justice wins the day, and blamed innocent
groups gathered wherever, instead of following the crime
scene leads at the real murder scenes - like was once
done on TV and at the Movies. But even that was too
far above their doped down heads, to raise their finger
to dial a phone number.

How about stating "A lawless bushite enemy wars America
as a traitor, to escape the neocons from the crimes of 911."

Then Alex states the head of GCN is giving out gold
at less than it's value as a special treat, every
second or third week. Below wholesale. Now, really
think this thru. Do you think Alex is trying to con
you here? you bet. That is the Gold Racket. Diamonds
are another thing - where I've personally seen,
about a decade ago, a huge press that makes Diamonds
out of coal. Swear to God it's true. Costs to make
diamonds are pennies to the thousands paid to Zionists
who live in Israel calling for the murder of all
innocent Peoples. Where is the rich Zionist, grave
robbing Jew hater to demand Justice for our times?
Where? Pressing coal into diamonds, while advocating
the murder of our entire Human species. THEY WANT
TO KILL GOD AS SATANIC ENEMIES OF LIFE. While I am
last known to Life's enemies as Jesus Christ, the
Zionist's end every time. I'll have brought more
Zionists to their rightful dooms, than any other,
of any time, anywhere. I HATE Zionist bushite LIARS
to death, all because I Love Humanity too much, to
watch US die undefended as the innocent forsaken.

They can change their evil ways, but till now, often
not, benefiting off our suffering as war criminals
who simply lie as demons to steal our Human values.
Let's change this for our betterments. I mean the
Halo is a dead give away..

The head of GCN has a son warring God to rape American
women as lawless enemy in Iraq for the Neocon - again
NEVER mentioned as something worth fighting against for
Freedom in America - soldiers are suppose to REFUSE
criminal orders - but not when Alex is at the mike.
He will never mention the Bushmob doctoring the NIE
to con America for death as exampled, because it
doesn't fit his fictions, where all the bad guys
escape because they are geniuses headed by secrets
so powerful, nobody can ever know'em, except Alex.
He tells us near every day, he knows everything
already, and is never wrong, therefore you can't
criticize him. Bullshit. It's like he wants to be
wise like Johnny Gawd is, without doing anything like
studying for a test where the teacher actually does
know the issues. He told US today, the British came
up with concentration camps, from the Indians - who
spent all their lives murdering themselves. The
British 'invented' false imprisonment? The British
came up with the, Jews Killed Jesus? The British
invented Pope Gregory VII? I suppose Alex has never
heard of Ghettos. SEE? he just pulls shit out of
his ass, and calls it like it's truly pure gold you'd
wanna buy. Those, like your typical American have
no clues, so they figure, Life must be sorta so that
History is all one big Alex Jones NWO cartoon. What?
that the NWO did 911, and everything else that use
to instead, require criminal investigations to nab
the actual evil doers? Alex Jones IS the NWO he tells
US all we should be concerned about never stopping,
like it was in the DARK AGES. Justice Alex, why is
that hard for you as a "Conservative" to figure? Is
it because you are cowardly in the face of true
Liberty? Afraid that some People, on some Issues,
ACTUALLY know a great deal better than you could
even imagine presently? Don't like that do you?, where
you don't rule this Universe as a lawless tyrant
desperate to live in an illusion at the expense of
everyone else dying victims to censorship? Does he try
to find wise men or women? rarely. "Ron Paul [MUST]
leads our truth movement" - like, fuck off already
with the Ron Paul, The Truther, Bullshit Alex Jones.
1% is what YOU get on Social Security deposits - 1%.
And.. Bush stole 700 billion. 700. Billion. That's 700
BILLION. It's a "Trust" account. A "Trust" Account. It's
being held in "Trust" Alex. Ron Paul is asleep at the
wheel. As, so are the rest of all you other fools..

I want Justice, and I want it now for all the victims of 911. Americans be damned, we want Justice, and We want it Now.

In Texas, child rapists are given the right to freely move about without fear that Texans will stand as armed Men in defense of their very own offspring. And Alex wants this for the rest of America. That some how to own a gun, means an American would kill a cop who beat a women near to death for pleasures that he could never be Publicly arrested for, as a sadistically evil nazi bushite fuck. Look, if YOU DID kill that particular DEMON COP after the Chief refused to arrest him, you couldn't possibly go to jail in Johnny's America, because the truth would win out in a fair verdict. And REAL cops would honor you with great big, thank you. Nothing worse than a cop (or bushite grunter) who believes the Law doesn't apply to him while he drives drunk, tazers someone for nothing, abuses Women, or kids, to sell drugs, or kills good cops, who are good men. (Like mercs do in Iraq officially for Rumsfeld's P2OG. Coming to an American city near you!)

Again, the two Laws of Johnny:

1. No evidence, person innocent.

2. Torture? fuk you and die then

"Rice says it is 'hard' for Israel to spare civilians in Gaza"

We KNOW they are ONLY targeting innocent People,
the ungodly zionist Satanic enemies say so..

"Israel Rejected Hamas Cease-Fire Offer in December"

Livni has declared her country "is not going to show restraint"

"Her" country?

It's like she's admitting here, that they DO NOT target the IDF's Hamas, but only our innocent lives as a threat to LIFE and GOD. Remember: the Zionist LIARS broke the truce.

THIS NAZI ZIONIST FUCK BREATHES THE AIR OF US
http://www.youtube.com/watch?v=lMxfEsooM5M&NR=1

/ / So, Hamas decides it's time to end the cease fire and has begun shelling Israel again. \ \

This guy even sounds like the Satanic false accusing enemy of God he is. Let US, as Humanity, hunt these real devils down, try them, and have them executed publicly for the benefit of God and Man. Understand: this REAL DEMON knows he's lying, no living man on Earth could spew the vile lies he does to excuse indiscriminate mass murder, or starvation, as this Zionist enemy of life sells to STEAL Your HOME, your Family, YOUR LIFE. An open enemy of God trying to STEAL the Title of Jew from Christ. EVIL ENEMY OF LIFE. See, when a bushite dies, you served Life well in defending their next INNOCENT target. BILL HIM FOR STATING ISRAEL WAS STRUCK THOUSANDS OF TIMES. BILL HIM FOR STATING HAMAS BROKE THE TRUCE. BILL HIM FOR STATING bin Laden DID 911. BILL ANY Zionist FOR THIS TREASONOUS LIE. Why God asks? Because there isn't any evidence to support that Satanic lie. According to the FBI. And according to God, Zionists are not Jews, but of Satan as enemies of every life form in this Galaxy, Hunt him down, and bill him today for the love of God. You can 'hear' it in his voice.. how he lies TO YOU as a DEMON of a Hatred for Truth and Humanity. Facts, that are easily available, are not what he works to mislead others, others he hates, and wishes to murder for as ungodly sadistic pleasures as YOUR enemy. Bill him under American law for being pro-torture too while we're at it. Death to bushite, death to the murdering enemies of God's Love for Mankind, and enemies of TRUE Justice for Americans. The fuking demon enemy lies to you, as a con to STEAL your life, or just as soon, the life of another innocent other. Now, what are you going to do about it? Except his lies as exceptable, as he tries his hardest blatantly LYING to kill God and Justice in our Worlds? Not in mine, but perhaps Yours.

' In Civil-Contempt Cases, Jail Time Can Stretch On for Years for Americans, without Ever seeing a day in Court. '

Where are the arrests?, then firing squads for the Judges who 'judged' such criminality against freedom for US, the Peoples in America?

' Where Did Taxpayer Money Go? Panel Slams Treasury [FOR STILL REFUSING TO SAY] '

Where are the arrests?, they stole eight trillion and counting.. And Congress 'slams' them for

disappearing OUR MONEY. Slams with what?, a,
don't do that again please butt sqeeze? It should
be massive slammer time, with a return of all
STOLEN monies.

' THEREFORE, those pro-Israel politicians in Congress
won their seats in part using stolen money. '

Where are the arrests? Amerikan bushite nazi grunts
are assisting in the mass murder of innocent Christians
in Palestine. War crimes demanding death sentences. It
isn't an argument that can be turned around. Nazi Israeli
STEAL Peoples Homes without apology, as a function of
their SATANIC government, while colectively bombing the
INNOCENT victims who die because of it. It's a prison
camp! they are denied water, food, shelter.. since four
or five truces over that they've broken, every one. These
are Satanic enemies, willing War Crimes against God,
a God NOT loved by zionist American Nazis. And a Son
as powerful as the four winds, ridiculed by Zionists,
and American know nothings, for the continued debasement
of YOUR soul worth here dying.

"we were right about it all."

It's the NWO! The Illuminati! Not Bush, Cheney,
Neocons Gone Wild, or any of many other REAL
criminals, for the war criminals are just
puppets to his EVIL fictions. Forget about
Bush escaping.. Socialists who design traffic
lights, and Liberals who will to share fairly are
Alex's enemy, because he's fearful the FACTS
would escape his denouncements against truth

tellers. George Noory, one of the most despicable individuals on the face of our great Earth - is exactly the kinda guy he wants returned to send his wannabe Patriots nowhere but to die. What about Justice America? The bushmob doctored the NIE. TREASON. There is video of iron flowing like water from the towers, seconds prior to the collapse. Alex ain't there to help US, for that is where TRUE Patriots fight for real Justice. When WE phone with indisputable facts, on Ron Paul the bush whore sell-out for example, he lies to all (GOD), then hangs up on US. Is that the kinda freedom you think the Founding Fathers had in mind to give Your rights to speak for Alex who blames anyone but the criminals directly responsible for your funeral? The private banker never covers our loans, so why give them trillions without questions offered without answered as, never mentioned by the guy who is 'right all along on everything under the sun', and.. he 'rules the Ocean of truth' too don't you know YOU have a steak going all rotten to hell here also? You'd think Alex would take our call just for the challenge on where we stand? I'm free!

He is not. And George Noory tells us openly, he's into killing innocent kids for profit. George's profit is that apparently, by murdering all children in around the age of 15, will stop them from getting a clue at anytime in the future, to take him out as an ENEMY of EVERYONE for censoring our cries for Justice. Why is it that Alex would invite obstructionist, Steve Quail, or Alan Watt, on to lead you nowhere while they jerk off, but where we gotta go to actually defend ourselves? Steve has been on with Noory more than a hundred times, and, we'd figure, Alex will soon be delving into the Alien questions also. Answerable by me in seconds, but ahhh.. like Noory, doesn't want the truth of such a subject uttered, just endless streams of illiterate bushite dumfuk losers sucking on each other. While they wrest from US the wonder; just why we can't stop criminals from robbing ourselves, while murdering our families? Alex wants to blame the unstoppable NWO, while I, want to blame those actually responsible, like Bush and the proven treasonous, Neocon terorist liars who are pro-torture. With arrest warrants. All of them. I'll do it for Reagan's, War Crimes Act, as an act of respect for my Great America, that's isn't always been dying dead wrong under the leaderships of criminals.

Israel hits Gaza after UN truce resolution

/ / AP Israel and Hamas responded to a UN peace demand by hammering away at each other with bombs \ \

The IDF's Hamas is hammering away with what at who? Is the AP referring to the tin can rockets that travel usually several miles, but in one case, 22 miles? To kill a Jew standing outside in his yard, thinking on how he would defeat true evil in his time? Tin can rockets that contain no explosive charge? Have no mistake, if it hits you in the head, your dead, but really, what do you think the odds are on that? E=mc�. Or is this another, amerikan past time, of, who cares for the facts, we are at war with God and Christ now? Joe is an American Zionist "Plumber", who has amassed a multi-million dollar fortune in the competitive industry by shit eating. Every bushite death is a mercy given to God in defense of all that is right and Just in this Universe. A lawless bushite enemy wars America as a traitor to escape the neocons from the crimes of 911.

FBI Believed that Bombs Used on 9/11
http://georgewashington2.blogspot.com/2009/02/fbi-believed-that-911-involved-bombs.html

/ / Indeed, the FBI told a reporter for
USA Today that FBI agents believed there
were bombs in the Twin Towers. \ \

Awesome. Where is CNN and CBC here? Is
this an issue of life and death or no?
Who are they to judge OUR lives unworthy
of defense? I am King Johnny. Support my
demands for open communications above the
NWO shills who bark Bush and the Neocons
must be allowed to escape our Public
authority.

Report Of �People Planting Bombs� on 9/11
http://www.prisonplanet.com/report-of-people-planting-bombs-on-911.html

Why isn't Happy George Norry, Our Enemy, covering
this everyday as an important subject to defend
American life he holds truly in contempt?
Again, Alex Jones leaves every American to die
victim to his NWO, before he will acknowledge
TRUE evil in our world. George Noory, the evilest
ACTUAL Enemy of History, Alex claims is a good
guy for never allowing open discussion on 911,
Afghanistan, Iraq, and so on, without selling
his Zionist hate for our Humanity. Can you believe

that demon enemy co-ksucker Ian Punnet actually
preaches? The demon has told US more than once
he doesn't believe in God, so what do you think
that other "buddy" of Alex Jones has in store for
your life? Alex has said near a hundred times, that
Christ's disciples were all killed by the Romans
for believing - what a demon he is - for - what
Bible is his fans conceiving? Again, Alex Jones will never
encourage his listeners to demand open debate. Alex
would lose on all his lies like, he's been on with
George Noory a hundred times, or fifty times in
five years. Why does Alex lie to US all like that?
Because he doesn't really want Justice to prevail
where GREATLY wiser men or women would likewise prevail
through open dialog. Alex can't have that because
everybody MUST be under HIS NWO mind control.
Mind control on education, the Federal Reserve,
and FREEDOM. Alex figures having a gun to shoot
innocent Americans in the back is his brand of
loyalty to God and Country. Well, I, as Christ,
state it isn't mine. He would see every American
murdered, before allowing the notion that he, and
his likewise cult, might just have something to
learn about evidence being a REQUIREMENT to prove
someone's guilt or innocence. His godless commitment
is to escape Bush, and his zionist media controllers
with excuses that don't hold water in any Court of
Thee. Alex refuses to allow Americans to know why
the Constitutional protections are there to defend
yourself, because if you did, you'd demand the
arrest of Bush for treason, and call Ron Paul an
sell out loser who pocketed the millions conned for
being Alex's loyal fans. Alex doesn't like this Truth
because he's gotta be leading Earth's "Truthers"
at the pinnacle of his spear as a liar, where all
of History, is one badly drawn Alex Jones cartoon - a
dickhead. A true dickhead illiterate on the bible,
on Justice, on Life.

I must be on crazy pills
http://www.uruknet.de/?p=m51615&hd=&size=1&l=e

/ / Well, why haven't the banks just returned
the money?... \ \

People who know they defeat all "Conservatives"
in seconds with indisputable simple logic, will
eventually rule the Universe, if CNN, CBC, and
Alex Jones allow open communications on what is
understood by all as high acts of treason openly
committed without a defense of smart people
explaining why/how we are being rooked as idiots

on purpose. Crazy man, crazy. Oh.. anda..

the demon antichrist, Our Mr. Bush Jr. Bush
closed 911 investigations, Bush lied about
Saddam not letting inspectors in, Bush never won an
word fairly in his entire war crime life of
game rigging with naked deceit and betrayal to
the cause of Man, die bushite die. Rock on
my friends, rock on.

"Army deserter deported from Canada, now in U.S. jail"

This is a for real war crime. Why? there was/is
no cause for the Iraq war. Truly. Example: why
bomb if you can go anywhere without delay? To
only murder innocent People INCLUDING SOLDIERS
to thieve from ourselves as war criminals is what
any rational person comes to understand. When you
destroy bushite grunts who war God for rape, torture,
and enslavement of our species, you save the
innocent lives of their next victims. To hunt
the godless bushite enemy, is to love Justice
as our glorious Humanity winning over the lawless
nazi grunts of the Third Infantry - who'll shoot
anybody, blindly as cowards, led by a Saudi, Buford
Blount. Their "leader" who left Iraqi's largest
weapons depot undefended for looting. Qaqaa. Killed
many a bushite nazi grunting lawless coward by his own
treasonous brand. And mumbling bushite nazi grunts have

LETTERS NOW RELEASED PROVE-Bush Intervened-To Suppress Torture Evidence

Obama Gets Tough to Shield Bush Torturers
http://chris-floyd.com/component/content/article/3/1694-protection-racket-obama-gets-tough-to-shield-bush-torturers.html

Who does Obama think we are as 'United' together on pro lawless torture against innocent 'others'? Wake up people, we are under attack by those who refuse US Justice to win Freedom for anyone. "Conservative" retards are completely lost here, because they do not have the intellectual skills necessary to understand: a person accused of a criminal offense without any evidence is innocent. Or, how about, No one deserves to be tortured for confessions on crimes left then unresolved for actual retribution. [Aegis OPENLY murders innocent families for more American paying for zionist monies - P2OG - YOUR Spouse, YOUR Child, YOUR family].

Following the crime scene leads of 911 to nab the actual evil doers is beyond the will of the deaf, dumb and blind? with lawlessness gaining for monetary loses due America as corporate cheaters. We are Brilliant, of that much I am certain. Conservatives are minimally, idiots.

Hey Gibson! why don't you try and be a good guy for a change! No joke. Wow. Profound.

Obama Accused of Blackmail over Terror Trial Evidence
http://atheonews.blogspot.com/2009/02/us-accused-of-blackmail-over-terror.html

Again, Obama is taking a position to torture innocent people here as a traitor to Just cause. Just cause to live in a free society. Torture warrants the death penalty under American STANDING Law.

Video: Cop Punches Woman In Face Four Times During Arrest For Riding A Bike
http://www.liveleak.com/view?i=99c_1233639102

Top Cop Johnny Judge rules: Ten years in prison. Maybe fifteen if the dumfuk grunt, back from the war against Iraqi children as a traitor to American values, shows no remorse for his crimes against an American women either. Absolutely any cop or soldier

who disagrees as true contempt for our freedoms with
punishment against this nazi trash pirating our
police uniform, WILL WARRANT death sentences all
around to ACTUALLY defend liberty in my America.
Any American father who prides in killing innocent
Iraqis for the escape of the neocons for 911 is no
father. And a wife should get the hell away from
a male who enjoys murdering helpless innocent others.
Children in such families should be challenged
by relatives through the Courts to save the lives
of our endangered offspring. Again, without water
or food, Iraqi children are murdered by Neoconner
grunts irrationally everyday with nothing to say,
aka, without reason but as Satanic Bush whores, to
make our God as Humanity suffer further for their
escapes as actually selling freely, lawless zionist
savagery.

these savage grunts who on video, indiscriminately
shoot innocent families, or bomb a city entirely,
executed by Christian Patriot firing squads? or
televised to fry in the electric chair for these
documented war crimes? I sure would. It would make
our world a much safer place to raise a family
secure in knowing, bushite grunts as enemies of
everyone, were hunted to extinction for their
crimes against our Humanity. Hunted by Johnny Law,
the True Spirit of America.

UK judges accuse Obama Administration of suppressing torture claim
http://www.timesonline.co.uk/tol/news/uk/article5661291.ece

Yeah really. What kinda world does Obama take US
for here? Does he actually believe we hold no
interest in being attacked as ourselves, the
innocent forsaken? A reminder: an American was
executed under Iraqi law without any evidence
brought against the accused, while the grunts

were offered an excuse to seek not the culprits
at the terror scene. The case was lightly reviewed
at democracynow, a year or two ago, and can be
found by searching for a grunt pretending to be
an ambassador to Romania. A case where the Judge's
life was threatened by a "General", where if he
didn't order the death of the innocent American
citizen, the grunt with the General would murder
US all right then and there. The Innocent American
was murdered as forsaken for value shared by
free men.

Christ speaks!! Echem.. This is called a criminal
action to falsely imprison American children for
more stolen money. Will the contractor be arrested,
tried, then executed in America to defend American
children? Unlikely, because it isn't as important
as how fat Oprah is today, or as Alex Jones the

bigot would say, on how daily, the hidden NWO elites are responsible for every criminal action against Liberty in America, not war crime dictating LIAR Bush who told US Saddam wouldn't let the inspectors in without corporate news correction, Bush, who closed Police investigations on 911 for Enron, KBR, and the Kissinger associates. And certainly not Bremer for personally stealing tens of billions, no no no, "just puppets" "just puppets" as instead, the Illuminati in other words not allowed spoken understood with Alex Jones NWOers. I want a free to speak arena where 50 percent of what Alex spews is truly dumber than stupid. Why? because he is controlled through his personal weakness of bigotry, to actually believe foolish things as factual. Examples are truly endless when we discuss Alex Jones' dumminess, but here is one example. Alex states 911 truthers were attacked in a TV show as NWO mind control- but, the "truther" he referred to talked in the drama on there being NO PLANES! A dis-info bushite stooge if ever was one depicted with special effects. We suffer with his bullshit every day, knowing if we tried to phone, would not be granted a minute because I, in support of Freedom for America, make all bigots look truly dumb as fascists lashing out at nothingness to divide our masses. And apparently, he can't have America becoming greater for defending ourselves fairly through Judicial actions.

U.S. partner, not Hamas, firing rockets into Israel

Obama set to allow Bush-era �torture flights�
http://timesofindia.indiatimes.com/Obama_set_to_allow_Bush-era_torture_flights/articleshow/4067338.cm

What the fuk eh? Doesn't Obama know this crime warrants death in America according to the war crime act? Does he believe America just will never have a chance to speak for the interests of US as innocent Human beings he is planning to torture as an enemy to Life?

Refusing to Defend American Values

Yoo: Bush okayed torture to outwit defense lawyers

This is why it warrants the Death sentence. Remember corporatist Amerikan citizen, these torture victims that include children as younger than a hundred, had not been alleged to have ever committed a crime in their entire lives. Victims tortured to death for the pleasures of those Satanic, such as General Geoffry Miller, who tell US today as confidenced, they do it because, patsy wasted American soldiers will just refuse to hunt them down for formal executions. Let's change this for our Humanity in this future, to look back, and know, American males were men of the World, who stood for the principles enshrined within every living Constitution. A free man shall not be jailed, or tortured by anyone in our names as Governed, without the perpetrator tried publicly for execution as our Love of real Justice. As first degree mass murderers warranted death sentences under the War Crime Act ushered by Reagan!, all done in for our protections of their next innocent victim - ourselves. Or die a death in corporate tyranny worthy the title, cowardly traitors to God and Liberty. Blackwater, CACI, AEGIS, KBR and the like will all be hunted to extinction for refusing to quit their lawless Rape and mass murder, murders done for more stolen money as America's name high-jacked. The Lawless enemies shall be prosecuted by the honorable Soldiers of the Good old, Red White, and Blue. Count me at our words on this, I am,

Have you seen where a blimp is traveling about five miles an hour, fire bombing thousands, and none have even a pullet gun, never mind an Iranian rocket launcher to shoot the Satanic demons down for God as Love? Why doesn't Hamas at least admit, like an Israeli General has, to be funded by Zionists for cash gains paid for by Zionist Amerika? Why? Why is it that Hamas suffered near no loses, but all the Cops who voted who knows, died murder victims trying to defend our family from Texan child rapists? Along with thousands of others targeted as innocent Peoples? Targeted. Why? Nazi Israeli broke the truce!! THINKTHINKTHINK Demand coverage! Bushwhoring Enemies of the American Police

What a demon enemy of life these bushwhore enemies of American Liberty are eh? No concern whatsoever, for all the teen soldiers conned to die for those who committed 911 in NYC. The millions of bombing victims, the tortures, the rapes of American women, STILL, TO THIS DAY, left undefended by "the law". Evil enemy of everyone these demon fuks are. How difficult is it, to understand the facts they feign complete blindness on? They WANT to con you as the coward to life they are, willing to kill America to make their antiChrist lawless enemy Mr. Bush happy.

From years after the fact still demanding Justice now:
http://groups.google.co.uk/group/alt.military.uk/browse_frm/thread/ca0e34fb32caeb0a?hl=en&scoring=d&

Huh? "at last been disarmed..." ? How does he figure? The equation hasn't changed. Example: The same unaccounted anthrax, (that was disintegrated into ash), still is not able to be measured as completely accounted for, (never could be), but this bushwhoring war crime apologist, tells US, it was only though the lawless murder of our good friends and family for countless generations, that he now attests without reason, or evidence, to find Iraq in "fact" disarmed of it's still nowhere to be found, weapons of mass destruction. (An irrational reason he pronounced previous in corporately broacasted public support of instigating heinous war crimes against our humanity under the leadership skills of the evil lying demon antiChrist, our Mr. bush Jr..)

Ron Paul defeats 5 TV 'experts' in 10 minutes
http://www.youtube.com/watch?v=0k92fTDReHg&e

Ron Paul is a traitor. They stole the cash Ron. And, the Iraq war is a war crime. But Ron, the Fascist, doesn't want THESE FACTS uttered. Why? Because wiser men would prevail, wiser men like me who understand buying in bulk is cheaper. Those like Christ who understand, who KNOW, the banker doesn't cover our loans - so why give them as much as a taxed red penny?, let alone trillions as officially unaccounted for? They are stealing the cash Ron. Ask yourself: Why has Alex Jones forbidden his bushwhore cult from understanding Bush doctored the NIE?, or of iron flowing like water from the towers? Because wiser men would prevail and he can't have that. He called shooting innocent men in the back, an act of liberty. I,

an actual god, unlike Alex, lie near never, but
maybe to myself when I'm lonely. Alex yes will
tell you rapists are free to do what they will
in Texas to American children, un-arrested, but
he won't mention it when the police chief is with
him on air, talking about how he'd like to be
exempt from traffic tickets for being so popular.
NO MENTION of the rapists walking away without
arrests made, no mention of Bush's documented
treasons on 911. Where are Alex's priorities?
In selling YOU out so he can be wealthy like a
bankster?, and have special rights over everyone
else that drives drunk, or speeds? a big hero
standing over our dead soldiers yelling, I told
you so, I told you so, I was right, I was right.
Again, understand: It is not by my will to deny
open debate with America, it is Alex, and his
demon buddy George Noory that denies out Humanity
this right. And when people try, like Peggy, or
Black men on Jewry, Alex lies cheats and steals
our wills for further thefts. Ron Paul's family has
millions taken from loyal Alex Jones fans. MILLIONS!
Does Ron do commercials with that money highlighting
the bushmob's plan to invade Afghanistan, dated two
days prior to 911 for Enron? Of course not, wiser men
would prevail to expose him as the charlatan charity
raider he is regarding Health Care, Social Security,
Public Schooling, earmarks.. It is unfair to measure
Ron against corporate nazi zionist whores of MSNBC who
willing, openly, kill American teen soldiers for
criminal neocon gains, as an honorable gentleman's
talk. Half honest People like Ron are extremely ignorant
on the workings of our world. EXTREMELY. I joke here not.
Evil is the deceived disguised - translated - evil
people are always dumb.

Corporate America says no, Charlie Manson was a genius,
but not, that most Americans are prone too easily to
suggestive states where they can be made to believe
anything blindly. Think: what does, "bin Laden did 911"
mean anyway? You should know of what I'm trying
to teach you here. That is how
Alex knowingly or otherwise, steals our rights, by
beating off he knows everything already. And some,
if not most, actually believe him without knowing
squat either. It's sooo easy that way - no study
required!! LIBERTARIAN HELL! Everything is not on
the Internet, where it near should be, but regardless,
a Libertarian can't be bothered to read anyway.
"Free Talk Live" is the best example for this: the
two hosts are unbelievably ignorant on just about
every single subject under the sun, but beat
CONSTANTLY, on how greatly wise they are as drop-outs.

You wouldn't believe any of them when they speak on
Freedom, if you simply understood, an innocent man
does not deserve to be in OUR prisons, or tortured.
Under any circumstances that Obama has excepted for
our excuses. Magna Charta. But in Alex's 'genius' mind,
he doesn't need to actually understand he is a for
sure bigot, (measures another unfairly in a group HE
concocts from blind hate or personal fear - typical
CONSERVATIVE and/or racist) who has no problems with
that at home, or at work. Provable in seconds by
OPEN DEBATE, but Alex ain't gonna take our calls
because, he can't for the lives of every People
person thought of here, admit he could have
something to learn, therefore, the NWO is
unstoppable in his brain washed cult of indifference
to Justice practiced for the benefit of all treated
fairly. Why? He's not wise enough to respect the great
minds of the audience, and I personally believe,
he doesn't even have the good judgment to own
a gun. (I mean, why wouldn't Alex find my stories
of OUR Justice system triumphing by my single hand at least
minimally beneficial to his blind cult followings? to not
hang up on me immediately while spewing lie after lie
on how I'm top secretly a dis-info NWO artist working
for Bush? or whose voice sounds too friendly to trust?
like he has done the last four times I've phoned -
Hey! I can be an asshole if you want - no prob.)
Perhaps it's near because, Alex Jones is blind, and
as such, could actually be found guilty in Texas for
murdering those two innocent black men shot
in the back with his approval to release the murderer
from a RIGHTFUL death sentence prosecution. "law of
Parties". He is a party to the crime, for he worked to
support the release of the FOR SURE, FIRST DEGREE MURDERER.
Sound like an America you could live with? I didn't
think so either. I wanna be Alex's Attorney. Texas is
a State of massive lawless corruption, as dire
incompetence in legal affairs where they OFFICIALLY
plan executions against innocent People not established
to have harboured criminal intent! With Jury Trials!!!!
!!!!!!!!!!!!FINING THEMSELVES GUILTY!!!!!!!!!!!!
While Alex does express murderous criminal intent,
and the Police chief calls him a good man for no
scary pressures. What the fuck is wrong in Texas
where they mess themselves like this regularly?
Imagine, while Bush with the Neocons escape, and
Zionist Israeli target to murder Christian School
girls OFFICIALLY, Alex doesn't want to have to pay
traffic tickets like the rest of US. What a douche bag
to tell he LEADS our Truth movement I say. Now, I'm
not saying he shouldn't contribute with the truths
WE SHARE, far from it, it's just he can't have our
cut off switch to silence our objections to his exposed

foolishness, and/or blatant criminality. I'll give him
a chance, for starters, to criticize any position I take
while we all publically call on ourselves for
assistance internationally. Like on his "buddy",
George Noory, deserving to be tried Publicly for the
traitor he is, and be formally executed after his day
in Court. Our Courts. Teen soldiers have been conned
to die by George Noory for the escape of the neocon
terrorists who committed 911 with Condi, Runsfeld,
Bush, Myers, Tommy Franks, and General Ahmad. AND
HAPPY GEORGE NOORY KNOWS IT - and cons with lies
naked to the ear of any who can listen or hit record.
A NAKED traitor to the cause of Liberty if we ever knew
one regarding the War Crime facts of Iraq. .And
Ian Punnet is an evil godless enemy Bush whore who
lies too to get YOU killed as the innocent soldier
forsaken so don't forget.. It's YOUR life. It's God's
Gift. Now support our rise for popular international
debates to get these Neoconners behind bars
awaiting Public Trials! "Public"thatsoyu!! Get to
the Phone to call someone to care man.. Johnny
Jesus has arrived! Justice Will Be Done in this,
Our Kingdom to Come.

Justice to the war criminals of
indiscriminate warfare would better serve ourselves

http://www.truthout.org/011809Z

Bush and Cheney are traitors to the cause of
American Liberty. To leave them free, is to leave
America un-guarded from further transgression.

The bushmob doctored
the NIE. Conned Congress, and Soldiers. Did 911,
by closing criminal FBI investigations immediately.
Alex and George don't seem to want US to know
these FACTS that demand arrests of the culprits
responsible for high treason against Johnny's
America. Alex wants your money, and EVIL George,
our enemy, wants your soul stolen for Satan.

Turley: Obama 'accessory' to war crimes if no prosecution
http://rawstory.com/news/2008/Turley_Obama_accessory_to_war_crimes_0127.html

Understand, Alex Jones doesn't want Justice
for Americans because he loses out to better
men that usher a greater life. He doesn't want
the evidence of George W. Bush made public to
defend American teen soldier's lives. The true
fascist Alex Jones, who in silence supports the
escape of Bush for treason, will fail our true
voice for Justice in our times. WE DO NOT rule
the truth we share equally committed to defend
ourselves from lawlessness. And you'll never
rule my right to speak freely over your intent
to sell us all out for monetary swindles, just
like Ron Paul did. Understand: Ron Paul doesn't
even acknowledge 911 was an inside job, or, that

Bush gave zero evidence to form Your opinion.

Alex Jones, the Slave, told US today that he challenged Bush for eight years - Bushite lying nazi traitor. Not only that, but he also ridiculed those who wish to blame Bush now for anything! Again, he doesn't want Justice where bad guys can't steal from ourselves unrepresented. Ron Paul is a multi-millioniare, made rich by charitable aid conned from Alex Jones' NWOers! Alex Jones doesn't have a problem with that, we do.

Israel to be Judged - Universal Petition
http://www.tlaxcala.es/reponse_signataires.asp?lg=en&ref_campagne=10&Page=1

The demon LIAR zionist Israeli is a godless enemy of Humanity, much like everyone at Foxnews, CNN, BBC, and the CBC. Our revolution against the godless bushite shills, will not allow our revolution through speaking honestly, (to become of ourselves something greater), a chance to be televised for our benefits. Bush closed criminal investigations immediately after 911. According to the FBI and Senator Dashle. CNN says you have no power, Foxnews says you have no power, the BBC says you have no power, the CBC, the same, like Alex Jones NWOers... but well, don't believe it. YOU Do have the Power.

We must demand open communications to bring back values WE ALL would agree to through polite debate. "Conservatives" don't want this Freedom idea expressed in general terms because, a "conservative" is universally, minimally. a bigot. Why? Life isn't like, their way, - then- all other opinion under

the sun on how things actually get done. (Aka
"socialist" traffic light repair men, or "liberals"
who want to treat The People fairly). Or who we are
as equals to our laws fairly practiced. Pay attention
to what I am saying here. Liberals can be Dicks with
a capital D too of course. But a Hannity couldn't
survive 2 minutes with me speaking on his very real
treasonous behavior in OUR public arenas. Behavior
done to escape the 911 culprits from the long arm of
the Law, with his conscious will of criminal deceit
exposed, we all learn to better defend ourselves.
And Shawn Hannity can't have that for ourselves, he
takes too much money from ourselves as talentless by
keeping US in the dark dying needlessly for traitors
never elected publicly.

Who am I you ask? Johnny Law. at your service. Look
me up with usenet to discover, we live in a world of
idiots everywhere pretending to be somebody by lying.
While I want US all to truly improve our condition by
actually understanding how bad off we are by failing
to respect ourselves for correction. Too many, know
it alls, with not enough to know you need evidence to
form a guilty verdict against an accused man or woman.
Not according to CNN, CBC, MSNBC, Foxnews and the like
however. Let's change this by supporting my challenge

Unseen Gaza High Quality: Part 1 of 6
http://www.youtube.com/watch?v=UeezoWRu1FU&eurl=http://whatreallyhappened.com/

Why is it that numerous visits don't change the
view count? What is this business of a=a+1, the
top secret, I'll go rhythm, that is way beyond
our comprehension in it's scientific complexity?
For Americans, okay, but the Human species just
isn't this dumb.

While Zionists OFFICIALLY target Christian school
girls for mass murder, CNN instead reports that
bushite grunts attacked girls in Afghanistan, posing
as Taliban. I WILL every celeb at CNN to be arrested,
tried and executed for the reporting they have done
today without facts. Remember: the Taliban played no
part on escaping those responsible for 911, and opened
schools for girls, and were brought together on the
single purpose to defend women. Death to CNN reporters
to LIE for killing OUR school girls. I HATE zionist
enemies of Humanity and God I am.

The Torture Ban that Doesn't Ban Torture
http://atheonews.blogspot.com/2009/01/torture-ban-that-doesnt-ban-torture.html

/ / Obama's Executive Order bans some -- not all -- US
officials from torturing but it does not ban any
of them, himself included, from sponsoring torture
overseas. \ \

Is America a nation of Law to Live freedom?
Because this SPECIFIC deviant action of Obama warrants
the death sentence under Reagan's "War Crimes Act".
SPECIFICALLY. Or, is it you falsely believe Obama
can do no wrong against innocent people here, where
an illiterate nazi grunt, maybe from South Africa,
will kidnap YOUR children, and torture them to
death for sadistic pleasure, with as they did using
power tools caught in Iraq, according to Iraqi
government official(s), and several soldiers from
Oregon, all because Obama has given an ILLEGAL!
"excuse" to NOT support following the crime scene
leads at our REAL murder scenes? Again, death to the
bushite dumfuk enemy of God, death to the enemies
of a freeing Humanity striving for a just society.
Obama needs to be arrested for this under the Law
as it stands I'm sorry to say my friends. Why?
Torture is illegal in all 50 states, (as Reagan
directly planned), no matter where you ship the
innocent victim to, or from! Read the War Crimes
Act, then demand Justice today, otherwise, it's
YOUR funeral. Obama wants to secretly torture
Peoples here, while lying to US ALL that he doesn't!
A TRAITOR! Who also wants to give bankers 100s of
billions of dollars more to disappear, that WE pay
for, out our door, never to be seen as our own
again.

Alive We Say

And Alex Jones gives us the same guy twice a week that blames the Illuminati, while encouraging that YOU TOO! can get money for nothing like the banksters. Just give the Alex Jones', NWOers, the "truthers" money money money money. No time for affording the explanation that the TREASONOUS bushmob doctored the NIE. That Saddam wasn't in violation of 1441. That a NEOCON is identifiable for it's demonic LIES against God and Man. Never to tell, the private bankers don't cover OUR loans, that Bush PERSONALLY worked to close Police investigations immediately after 911 (obstruction), or that WE have video of iron flowing like water that PROVES, without doubt, bin Laden couldn't have single handedly placed the explosives in the buildings, or stole the black boxes. Because someone surely would have spotted him dragging his dialysis machine what with all the professionalism of corporate news media coverage regarding our horribly suffering worlds. Alex Jones ignores the treasons of Bush, as a Bushwhore, and instead, tells US of how Obama is Bush on steroids. He only wishes. What about Justice for Americans Alex? Why for do you forsake ourselves? For money? What about the lives lost to mass murder, that you allege to champion OUR TRUTH without saying much of anything on real Freedom?, on real Justice like your deviant election rigger, Ron Paul? Well, no wonder, Alex told US he's into shooting innocent American People in the back as a tyrant of evil, a white Devil if you will. Kids too if you dare look in his back yard for a copper. See? Now if Alex doesn't allow US to speak, more and more will understand to know why. I am a defender of all that is right and just in this world, because I don't need to lie like Alex does on a huge host of issues. I'm more like Jessie Ventura, in where I don't need/want to lie. If I end looking foolish, (of which I like never truly am), it's a benefit, because that way, I've learned something. Alex knows everything already, and 'is always right'. Like I say Retarded. You weren't right by not understanding that the banker doesn't cover the loan. One example of easily hundreds. He's a typical, he knows it all, know nothing dumduk American. Hear him on health care speak as Ron Paul does, and know, I defeat them in under ten seconds. TEN SECONDS. This is why he hasn't in years, allowed me to speak more than five or six words. He's rather all America die, than admit he does NOT rule our 'Ocean of Truth'. I want the challenge of opposition through debate to PROVE my skills beyond reproach. Alex, every time, just hangs up on anyone who tries to improve our communications by factually speaking. Why? Because he IS TRULY deeply ignorant on what freedom or Justice means. Why we have law. What a consensus is. Allan Watt is severely disabled in this regard, another Alex Jones favorite. And this is why, Allan can't take calls openly either. He has jerked off with himself too long to quit now learning super basic precepts, for like Alex, he "knows" the inner workings of the 'genius' NWO elites. Not Law 101, not Bush, not Rumsfeld, Not Condi, not Torturers, not bank robbers, rapists, or even petty thieves. Allan Watt isn't a bad guy, he's just a chauvinist pretending he actually knows something, when his real disability is directly related to his absence in understanding understandings. Doubt is a near foreign concept. A challenge for Allan: can you get your 'genius mind' around the fact that Peter Powers did the London bombings, and not the Illuminati of 1463? and if not, why are we so dumb to our present plight that way? Don't get me wrong, Allen has much to offer, it just isn't the issue right now on saving our dying futures. Maybe I was too hard on Allen, he is really actually kinda cool. Alex Jones too has many incredible moments of ecstatic clarity increasing in all they joy of seeking enlightenment. .. Ok - but this is serious business that requires little dilly dally with what we'll have as a side dish in Paradise Lost. We are talking Human Lives have been destroyed by our inaction to remedy these failures to communicate effectively. and.. Jeeze, the weight of my responsibilities, as just plain John, being a/the Legos Man - for like the Family and everythings, get's me never forgetting, all we got are these words left dormant from the power they truly possess in the minds of the wise asses. And.. here I am. I'm a Talker of Words looking to make a break in the NewZbiZ. Zzzz... Alive We Say! Alive!

King Johnny, from Earth, has come for talks.

The Zionist enemy, the most evil nazi sons-of-bitches
who openly advocate tyranny and oppression through mass
murder of ourselves as the innocent left targeted
defenseless. Enemies of Jews everywhere, the Zionist
cares not for facts on who's Life it destroys for stolen
gain by lying. That's why they target Jews, for fear the
Light of Truth would expose them as the Nazis they are.

Hamas doesn't have a military though, so,
why not demand the arrests of those who
broke the truce, and murdered innocent people
indiscriminately, on plans more Jews would
die for cash profit? Profit paid for by
zionist amerika? - the false imprisoning

Court petitioned to arrest Livni upon arrival in Brussels
http://nawaat.org/portail/2009/01/23/belgian-court-petitioned-to-arrest-livni-upon-arrival-in-brussels/

"We believe there were dozens of IRGC
personnel in the Gaza Strip during the
war," an Israeli source said. "Some were
killed; others went into hiding, and
others escaped."

See? the demon enemy of God speaks no
evidence as a TRAITOR to every Jew. A terrorist
nation that still steals humanitarian aid in
our public realm of left defenselessness. The
false allegation deserves a death sentence
by Jews against the war monger Zionist enemy.
A cause that Iran should champion, if in fact!,
this allegation by OFFICIAL WAR CRIMINALS WHO
TARGET FOR MURDER OUR SCHOOL GIRLS, is on it's
face, unsubstantiated as patently, demonically
false. As typical from any godless Zionist.

Where are the Americans asking for the
formal arrest of Bush for high treason?
Whoring for Alex Jones's contempt for REAL

Justice? The ignorance of all American talk radio hosts speaks for itself. NO knowledge on why acts of high treason, are crimes against every American. The bushmob doctored the NIE, and Alex doesn't want Americans to know, because if they did, they ask, why does Alex do everything he can to escape those personally responsible for 911, while then asking for money to continue his fight against freedom in America. Again how much money do we have to pay Ron Paul or Alex Jones before they will allow the knowledge of the Iraq war against Human will is criminal? How much?

Obama! feel free to call on me to help out with a plan for judicial actions. That offer goes out to everyone in Palestine, Canada or Britain too. Russia, let's help out these fools by freely communicating, what say you? Justice for all is freedom to be. The Israeli cop killers must be brought to justice for war crimes. Those cops, were cops. And I, am a man.

Alex Jones Rocks!

Now Alex has problems in "my" mind because I am an ACTUAL genius, and he is generally, an idiot. Today, he did one of his usual commentaries, however this time, he was pretty honest with himself, and his love for Ron Paul. Ron Paul sells incompetence, and Alex corrected correctly!. that a.. sorry Ron but these banksters know they're robbing us as undefended blind men essentially. That's what I'm talking about!! Look, Ron Paul can be a dumb Ass, although, he's still not all that bad a guy. A Dumb guy on things like economics sure, Justice, warfare, Health Care, Social Security, ect. ect. but still., like a child learning of why the sky is funny blue, isn't all that bad a guy really. He's certainly not a war criminal, like Bush or Rumsfeld are. Doing 911 then sanctioning torture. While Neocons Champion sending illiterate American teens for death as war criminal. Think about it. Maybe he is..

-

�We have all these documents that are now publicly available that prove that these methods of interrogation were intentionally ordered by Rumsfeld,�

Let us understand. These actions "give" a guy like Willie Brand "the right" to RANDOMLY kidnap men, women, or children, and torture them to death for sadistic pleasure with his faggot Capt, Christopher Beiring. (I think that's how it's spelt). But anyway, this is the truth. A bushite is a godless Zionist whore of Nazi evil, an enemy of America, who wars YOUR Freedom with criminal "excuses", for refusing to support the arrest of those responsible for 911. A TRAITOR, and could be wannabe rapist, robber, or 911 mastermind ringleader. Torture is illegal, and warrants the death sentence, according to, Reagan's "War Crimes Act". Some only suggest, that this was why someone tried to kill him as honorable. Death to the torturers of our innocent families, torture they do without apology as Zionist Military "Judges". Instead today, where they get salaries paid in the billions by the zionist giving nation of, a-mirror-kay, echem, America. Johnny's America. A nation where Justice will rule for the favors of all treated equitably with or without you. Honor me in company my friend. We have no rivals.

"they do not understand, the private banker never covers the loan. Never does a private banker reach into it's pocket to borrow US to begin with - so as a consequence, the bankers have just pocketed all the 'free' loot for nothing, TRILLIONS, and are not saying why should they help anyone else up with charity?" Then went on to say, it wasn't any of our business with what they did with the money. (But for to cover criminal fraud in the derivatives market, where the true value of said commodities were backed by ZERO capital. ZERO DOLLARS. WORTH NOTHING. So, think about who's truly giving it always here until Johnny, the man who came out of nowhere, arrived to explain everything in five or six minutes.

Support Johnny America for Coast to Coast Radio Host!

Satanic hatred for the survival of our species. I
beg you, hunt to bill the zionist war criminal who
charges we will not succeed to see every last war
criminal on this planet hunted down to complete
extinction, by public trial, then Jewish firing
squads. The Zionist has bombed US, The People
indiscriminately with out cause. It was Nazi
Israeli that broke the truce to get killed
Jews for money. They starve Jews in Israel
to attract more charitable aid they can use
elsewhere. They, as Nazis, will continue to
murder Jews for money unless WE DEMAND, their
formal trials and public executions. They have
murdered our families, and they will pay will
their lives for it as the directly responsible,
and in no way, will escape our rages against

them as the enemies of every Human Being Living for Freedom. Every Human that loves children. They HAVE ADMITTED to targeting the school girls for murder with lies they were caught doing. THEY DON'T GIVE YOU EVIDENCE. And when we get the facts, it's near always exactly the same thing: they steal our Homes, they STEAL our lives. God calls the Zionist Jew Enemy of the Synagogue to Satan!!

"We also need a massive overhaul in Our news channel prioritizing, including to add censorship free, open line public communications. Done to gain value in learning from the art of conversations. The Ungodly Murder of Innocent Men by Israeli Nazis
http://atheonews.blogspot.com/2009/01/summary-execution-in-southern-west-bank.html

/ / At noon an Israeli military jeep with four soldiers entered Tameizi�s land. After 15 minutes the man was thrown, blindfolded and still handcuffed, into the back of the jeep. \ \

Let us not lose the focus of fact, that these people of ourselves live in a concentration, prison death camp, robbed of everything. in Curfew near anywhere in "peace time". And still, to this day, do Nazi Israeli CONTINUE TO THIEVE the Homes of god loving folks in the region, guilty of no crime but to have been born into such brutal ungodly oppression against Civilization. And to see, face no TV opposition as American tax payers continuing to fund such war crimes in our absent names, is a crime on to ourselves if allowed to go unchallenged. 'Ungodly Enemies of Life is the only way to describe it from here Tom. They again, are attacking People indiscriminately for murder as sadistic Satanic enemies of God'

Someone should ask what King Johnny, The King of the Jews has to say on this subject of a Zionist's complete absence of morality, as inhumanly bereft any common decency among our brothers and sisters. I mean for Christ's sake Tom, THEY ADMIT to sadistically targeting our children for MURDER - as some kinda Satanic demon whore to Pure Evil - aka. Wanted War Criminals for Public Trial. Just as the Nazis were for similar outrages. Let's hope men of America are least half they were then, but we are suspecting, they will as of usual, balk as cowardly slaves to the private banker man ruling their minds, it's a, no wonder. Where is there that purpose striving for a greater future living in a just society? Where is the Christ in their Christianity? to financially support the arming of such unlawful Zionist killings in silence against Innocent Christians?

Wow. The demon LIAR will also say Hammas broke the truce, and Israeli started this by stealing innocent peoples homes, then imprisoning ourselves, the victims, in a death camp for indiscriminate slaughter. While they continue to STEAL OUR CHARITY by breaking truces. What is it that YOU can't picture?

ISRAELI IS A THIEF WHO CAN'T SPEAK OPENLY IN DEFENSE OF OURSELVES IN OTHER WORDS? That is right. They, as documented criminal, lose every debate personally since before the dawn of Civilization because their position is clearly unsound. They are criminals who murder People in hate for a freed Humanity. They OFFICIALLY steal Peoples homes in that country didn't you know they proudly proclaim it so? And steal humanitarian aid from starving children. Targeted to murder children specifically as publicly confessed, 'it is Hamas WE blame', not them as demonic child murderers. Hideously evil as ungodly sadistic savages. Enemies of YOU, enemies of them, and enemies of me, the King of Jews Christ fellow from beyond the grave. They are so evil to God and Man, they tarnish everyone of US to not win justice sooner by blaming the actual bad guys. Justice is Freedom.

/ / Those white phosphorus shells used on the Gazans are made in the USA according to Jane's Defense. \ \

Again, these peoples are not Jews. Being Jewish is a religion. These thieves of God are Satanic in their LIES to betray the common trust in our words, that bind all worlds to victory, called freedom universal. Even tales of the Devil have him keep his word, with verses specifically condemning the self to damnation for targeting the innocent for death. God's the Word. Every word inside a fool's paradise. Including the periods. Not as like, I'm playing a word game, but that it in wonder, is all strangely here. Example: The Universe as it has existed always, is not separate from our 'pauses', or faulty drawn conclusions. The universe, in one sense, was as good as anytime, created 6000 years ago. AS TOO 50 billion. You say, impossible, I say no, study quantum physics, and know, I live this.. our existence is not scientifically separate from the timeless nature of consciousness, proven as not only theoretical, but actual. That is a first step at developing a REAL relationship with the living Universe if you want to as like an artist does - that TOO! can be just as thought static in it's orderly constructions for Atheists. (An Atheist is still mostly a fool here however.) Overall, for any, it's sorta simple: Life has left YOU in charge of YOUR fate. Now, do well to make something of this being as eternal Life reaching for balance, as your body does, and good cops do when bringing the bushmobsters to Justice. By Israeli calling for more murder against the innocent of your mind as racists and bigots they are openly, is still shadows of YOUR mind, YOUR WORLD.. get it, got it? God is in genius to set Life as this, as like, nowhere existing, but for as yourself within. Will you speak out for the Justice denied Humanity?, or not you? Atheists can be Just too!, but generally lose it on not understanding the intelligence of order is way beyond what they dream up with assumptions. All anyone has to do is ask themselves, who do you mean "God"? Atheists are ridiculous!, but, to each his or her own, we are on a path here, believe what you want to believe. This is not a faith initiative I'm bringing by keeping this real, I DEMAND JUSTICE BY OUR WILL BE DONE.

A zionist cabal of criminal pirates who murder Jews around the world for stolen money is seriously evil as criminal. What do you think? Let US have a open line discussion on this indivisible matter of rights to all as equals before who ever we proclaim, I AM.

I mean you right? Say it with me... "I" "AM" we are good to go.

Again, Americans need to demand the arrest of the Judge and prosecutor for being openly evil demons, as TRUE enemies to freedom in America. But guess what? Americans will refuse to even phone Alex Jones, or George Noory to be hung up on. Just refuse as brain dead zombies - as known in this circle, McCainiacs. Did you hear Alex's NWOer yesterday state he doesn't want anyone to speak as Justice for Americans because to learn even the most basic of precepts for Justice, he can't pretend he is a Freedom Fighter begging US for more money? Like multi-millionaire Ron Paul, who gave the fixed election up to take our money and walk away. How much money in the millions do we have to pay them at GCN, before they will acknowledge the Iraq war is a war crime? THEY NEVER WILL, because the faggot owner has a son who's into raping American women as lawless enemy of Life. Americans are indeed, selfish, like all the plane crash survivors telling US how they couldn't care less that Israeli nazis are openly targeting our Christian children for murder with their tax money, as unimportant, to how long they stood on a plane wing, now approaching it's third day, of wall to wall coverage. Telling us again of how Christ saved your life as a lifeless degenerate. I, as Christ, am really starting to hate all Americans in total now. How difficult is it to pick up their phones? They don't, and I'm beginning to believe it's because, like GCN, they really don't care for the future of our Humanity being left for dead as continuing victims to EVIL liars.

Simple Common Sense for Mankind

/ / Israel has admitted HAMAS kept the cease fire; and that Israel broke it, then unleashed a total starvation blockade on Gaza followed by flaming death from the sky aimed at schools, hospitals, ambulances, and children, and you dare call the people opposed to such barbarity a "mob?" \ \

Zionists are evil people who pretend they are honest, when lying directly to everyone. Blitzer reports Hammas broke the truce, he is lying to continue the murder of innocent peoples. Understand: Israeli Nazi state they will continue to murder our innocent Humanity until the rockets stop falling on Jews. Yet, they broke the truce, and murder Jews routinely with reckless abandon. Jews from the Bible as of "nigger" Ethiopian, are what the Zionist hate when warring GOD for apartheid, apartheid that is Humanity in Gaza. A zionist is a war criminal who speaks not against the neocon, but against Innocent Humanity as YOUR enemy.

Livni: Gaza truce would give Hamas legitimacy

US Will Be Rightly Blamed for Israeli Killings
http://www.youtube.com/watch?v=6C756NOPyDA

Not the Nazi Israeli?

The guilty party are those who advocate these mass murderers of innocent peoples with deliberate lies, like from Blitzer. Blitzer will be tried, and executed a war criminal for stating Hamas broke the truce., Where, only two minutes earlier, he learned, that it was his Nazi partners. DEATH SENTENCE. It was on TV. BUT SEE? Ron Paul, the Libertarian, ain't going to be honest here. He'll lie cheat and steal Humanity's voice for Justice - like he did with OUR money. A typical Libertarian like Alex Jones who wants to blame "socialists", "Liberals", aka, all of innocent America. Blitzer is war criminal, who makes his own discussions. As is Ron. What an enemy to not mention the truce. THINK: IT IS THE ISSUE. But

Ron plays the dummy to kill more with contempt
for Freedom. Ron Paul, the bigot, asked,
'should we be doing this'? SEE? it's not first
degree mass murders, no, according to Ron Paul,
it's argumentative that indiscriminate mass
killing is a good thing really. Remember,
Ron Paul does not support arresting those
who committed mass murder on 911 either.
Or those who STOLE TRILLIONS. Or lawless Bush,
the ACTUAL AntiChrist enemy of God. Ron Paul
will watch America die for a stolen dollar.
And Alex Jones will refuse all calls to label
him good guy like himself warring order
to our universe for it.

Ron Paul "When we pick sides, we make it worse"

He also took our millions donated for freedom

Remember: Sadistic authoritarian George Noory
is a very real DEMON of Satan, who again,
openly tells US, he wants to murder our
species as the innocent forsaken, and Alex
Jones doesn't hear a problem with that
either. Love the bushite blindly, and

Ron Paul "Israel can not act without

So, it is Ron's fault then by not mentioning
the truce?, or as that, innocent People are being

he figures is argumentative? that innocent
People are dying as targeted for mass genocide?

Then.. Hammurabi founded Civilization.

I go concerned for any hesitations of condemnation by Obama. It's like, he's talking some jive about how now he'll NOT let the words of Hamas reach his ears. Being against war criminals, doesn't make you pro-Hamas, necessarily, it means your against war crimes to defend the lives of ourselves respected. Remember: He told US earlier during the campaign that he wouldn't fear speaking to anyone, Hamas especially, because he was confident he could win the discussion on Liberty, by principles that unite all free men. Now, he has promised the FBI's Most Wanted AIPAC, he will pretend to not hear any calls for fairness as all parties united by common cause. Johnny Who? Where did you go Obama? I was as freaked out about it as you maybe yourself now, believing it as possible. Check it out for yourself, and wonder, just "who" is this person they tell us they're are going to take for as dying fools? I mean look at what happened to what's his name, when he sided similarly the same in error as hugely criminal? Come on be honest with us son, "Are you on drugs?". Maybe he's just been stressed with all of everything he is heaped to follow on, NOT to know by Blitzer, that Israeli broke the truce to kill more Jews for money, and, also STEAL innocent Peoples Homes while saying, "they are God's Chosen". This was what Israeli did as a legitimate murder
scene, committed after the Nazi Israeli Jew HATERS
broke the truce. More dead Jews, more money to be
rich with. and we'll blame it on that God nonsense.
We must demand war crimes trials from Obama, and
everyone else down there who is appalled at this
indiscriminate mass murder continuing in your name.
We need arrests of Zionist infiltrators within
the American military who have been shipping
weapons to nazi Israeli to murder more defenseless
innocent People as targeted. Obama must demand
death sentences against these ungodly Zionist
vermins for treason, warranting execution for the
war crimes of accessory to mass murder, or genocide.
For the Great Truths. We Stand United.

Here on a Mission

/ / after dropping leaflets warning residents it was
about to "escalate" its offensive against Hamas. \ \

SEE! This is AFTER fire bombing the whole community.
Satanic evil enemies of Life. Who admit to targeting
any one who has ever so much as swept our streets,

warranting bombs dropped on their Block(s). SEE! they are ENEMIES OF EVERYONE. EVERY LAST ONE OF US. INCLUDING GOD.

Riddle me Dumb

Hamas Workers and/or Troops? Out hiding in the mountains of Afghanistan you mean right? Satanic enemies of all Humanity I tell you. The most evil nazi sons-of-bitches who openly advocate tyranny and oppression through mass murder of ourselves as the innocent left targeted defenseless. Enemies of Jews everywhere, the Zionist cares not for facts on who's Life it destroys for stolen gain by lying. That's why they target Jews, for fear the Light of Truth would expose them as the Nazis they are. It's a prison death camp, brought about by Israeli STEALING OUR Homes as ungodly thieves. Thieves who leave a Jew to starve to death in a garbage dump because, it'll attract more charitable aid The Zionist can use elsewhere. It's not a Jewish thing, it's a criminal matter. They STEAL innocent Peoples Homes in that country. God's Country? God would will such criminal offense? Which God? Not the God of Abraham, nor by the teachings of Hillel, Christ, Mohammad, or Confusion? So which absent God do you speak where WE can't speak as ourselves openly for Just Cause? Cat got your tongue? How come your not saying anything? The Israeli Zionist ENEMY wants US ALL in slave labor prison death camps silenced away that's why!

Israeli War Crimes

Well, maybe I'm wronger on Ron Paul than I needed to. Hey, don't you EVER forget, I am a man also. We need to meet on common grounds, to demand the start of formal arrests for the bushmob crimes of 911, Iraq, Afghanistan, South Osettia, and Palestine, as a group together united by agreement for this one cause, and then... we can later argue about how your ideas are better than mine because I actually know of which your speaking.. Hey! you could call me Daddio if you wanted! To the telephones we go.

Israeli are attacking prisoners held criminally in their own Death Camps!! GET ALEX JONES ON THIS!

Hmm... why wouldn't Alex? to support his fictions over Our Rights to Live Free perhaps? A Hero adapting to the deaths scene?, or, a Bush whore committed to enslaving Humanity, all so he can say, he told US so. Big hero or big hero. Your NOT powerless to his vision of complete control over information. He refuses 911 info, Iraq war info, Israeli info. All so he doesn't have to look the fool, while Humanity dies with his insults against our wills to make something better of ourselves. Justice is what I will. Masturbate on your own time Mr. Alex Jones.

If he states again about how he knows everything, and is always right, and those that criticize him on ANYTHING are delusional, it's going about to make everyone further sick with this obscene take on what life means as Alex takes it. If I truly state two nickels make a dime, does that mean therefor they make a quarter also? If I say so like Alex would? He is an idiot. Truly. George Noory figures Hamas broke the truce, and that the Mideast solution is that Jews should be separated with special rights, as oppressors over the freedom of every Palestinian Prisoner, and what's Alex Jones gonna say about his 'truth telling freedom fighter' George to actual 'lame ass evil nazi traitor' George?, to YOU about how George is just trying to murder millions of helpless people as an offer for the final solution? We can expect Alex now to claim, Zionists should have special rights over Jews, all to maintain his FICTIONS on Noory being anything but the monster to Humanity he is. Just because Noory doesn't growl when talking about murdering all children in around the age of 15, or against soldiers who refuse criminal orders, does still make him a true fascist nazi enemy laughing at your murderers escaping to live freedom in our dying forsaken worlds. The bushmob doctored the NIE. Conned Congress, and Soldiers. Did 911, by closing criminal FBI investigations immediately. Alex and George don't seem to want US to know these FACTS that demands arrests of the culprits responsible for high treason against Johnny's America. Now, who's with yourself. I am! I am! I am!

Alex Jones doesn't know squat of Social Security, but pretends he does, like Ron Paul does when speaking of the Federal Reserve, Health Care, IMF, World Bank blahblahblah.. I mean even the expert of experts Alex has on near twice a week, EVERY WEEK, to talk all about how the Illuminati are doing everything,(give me your money now for whatever), DOESN'T SAY TO KNOW, it was Chris Cox who changed Investment Banker rules, to cover instead one tenth of WORLD INCOME loans, to one twentieth. MORE THAN DOUBLING THE ENTIRE GLOBAL

MARKET FOR LOOTING WITH HIS SIGNATURE! (And. that isn't even a fifth of the TRUE trillions dollar fraud story.!) Now, granted, I wouldn't expect one tenth of one percent of America to have even a distant clue of which I am speaking, but importantly, Alex's expert of experts has never mentioned it. EVER. Why? He don't give a fuck, but how much money he can get you to give him for investing in things that are un-important to our struggles, but for the fact, he states, you'll get free money for nothing!! OUR ACTUAL PROBLEM. It reminds me of those Ron Paul dollars... where Ron'll fix everything, cause we, as a private company, are going to make YOUR money instead... holy fuk mon.. Talk about the kettle calling American racists. Thank God the FBI stepped in. (The answer unfortunately is not nowhere as easy as Alex would blindly lead you) - again, so I guess it will be, Americans were just too far gone as illiterate chauvinists, who cared too little for your freedom as themselves degenerating. Why? To battle tyranny they knew not Justice wins the day, and blamed innocent groups gathered wherever, instead of following the crime scene leads at the real murder scenes - like was once done on TV and at the Movies. But even that was too far above their doped down heads, to raise their finger to dial a phone number.

How about stating "A lawless bushite enemy wars America as a traitor, to escape the neocons from the crimes of 911."

Then Alex states the head of GCN is giving out gold at less than it's value as a special treat, every second or third week. Below wholesale. Now, really think this thru. Do you think Alex is trying to con you here? you bet. That is the Gold Racket. Diamonds are another thing - where I've personally seen, about a decade ago, a huge press that makes Diamonds out of coal. Swear to God it's true. Costs to make diamonds are pennies to the thousands paid to Zionists who live in Israel calling for the murder of all innocent Peoples. Where is the rich Zionist, grave robbing Jew hater to demand Justice for our times? Where? Pressing coal into diamonds, while advocating the murder of our entire Human species. THEY WANT TO KILL GOD AS SATANIC ENEMIES OF LIFE. While I am last known to Life's enemies as Jesus Christ, the Zionist's end every time. I'll have brought more Zionists to their rightful dooms, than any other, of any time, anywhere. I HATE Zionist bushite LIARS to death, all because I Love Humanity too much, to watch US die undefended as the innocent forsaken. They can change their evil ways, but till now, often not, benefiting off our suffering as war criminals who simply lie as demons to steal our Human values.

Let's change this for our betterments. I mean the
Halo is a dead give away..

The head of GCN has a son warring God to rape American
women as lawless enemy in Iraq for the Neocon - again
NEVER mentioned as something worth fighting against for
Freedom in America - soldiers are suppose to REFUSE
criminal orders - but not when Alex is at the mike.
He will never mention the Bushmob doctoring the NIE
to con America for death as exampled, because it
doesn't fit his fictions, where all the bad guys
escape because they are geniuses headed by secrets
so powerful, nobody can ever know'em, except Alex.
He tells us near every day, he knows everything
already, and is never wrong, therefore you can't
criticize him. Bullshit. It's like he wants to be
wise like Johnny Gawd is, without doing anything like
studying for a test where the teacher actually does
know the issues. He told US today, the British came
up with concentration camps, from the Indians - who
spent all their lives murdering themselves. The
British 'invented' false imprisonment? The British
came up with the, Jews Killed Jesus? The British
invented Pope Gregory VII? I suppose Alex has never
heard of Ghettos. SEE? he just pulls shit out of
his ass, and calls it like it's truly pure gold you'd
wanna buy. Those, like your typical American have
no clues, so they figure, Life must be sorta so that
History is all one big Alex Jones NWO cartoon. What?
that the NWO did 911, and everything else that use
to instead, require criminal investigations to nab
the actual evil doers? Alex Jones IS the NWO he tells
US all we should be concerned about never stopping,
like it was in the DARK AGES. Justice Alex, why is
that hard for you as a "Conservative" to figure? Is
it because you are cowardly in the face of true
Liberty? Afraid that some People, on some Issues,
ACTUALLY know a great deal better than you could
even imagine presently? Don't like that do you?, where
you don't rule this Universe as a lawless tyrant
desperate to live in an illusion at the expense of
everyone else dying victims to censorship? Does he try
to find wise men or women? rarely. "Ron Paul [MUST]
leads our truth movement" - like, fuck off already
with the Ron Paul, The Truther, Bullshit Alex Jones.
1% is what YOU get on Social Security deposits - 1%.
And.. Bush stole 700 billion. 700. Billion. That's 700
BILLION. It's a "Trust" account. A "Trust" Account. It's
being held in "Trust" Alex. Ron Paul is asleep at the
wheel. As, so are the rest of all you other fools..
I want Justice, and I want it now for all the victims
of 911. Americans be damned, we want Justice, and We
want it Now.

In Texas, child rapists are given the right to freely move about without fear that Texans will stand as armed Men in defense of their very own offspring. And Alex wants this for the rest of America. That some how to own a gun, means an American would kill a cop who beat a women near to death for pleasures that he could never be Publicly arrested for, as a sadistically evil nazi bushite fuck. Look, if YOU DID kill that particular DEMON COP after the Chief refused to arrest him, you couldn't possibly go to jail in Johnny's America, because the truth would win out in a fair verdict. And REAL cops would honor you with great big, thank you. Nothing worse than a cop (or bushite grunter) who believes the Law doesn't apply to him while he drives drunk, tazers someone for nothing, abuses Women, or kids, to sell drugs, or kills good cops, who are good men. (Like mercs do in Iraq officially for Rumsfeld's P2OG. Coming to an American city near you!)

Again, the two Laws of Johnny:

1. No evidence, person innocent.

2. Torture? fuk you and die then

"Rice says it is 'hard' for Israel to spare civilians in Gaza"

We KNOW they are ONLY targeting innocent People,
the ungodly zionist Satanic enemies say so..

"Israel Rejected Hamas Cease-Fire Offer in December"

Livni has declared her country "is not going to show restraint"

"Her" country?

It's like she's admitting here, that they DO NOT target the IDF's Hamas, but only our innocent lives as a threat to LIFE and GOD. Remember: the Zionist LIARS broke the truce.

THIS NAZI ZIONIST FUCK BREATHES THE AIR OF US
http://www.youtube.com/watch?v=lMxfEsooM5M&NR=1

/ / So, Hamas decides it's time to end the
cease fire and has begun shelling Israel again. \ \

This guy even sounds like the Satanic false accusing enemy of God he is. Let US, as Humanity, hunt these real devils down, try them, and have them executed publicly for the benefit of God and Man. Understand: this REAL DEMON knows he's lying, no living man on Earth could spew the vile lies he does to excuse indiscriminate mass murder, or starvation, as this Zionist enemy of life sells to STEAL Your HOME, your Family, YOUR LIFE. An open enemy of God trying to STEAL the Title of Jew from Christ. EVIL ENEMY OF LIFE. See, when a bushite dies, you served Life well in defending their next INNOCENT target. BILL HIM FOR STATING ISRAEL WAS STRUCK THOUSANDS OF TIMES. BILL HIM FOR STATING HAMAS BROKE THE TRUCE. BILL HIM FOR STATING bin Laden DID 911. BILL ANY Zionist FOR THIS TREASONOUS LIE. Why God asks? Because there isn't any evidence to support that Satanic lie. According to the FBI. And according to God, Zionists are not Jews, but of Satan as enemies of every life form in this Galaxy, Hunt him down, and bill him today for the love of God. You can 'hear' it in his voice.. how he lies TO YOU as a DEMON of a Hatred for Truth and Humanity. Facts, that are easily available, are not what he works to mislead others, others he hates, and wishes to murder for as ungodly sadistic pleasures as YOUR enemy. Bill him under American law for being pro-torture too while we're at it. Death to bushite, death to the murdering enemies of God's Love for Mankind, and enemies of TRUE Justice for Americans. The fuking demon enemy lies to you, as a con to STEAL your life, or just as soon, the life of another innocent other. Now, what are you going to do about it? Except his lies as exceptable, as he tries his hardest blatantly LYING to kill God and Justice in our Worlds? Not in mine, but perhaps Yours.

' In Civil-Contempt Cases, Jail Time Can Stretch On for Years for Americans, without Ever seeing a day in Court. '

Where are the arrests?, then firing squads for the Judges who 'judged' such criminality against freedom for US, the Peoples in America?

' Where Did Taxpayer Money Go? Panel Slams Treasury [FOR STILL REFUSING TO SAY] '

Where are the arrests?, they stole eight trillion and counting.. And Congress 'slams' them for disappearing OUR MONEY. Slams with what?, a, don't do that again please butt sqeeze? It should be massive slammer time, with a return of all

STOLEN monies.

' THEREFORE, those pro-Israel politicians in Congress won their seats in part using stolen money. '

Where are the arrests? Amerikan bushite nazi grunts are assisting in the mass murder of innocent Christians in Palestine. War crimes demanding death sentences. It isn't an argument that can be turned around. Nazi Israeli STEAL Peoples Homes without apology, as a function of their SATANIC government, while colectively bombing the INNOCENT victims who die because of it. It's a prison camp! they are denied water, food, shelter.. since four or five truces over that they've broken, every one. These are Satanic enemies, willing War Crimes against God, a God NOT loved by zionist American Nazis. And a Son as powerful as the four winds, ridiculed by Zionists, and American know nothings, for the continued debasement of YOUR soul worth here dying.

Israel Attacks Iran News Station

Why does not Iran DEMAND arrests, and death sentences for these blatant war crimes against Humanity committed by Amerikan Nazi Israeli Zionists? Along with the perpetrators of 911? WHYWHYWHYWHY. Russians! Can you help US out?

Pictures of Alex Jones masturbating
"we were right about it all."

It's the NWO! The Illuminati! Not Bush, Cheney, Neocons Gone Wild, or any of many other REAL criminals, for the war criminals are just puppets to his EVIL fictions. Forget about Bush escaping.. Socialists who design traffic lights, and Liberals who will to share fairly are Alex's enemy, because he's fearful the FACTS would escape his denouncements against truth tellers. George Noory, one of the most despicable individuals on the face of our great Earth - is exactly the kinda guy he wants returned to send his wannabe Patriots nowhere but to die. What about Justice America? The bushmob doctored the NIE. TREASON. There is video of iron flowing like water from the towers, seconds prior to the collapse. Alex ain't there to help US, for that is where TRUE Patriots fight for real Justice. When WE phone with indisputable facts, on Ron Paul the bush whore sell-out for example, he lies to all (GOD), then hangs up on US. Is that the kinda freedom you think the Founding Fathers had in mind to give Your rights to speak for Alex who blames anyone but the criminals directly responsible for your funeral? The private banker never covers our loans, so why give them trillions without questions offered without answered as, never mentioned by the guy who is 'right all along on everything under the sun', and.. he 'rules the Ocean of truth' too don't you know YOU have a steak going all rotten to hell here also? You'd think Alex would take our call just for the challenge on where we stand? I'm free!

He is not. And George Noory tells us openly, he's into killing innocent kids for profit. George's profit is that apparently, by murdering all children in around the age of 15, will stop them from getting a clue at anytime in the future, to take him out as an ENEMY of EVERYONE for censoring our cries for Justice. Why is it that Alex would invite obstructionist, Steve Quail, or Alan Watt, on to lead you nowhere while they jerk off, but where we gotta go to actually defend ourselves? Steve has been on with Noory more than a hundred times, and, we'd figure, Alex will soon be delving into the Alien questions also. Answerable by me in seconds, but ahhh.. like Noory, doesn't want the truth of such a subject uttered, just endless streams of illiterate bushite dumfuk losers sucking on each other. While they wrest from US the wonder; just why we can't stop criminals from robbing ourselves, while murdering our families? Alex wants to blame the unstoppable NWO, while I, want to blame those actually responsible, like Bush and the proven treasonous, Neocon terorist liars who are pro-torture. With arrest warrants. All of them. I'll do it for Reagan's, War Crimes Act, as an act of respect for my Great America, that's isn't always been dying dead wrong under the leaderships of criminals.

Israel hits Gaza after UN truce resolution

/ / AP Israel and Hamas responded to a UN peace
demand by hammering away at each other with bombs \ \

The IDF's Hamas is hammering away with what at who? Is the AP referring to the tin can rockets that travel usually several miles, but in one case, 22 miles? To kill a Jew standing outside in his yard, thinking on how he would defeat true evil in his time? Tin can rockets that contain no explosive charge? Have no mistake, if it hits you in the head, your dead, but really, what do you think the odds are on that? E=mc�. Or is this another, amerikan past time, of, who cares for the facts, we are at war with God and Christ now? Joe is an American Zionist "Plumber", who has amassed a multi-million dollar fortune in the competitive industry by shit eating. Every bushite death is a mercy given to God in defense of all that is right and Just in this Universe. A lawless bushite enemy wars America as a traitor to escape the neocons from the crimes of 911.

Traitors to the Cause

Bush and Cheney are traitors to the cause of American Liberty. To leave them free, is to leave America un-guarded from further transgression.

UN: Israel Admits Claims About Attacked School Baseless

US military re-supplying Israel with ammunition through Greece

House and Senate Compete To See Who Can be Most Pro-Israel

This warrants the Death Sentence to Republicans who have committed America to these war crimes - DEATH SENTENCES. Christ DEMANDS these trials to start tonight on America's Coast to Coast radio program. It's called first degree mass murder.

Israel broke the truce on Nov. 4th, yet state they will continue to murder Humanity indiscriminately until a truce can be found that they will break, as always, Being the Satanic enemies of God and Man according to the Bible:

The Bible "I know the blasphemy of them which say they are Jews, and are not, but are the synagogue of Satan."

Freedom Granted by Americans for Neocon Liberators

"Americans are having their heads velcroed to chairs and forced to take in nutritional supplements by a tube forcibly inserted through their noses by US guards."

These are People not charged with any criminal offense don't forget. Die bushite die you know is what I recommend, as does Reagan. A dead bushite means you've saved the life of their next victim, an Innocent Human Being guilty of no crimes. The war criminal enemy is the bushite, the Zionist, the LIAR neocon traitor to Life as this Universe, along with every dumfuk grunt who serves tyranny for the bushmob at Guantanamo, Iraq, or Afghanistan. It is a soldier's oath to obey lawful orders only, but Cheney they don't take out with American Law - how come? cowardly fascist nazi whores for Zionism's evil as the ungodly that's why. Cowards dying for the escape of the Neocons from the 911 scene as reported publicly. - Vs. US. That's we whoever you are.

Widespread Suffering and Death
http://www.youtube.com/watch?v=gVdee2iXSVk&feature=related

Notice no one shoots at the blimp fire bombing the entire neighborhoods. And if it's phosphorous, that smoke is already deadly toxic. That is why it warrants the Death Sentence under International Law when used against OUR Humanity, as the most evil of Nazi War Crimes ever. The neoCON LIARS are the LIARS conning you here on our TVs and Radio dramas, in where, they don't want to openly take our public calls for real Justice. Bush and Cheney are traitors to the cause of American Liberty. To leave them free, is to leave America un-guarded from further transgression. So, them being "puppets" is even all the reason more to insist in their capture for trial by Jury. A Public Jury of our Peers. Now, who's in with You? You can count me in. and I bet willed to action, we will find others to be something of ourselves too.. Justice and Liberty for All. Equal rights given is what true freedom is as measured. Translated from the 'Alien' dialectic to Amereeze jank vibe; where is the fucking evidence here Neocon traitors who false accuse to lead us off the straight and narrow? It leads to Bush, Cheney, Rumsfeld, and Condi that's why I figure, you figure, they figure, we figure, so... what are WE going to do about this sacrificing for godless tyranny further then as unrepresented?

Israel Attacks Jews,
Silence from Mainstream about Violation of Law
http://www.youtube.com/watch?v=K1kt8qi0M-M

They kill Jews for money. They bombed Jews in Lebanon for money. They want to bomb the HUGE sacred Jewish communities in Iran.. wonder why? Zionists are not Jews, for Jews don't steal in God's good name. Nor target innocent beings for stolen gains. A zionist is a thief to life, and as such, needs to be formally charged for their criminal offenses, given lawyers, and upon a successful prosecution, rot in a prison cell and/or pay restitutions. YES. why? so not another innocent person must fall in their place as next victim to a zionist's public commitment to lawless tyranny for evil intentions.

IDF VLOG UPDATE: IDF Hits Dozens of Hamas Terrorists
- Capt. Benjamin Rutland - 4 Jan. 2009
http://www.youtube.com/watch?v=q9Jt-pV5wuM&feature=related

This Zionist enemy of God speaks like a six year old. "Hamas Terrorists", "4. Jan.", come on now, how evil do you have to be to believe this ungodly demon sells you righteousness. They STEAL our food. They are OUR criminal enemies who torture innocent Peoples. A godless criminal enemy who also steals Peoples Homes. And drops millions of land mines to murder Jews indiscriminately for decades. Commits war crime after war crime against Humanity. Vile bile.

They killed our innocents, and unless we kill theirs, they will go on killing ours.�

It is the crime of which they demand WE are outraged against. Welcome to Humanity's suffering world due to lacking communications skill. The term "they" are referring to is YOU. Your innocent life Israeli intend TO STEAL, TO MURDER, TO ROB YOU Your rights here granted by God. These are ungodly acts of mass murder, perpetrated by enemies of Life. They targeted a UN Girl School for Christ's sakes. please fight back by supporting my calls for open international dialog. Justice must win our Freedoms back, for there is no other lazy TV'ed ass, pop a pill to make it all go away, plan 'b'. Look at me! I'm not crazhey! We can handle this no prob.. Let US never forget, the Zionists also would bomb

America paid for Apache. I did a big show of shows
through that continued as, more 'un-resolved' crime
scenes perpetrated by the treasonous, neocon Zionist
terror merchants. It's like they think some dying
fools are going to keep going to save'em in the end
from ourselves as still suffering in Justice denied
as enslaving into ungodly tyranny eh? These Zionists
are not only the bad guys, but they're bad guys to

/ / It is just unacceptable to apply two standards of
morality, one for Jews and another for non-Jews.
For if what Israel is doing in Gaza is right, as
Israel and her supporters maintain, then what the
Nazis did in Europe several decades ago must have
been right as well. And vice versa. \ \

The ungodly zionist enemies, are enemies of
God and Man. Don't think the NAZI Zionist like
Bolton doesn't know this, with his friends at
FoxNews.They WANT to rape, murder, and pillage
America all her freedoms for the bounties of
private banker frauds. The banker does not
ever cover our loans, we do. So, why give them
trillions of American worker waged dollars for
nothing?. THEY DON'T COVER LOANS. See? that is
what this war against God is all about. People
of Humanity just seem to truly hate a guy like
US as wise and Just. See, people hate US, because
they can't for their lives disagree with Facts.
Why won't YOU support these same rights and

champion our demands for open communications.
Johnny for Coast to Coast radio host.

US Again Stops UN Call for Gaza Truce

Who is this the "US" person?, and let's put him to death with Bolton and Kalilazad for the most serious of war crimes against OUR Humanity. Remember, Bolton was NEVER confirmed because, the Zionist could find no man or woman to say a single kind thing about him. FACT.

CNN: The Nazis Broke The Ceasefire!

Protest pictures from around the world (not on CNN)
http://www.rys2sense.com/anti-neocons/viewtopic.php?f=11&t=16496&start=0

Remember Israeli nazis to this day, insist as DEMONIC LIARS, Hamas broke the truce - as Hamas is responsible when they target school girls for slaughter. They said the UN were secretly attacking Jews, clearly a LIE as impossible to prove because it didn't happen. But facts are the furthest thing away from the godless false accuser Zionist con man or demon witch LIAR like Livini. FoxNews calls the demon witch a Jew! ANTISEMITES.

We can witness, Americans do not have the intellect to understand what this means. See, LIAR Nazi Israeli broke the truce to get killed Jews for money. A regular fair for Nazi Israeli. Now, they state they will continue to indiscriminately murder humanity until the tin can rockets that travel miles stop killing Jews who hate Zionists. But importantly, it is Israel that wants Jews to die, so they can make off as Satanic with our stolen values. Just like the Bush family did with Hitler, that the Nazi Nation has no probs working gun in hand to wipe out Jews everywhere still to this day. Again, Nazi Israeli MURDERED JEWS in Lebanon as targeted. And leave Jews to starve to Death in Israel for more charitable aid they can use elsewhere. Public knowledge not disputed by any living soul on this planet because, the Zionist government admits freely to this. Israeli think being Satanic is worth it, for all the money and lives they can steal as enemies to Christ, Hillel, Mohammad, YOU, blahblahblah.

And, as demonic thieves, they steal homes from innocent god loving folks. US. But see the McCainiac HATES you as being a virtuous man or women, so they call for more indiscriminate carnage against Humanity, on failed hopes, that we as God are not going to come down to hunt them to the ends of this earth, try them, and have them executed for the war crimes of Torture, Rape, and mass murders committed for the neocons escape of 911.

Joe the Plumber to cover Gaza op

/ / Wurzelbacher says he'll spend 10 days covering the fighting and explaining why Israeli forces are mounting attacks against Hamas. \ \

Don't want an intellectual who might have a clue of what is transpiring with the forces of Satan, fuk, CNN'll likely hire him also. Don't you just hate this treasonous lying nazi demon? He has no journey man's license, never did, isn't a plumber, and doesn't have the millions of dollars he claimed he did to purchase a company that would have rolled over 250,000.00 a year for himself alone plumbing. Plumbers, as good as the job is, never generate that kind of money. Who cares though, right? A Nazi liar is what Zionist's want, and that is what America gets. TV'ed Americans couldn't care much less. Evil nazi McCainiac who's sworn existence, is to con teen soldiers for death to raise the fortunes on the un-elected Neocon bushmobsters now fancies himself a teacher on the struggles against evil. It's like that faggot at anotheruntoldstory.com, who's into murdering innocent Gays, while fucking his own brothers up the ass, who runs ads everyday at GCN, tells US now, all about how evil we all are for demanding Justice. How long do you think that'll run with the Alex Jones towners still raising no concerns? It's for the money as Ron Paul would say.. Again, it is to divide ourselves from true liberty, by demonizing the innocent on our radio and tv channels. Instead of Bush, Cheney, Rumsfeld, and Condi.

http://www.liveleak.com/view?i=ab0_1231290043

http://www.kuwaittimes.net/upload/img_pict/headline9637e7.jpg

Read of the bushite in my America who call this work of Satanic enemies, a good thing they support to war terrorism for the sadistically evil liars of the neocon. Then KNOW my friends, a bushite is the enemy of every living soul on this planet. Have no love for

those in the Air Force, the enemies of Man who bomb
our families without excuse, but to know, they hate
US as Christ to speak free for Humanity. That DEMON
George Noory was so happy last night about all the
good the bankers AND CHENEY are doing for their hatred
they spoke of for all Russians. SEE? not to protect
America, but to kill you with their true commitment
to the demonization of innocent people, all to escape
the neocon terrorists. I HATE George Noory more than
anyone alive in America. He is so openly evil to ourselves,
that only those who wished to lie to you, (like Alex
Jones does about Ron Paul), would say otherwise as
bushite dumfuk enemies. Cowards committed to escaping
Bush and Cheney for treason against Freedom. They
doctored the NIE on Iraq, highest of war criminality.
Alex Jones has never mentioned it, but for MAYBE in
passing. Hey because all the bad guys are just puppets
to ignore over the elites, globalists, socialists,
liberals, gays maybe, Blacks, Mexicans, and anybody
else smarter than NWOer Alex. Ron Paul is a coward as
rarely if never has a clue of which he is speaking on.

Israeli PM says to end offensive if Gaza ends rocket attacks

Sarkozy urges Syria to press Hamas for Gaza truce

How does the ungodly get away with this obscenity?
Nobody can deny Nazi Israeli broke the truce, as
they always have done as Satanic for the last 60
years. Killing Jews for money is popular with the
Zionist Nazis don't you know us by now? FoxNews CONNED
Americans for DEATH with the unmentioned, TREASONOUS
doctoring of the NIE. To kill Americans for more
neocon gains, which Alex Jones never mentions either.
Do Americans even care enough to raise Humanity's
call? Do they demand public executions of sadistic
godless Zionist torturers? as the Standing Law of
America - The War Crimes Act - brought to be
by Reagan - DEMANDS by the Law of America? It is the
Law after all, yet, CNN, CBC, and FoxNews calls the
perpetrators of the most heinous evil against Mankind,
heroes. America is
a nation of godless cowards willing to die murdering
innocent Christians in Israel, all for the profits
of the 'magical' zionistic private bankers. Bushite
grunts are now supporting the indiscriminate carnage,
serving as police services forbidding any of the
prisoners in Gaza from fleeing the indiscriminate
slaughter. Again, as Satanic, they don't arrest the
"Suspects", for what could they truly charge them
with?, no instead demand we die helpless murder
victims by forbidding escape, as they did in Fallujah

murdering more than three hundred thousand innocent souls. Die bushite die screams to all men on Earth from the Son of God. Will you stand for YOUR life as truly worth something here? Like lawless enemies Policing your reality will bring you more happiness and prosperity with the great truth teller HAPPY George Noory? The demon who openly confesses the will to want to murder all children in around the age of 15? Too crazy for you to face such an enemy of huge demonic origin, so, go the cowardly way like Alex Jones as sell out slave instead, to cover the demon with endless praise on his treachery to not have our fight on everyday with open calls for understanding Justice is freedom. Instead of a constant stream of bushite dumfuk enemies of Living. This isn't complicated. Or it doesn't have to be.

Israeli nazis state they will murder humanity indiscriminately until rockets stop falling on their country. Yet, they broke the truce.

Alex Jones told US as a deceiver, he's been on Coast to Coast a hundred times. Not in these last eight years he hasn't. I demand Alex prove this, or be known by all far and wide a treasonous liar, trying to take US off the tracking of criminal action of his buddy, the demonic enemy LIAR George Noory. bin Laden didn't do 911, despite the facts that WE KNOW George Noory knows better of but LIES to con the American teen further for death at the profits of the un-elected bushmob. See Alex wants you to blame anyone but those directly involved in the crimes of 911, or Iraq, or those responsible for it's cover-up by Zionist propaganda. George Noory will have as invited guests whos only function there is to spread dis info as supporting more indiscriminate warfare for the escape of the neocon terrorists responsible for starting the illegal wars to begin US at. Or those whom often support torture, a war crime that only exists as irrationally held by those who's minds have only a blind hate for the indivisible rights of another innocent other. And often truly hate men and women for being Just as wise. The McCainiac Zombie video is a perfect example. When the Zombie is asked about the rights of Women, the McCainiac Zombie cried out for raping more Women. The position of authoritarian power, was only found with the bushite as oppressor, rapist, torturer, or Air Force Bomber, not liberation by freedom. The bushite McCainiac KNOWS it can't compete openly to defend it's criminal treasonous actions! Remember, Alex "the Conservative" thought McCain was the choice if you had to make one, earlier on, then changed his position, sort of, later by calling them all puppets not worth the effort, but .. Obama's idea's matter not, it's that his Birth Certificate is, no war too be fawned. Palin? who's she? McCain firebombed Vietnam as "war hero" for France? The Banker doesn't cover our loans? Matters little.

Norwegian doctor: Israel intentionally targeting civilians
http://rawstory.com/news/2008/Norwegian_doctor_in_Gaza_Israel_targeting_0105.html

"All that is happening in Gaza here now is against international law, it is against humanity and I think it is against what it means to be a decent person. You don't treat other people like this. Even if you disagree with him� maybe even if you fight with them, you don't treat civilians, children and women like this."

Israel deliberately targeting civilians in Gaza
http://www.youtube.com/watch?v=Ev6ojm62qwA

It was almost acknowledged on CBC radio that nazi Israelis, use the argument that a tin can rocket traveled miles, to kill some innocent Jew as a direct hit (likely a person who hated godless NEOCON), all because that nazi state has OPENLY, as PUBLIC policy, stolen water and food including baby formula, along with a huge list of other atrocities, to punish God and Humanity since way back before three of four truces. AGAIN, Nazi Israeli always, as ungodly, break their truces. Why? Because YOU, or Christ as any Jew's life means nothing, to all the 'free' billions they'll get from given American worker wages. Look, Americans refuse to call for the arrest of Bush on their national, "truth telling" Coast to Coast radio program. Why? Because, for one, George Noory, (Alex Jones' best buds), has told US he's into killing innocent kids as powerful, and that 'bin Laden did it', Is good enough for US. You don't get a say here however how you will live or die. George Noory calls all grunts heroes, and those who refuse criminal orders, those he wishes to go ballistic on. Yes, it's true, George Noory is still alive and happy as ever.

Rise Up for innocent Life, or don't and see
where it'll get you in the end.

Again, every soldier in the Air Force serving
for the neocon liar is a traitor warranting death,
to save the lives of their next innocent victims.
They have murdered more than two million people
in Iraq. They are pushing heroin into America
from Afghanistan. They are raping AMERICAN
women as officially "LAWLESS" (can't be arrested
but through Rumsfeld - who has not seeked any
prosecutions for the raping of American Peoples.
He, as Neocon, is TRYING to DESTROY FREEDOM
For all Americans in America - while paying
with American wages, South African death squads
to murder Black men) and TV'ed Americans refuse
to speak for Justice denied themselves. Zionist
amerikans only see US as innocent others, not
themselves to pay, but they do pay, they will pay.
God, nor John will not live in a world where
bushite grunts walk freely down our streets as
first degree mass murdering rapists, torturers,
and thieves. Celebrated by CNN, CBC, and FoxNews.
Especially when they DEMAND they have greater
rights than Human Beings. Mass Murderers deserve
immediate death sentence to defend ourselves
from their demon lies and betrayals to God and
Man. Every CBC and CNN reporter who reported
Russia attacked Georgia unprovoked will warrant
trial, then death sentences for their total
commitment to the Satanic NeoCON enemy war
criminals. Remember: they targeted for murder,
helpless innocent families. YOUR family. CNN
wants you to blindly believe, CNN personalities
like ENEMY George Noory are so happy, why would
we think they willed death against our great
Humanity by conning you for more stolen money
through the sacrifice of YOUR life for zionist
criminals who laugh at your powerlessness to
raise your voice for Justice.

in Gaza
http://uruknet.info/?p=m50412&hd=&size=1&l=e

Look at this picture of nazis indiscriminately slaughtering
our Humanity, while on MSNBC they reported that the Nazis

will continue to murder Humanity until a truce can be found,
A truce that the Satanic enemies of God will naturally break,
as they ALWAYS do. They are godless enemies of Life who wish
to steal the Title of Jew from Christ. They targeted Jews in
Lebanon with seven million land mines, and let Jews starve to
death in Israel for more charitable aid they can steal from
G-d's Good Will. When asked by Israeli newspapers why, it was
said to kill a Jew is rewarding for the godless Zionist.
Public record. Die bushite die.

Israeli plan to topple Hamas, re-instate Abbas
http://a-mother-from-gaza.blogspot.com/

/ / Breaking the truce Nov. 4, then, was Israel's way of getting the gears rolling for this whole sick game: the toppling of Hamas, and the re-instating of the impotent Abbas into Gaza so the "peace process" can remain forever in formaldehyde, to quote wiseass, er., Weisglass. \ \

Nov 4th! - perfect!. We are dealing with Nazi war criminals who refuse US, as a Species, Justice for everyone. Especially The Jew's Jew, Johnny America. Hint: they call us Love just to hide our complete agreement with this Living Universe to will Justice for God as every last bushite zionist freely moving. Once all the neocon zionists are rotting in a prison cell, or formally executed as godless war criminals, we all will have one joyous welcome in a heavenly future.. Until then, demand Justice for US. That's YOU too. Angels included. Who? I don't see no Johnny Wizard here anywhere, We are Good to Go. Rise Up for innocent Life, or don't and see where it'll get you in the end. The bushmob are traitors for closing official FBI investigations into 911, immediately after the mass murder of Americans occurred. Treason, of a, trust WE don't have it in US to stand for our common values as the Revolution will not be televised, Johnny Who. Man, are we or no? Be Somebody, then get on your phone to call in for Justice willed. Alive I Say! - this must be where you'd raise the dead and dying.. if you only could raise your finger to dial the phone numbers - well guess what? - I Command You Can! - snapoutofit - Speak for pursuing Justice on 911, and show serious concern for publicly paying private banker men trillions in worker wages for nothing. This is seriously disturbing, yes, but seriously important to address openly in our spaces to remedy with a Johnny Wizard World Wide Work of Wonder, Super CNN Special of Specials, with Your Host, the One and Only, President and CEO of Shareware Earth Co. John Himself. Hey everybody! Wow eh? So a.. when is the good guys showing up? Now. Justice. I want US to Host Coast to Coast for open Public communications, where things get solved because we know whats we're learning about.

```
We of god, this way comes, then men and women with
calculators to know: giving money to private bankers
on hopes they'll lend a small fraction some back
to ourselves at high interest is dumber than rocks.

```

This xmas, RS ran a sale on Pro-106 & 197.   Sale price was $299 and thier
$20 promotion code worked resulting in a $279 price.   Bought the 197 and
now wish I had also gotten the 106. I've heard that GRE sometime also drops
price.

Anyone know if this RS price drop was a one time thing or is there a
reasonalbe chance it will happen again or that GRE will do it.

BTW: Notice that folks on ebay are bidding higher prices on used 106's then
the xmas sale price.

RS will have them on sale again. Keep watching their ads.

who cares, punk? go die of cancer so deep in your guts the nurses have
to put in earplugs to handle the screaming. Let me know when you get
it so I can come to the hospital and make fun of you.

Bushite Alex Jones "Obama is so much worst than Bush was"

So, don't arrest him for treason that murdered Americans? Remember, Alex in eight years did everything he could to not allow any to discuss BUSH'S crimes spree. Doctoring the NIE?, prior plan from Condi? Or stealing 50 billion? I could easily go on for paragraphs on DOCUMENTED CRIMINAL ACTS - acts that Alex would not allow YOU to know need defense to save the lives of innocent Americans.

60 Minutes: CIA Official Reveals Bush, Cheney, Rice Were Told Iraq Had No WMD
http://greywolf.newsvine.com/_news/2006/12/20/489409-60-minutes-cia-official-reveals-bush-cheney-rice-were-told-iraq-had-no-wmd

Dumfuk Grunt "Duh, why are we here to kill good people needlessly so the bushmob back home can further rob our undefended families bro? Bro?"

What's The Point Alex?

Hey! Alex Jones said today Bush isn't guilty of nothing, but boy, Obama is bad he'll tell you never mentioning the FACT Bush LIED US into the Iraq war as a war crime. 1441. Won't allow it. Why? He is a bushwhore, a believer in Bush, the Antichrist enemy of Humanity who told US if we tried to form our own conclusion, we would all be terrorists. NO JOKE. Bush, the most evil man of all History, Alex claims is guilty of nothing. Example: Bush, is his first days, STOLE 50 billion dollars. How can Bush (the banker family tied to Hitler) be above all the laws of the Universe someone ask Alex. You know, Alex will hang up on any man or woman who states in question, as he did with Peggy, a once loyal listener, why he refuses to acknowledge the evidence of Ron Paul being cheated through a fixed election. Attempting as a demon, to demonize whomever phones with such truths - like Ahamd, or Condi's 911 plan for Enron. Alex Jones is openly a bigot, and a man who has OPENLY confessed the willingness to murder INNOCENT Americans - before allowing Justice to rule for the defense of every American. I want open debate, he wants censorship, so he can continue to masturbate to the continuing deaths of innocent Americans. Laughing with DEMON George Noory who claims Laden did 911, Hamas broke the truce, and Iran is a holocaust denier. Enron. Has Alex even ever mentioned it as motive for invasion of Afghanistan? Never. Has Alex ever stated the Taliban were simply asking for evidence to form anyone's conclusion on who was PERSONALLY responsible for 911? NEVER. THINK here. Even after me sending him email after email for years. Alex states all who criticize him, are delusional, because he warns people of poisons fed the masses. So therefore, every last word I state about Alex Jones undermining our wanting for real Justice is correct without argument - As according to ALEX, he is delusional. Wow eh? Alex is a stupid bigot as a matter of fact. He'll tell you we gotta get past the left right thing, (trying to steal my thunder - where i give to all freely) yet, near next breath, or the one before, he'll tell you what all Liberals think. Or all socialists, or... blahblah Someone should ask him what Christians think about letting the mass murdering LIAR Bush escape Public trial for high treason by conning teen grunts who are now dead. Bush PERSONALLY closed 911 investigations immediately after all. Again, NEVER mentioned by Alex as important to our struggle to arrest, try, and execute those responsible for mass murder in Johnny's America. An America were every Human life is worthy our protections. Where Alex Jones is NO GREATER than anyone of US. He is in a popularity contest, while I couldn't give a rats ass what rupuglicon, or demoncrates think about my wise words on God and Justice. Great entertainers I am not blindly enamored with, nor do I believe FALSELY, demon Bush, the Antichrist, is above and beyond all laws of our Humanity. If 99.9 percent of godless Americans disagree with me on God's will to have all neocons with the Bush Administration arrested immediately for public trial for high treasons, to hell with them all as they lose their rights rightly. For, they are not our friends who willingly murder OUR Humanity for stolen private Banker gains. Alex, a bushwhore, a censor, wrongly believes Bush is guilty of nothing. A bushwhore of the antiChrist he is. I mean come on, he claims all those folks who followed truth mentioned in the Bible were murdered. How stupid is that????? From what I recall there was a suicide, and well, that's about it. How many American "Christians" actually believe a man of God actually walks this world? How many? Being Gay is okay with me. I'm not Gay, but still to each his or her own, as long as your not infringing on the rights of another to do what ever they choose. I love all children too much. Real Freedom. GCN advertised HATE for Gay folks, then at the website, murder - and the station sees still, no problem with dividing our innocent masses on desperate attempts to escape the neocons from Justice. That's the REAL reason Alex states a derision for Liberals. Note: "Liberals"

in Canada are a right wing party that disbanded the RCMP
corporate crime division as perfect example, and! sent a
Soldier to prison for refusing criminal orders. Never
allowed by Alex, for his gold dealing boss has a son killing
innocent Peoples for Neoconned cash in Iraq today. ALEX WANTS
TO CENSOR US ALONG WITH THE ENTIRE BIBLE NOW WHILE
MASTURBATING HOW HE IS NEVER WRONG? In his dreams maybe,
but not our shared suffering reality. By the way, has Alex
ever written for Justice? and why not?, considering he is
so greater than all others who haven't been invited on his
show he stupidly said two or three days ago, me, and
everybody else here globally? Truly delusional he is for
not being truthful. Be a man Alex and face me in open
debate to defend YOUR idiocy, he won't becasue HE KNOWS,
Americans would win, and he would look the fool as loser.
Too cowardly to defend America he is, because he doesn't
have the virtue for it, and refuses to hold respect for
men like me hugely wiser than himself he works to keep
all down for death. Alex claimed the will to gun down kids
who steal copper. Not only a man unqualified to "lead
the Truth", but not qualified to even carry a gun. He told
US when hearing the bullets going into the backs of two
innocent men in an act of pre-meditated murder, it was
'the sound of Liberty'. That is evil to all my friends,
evil to US all. He has called himself "the white devil"
while mimicking another he refused to allow speak for
himself after all.. And no, a debate between US and Alex
will not be done where he gets the cut off switch to
deny all others under the sun who speak for real Justice.
Real freedom.

Bush and Cheney are traitors to the cause of
American Liberty. To leave them free, is to leave
America un-guarded from further transgression.

Patriotic American Navy Vet is tortured by bushite nazi grunts
http://killfile.newsvine.com/_news/2006/12/21/491153-white-american-navy-vet-is-illegally-detained-tortured-and-tried-by-us-government?last=1166730840#last_4

Again, Reagan warrants death to all who torture, and
a deep hatred for all ungodly in America who support it.
Why? Because the vast American public (especially FoxNews
treasonous LYING enemies of The People) DO NOT have the
intellectual skill to understand what freedom is.
Justice. Look at me! they can't seem to talk for
Christ's interests, that smart ass know it all, where he
thinks he's so ingenious where no one on Earth can find
fault with his indisputable simple logic we share EQUALLY.
(Bankers don't cover our loans for example) Kill my kids,
my spouse, myself, before allowing John to speak openly
in the public on Coast to Coast for open debate, all of
Americans say in silence censored. Why does America continue
to die this way? Because bushites are truly as they claim,

stupidly ignorant as treasonous cowards, or as
prosecutable criminals, evil people who only want in this
world to rob or murder People indiscriminately as enemies
to Justice, enemies to GOD, a Criminal. NOT A JEW you fuks!
George Noory will tell you freely all about his hatred for
our Humanity, he does it near everyday, though People don't
have the ears to hear, or the care. Too scummy. That
remember! get American GIs murdered by the score with NO
REASON AS FOR. Example: why bomb more than a million
innocent souls indiscriminately in Iraq, if you have
complete unrestricted access to go where ever you will?
And, that Bush, Cheney, Condi and such, knew from day one,
Saddam had all the WMD destroyed as documented fully, as
did I. Documents that BUSH personally stole if you recall
not listening to Alex Jones, Foxnews, CNN, or the CBC.
err. maybe it was Bolton - s-t-o-l-e-n -.
Likely, as a likewise deeply ignorant person, you know
little of Life as principled for individual freedom, and
couldn't care less what this boundless Universe offers
all in reflection, instead, it all about what's in it
for you as a lying cheating thief to this mystery right?
Wanna be a lawless mercenary to murder innocent people
dreaming of becoming a private investment banker, who
never earns a dollar in their entire careers, taking
trillions undefended from Humanity just to see US
suffer to deaths for our continued silence. All you have
to do is raise your phone to demand justice in our times.
All Neocons must be arrested for public trial, along
with near every last member of the Bush Administration.
PUBLIC TRIAL. And Soldiers must learn quick a commander
who doesn't support getting those responsible by following
the crimes scene leads, is a commander deserving of an
immediate firing. Otherwise, what use is the grunt
good for eh?

Again, Ron Paul like near all Libertarians, does not
acknowledge the wanting of Justice for the high crimes
of Banker fraud, Iraq, or 911! He took the "Truther"
money, but refused to support the arrest of Bush for
treasons times 50. Social Security he wants to gut
like Health Care as a sadist who knows near nothing
on how such systems currently operate. Again, he
does not speak of recouping the STOLEN 1000s of
billions from America, or the lives. STOLEN. What
is it that you can't figure here? Fuk ego, FACTS.
We are all effected by suggestion, this is why,
since the dawn of time, evidence has been the
prerequisite to convince ourselves of anything.
Alex's cartoon storyboard, is truly, as measured,
Alex masturbating with our precious times. Think:
Alex doesn't ask Americans why they don't support
the arrest of Bush for high treason because a world
where all are treated equitably is beyond his

understanding as a bigot. He could change, but he
is 'light years ahead of the Public'.. but of what?
All you need do, is every time Alex says "they",
ask yourself, WHO? - then know: the bartender at
"Bilderberg", isn't as FOR SURE guilty of crimes as
Condi from "Builderberg" is. The 911 plan came from
her very desk according to MSNBC, never mentioned by
Alex Jones. Why? You have to be near genius like
me to explain it COMPLETELY without even seeing it.
NOT MAGIC, more like meditation through understanding
our universe is ruled by good ideas. Alex is a man,
a Good man mostly, with some fears countered with
an irrational aggression (not thought through) that
found him blindly supporting the murder of two
innocent men. Not freedom. while I, am of God. An
actual god. The Son of Man as a matter of fact.
I want to tell you how great Life could be, but i
see so very little of words present to survive the
lawless corporate state. I AGAIN, will ask YOU to
forward this post to two People, but will YOU??
Torture is outlawed by warranting Death under Reagan,
and.. it's like the best way to resolve a FoxNews
'excuse' given to illiterate nazi grunts to abuse
ourselves as innocent others. Tell me I'm wrong.   .
KBR rapes American women, or murders them, and needs
to be hunted down by All American military forces
for it, as trialled to death. Including all commanders
of the Air Forces responsible for bombing our families
without causes. And lastly, any that discourage our
grunts from not supporting the arrests of those that
actually did US wrong. Get to it.

This is what Alex fears, that wise men, actual wise men, like myself, can put this stuff together in seconds by freely communicating for open challenge on error, of what would take others committed to dying through censorship for blind fear, never in a lifetime spared. Alex Jones, "Liberals don't like Bush."for mass murdering Humanity as never elected demon enemy of God he means?

He tries to divide the freedom movement away from Justice for ourselves.

Question for Alex Jones NWOers, wouldn't God, if we existed, wouldn't God, push for a one world government where all are treated fairly through Justice practiced? Yes or no?

America! I am King Johnny.. I am from the Planet Earth, I've come to share the knowledge of Justice in our times on behalf of this, Our Future Great Triumph over Evil.

/ / At 8:51, the flight [175] deviated from its assigned altitude [31,000 feet - therefore cell phones impossible], and a minute later New York air traffic controllers began repeatedly and unsuccessfully trying to contact it."

And one minute later at 8.52, Lee Hanson receives a call from his son Peter. \ \

Couldn't have happened, as is why, these phony "FBI" bushmobsters stole the recordings and don't want the still dying victims to know the truth of the Neocon traitors to God and Justice. Cell phones are not capable of paralaxing above likely a couple thousand. Someone on Earth would likely know the near exact scientifically measured distance as nothing greater than a couple thousand, for why the need to put towers all over our fair cities then? 31,000 feet is a distance of miles! Hint: 5,280 feet in a mile. 5.871212 miles in fact. Drive out 5 miles from your nearest cell phone tower, oh yeah, and don't forget to bring a elevator like aluminum box to stand in, moving 500 miles an hour, then ask yourself, how dumb does a Repuglicon or Obamanaut take US for as silenced to the tyranny of mass murder in my America?

TED SAID SHE DIDN'T HAVE HER PURSE
http://911review.org/Sept11Wiki/Olsen,Ted.shtml

/ / Ted supposedly told CNN that she called him collect. However; once a credit card is swiped, you can begin using the phone to make calls. So, no collect call would have been made. \ \ The allegation also has been debunked by reported to be, Airline officials who stated no public phones were even available on 177. That seems near too far fetched, BUT!, GTE Airphone reports DO SAY - zero call assists were made on flight 177. ZERO. So, how then does she make a collect call then, and why if as claimed, Ted and Barbara were madly in love, would she not know her hubby's personal number?

Remember, Ted was the coke pusher's lawyer in the Contra case, of which Ted, was also assistant secretary to the Solicitor under Reagan. The Contra group if you recall were/are pushing crack cocaine into major cities for plans to undermine the American government for illegal wars against peaceful civilized life as stolen profit. YOURS.

FBI SAYS TED OLSON LIED OR WAS DUPED. NO 9/11 PHONE CALLS
http://www.youtube.com/watch?v=v78ibOa4PDE

The Olson story would make for good horror
if it just wasn't so horrific. EVEN I'M
SPOOKED. Olson tells of a elaborate drama
where he learns, she without her pursed
cell-phone, has to call through the phone
records of the Justice Department. How did
he forget that fact when first pronouncing
of how she had phoned him from a cell-phone,
or, then from an airliner that didn't have
phones in the cheap seats, nor tear-gassed
upper-classes? The trouble here is that
a small cadre of bushmobsters keep hiding
the evidence on CNN, FoxNews and George Noory
implicating themselves at the crime scene,
as illegitimate "intelligent officers" -
we WANT to know our media voices the voices
of those who support defending ourselves from
the 911 war mongering terrorist enemies.
Evidence is the prerequisite.

BANKER SOLUTION

Solution: refinance near zero interest, (as low as we can go),
and concentrate on returning all defrauded assets - working to
put money in the hands of our criminally stolen from Low Income
Grand Parents, who are robbed routinely in Casinos, and fraudulent
mortgages schemes, where the intent is never succeeding

Absolutely any cop or soldier who disagrees as true contempt for our freedoms with punishment against this nazi trash pirating our police uniform, WILL WARRANT death sentences all around to ACTUALLY defend liberty in my America.
Any American father who prides in killing innocent Iraqis for the escape of the neocons for 911 is no father. And a wife should get the hell away from a male who enjoys murdering helpless innocent others.
Children in such families should be challenged by relatives through the Courts to save the lives of our endangered offspring. Again, without water or food, Iraqi children are murdered by Neoconner grunts irrationally everyday with nothing to say, aka, without reason but as Satanic Bush whores, to

executed under Iraqi law without any evidence
brought against the accused, while the grunts
were offered an excuse to seek not the culprits
at the terror scene. The case was lightly reviewed
at democracynow, a year or two ago, and can be
found by searching for a grunt pretending to be
an ambassador to Romania. A case where the Judge's
life was threatened by a "General", where if he
didn't order the death of the innocent American
citizen, the grunt with the General would murder
US all right then and there. The Innocent American
was murdered as forsaken for value shared by

Christ speaks!! Echem.. This is called a criminal action to falsely imprison American children for more stolen money. Will the contractor be arrested, tried, then executed in America to defend American children? Unlikely, because it isn't as important as how fat Oprah is today, or as Alex Jones the bigot would say, on how daily, the hidden NWO elites are responsible for every criminal action against Liberty in America, not war crime dictating LIAR Bush who told US Saddam wouldn't let the inspectors in without corporate news correction, Bush, who closed Police investigations on 911 for Enron, KBR, and the Kissinger associates. And certainly not Bremer for personally stealing tens of billions, no no no, "just puppets" "just puppets" as instead, the Illuminati in other words not allowed spoken understood with Alex Jones NWOers. I want a free to speak arena where 50 percent of what Alex spews is truly dumber than stupid. Why? because he is controlled through his personal weakness of bigotry, to actually believe foolish things as factual. Examples are truly endless when we discuss Alex Jones' dumminess, but here is one example. Alex states 911 truthers were attacked in a TV show as NWO mind control- but, the "truther" he referred to talked in the drama on there being NO PLANES! A dis-info bushite stooge if ever was one depicted with special effects. We suffer with his bullshit every day, knowing if we tried to phone, would not be granted a minute because I, in support of Freedom for America, make all bigots look truly dumb as fascists lashing out at nothingness to divide our masses. And apparently, he can't have America becoming greater for defending ourselves fairly through Judicial actions. Yet.

U.S. partner, not Hamas, firing rockets into Israel
http://www.palestinianmothers.com/profiles/blogs/us-partner-not-hamas-firing

/ / The probe found the Islamic Jihad rockets were actually fired by Fatah. \ \ Whom Israel in response to the confessed by all to be true facts, murdered innocent Christian children in Gaza as war criminals. Actually claimed it was regardless who shot the tin can rocket that struck no one harmlessly. Again, Nazi Israeli responded by murdering innocent Christian

children as war criminals with "disproportionate"
force. War criminals who murder Humanity to steal
our shared values.

Obama set to allow Bush-era �torture flights�
http://timesofindia.indiatimes.com/Obama_set_to_allow_Bush-era_torture_flights/articleshow/4067338.cm

What the fuk eh? Doesn't Obama know this crime warrants death in America according to the war crime act? Does he believe America just will never have a chance to speak for the interests of US as innocent Human beings he is planning to torture as an enemy to Life?

Refusing to Defend American Values

Yoo: Bush okayed torture to outwit defense lawyers

This is why it warrants the Death sentence. Remember corporatist Amerikan citizen, these torture victims that include children as younger than a hundred, had not been alleged to have ever committed a crime in their entire lives. Victims tortured to death for the pleasures of those Satanic, such as General Geoffry Miller, who tell US today as confidenced, they do it because, patsy wasted American soldiers will just refuse to hunt them down for formal executions. Let's change this for our Humanity in this future, to look back, and know, American males were men of the World, who stood for the principles enshrined within every living Constitution. A free man shall not be jailed, or tortured by anyone in our names as Governed, without the perpetrator tried publicly for execution as our Love of real Justice. As first degree mass murderers warranted death sentences under the War Crime Act ushered by Reagan!, all done in for our protections of their next innocent victim - ourselves. Or die a death in corporate tyranny worthy the title, cowardly traitors to God and Liberty. Blackwater, CACI, AEGIS, KBR and the like will all be hunted to extinction for refusing to quit their lawless Rape and mass murder, murders done for more stolen money as America's name high-jacked. The Lawless enemies shall be prosecuted by the honorable Soldiers of the Good old, Red White, and Blue. Count me at our words on this, I am,

Ungodly Israeli Nazi LIARS Continue to Murder Children after "Truce"
http://www.youtube.com/watch?v=-HQO0774lx4&feature=PlayList&p=4199C9262539936D&index=0&playnext=1

A truce means nothing to Hamas?, who states much of no complaints as in support of Israeli Nazi lies, why? Have you seen where a blimp is traveling about five miles an hour, fire bombing thousands, and none have even a pullet gun, never mind an Iranian rocket launcher to shoot the Satanic demons down for God as Love? Why doesn't Hamas at least admit, like an Israeli General has, to be funded by Zionists for cash gains paid for by Zionist Amerika? Why? Why is it that Hamas suffered near no loses, but all the Cops who voted who knows, died murder victims trying to defend our family from Texan child rapists? Along with thousands of others targeted as innocent Peoples? Targeted. Why? Nazi Israeli broke the truce!! THINKTHINKTHINK Demand coverage! Hamas certainly isn't. ..maybe because they're illiterates on the Cause of God's Will being Just?

Bushwhoring Enemies of the American Police

What a demon enemy of life these bushwhore enemies of American Liberty are eh? No concern whatsoever, for all the teen soldiers conned to die for those who committed 911 in NYC. The millions of bombing victims, the tortures, the rapes of American women, STILL, TO THIS DAY, left undefended by "the law". Evil enemy of everyone these demon fuks are. How difficult is it, to understand the facts they feign complete blindness on? They WANT to con you as the coward to life they are, willing to kill America to make their antiChrist lawless enemy Mr. Bush happy.

From years after the fact still demanding Justice now:
http://groups.google.co.uk/group/alt.military.uk/browse_frm/thread/ca0e34fb32caeb0a?hl=en&scoring=d&

Huh? "at last been disarmed..." ? How does he figure? The equation hasn't changed. Example: The same unaccounted anthrax, (that was disintegrated into ash), still is not able to be measured as completely accounted for, (never could be), but this bushwhoring war crime apologist, tells US, it was only though the lawless murder of our good friends and family for countless generations, that he now attests without reason, or evidence, to find Iraq in "fact" disarmed of it's still nowhere to be found, weapons of mass destruction. (An irrational reason he pronounced previous in corporately broacasted public support of instigating heinous war crimes against our humanity under the leadership skills of the evil lying demon antiChrist, our Mr. bush Jr..)

Ron Paul defeats 5 TV 'experts' in 10 minutes
http://www.youtube.com/watch?v=0k92fTDReHg&e

Ron Paul is a traitor. They stole the cash Ron. And, the Iraq war is a war crime. But Ron, the Fascist, doesn't want THESE FACTS uttered. Why? Because wiser men would prevail, wiser men like me who understand buying in bulk is cheaper. Those like Christ who understand, who KNOW, the banker doesn't cover our loans - so why give them as much as a taxed red penny?, let alone trillions as officially unaccounted for? They are stealing the cash Ron. Ask yourself: Why has Alex Jones forbidden his bushwhore cult from understanding Bush doctored the NIE?, or of iron flowing like water from the towers? Because wiser men would prevail and he can't have that. He called shooting innocent men in the back, an act of liberty. I, an actual god, unlike Alex, lie near never, but maybe to myself when I'm lonely. Alex yes will tell you rapists are free to do what they will in Texas to American children, un-arrested, but he won't mention it when the police chief is with him on air, talking about how he'd like to be exempt from traffic tickets for being so popular. NO MENTION of the rapists walking away without arrests made, no mention of Bush's documented treasons on 911. Where are Alex's priorities? In selling YOU out so he can be wealthy like a bankster?, and have special rights over everyone else that drives drunk, or speeds? a big hero standing over our dead soldiers yelling, I told

you so, I told you so, I was right, I was right.
Again, understand: It is not by my will to deny
open debate with America, it is Alex, and his
demon buddy George Noory that denies out Humanity
this right. And when people try, like Peggy, or
Black men on Jewry, Alex lies cheats and steals
our wills for further thefts. Ron Paul's family has
millions taken from loyal Alex Jones fans. MILLIONS!
Does Ron do commercials with that money highlighting
the bushmob's plan to invade Afghanistan, dated two
days prior to 911 for Enron? Of course not, wiser men
would prevail to expose him as the charlatan charity
raider he is regarding Health Care, Social Security,
Public Schooling, earmarks.. It is unfair to measure
Ron against corporate nazi zionist whores of MSNBC who
willing, openly, kill American teen soldiers for
criminal neocon gains, as an honorable gentleman's
talk. Half honest People like Ron are extremely ignorant
on the workings of our world. EXTREMELY. I joke here not.
Evil is the deceived disguised - translated - evil
people are always dumb.

Corporate America says no, Charlie Manson was a genius,
but not, that most Americans are prone too easily to
suggestive states where they can be made to believe
anything blindly. Think: what does, "bin Laden did 911"
mean anyway? You should know of what I'm trying
to teach you here. That is how
Alex knowingly or otherwise, steals our rights, by
beating off he knows everything already. And some,
if not most, actually believe him without knowing
squat either. It's sooo easy that way - no study
required!! LIBERTARIAN HELL! Everything is not on
the Internet, where it near should be, but regardless,
a Libertarian can't be bothered to read anyway.

It's YOUR life. It's God's
Gift. Now support our rise for popular international
debates to get these Neoconners behind bars
awaiting Public Trials! "Public"thatsoyu!! Get to
the Phone to call someone to care man.. Johnny
Jesus has arrived! Justice Will Be Done in this,
Our Kingdom to Come.

Justice to the war criminals of
indiscriminate warfare would better serve ourselves
to halt for our safety. The bushmob did 911.

Humanity Under Attack by the Zionist Enemy of Life

GAZA APPEAL THE BBC & SKY REFUSED TO SHOW
http://www.youtube.com/watch?v=c9kwpxlZorI

Not only that but the BBC argued that to show innocent Human Beings suffering, in CRITICAL life threatening need of desperate food and water that Israeli nazi stole, (because they are unlawful murderous thieves), would have them look like they were partial to serving Humanity's interest in compassion for US humans. Over the Israeli terror Nazi tactics of indiscriminate slaughter for more Amerikan welfare. Wicked evil nazi bastards who too, DO NOT THINK IT BEST to report Peter Powers committed the London bombing., Oh yeah, and mercury is neural toxic, anti-psychotics make us crazy, and sodium fluoride makes us stoopider while weakening your body for big cash surgeries - ultimately leading to a profitable death for dah' winnahs.. So, they, the BBC-NWOers just needed to avoid the bath or shower, humidity, Pepsi's purified bottled water product lines, koolaids, swimming pools, Jacuzzi, Hot Tub, Sauna, private Whirl Pools, and.. blh blh blh

/ / the FBI says no.. There is not a thread of fact a zionist offers to form YOUR own mind in respect for your rights being equal to ours. \ \

Olbermann | Bush Years: 8 in 8 Minutes
http://www.truthout.org/011809Z

Bush and Cheney are traitors to the cause of American Liberty. To leave them free, is to leave America un-guarded from further transgression.

The bushmob doctored
the NIE. Conned Congress, and Soldiers. Did 911, by closing criminal FBI investigations immediately. Alex and George don't seem to want US to know these FACTS that demand arrests of the culprits responsible for high treason against Johnny's

America. Alex wants your money, and EVIL George,
our enemy, wants your soul stolen for Satan.

Turley: Obama 'accessory' to war crimes if no prosecution
http://rawstory.com/news/2008/Turley_Obama_accessory_to_war_crimes_0127.html

Understand, Alex Jones doesn't want Justice for Americans because he loses out to better men that usher a greater life. He doesn't want the evidence of George W. Bush made public to defend American teen soldier's lives. The true fascist Alex Jones, who in silence supports the escape of Bush for treason, will fail our true voice for Justice in our times. WE DO NOT rule the truth we share equally committed to defend ourselves from lawlessness. And you'll never rule my right to speak freely over your intent to sell us all out for monetary swindles, just like Ron Paul did. Understand: Ron Paul doesn't even acknowledge 911 was an inside job, or, that Bush gave zero evidence to form Your opinion.

Alex Jones, the Slave, told US today that he challenged Bush for eight years - Bushite lying nazi traitor. Not only that, but he also ridiculed those who wish to blame Bush now for anything! Again, he doesn't want Justice where bad guys can't steal from ourselves unrepresented. Ron Paul is a multi-millioniare, made rich by charitable aid conned from Alex Jones' NWOers! Alex Jones doesn't have a problem with that, we do.

Israel to be Judged - Universal Petition

The demon LIAR zionist Israeli is a godless enemy of Humanity, much like everyone at Foxnews, CNN, BBC, and the CBC. Our revolution against the godless bushite shills, will not allow our revolution through speaking honestly, (to become of ourselves something greater), a chance to be televised for our benefits. Bush closed criminal investigations immediately after 911. According to the FBI and Senator Daschle. CNN says you have no power, Foxnews says you have no power, the BBC says you have no

power, the CBC, the same, like Alex Jones NWOers...
but well, don't believe it. YOU Do have the Power.

We must demand open communications to bring back values WE ALL would agree to through polite debate. "Conservatives" don't want this Freedom idea expressed in general terms because, a "conservative" is universally, minimally. a bigot. Why? Life isn't like, their way, - then- all other opinion under the sun on how things actually get done. (Aka "socialist" traffic light repair men, or "liberals" who want to treat The People fairly). Or who we are as equals to our laws fairly practiced. Pay attention to what I am saying here. Liberals can be Dicks with a capital D too of course. But a Hannity couldn't survive 2 minutes with me speaking on his very real treasonous behavior in OUR public arenas. Behavior done to escape the 911 culprits from the long arm of the Law, with his conscious will of criminal deceit exposed, we all learn to better defend ourselves. And Shawn Hannity can't have that for ourselves, he takes too much money from ourselves as talentless by keeping US in the dark dying needlessly for traitors never elected publicly.

Who am I you ask? Johnny Law. at your service. Look me up with usenet to discover, we live in a world of idiots everywhere pretending to be somebody by lying. While I want US all to truly improve our condition by actually understanding how bad off we are by failing to respect ourselves for correction. Too many, know it alls, with not enough to know you need evidence to form a guilty verdict against an accused man or woman. Not according to CNN, CBC, MSNBC, Foxnews and the like however. Let's change this by supporting my challenge for top billing at the Coast to Coast radio show hosting. Look for me coming soon!!

Unseen Gaza High Quality: Part 1 of 6
http://www.youtube.com/watch?v=UeezoWRu1FU&eurl=http://whatreallyhappened.com/

Why is it that numerous visits don't change the view count? What is this business of a=a+1, the top secret, I'll go rhythm, that is way beyond our comprehension in it's scientific complexity? For Americans, okay, but the Human species just isn't this dumb.

While Zionists OFFICIALLY target Christian school girls for mass murder, CNN instead reports that bushite grunts attacked girls in Afghanistan, posing as Taliban. I WILL every celeb at CNN to be arrested, tried and executed for the reporting they have done today without facts. Remember: the Taliban played no part on escaping those responsible for 911, and opened schools for girls, and were brought together on the single purpose to defend women. Death to CNN reporters to LIE for killing OUR school girls. I HATE zionist enemies of Humanity and God I am.

The Torture Ban that Doesn't Ban Torture
http://atheonews.blogspot.com/2009/01/torture-ban-that-doesnt-ban-torture.html

/ / Obama's Executive Order bans some -- not all -- US officials from torturing but it does not ban any of them, himself included, from sponsoring torture overseas. \ \

Is America a nation of Law to Live freedom?
Because this SPECIFIC deviant action of Obama warrants the death sentence under Reagan's "War Crimes Act". SPECIFICALLY. Or, is it you falsely believe Obama can do no wrong against innocent people here, where an illiterate nazi grunt, maybe from South Africa, will kidnap YOUR children, and torture them to death for sadistic pleasure, with as they did using power tools caught in Iraq, according to Iraqi government official(s), and several soldiers from Oregon, all because Obama has given an ILLEGAL! "excuse" to NOT support following the crime scene leads at our REAL murder scenes? Again, death to the bushite dumfuk enemy of God, death to the enemies of a freeing Humanity striving for a just society. Obama needs to be arrested for this under the Law as it stands I'm sorry to say my friends. Why? Torture is illegal in all 50 states, (as Reagan directly planned), no matter where you ship the innocent victim to, or from! Read the War Crimes Act, then demand Justice today, otherwise, it's YOUR funeral. Obama wants to secretly torture Peoples here, while lying to US ALL that he doesn't! A TRAITOR! Who also wants to give bankers 100s of

Jack Blood interviews Richard Andrew Grove, an AIG insider and
whistleblower
http://video.google.com/videoplay?docid=6546044203900048624

Alive We Say

And Alex Jones gives us the same guy twice
a week that blames the Illuminati, while
encouraging that YOU TOO! can get money
for nothing like the banksters. Just give
the Alex Jones', NWOers, the "truthers" money
money money money. No time for affording the
explanation that the TREASONOUS bushmob
doctored the NIE. That Saddam wasn't in
violation of 1441. That a NEOCON is
identifiable for it's demonic LIES
against God and Man. Never to tell, the
private bankers don't cover OUR loans,
that Bush PERSONALLY worked to close
Police investigations immediately after
911 (obstruction), or that WE have video
of iron flowing like water that PROVES,
without doubt, bin Laden couldn't have
single handedly placed the explosives
in the buildings, or stole the black boxes.
Because someone surely would have spotted
him dragging his dialysis machine what with
all the professionalism of corporate news
media coverage regarding our horribly
suffering worlds. Alex Jones ignores the
treasons of Bush, as a Bushwhore, and
instead, tells US of how Obama is Bush on
steroids. He only wishes. What about
Justice for Americans Alex? Why for do you
forsake ourselves? For money? What about
the lives lost to mass murder, that you
allege to champion OUR TRUTH without saying
much of anything on real Freedom?, on real
Justice like your deviant election rigger,
Ron Paul? Well, no wonder, Alex told US he's

into shooting innocent American People in
the back as a tyrant of evil, a white Devil
if you will. Kids too if you dare look in
his back yard for a copper. See? Now if Alex
doesn't allow US to speak, more and more will
understand to know why. I am a defender of
all that is right and just in this world,
because I don't need to lie like Alex does on
a huge host of issues. I'm more like Jessie
Ventura, in where I don't need/want to lie.
If I end looking foolish, (of which I like
never truly am), it's a benefit, because that
way, I've learned something. Alex knows
everything already, and 'is always right'.
Like I say Retarded. You weren't right by not
understanding that the banker doesn't cover
the loan. One example of easily hundreds. He's
a typical, he knows it all, know nothing dumduk
American. Hear him on health care speak as
Ron Paul does, and know, I defeat them in under
ten seconds. TEN SECONDS. This is why he hasn't
in years, allowed me to speak more than five
or six words. He's rather all America die, than
admit he does NOT rule our 'Ocean of Truth'.
I want the challenge of opposition through debate
to PROVE my skills beyond reproach. Alex,
every time, just hangs up on anyone who tries
to improve our communications by factually
speaking. Why? Because he IS TRULY deeply
ignorant on what freedom or Justice means. Why
we have law. What a consensus is. Allan Watt is
severely disabled in this regard, another Alex
Jones favorite. And this is why, Allan can't
take calls openly either. He has jerked off
with himself too long to quit now learning
super basic precepts, for like Alex, he "knows"
the inner workings of the 'genius' NWO elites.
Not Law 101, not Bush, not Rumsfeld, Not Condi,
not Torturers, not bank robbers, rapists, or
even petty thieves. Allan Watt isn't a bad guy,
he's just a chauvinist pretending he actually
knows something, when his real disability is
directly related to his absence in understanding
understandings. Doubt is a near foreign concept.
A challenge for Allan: can you get your 'genius
mind' around the fact that Peter Powers did the
London bombings, and not the Illuminati of 1463?
and if not, why are we so dumb to our present
plight that way? Don't get me wrong, Allen has
much to offer, it just isn't the issue right
now on saving our dying futures. Maybe I was
too hard on Allen, he is really actually kinda
cool. Alex Jones too has many incredible

moments of ecstatic clarity increasing in all
they joy of seeking enlightenment. .. Ok -
but this is serious business that requires
little dilly dally with what we'll have as
a side dish in Paradise Lost. We are talking
Human Lives have been destroyed by our inaction
to remedy these failures to communicate
effectively. and.. Jeeze, the weight of my
responsibilities, as just plain John, being
a/the Legos Man - for like the Family and
everythings, get's me never forgetting, all
we got are these words left dormant from the
power they truly possess in the minds of the
jack-asses. And.. here I am. I'm a Talker of
Words looking to make a break in the
NewZbiZ. Zzzz... Alive We Say! Alive!

and not the sky-high human and monetary cost of
wrecking homes or razing infrastructure. \ \

Court petitioned to arrest Livni upon arrival in Brussels
http://nawaat.org/portail/2009/01/23/belgian-court-petitioned-to-arrest-livni-upon-arrival-in-brussels/

"We believe there were dozens of IRGC

personnel in the Gaza Strip during the war," an Israeli source said. "Some were killed; others went into hiding, and others escaped."

See? the demon enemy of God speaks no evidence as a TRAITOR to every Jew. A terrorist nation that still steals humanitarian aid in our public realm of left defenselessness. The false allegation deserves a death sentence by Jews against the war monger Zionist enemy. A cause that Iran should champion, if in fact!, this allegation by OFFICIAL WAR CRIMINALS WHO TARGET FOR MURDER OUR SCHOOL GIRLS, is on it's face, unsubstantiated as patently, demonically false. As typical from any godless Zionist.

Where are the Americans asking for the formal arrest of Bush for high treason? Whoring for Alex Jones's contempt for REAL Justice? The ignorance of all American talk radio hosts speaks for itself. NO knowledge on why acts of high treason, are crimes against every American. The bushmob doctored the NIE, and Alex doesn't want Americans to know, because if they did, they ask, why does Alex do everything he can to escape those personally responsible for 911, while then asking for money to continue his fight against freedom in America. Again how much money do we have to pay Ron Paul or Alex Jones before they will allow the knowledge of the Iraq war against Human will is criminal? How much?

Obama! feel free to call on me to help out with a plan for judicial actions. That offer goes out to everyone in Palestine, Canada or Britain too. Russia, let's help out these fools by freely communicating, what say you? Justice for all is freedom to be. The Israeli cop killers must be brought to justice for war crimes. Those cops, were cops. And I, am a man.

Alex Jones Rocks!

Now Alex has problems in "my" mind because I am an ACTUAL genius, and he is generally, an idiot. Today, he did one of his usual commentaries, however this time, he was pretty honest with himself, and his love for Ron Paul. Ron Paul sells incompetence, and Alex corrected correctly!. that a.. sorry Ron but these banksters know they're robbing us as undefended blind men essentially. That's what I'm talking about!! Look, Ron Paul can be a dumb Ass, although, he's still not all that bad a guy. A Dumb guy on things like economics sure, Justice, warfare, Health Care, Social Security, ect. ect. but still., like a child learning of why the sky is funny blue, isn't all that bad a guy really. He's certainly not a war criminal, like Bush or Rumsfeld are. Doing 911 then sanctioning torture. While Neocons Champion sending illiterate American teens for death as war criminal. Think about it. Maybe he is..

-

�We have all these documents that are now publicly available that prove that these methods of interrogation were intentionally ordered by Rumsfeld,�

Let us understand. These actions "give" a guy like Willie Brand "the right" to RANDOMLY kidnap men, women, or children, and torture them to death for sadistic pleasure with his faggot Capt, Christopher Beiring. (I think that's how it's spelt). But anyway, this is the truth. A bushite is a godless Zionist whore of Nazi evil, an enemy of America, who wars YOUR Freedom with criminal "excuses", for refusing to support the arrest of those responsible for 911. A TRAITOR, and could be wannabe rapist, robber, or 911 mastermind ringleader. Torture is illegal, and warrants the death sentence, according to, Reagan's "War Crimes Act". Some only suggest, that this was why someone tried to kill him as honorable. Death to the torturers of our innocent families, torture they do without apology as Zionist Military "Judges". Instead today, where they get salaries paid in the billions by the zionist giving nation of, a-mirror-kay, echem, America. Johnny's America. A nation where Justice will rule for the favors of all treated equitably with or without you. Honor me in company my friend. We have no rivals.

I beg you, hunt to bill the zionist war criminal who charges we will not succeed to see every last war criminal on this planet hunted down to complete extinction, by public trial, then Jewish firing squads. The Zionist has bombed US, The People indiscriminately with out cause. It was Nazi Israeli that broke the truce to get killed Jews for money. They starve Jews in Israel to attract more charitable aid they can use elsewhere. They, as Nazis, will continue to murder Jews for money unless WE DEMAND, their formal trials and public executions. They have murdered our families, and they will pay will their lives for it as the directly responsible, and in no way, will escape our rages against them as the enemies of every Human Being Living for Freedom. Every Human that loves children. They HAVE ADMITTED to targeting the school girls for murder with lies they were caught doing. THEY DON'T GIVE YOU EVIDENCE. And when we get the facts, it's near always exactly the same thing: they steal our Homes, they STEAL our lives. God calls the Zionist Jew Enemy of the Synagogue to Satan!!

[HEY WHAT THE.. THE LINK IS GONE ABOUT GODLESS ZIONISTS MURDERING JEWS IN ISRAEL FOR MONEY!]

Someone should ask what King Johnny, The King of the Jews has to say on this subject of a Zionist's complete absence of morality, as inhumanly bereft any common decency among our brothers and sisters. I mean for Christ's sake Tom, THEY ADMIT to sadistically targeting our children for MURDER - as some kinda Satanic demon whore to Pure Evil - aka. Wanted War Criminals for Public Trial. Just as the Nazis were for similar outrages. Let's hope men of America are least half they were then, but we are suspecting, they will as of usual, balk as cowardly slaves to the private banker man ruling their minds, it's a, no wonder. Where is there that purpose striving for a greater future living in a just society? Where is the Christ in their Christianity?

Wow. The demon LIAR will also say Hammas broke the truce, and Israeli started this by stealing innocent peoples homes, then imprisoning ourselves, the victims, in a death camp for indiscriminate slaughter. While they continue to STEAL OUR CHARITY by breaking truces. What is it that YOU can't picture?

"The view from the other side, that the Qassams are a retaliation for the siege that starves the one and a half million inhabitants of the Gaza Strip, [a prison death camp,] was not mentioned at all."

http://news.bbc.co.uk/2/hi/middle_east/7830416.stm

/ / they committed collective suicide - men killing their own families, afterwards each other, until one [evil zionist liar] remained to kill himself. \ \

ISRAELI IS A THIEF WHO CAN'T SPEAK OPENLY IN DEFENSE OF OURSELVES IN OTHER WORDS? That is right. They, as documented criminal, lose every debate personally since before the dawn of Civilization because their position is clearly unsound. They are criminals who murder People in hate for a freed Humanity. They OFFICIALLY steal Peoples homes in that country didn't you know they proudly proclaim it so? And steal humanitarian aid from starving children. Targeted to murder children specifically as publicly confessed, 'it is Hamas WE blame', not them as demonic child murderers. Hideously evil as ungodly sadistic savages. Enemies of YOU, enemies of them, and enemies of me, the King of Jews Christ fellow from beyond the grave. They are so evil to God and Man, they tarnish everyone of US to not win justice sooner by blaming the actual bad guys. Justice is Freedom.

/ / Those white phosphorus shells used on the Gazans are made in the USA according to Jane's Defense. \ \

Again, these peoples are not Jews. Being Jewish is a religion. These thieves of God are Satanic in their LIES to betray the common trust in our words, that bind all worlds to victory, called freedom universal. Even tales of the Devil have him keep his word, with verses specifically condemning the self to damnation for targeting the innocent for death. God's the Word. Every word inside a fool's paradise. Including the periods. Not as like, I'm playing a word game, but that it in wonder, is all strangely here. Example: The Universe as it has existed always, is not separate from our 'pauses', or faulty drawn conclusions. The universe, in one sense, was as good as anytime, created 6000 years ago. AS TOO 50 billion. You say, impossible, I say no, study quantum physics, and know, I live this.. our existence is not scientifically separate from the timeless nature of consciousness, proven as not only theoretical, but actual. That is a first step at developing a REAL relationship with the living Universe if you want to as like an artist does - that TOO! can be just as thought static in it's orderly constructions for Atheists. (An Atheist is still mostly a fool here however.)

Overall, for any, it's sorta simple: Life has left YOU in charge of YOUR fate. Now, do well to make something of this being as eternal Life reaching for balance, as your body does, and good cops do when bringing the bushmobsters to Justice. By Israeli calling for more murder against the innocent of your mind as racists and bigots they are openly, is still shadows of YOUR mind, YOUR WORLD.. get it, got it? God is in genius to set Life as this, as like, nowhere existing, but for as yourself within. Will you speak out for the Justice denied Humanity?, or not you? Atheists can be Just too!, but generally lose it on not understanding the intelligence of order is way beyond what they dream up with assumptions. All anyone has to do is ask themselves, who do you mean "God"? Atheists are ridiculous!, but, to each his or her own, we are on a path here, believe what you want to believe. This is not a faith initiative I'm bringing by keeping this real, I DEMAND JUSTICE BY OUR WILL BE DONE.

A zionist cabal of criminal pirates who murder Jews around the world for stolen money is seriously evil as criminal. What do you think? Let US have a open line discussion on this indivisible matter of rights to all as equals before who ever we proclaim, I AM.

I mean you right? Say it with me... "I" "AM" we are good to go.

Again, Americans need to demand the arrest of the Judge and prosecutor for being openly evil demons, as TRUE enemies to freedom in America. But guess what? Americans will refuse to even phone Alex Jones, or George Noory to be hung up on. Just refuse as brain dead zombies - as known in this circle, McCainiacs. Did you hear Alex's NWOer yesterday state he doesn't want anyone to speak as Justice for Americans because to learn even the most basic of precepts for Justice, he can't pretend he is a Freedom Fighter begging US for more money? Like multi-millionaire Ron Paul, who gave the fixed election up to take our money and walk away. How much money in the millions do we have to pay them at GCN, before they will acknowledge the Iraq war is a war crime? THEY NEVER WILL,

because the faggot owner has a son who's into
raping American women as lawless enemy of Life.
Americans are indeed, selfish, like all the plane
crash survivors telling US how they couldn't care
less that Israeli nazis are openly targeting our
Christian children for murder with their tax
money, as unimportant, to how long they stood on
a plane wing, now approaching it's third day, of
wall to wall coverage. Telling us again of how
Christ saved your life as a lifeless degenerate.
I, as Christ, am really starting to hate all
Americans in total now. How difficult is it to
pick up their phones? They don't, and I'm beginning
to believe it's because, like GCN, they really
don't care for the future of our Humanity being
left for dead as continuing victims to EVIL liars.

Not the Nazi Israeli?

The guilty party are those who advocate these mass murderers of innocent peoples with deliberate lies, like from Blitzer. Blitzer will be tried, and executed a war criminal for stating Hamas broke the truce., Where, only two minutes earlier, he learned, that it was his Nazi partners. DEATH SENTENCE. It was on TV. BUT SEE? Ron Paul, the Libertarian, ain't going to be honest here. He'll lie cheat and steal Humanity's voice for Justice - like he did with OUR money. A typical Libertarian like Alex Jones who wants to blame "socialists", "Liberals", aka, all of innocent America. Blitzer is war criminal, who makes his own discussions. As is Ron. What an enemy to not mention the truce. THINK: IT IS THE ISSUE. But Ron plays the dummy to kill more with contempt for Freedom. Ron Paul, the bigot, asked, 'should we be doing this'? SEE? it's not first degree mass murders, no, according to Ron Paul, it's argumentative that indiscriminate mass killing is a good thing really. Remember, Ron Paul does not support arresting those who committed mass murder on 911 either. Or those who STOLE TRILLIONS. Or lawless Bush, the ACTUAL AntiChrist enemy of God. Ron Paul will watch America die for a stolen dollar. And Alex Jones will refuse all calls to label him good guy like himself warring order to our universe for it.

Israel is [NOT?] responsible for these childrens death
http://uk.youtube.com/watch?v=Y9PIZQqIep4&feature=email

Ron Paul "When we pick sides, we make it worse"

He also took our millions donated for freedom fighting away for his family, but not our own as dying innocent victims giving. Pick a side.

Remember: Sadistic authoritarian George Noory is a very real DEMON of Satan, who again, openly tells US, he wants to murder our species as the innocent forsaken, and Alex Jones doesn't hear a problem with that either. Love the bushite blindly, and they'll kill US for a dollar sukka.

Alex Jones is like the retarded brother we can't help but love because we're human. He is still retarded. And George Noory is still seriously evil as a traitor to the cause of Freedom in America. And Ron Paul is still slamming Ron Paul.

Ron Paul "Israel can not act without Washington's approval"

So, it is Ron's fault then by not mentioning the truce?, or as that, innocent People are being indiscriminately murdered in a death camp that he figures is argumentative? that innocent People are dying as targeted for mass genocide? Or is it the Ron who states YOU are to blame instead of himself for being there, not saying anything? HEY RON! Can you hear me now!

Wow. The demon LIAR will also say Hammas broke the truce, and Israeli started this by stealing innocent peoples homes, then imprisoning ourselves, the victims, in a death camp for indiscriminate slaughter. While they STEAL OUR CHARITY. What is it that YOU can't picture?

/ / The targeting of civilians, whether by Hamas or Israel, is a war crime. \ \

They are targeted by Obama who suggests there is an argument to be made here. There isn't. Nazi Israeli DEMON LIARS broke the truce to kill Jews for money. They are godless enemies of Humanity. So it isn't that we are pro-Palestinian, it is that we are pro-Human. Zionists DESERVE to die, before US, the innocent, they target for murder for stolen cash gain. Like Obama has promised to do for AIPAC. But what about the rest of US 6 billion plus Obama? Who is it of US innocent folks do you wish to

MURDER, or torture next as a Zionist war criminal
for Satan Obama? Torturing kids is popular in
Israel, tell US Obama, which American father will
have his children tortured, or murdered
sadistically by yourself as a whore for Nazi

Zionists Destroy Our Homes as Satanic
http://www.youtube.com/watch?v=mo2HW4T7wK4&feature=related

When I see the women and her child, left outside
while they sadistically destroy her meager gains,
I grow weary with ourselves for not speaking right.
Nazi Israeli are committed to deny US our God given
rights as Innocent persons to speak freely for Justice
realized. All because they STEAL our Lives for monetary
gain. It is our reality, give it or take it, YOU LOSE.

Then.. Hammurabi founded Civilization.

I go concerned for any hesitations of condemnation by
Obama. It's like, he's talking some jive about
how now he'll NOT let the words of Hamas reach
his ears. Being against war criminals, doesn't make
you pro-Hamas, necessarily, it means your against
war crimes to defend the lives of ourselves respected.
Remember: He told US earlier during the campaign that
he wouldn't fear speaking to anyone, Hamas especially,
because he was confident he could win the discussion on
Liberty, by principles that unite all free men. Now,
he has promised the FBI's Most Wanted AIPAC, he will
pretend to not hear any calls for fairness as all
parties united by common cause. Johnny Who? Where did
you go Obama? You were here, then.. pooof! you
vanished into the loving shackles of convicted/ing
criminals is a mass, "WE ARE TRAITORS TO JUST CAUSE"
organized war crime outfit, dedicated to deceiving the
Public by lying. I am not Lying. I'm not saying I hold
his associations as a measure of himself, I am concerned
with him stating, he will not hear our cries for Justice,
as then AIPAC cheered. I was as freaked out about it as
you maybe yourself now, believing it as possible. Check it
out for yourself, and wonder, just "who" is this person
they tell us they're are going to take for as dying fools?
I mean look at what happened to what's his name, when he
sided similarly the same in error as hugely criminal? Come
on be honest with us son, "Are you on drugs?". Maybe he's
just been stressed with all of everything he is heaped
to follow on, NOT to know by Blitzer, that Israeli broke
the truce to kill more Jews for money, and, also STEAL

innocent Peoples Homes while saying, "they are God's
Chosen". Yeah, chosen for, "The Bad Example", of how
Jews are left undefended by these grave robbing war
criminal nazi forces. As the King of Jews, I call for
Public War Crimes trials of the entire bushmob as
terrorists, and their supporters for lawless tyranny.

Israeli are attacking prisoners held criminally
in their own Death Camps!! GET ALEX JONES ON THIS!

Hmm... why wouldn't Alex? to support his fictions over Our Rights to Live Free perhaps? A Hero adapting to the deaths scene?, or, a Bush whore committed to enslaving Humanity, all so he can say, he told US so. Big hero or big hero. Your NOT powerless to his vision of complete control over information. He refuses 911 info, Iraq war info, Israeli info. All so he doesn't have to look the fool, while Humanity dies with his insults against our wills to make something better of ourselves. Justice is what I will. Masturbate on your own time Mr. Alex Jones.

If he states again about how he knows everything, and is always right, and those that criticize him on ANYTHING are delusional, it's going about to make everyone further sick with this obscene take on what life means as Alex takes it. If I truly state two nickels make a dime, does that mean therefor they make a quarter also? If I say so like Alex would? He is an idiot. Truly. George Noory figures Hamas broke the truce, and that the Mideast solution is that Jews should be separated with special rights, as oppressors over the freedom of every Palestinian Prisoner, and what's Alex Jones gonna say about his 'truth telling freedom fighter' George to actual 'lame ass evil nazi traitor' George?, to YOU about how George is just trying to murder millions of helpless people as an offer for the final solution? We can expect Alex now to claim, Zionists should have special rights over Jews, all to maintain his FICTIONS on Noory being anything but the monster to Humanity he is. Just because Noory doesn't growl when talking about murdering all children in around the age of 15, or against soldiers who refuse criminal orders, does still make him a true fascist nazi enemy laughing at

your murderers escaping to live freedom in
our dying forsaken worlds. The bushmob doctored
the NIE. Conned Congress, and Soldiers. Did 911,
by closing criminal FBI investigations immediately.
Alex and George don't seem to want US to know
these FACTS that demands arrests of the culprits
responsible for high treason against Johnny's
America. Now, who's with yourself. I am! I am!
I am!

Alex Jones doesn't know squat of Social Security, but
pretends he does, like Ron Paul does when speaking
of the Federal Reserve, Health Care, IMF, World Bank
blahblahblah.. I mean even the expert of experts
Alex has on near twice a week, EVERY WEEK, to talk
all about how the Illuminati are doing everything,(give
me your money now for whatever), DOESN'T SAY TO KNOW,
it was Chris Cox who changed Investment Banker rules,
to cover instead one tenth of WORLD INCOME loans,
to one twentieth. MORE THAN DOUBLING THE ENTIRE GLOBAL
MARKET FOR LOOTING WITH HIS SIGNATURE! (And. that isn't
even a fifth of the TRUE trillions dollar fraud story.!)
Now, granted, I wouldn't expect one tenth of one percent
of America to have even a distant clue of which I am
speaking, but importantly, Alex's expert of experts has
never mentioned it. EVER. Why? He don't give a fuck, but
how much money he can get you to give him for investing
in things that are un-important to our struggles, but
for the fact, he states, you'll get free money for
nothing!! OUR ACTUAL PROBLEM. It reminds me of those
Ron Paul dollars... where Ron'll fix everything, cause
we, as a private company, are going to make YOUR money
instead... holy fuk mon.. Talk about the kettle calling
American racists. Thank God the FBI stepped in. (The
answer unfortunately is not nowhere as easy as Alex
would blindly lead you) - again, so I guess it will be,
Americans were just too far gone as illiterate
chauvinists, who cared too little for your freedom as
themselves degenerating. Why? To battle tyranny they
knew not Justice wins the day, and blamed innocent
groups gathered wherever, instead of following the crime
scene leads at the real murder scenes - like was once
done on TV and at the Movies. But even that was too
far above their doped down heads, to raise their finger
to dial a phone number.

How about stating "A lawless bushite enemy wars America
as a traitor, to escape the neocons from the crimes of 911."

Then Alex states the head of GCN is giving out gold
at less than it's value as a special treat, every
second or third week. Below wholesale. Now, really
think this thru. Do you think Alex is trying to con

you here? you bet. That is the Gold Racket. Diamonds are another thing - where I've personally seen, about a decade ago, a huge press that makes Diamonds out of coal. Swear to God it's true. Costs to make diamonds are pennies to the thousands paid to Zionists who live in Israel calling for the murder of all innocent Peoples. Where is the rich Zionist, grave robbing Jew hater to demand Justice for our times? Where? Pressing coal into diamonds, while advocating the murder of our entire Human species. THEY WANT TO KILL GOD AS SATANIC ENEMIES OF LIFE. While I am last known to Life's enemies as Jesus Christ, the Zionist's end every time. I'll have brought more Zionists to their rightful dooms, than any other, of any time, anywhere. I HATE Zionist bushite LIARS to death, all because I Love Humanity too much, to watch US die undefended as the innocent forsaken. They can change their evil ways, but till now, often not, benefiting off our suffering as war criminals who simply lie as demons to steal our Human values. Let's change this for our betterments. I mean the Halo is a dead give away..

The head of GCN has a son warring God to rape American women as lawless enemy in Iraq for the Neocon - again NEVER mentioned as something worth fighting against for Freedom in America - soldiers are suppose to REFUSE criminal orders - but not when Alex is at the mike. He will never mention the Bushmob doctoring the NIE to con America for death as exampled, because it doesn't fit his fictions, where all the bad guys escape because they are geniuses headed by secrets so powerful, nobody can ever know'em, except Alex. He tells us near every day, he knows everything already, and is never wrong, therefore you can't criticize him. Bullshit. It's like he wants to be wise like Johnny Gawd is, without doing anything like studying for a test where the teacher actually does know the issues. He told US today, the British came up with concentration camps, from the Indians - who spent all their lives murdering themselves. The British 'invented' false imprisonment? The British came up with the, Jews Killed Jesus? The British invented Pope Gregory VII? I suppose Alex has never heard of Ghettos. SEE? he just pulls shit out of his ass, and calls it like it's truly pure gold you'd wanna buy. Those, like your typical American have no clues, so they figure, Life must be sorta so that History is all one big Alex Jones NWO cartoon. What? that the NWO did 911, and everything else that use to instead, require criminal investigations to nab the actual evil doers? Alex Jones IS the NWO he tells US all we should be concerned about never stopping, like it was in the DARK AGES. Justice Alex, why is that hard for you as a "Conservative" to figure? Is it because you are cowardly in the face of true Liberty? Afraid that some People, on some Issues, ACTUALLY know a great deal better than you could even imagine presently? Don't like that do you?, where you don't rule this Universe as a lawless tyrant desperate to live in an illusion at the expense of everyone else dying victims to censorship? Does he try to find wise men or women? rarely. "Ron Paul [MUST] leads our truth movement" - like, fuck off already with the Ron Paul, The Truther, Bullshit Alex Jones. 1% is what YOU get on Social Security deposits - 1%. And.. Bush stole 700 billion. 700. Billion. That's 700 BILLION. It's a "Trust" account. A "Trust" Account. It's being held in "Trust" Alex. Ron Paul is asleep at the wheel. As, so are the rest of all you other fools.. I want Justice, and I want it now for all the victims of 911. Americans be damned, we want Justice, and We want it Now.

In Texas, child rapists are given the right to freely move about without fear that Texans will stand as armed Men in defense of their very own offspring. And Alex wants this for the rest of America. That some how to own a gun, means an American would kill a cop who beat a women near to death for pleasures that he could never be Publicly arrested for, as a sadistically evil nazi bushite fuck. Look, if YOU DID kill that particular DEMON COP after the Chief refused to arrest him, you couldn't possibly go to jail in Johnny's America, because the truth would win out in a fair verdict. And REAL cops would honor you with great big, thank you. Nothing worse than a cop (or bushite grunter) who believes the Law doesn't apply to him while he drives drunk, tazers someone for nothing, abuses Women, or kids, to sell drugs, or kills good cops, who are good men. (Like mercs do in Iraq officially for Rumsfeld's P2OG. Coming to an American city near you!)

Again, the two Laws of Johnny:

1. No evidence, person innocent.

2. Torture? fuk you and die then

"Rice says it is 'hard' for Israel to spare civilians in Gaza"

We KNOW they are ONLY targeting innocent People,
the ungodly zionist Satanic enemies say so..

"Israel Rejected Hamas Cease-Fire Offer in December"

Livni has declared her country "is not going to show restraint"

"Her" country?

It's like she's admitting here, that they DO NOT target the IDF's Hamas, but only our innocent lives as a threat to LIFE and GOD. Remember: the Zionist LIARS broke the truce.

This guy even sounds like the Satanic false accusing enemy of God he is. Let US, as Humanity, hunt these real devils down, try them, and have them executed publicly for the benefit of God and Man. Understand: this REAL DEMON knows he's lying, no living man on Earth could spew the vile lies he does to excuse indiscriminate mass murder, or starvation, as this Zionist enemy of life sells to STEAL Your HOME, your Family, YOUR LIFE. An open enemy of God trying to STEAL the Title of Jew from Christ. EVIL ENEMY OF LIFE. See, when a bushite dies, you served Life well in defending their next INNOCENT target. BILL HIM FOR STATING ISRAEL WAS STRUCK THOUSANDS OF TIMES. BILL HIM FOR STATING HAMAS BROKE THE TRUCE. BILL HIM FOR STATING bin Laden DID 911. BILL ANY Zionist FOR THIS TREASONOUS LIE. Why God asks? Because there isn't any evidence to support that Satanic lie. According to the FBI. And according to God, Zionists are not Jews, but of Satan as enemies of every life form in this Galaxy, Hunt him down, and bill him today for the love of God. You can 'hear' it in his voice.. how he lies TO YOU as a DEMON of a Hatred for Truth and Humanity. Facts, that are easily available, are not what he works to mislead others, others he hates, and wishes to murder for as ungodly sadistic pleasures as YOUR enemy. Bill him under American law for being pro-torture too while we're at it. Death to bushite, death to the murdering enemies of God's Love for Mankind, and enemies of TRUE Justice for Americans. The fuking demon enemy lies to you, as a con to STEAL your life, or just as soon, the life of another innocent other. Now, what are you going to do about it? Except his lies

as exceptable, as he tries his hardest blatantly
LYING to kill God and Justice in our Worlds? Not

It's the NWO! The Illuminati! Not Bush, Cheney,
Neocons Gone Wild, or any of many other REAL

puppets to his EVIL fictions. Forget about
Bush escaping.. Socialists who design traffic

tellers. George Noory, one of the most despicable
individuals on the face of our great Earth

to send his wannabe Patriots nowhere but to die.
What about Justice America? The bushmob doctored

like water from the towers, seconds prior to
the collapse. Alex ain't there to help US, for
that is where TRUE Patriots fight for real
Justice. When WE phone with indisputable facts,
on Ron Paul the bush whore sell-out for example,
he lies to all (GOD), then hangs up on US. Is
that the kinda freedom you think the Founding
Fathers had in mind to give Your rights to
speak for Alex who blames anyone but the
criminals directly responsible for your
funeral? The private banker never covers our
loans, so why give them trillions without
questions offered without answered as, never
mentioned by the guy who is 'right all along

the Ocean of truth' too don't you know YOU have
a steak going all rotten to hell here also?
You'd think Alex would take our call just for
the challenge on where we stand? I'm free!

He is not. And George Noory tells us openly, he's
into killing innocent kids for profit. George's
profit is that apparently, by murdering all
children in around the age of 15, will stop them
from getting a clue at anytime in the future,
to take him out as an ENEMY of EVERYONE for
censoring our cries for Justice. Why is it that
Alex would invite obstructionist, Steve Quail,
or Alan Watt, on to lead you nowhere while they
jerk off, but where we gotta go to actually defend

ourselves? Steve has been on with Noory more
than a hundred times, and, we'd figure, Alex will
soon be delving into the Alien questions also.
Answerable by me in seconds, but ahhh.. like Noory,
doesn't want the truth of such a subject uttered,
just endless streams of illiterate bushite dumfuk
losers sucking on each other. While they wrest
from US the wonder; just why we can't stop
criminals from robbing ourselves, while murdering
our families? Alex wants to blame the unstoppable
NWO, while I, want to blame those actually
responsible, like Bush and the proven treasonous,
Neocon terorist liars who are pro-torture.
With arrest warrants. All of them. I'll do it for
Reagan's, War Crimes Act, as an act of respect
for my Great America, that's isn't always been
dying dead wrong under the leaderships of
criminals.

Traitors to the Cause

Bush and Cheney are traitors to the cause of American Liberty. To leave them free, is to leave America un-guarded from further transgression.

UN: Israel Admits Claims About Attacked School Baseless

US military re-supplying Israel with ammunition through Greece

House and Senate Compete To See Who Can be Most Pro-Israel

This warrants the Death Sentence to Republicans who have committed America to these war crimes - DEATH SENTENCES. Christ DEMANDS these trials to start tonight on America's Coast to Coast radio program. It's called first degree mass murder.

Israel broke the truce on Nov. 4th, yet state they will continue to murder Humanity indiscriminately until a truce can be found that they will break, as always, Being the Satanic enemies of God and Man according to the Bible:

The Bible "I know the blasphemy of them which say they are Jews, and are not, but are the synagogue of Satan."

Freedom Granted by Americans for Neocon Liberators

"Americans are having their heads velcroed to chairs and forced to take in nutritional supplements by a tube forcibly inserted through their noses by US guards."

These are People not charged with any criminal offense don't forget. Die bushite die you know is what I recommend, as does Reagan. A dead bushite means you've saved the life of their next victim, an Innocent Human Being guilty of no crimes. The war criminal enemy is the bushite, the Zionist, the LIAR neocon traitor to Life as this Universe, along with every dumfuk grunt who serves tyranny for the bushmob at Guantanamo, Iraq, or Afghanistan. It is a soldier's oath to obey lawful orders only, but Cheney they don't take out with American Law - how come? cowardly fascist nazi whores for Zionism's evil as the ungodly that's why. Cowards dying for the escape of the Neocons from the 911 scene as reported publicly. - Vs. US. That's we whoever you are.

Widespread Suffering and Death
http://www.youtube.com/watch?v=gVdee2iXSVk&feature=related

Notice no one shoots at the blimp fire bombing the entire neighborhoods. And if it's phosphorous, that smoke is already deadly toxic. That is why it warrants the Death Sentence under International Law when used against OUR Humanity, as the most evil of Nazi War Crimes ever. The neoCON LIARS are the LIARS conning you here on our TVs and Radio dramas, in where, they don't want to openly take our public calls for real Justice. Bush and Cheney are traitors to the cause of American Liberty. To leave them free, is to leave America un-guarded from further transgression. So, them being "puppets" is even all the reason more to insist in their capture for trial by Jury. A Public Jury of our Peers. Now, who's in with You? You can count me in. and I bet willed to action, we will find others to be something of ourselves too.. Justice and Liberty for All. Equal rights given is what true freedom is as measured. Translated from the 'Alien' dialectic to Amereeze jank vibe; where is the fucking evidence here Neocon traitors who false accuse to lead us off the straight and narrow? It leads to Bush, Cheney, Rumsfeld, and Condi that's why I figure, you figure, they figure, we figure, so... what are WE going to do about this sacrificing for godless tyranny further then as unrepresented?

Israel Attacks Jews,
Silence from Mainstream about Violation of Law
http://www.youtube.com/watch?v=K1kt8qi0M-M

They kill Jews for money. They bombed Jews in Lebanon for money. They want to bomb the HUGE sacred Jewish communities in Iran.. wonder why? Zionists are not Jews, for Jews don't steal in God's good name. Nor target innocent beings for stolen gains. A zionist is a thief to life, and as such, needs to be formally charged for their criminal offenses, given lawyers, and upon a successful prosecution, rot in a prison cell and/or pay restitutions. YES. why? so not another innocent person must fall in their place as next victim to a zionist's public commitment to lawless tyranny for evil intentions.

Protest pictures from around the world (not on CNN)
http://www.rys2sense.com/anti-neocons/viewtopic.php?f=11&t=16496&start=0

Remember Israeli nazis to this day, insist as
DEMONIC LIARS, Hamas broke the truce - as Hamas
is responsible when they target school girls for
slaughter. They said the UN were secretly attacking
Jews, clearly a LIE as impossible to prove because
it didn't happen. But facts are the furthest thing
away from the godless false accuser Zionist con man
or demon witch LIAR like Livini. FoxNews calls the
demon witch a Jew! ANTISEMITES.

We can witness, Americans do not have the intellect
to understand what this means. See, LIAR Nazi Israeli
broke the truce to get killed Jews for money. A

regular fair for Nazi Israeli. Now, they state they will continue to indiscriminately murder humanity until the tin can rockets that travel miles stop killing Jews who hate Zionists. But importantly, it is Israel that wants Jews to die, so they can make off as Satanic with our stolen values. Just like the Bush family did with Hitler, that the Nazi Nation has no probs working gun in hand to wipe out Jews everywhere still to this day. Again, Nazi Israeli MURDERED JEWS in Lebanon as targeted. And leave Jews to starve to Death in Israel for more charitable aid they can use elsewhere. Public knowledge not disputed by any living soul on this planet because, the Zionist government admits freely to this. Israeli think being Satanic is worth it, for all the money and lives they can steal as enemies to Christ, Hillel, Mohammad, YOU, blahblahblah.

And, as demonic thieves, they steal homes from innocent god loving folks. US. But see the McCainiac HATES you as being a virtuous man or women, so they call for more indiscriminate carnage against Humanity, on failed hopes, that we as God are not going to come down to hunt them to the ends of this earth, try them, and have them executed for the war crimes of Torture, Rape, and mass murders committed for the neocons escape of 911.

Don't want an intellectual who might have a clue of what is transpiring with the forces of Satan, fuk, CNN'll likely hire him also. Don't you just hate this treasonous lying nazi demon? He has no journey man's license, never did, isn't a plumber, and doesn't have the millions of dollars he claimed he did to purchase a company that would have rolled over 250,000.00 a year for himself alone plumbing. Plumbers, as good as the job is, never generate that kind of money. Who cares though, right? A Nazi liar is what Zionist's want, and that is what America gets. TV'ed Americans couldn't care much less. Evil nazi McCainiac who's sworn existence, is to con teen soldiers for death to raise the fortunes on the un-elected Neocon bushmobsters now fancies himself a teacher on the struggles against evil. It's like that faggot at anotheruntoldstory.com, who's into murdering innocent Gays, while fucking his own brothers up the ass, who runs ads everyday at GCN, tells US now, all about how evil we all are for demanding Justice. How long do you think that'll run with the Alex Jones towners still raising no concerns? It's for the money as Ron Paul would say.. Again, it is to divide ourselves from true liberty, by demonizing the innocent on our radio and tv channels. Instead of Bush, Cheney, Rumsfeld, and Condi.

Read of the bushite in my America who call this work of Satanic enemies, a good thing they support to war terrorism for the sadistically evil liars of the neocon. Then KNOW my friends, a bushite is the enemy of every living soul on this planet. Have no love for those in the Air Force, the enemies of Man who bomb our families without excuse, but to know, they hate US as Christ to speak free for Humanity. That DEMON George Noory was so happy last night about all the good the bankers AND CHENEY are doing for their hatred they spoke of for all Russians. SEE? not to protect America, but to kill you with their true commitment to the demonization of innocent people, all to escape the neocon terrorists. I HATE George Noory more than anyone alive in America. He is so openly evil to ourselves, that only those who wished to lie to you, (like Alex Jones does about Ron Paul), would say otherwise as bushite dumfuk enemies. Cowards committed to escaping Bush and Cheney for treason against Freedom. They doctored the NIE on Iraq, highest of war criminality. Alex Jones has never mentioned it, but for MAYBE in passing. Hey because all the bad guys are just puppets to ignore over the elites, globalists, socialists, liberals, gays maybe, Blacks, Mexicans, and anybody else smarter than NWOer Alex. Ron Paul is a coward as rarely if never has a clue of which he is speaking on.

Israeli PM says to end offensive if Gaza ends rocket attacks

Sarkozy urges Syria to press Hamas for Gaza truce

How does the ungodly get away with this obscenity? Nobody can deny Nazi Israeli broke the truce, as they always have done as Satanic for the last 60 years. Killing Jews for money is popular with the Zionist Nazis don't you know us by now? FoxNews CONNED Americans for DEATH with the unmentioned, TREASONOUS

doctoring of the NIE. To kill Americans for more neocon gains, which Alex Jones never mentions either. Do Americans even care enough to raise Humanity's call? Do they demand public executions of sadistic godless Zionist torturers? as the Standing Law of America - The War Crimes Act - brought to be by Reagan - DEMANDS by the Law of America? It is the Law after all, yet, CNN, CBC, and FoxNews calls the perpetrators of the most heinous evil against Mankind, heroes. America is
a nation of godless cowards willing to die murdering innocent Christians in Israel, all for the profits of the 'magical' zionistic private bankers. Bushite grunts are now supporting the indiscriminate carnage, serving as police services forbidding any of the prisoners in Gaza from fleeing the indiscriminate slaughter. Again, as Satanic, they don't arrest the "Suspects", for what could they truly charge them with?, no instead demand we die helpless murder victims by forbidding escape, as they did in Fallujah murdering more than three hundred thousand innocent souls. Die bushite die screams to all men on Earth from the Son of God. Will you stand for YOUR life as truly worth something here? Like lawless enemies Policing your reality will bring you more happiness and prosperity with the great truth teller HAPPY George Noory? The demon who openly confesses the will to want to murder all children in around the age of 15? Too crazy for you to face such an enemy of huge demonic origin, so, go the cowardly way like Alex Jones as sell out slave instead, to cover the demon with endless praise on his treachery to not have our fight on everyday with open calls for understanding Justice is freedom. Instead of a constant stream of bushite dumfuk enemies of Living. This isn't complicated. Or it doesn't have to be.

Israeli nazis state they will murder humanity indiscriminately until rockets stop falling on their country. Yet, they broke the truce.

Alex Jones told US as a deceiver, he's been on Coast to Coast a hundred times. Not in these last eight years he hasn't. I demand Alex prove this, or be known by all far and wide a treasonous liar, trying to take US off the tracking of criminal action of his buddy, the demonic enemy LIAR George Noory. bin Laden didn't do 911, despite the facts that WE KNOW George Noory knows better of but LIES to con the American teen further for death at the profits of the un-elected bushmob. See Alex wants you to blame anyone but those directly involved in the crimes of 911, or Iraq, or those responsible for it's cover-up by Zionist propaganda. George Noory will have as invited guests whos only function there is to spread dis info as supporting more indiscriminate warfare for the escape of the neocon terrorists responsible for starting the illegal wars to begin US at. Or those whom often support torture, a war crime that only exists as irrationally held by those who's minds have only a blind hate for the indivisible rights of another innocent other. And often truly hate men and women for being Just as wise. The McCainiac Zombie video is a perfect example. When the Zombie is asked about the rights of Women, the McCainiac Zombie cried out for raping more Women. The position of authoritarian power, was only found with the bushite as oppressor, rapist, torturer, or Air Force Bomber, not liberation by freedom. The bushite McCainiac KNOWS it can't compete openly to defend it's criminal treasonous actions! Remember, Alex "the Conservative" thought McCain was the choice if you had to make one, earlier on, then changed his position, sort of, later by calling them all puppets not worth the effort, but .. Obama's idea's matter not, it's that his Birth Certificate is, no war too be fawned. Palin? who's she? McCain firebombed Vietnam as "war hero" for France? The Banker doesn't cover our loans? Matters little.

Norwegian doctor: Israel intentionally targeting civilians
http://rawstory.com/news/2008/Norwegian_doctor_in_Gaza_Israel_targeting_0105.html

"All that is happening in Gaza here now is against international law, it is against humanity and I think it is against what it means to be a decent person. You don't treat other people like this. Even if you disagree with him� maybe even if you fight with them, you don't treat civilians, children and women like this."

Israel deliberately targeting civilians in Gaza
http://www.youtube.com/watch?v=Ev6ojm62qwA

It was almost acknowledged on CBC radio that nazi Israelis, use the argument that a tin can rocket traveled miles, to kill some innocent Jew as a direct hit (likely a person who hated godless NEOCON), all because that nazi state has OPENLY, as PUBLIC policy, stolen water and food including baby formula, along with a huge list of other atrocities, to punish God and Humanity since way back before three of four truces. AGAIN, Nazi Israeli always, as ungodly, break their truces. Why? Because YOU, or Christ as any Jew's life means nothing, to all the 'free' billions they'll get from given American worker wages. Look, Americans refuse to call for the arrest of Bush on their national, "truth telling" Coast to Coast radio program. Why? Because, for one, George Noory, (Alex Jones' best buds), has told US he's into killing innocent kids as powerful, and that 'bin Laden did it', Is good enough for US. You don't get a say here however how you will live or die. George Noory calls all grunts heroes, and those who refuse criminal orders, those he wishes to go ballistic on. Yes, it's true, George Noory is still alive and happy as ever.

Rise Up for innocent Life, or don't and see where it'll get you in the end.

Again, every soldier in the Air Force serving for the neocon liar is a traitor warranting death, to save the lives of their next innocent victims. They have murdered more than two million people in Iraq. They are pushing heroin into America from Afghanistan. They are raping AMERICAN women as officially "LAWLESS" (can't be arrested but through Rumsfeld - who has not seeked any prosecutions for the raping of American Peoples. He, as Neocon, is TRYING to DESTROY FREEDOM For all Americans in America - while paying with American wages, South African death squads to murder Black men) and TV'ed Americans refuse to speak for Justice denied themselves. Zionist amerikans only see US as innocent others, not themselves to pay, but they do pay, they will pay. God, nor John will not live in a world where bushite grunts walk freely down our streets as first degree mass murdering rapists, torturers, and thieves. Celebrated by CNN, CBC, and FoxNews. Especially when they DEMAND they have greater rights than Human Beings. Mass Murderers deserve immediate death sentence to defend ourselves from their demon lies and betrayals to God and Man. Every CBC and CNN reporter who reported Russia attacked Georgia unprovoked will warrant trial, then death sentences for their total commitment to the Satanic NeoCON enemy war

criminals. Remember: they targeted for murder,
helpless innocent families. YOUR family. CNN
wants you to blindly believe, CNN personalities
like ENEMY George Noory are so happy, why would
we think they willed death against our great
Humanity by conning you for more stolen money
through the sacrifice of YOUR life for zionist
criminals who laugh at your powerlessness to
raise your voice for Justice.

Satanic Enemies of Christ

CNN with Blitzer allowed reported on Larry King that Hamas broke the truce, without any uttering of fact. While when the nazi israelis were accused, just minutes earlier, Mark Regev could say only silence. The zionist Satanic enemies of Jews speak only silence, because they know they are satanic enemies liars of Human will.

Again, these SATANIC enemies break their truces everytime, then state, it is Humanity's fault because CNN will never ALLOW the humans to know. They are murdering innocent People in hospitals for example, or those in a Church, just as amerikan bushite nazi grunts do for the escape of the neocon zionists responsible for 911. To hunt a lawless bushite nazi grunt, and kll it instantly is to defend it's next innocent bombing victims. Bush and Cheney closed 911 investigations on 911, therefore killing a lawless bushite traitor for our Humanity is just to get ourselves together to arrest those responsible for mass murder on 911. The deaths of bushite zionist liars is a mercy given for the love of God. Die bushite die.

Israel Nazi State

Israeli nazis state they will murder humanity indiscriminately until rockets stop falling on their country. Yet, they broke the truce. They always break their truces. Understand these Satanic enemies of God, dropped seven million land mines on Lebanon when learning the conflict was over. They will kill Jews for money, THEY are

the Nazis. Nazi Mark Regev is clearly insane.
'It wasn't israel that started this' He could
not stand with any man without instantly being
exposed to All of Humanity as a war criminal in
need of immediate public trial for death sentence.
These are only innocent people being bombed. In
a concentration refugee camp. Look, it's a prison
camp. And if YOU
were a prisoner there, and Texan child rapists are
something you'd wish to defend your community
from, you'd maybe join the Gazan police force, run
by Hamas, a political group democratically elected.
All police officers in Gaza, Nazi israeli claims
warrant 1000 lb bombs, not warrants for arrest for
a criminal offense. Remember, it was Israel that
broke the truce, as so is spoken by Palestinian
government officials speaking internationally -
using the example from November. But understand,
as Satanic fraudsters, they always fuck over Our
Innocent Humanity this way.

What kind of "Human" would commit such crimes
against Life? Cheating Liars for Satan God tells
YOU.

The Bible "I know the blasphemy of them which say
they are Jews, and are not, but are the synagogue of
Satan."

Look, these enemies of Life steal INNOCENT PEOPLES
HOMES as thieves of The King of Jew's simple philosophy.

The Reality of Zionist War Crimes in Gaza

The zionists aligned with Bolton are using
radio-active weaponry against all Christians.
What do "Christians" in America on Coast to
Coast have to say? Nothing because that demon
enemy of Life George Noory, the pro child
killer, insists as Truth's closest most
bestest friend, bin Laden did it.

Gray Ghost

/ / Funny thing noone ever shows pictures of the scumbag Hamas rockets falling on Israeli civilians, but the nooz is full of Palies suffering. Fuck you all I hope Israel exterminates the vermin. \ \ He can advocate the MURDER of innocent people for the neocon liars, and Google doesn't destroy his account?

Remember Zionist Nazi Israeli started all their murder rampages against Innocent Peoples for 'free' welfare money, as broke the truce with, IDF funded Hamas on Nov. 4th. They have been indiscriminately bombing People with excuses that never do add up. Example: Nazi Israeli stated they were in the right to murder ANYONE in a car or truck in the entire nation of Lebanon, (especially in the Jewish communities) because like enemy "Gray Ghost" would say, all those innocent Peoples deserve TO DIE AS MURDER VICTIMS for his sadistic ungodly pleasures. Remember, Nazi Israeli didn't mention this until thousands has already been murdered, then even still, without radio, TV, or newspapers, telephones, or sky writing how were ONLY THE INNOCENT JEWS as officially targeted to know? Then the seven million land mines to kill innocent kids for generations. To the enemy of Life, Gray Ghost it matters not that Israeli started the conflict by sacrificing nazi vermined trashed as Satanic dumfuk enemy soldiers sent across the border, to Grey Ghost, all it knows, is Justice must not be allowed to win this game for our human race, for he would be truly seen as a sadistic enemy of Freedom, powerless, or rightly dead for his proud treasons against life in this universe.

ZIONIST DEMON LIARS TO SHOW HIT ON TRUCK FULL OF ROCKETS ACTUALLY HIT TRUCK FULL OF WELDING TANKS
http://english.aljazeera.net/news/middleeast/2009/01/20091117737115874.html

Please John begs all People's of Humanity, Americans do not have the courage to even speak concerns for their dying as evil state of godless private banker ruled blind tyranny. 'Duh, yeah give billionaires trillions, trillions, TRILLIONS to help the poor homeless mothers poisoned by FoxNews CRIMINALLY.' Gawly je, I dunt no y dat detnt work-ed' - o wel, cary ohn my wayward Son.

Livni: Gaza truce would give Hamas legitimacy

See? this is why NAZI I$raeli thinks they have an excuse for bombing people indiscriminately to break a truce they signed on to. This isn't a one time, maybe two time occurrence, but every time in the last 60 plus years the zionists aligned with Hitler have. Satanic enemies of Humanity.

ANTI-SEMITE is FoxNews every time they assault God with "Israel, the Jewish State" to torture, steal, and murder.?. ANTI-SEMITE!

The Ungodly Zionist - a report from the front

/ / The most recent victim of Israeli airstrikes was 10-year-old Ismail Hamdan \ \

To the Satanic enemies of Man, the Ungodly Zionist, an innocent murder victim's life can not be allowed a defense such as the charge of first degree murder against Netanyaho because, he states no Justice to any who believe in the Jewish cause, as Hillel, of freedom as Liberty for all. If Jews ran Israel, Netanyaho would be chastised publicly by the Humans, for sanctioning the criminal acts of first degree murder. The nation of Nazi Israel STEALS Peoples HOMES. What other nation on this Earth commits such willful crimes against innocent Human beings OFFICIALLY? Steals homes from god loving innocent folks and labels it our 'Justice system'? Who? Neocon Amerika, the nation that gave trillions to bankers recently on only prayers that their gods will maybe lend some of their own money back to them at high interest. But alas, evil is the deceived disguised, as in their deep ignorance of money and virtue, they do not understand, the private banker never covers the loan. Never does a private banker reach into it's pocket to borrow US to begin with - so as a consequence, the bankers have just pocketed all the 'free' loot for nothing, TRILLIONS, and are not saying why should they help anyone else with charity? it's the amerikan way. Instead, hate the wise socialist who designed a working good traffic signal system, where lives are saved and congestion is eased, or hate the white man, the black man, different People. But never Mr. Bush, Mr. Cheney, or Rumsfeld, the neocon traitors who closed criminal investigations immediately after the crimes of 911 occurred, who doctored the NIE to con America into death, and never slight the trillioniare private banker gods, who have stolen/taken our public authority through war criminals in Congress. Taken from all others to bring us a much poorer world suffering due to our speakings of contempt for Justice as christians in America - who claim in silence only indignation for real Christian families robbed or murdered Officially by the zionist state of ungodly Israeli, paid for by dying America. Americans refuse to raise their phones for the arrest of the bushmob for capital mass murder, so, what's private trillioniare bankers walking away with the entire economy in free fall going to do for them, when they are already to death for the glorious Zionist Neocon thieves of Civilization? Proudly in hatred for Innocent Humanity. Again, Hamas was founded by Zionists in the IDF, to kill Jews for money - public record. Jews starve near death in Garbage dumps of Israel, all because the Nazi Zionist UNGODLY government states it is beneficial to starve Jews, for, they will receive more humanitarian aid THEY can use elsewhere. Public knowledge. Zionist liars murder innocent Jews for money, like they did in Lebanon, and like the zionists did on 911 by forbidding the pursuit of the terrorists by following the crimes scene leads at the real murder scene. Unjust enemies of Man.

To arrest those responsible for 911, we are going to need to form a public warrant for a person or persons. Bush and Cheney are guilty of closing investigations on 911, treason, called obstruction.

UnHoly Nazi Israeli Racists are Greater
than the censored words of Messiah!

IDF's YouTube Gaza channel to Correct Ourselves

/ / it will disseminate footage of precision
bombing operations \ \

Precision? They dropped seven million land mines in Lebanon, after having seeked out where the Jews lived, (Northern Lebanon), and murdered them firstly! JEWS. They, as enemies of God, like those of FoxNews, will refuse these type of FACTS on their hatred for Love and Justice. Their hatred for Jews, real Jews, like me. Understand: American baby formula has been contaminated with poisons, and FoxNews doesn't think it's important to their corporate responsibilities to kill ourselves further for profit. The Zionist will murder anyone just to steal your belief in God as Love. They HATE me for being wise and Just. Hate. For, why wouldn't America support my demands for open radio communications on the Coast to Coast radio network? Americans would rather murder Humanity before Justice succeeds beyond their illusions of grandeur through the mass murdering of ourselves for stolen gains. The banker does not cover our loans! Giving them trillions for free unquestioningly is dumber than rocks. Enough.

Fake Rocket Attack
http://xymphora.blogspot.com/2005/02/fake-rocket-attack.html

Remember however, the Zionist has no qualms about killing Innocent Jews too if it means Americans will get it more free welfare to murder ourselves. They openly STEAL Peoples homes in that nation run as thieves don't You know? Or as it is just open public knowledge that the Zionist excepts that 911 was actually a good thing for them as war criminals reaping the cash rewards for continuing capital murders?

/ / Ehud Barak promised that the war would continue �to the bitter end.� \ \

That is you there Barak promises to end bitterly as the innocent the demon targets for ungodly murder. How could ANY REAL MAN steal food from a Christian baby? How do they do it?, as the inhuman. (Like bushite do in Iraq, while on CNN in interview tell US, they are there war criming for neocon traitors to steal everything as "helping the Iraqi children". They offer no clean water, no food, just indiscriminate bombing campaigns of evil incarnate. True fascist nazi enemies of true freedom in America who advance censorship to anyone like myself. Why? They lose. They are not men but Satanic enemies of the King to Jews, the Messiah. I Am. Thieves to the scriptures of Hillel, and of Moses. Thieves to the intent of every true religious person, for God is everywhere. God is the Word, and the Word is Holy. So, fuck you and die bushite nazi traitors to American Justice, those of them who refuse US open free words to resolve their war criminal behaviors as is done in godless Israel today against INNOCENT Christians. Done before another innocent other has our homes stolen, or is murdered by the lawless grunting bushite dumfuk enemies of Jesus Christ. I am King already, always have been, always will be. Live with it. The Koran is filled with great understandings on this relationship. Christ is mentioned more than Mohammad - and Mary can be understood as the mother of all being before we are. a virgin.)

Look humans, you've
had your fun murdering yourselves, now the wise people will compete for bettering ourselves by understanding. Who the fuck are these illiterate monsters at CTV national television? and how can they willingly keep our soldiers in the dark dying that way by simply smiling? Are they experts in anything? are they respected researchers? writers?, politicians?, civil rights lawyers? - do they even respect ourselves enough to be warned of vaccines? NO, instead they LIE with such contempt for Humanity I am surprised Canadians, don't speak out more.. perhaps they do, it's just CBC, CJOB, and the Winnipeg Free Presses of our World make no attempt to inform ourselves about it. They don't take my thousands of calls, how about Yours?

Life is real to know, if you seek, and not go so freaked out as Living is as it always has been. Knowing God is cool, 'amazing', yeah, whatever, but we are of too this real world suffering for our lack of respect for a wise person speaking. I WANT FREE PUBLIC DEBATE FOR JUSTICE AS ALL INCLUDED. Now really, is that too much for US to ask freely? What say you Googler? Afraid I will truly make your banker gods look like fools?, the gods we all give more than half our lives to for nothing? Don't want to look truly dumb as deathly ignorant, so censor US all themmers you are too in command of your Fate. So be it. See? Stand in. I didn't even really do anything there, yet it's written, it's done. A Miracle! Imagine: your Christ! YOU. now what are you going to do.. time is ending for you remember, now what are you going to do? Will you pick up your magic phone and call likewise for

Justice denied, or will you crawl up on your cross and die in silence for the glorious Zionist aligned with trillioniare private bankers and Satan? Christ is of all peoples. Your on a mountain.. You've raised yourself from death already, and your here to do something greater for the love of God.. what's your plan for the common man? Welcome to the real world my friend.

Morpheus 'Nobody can tell you what the Matrix is, you have to see it for yourselves. .. all I am offering is the truth Neo, nothing more'

Lawless Police to Defend Who Again?

They Call it Terrorism

"Israeli nazi enemies call bombing people, like they do without apology, terrorism. What can't you figure?"

CNN TODAY

/ / Stand down 'Christian' nation. It's not your babies. Ethnic cleansing is not a 'sin' as long as the 'chosen ones' of Israel do it. \ \

Israel, the nazi enemies of God nation broke the ceasefire on November 4th. Now, as demon liars claim they want to honor a ceasefire again to further steal ourselves from the Love of Justice. Why do the godless Zionist do this always as first degree murderers? Because they can't win an open debate on their treasons against God and Man. The private bankers DO NOT cover our loans. Again, these SATANIC ENEMIES OF GOD dropped seven million land mines on Lebanon while target killing JEWS. INNOCENT JEWS. Targeted. Northern Lebanon, look it up. Israeli MURDERED Jews. Innocent Jews as targeted for more stolen charity. I again, beg you to support my call for war crime trials against the bushmob, including CNN demons who report a total contempt for YOUR life dying. Your call loser.

ISRAEL: No civilian casualties in Gaza!
http://uk.youtube.com/watch?v=RlZd3vR6Kzk

Satanic enemies of God as anyone included.
Think: who buys these demon lies to steal
further from our innocent Humanity? Zionists
do at CBC and CNN, who will murder America
by openly lying to destroy freedom. Example:
CNN reports Georgian nazis who targeted
children schools, churches and threw grenades
into our homes to murder as minions for Satan
are called freedom fighters. Just like the
Third Infantry, the new lawless police officers
of California, who can't be charged with rape
for example, because ONLY Rumsfeld can okay
such prosecutions. Hey who cares for Iraqi Rights
right?, for TV America's CNN with FoxNews and
George Norry doesn't, for it's only American
women and children now right nazi enemies? And
WE ALL KNOW, cowardly America refuses to even raise
their phones for these dying concerns. How can
George Norry continue to live happily dying
America for the neocons? How? they let them.
Alex Jones thinks George Norry is just
fantastic, so no, don't encourage the NWOers
to demand free communications, because if we
did, Alex Jones and the like, would factually
look like the idiots he is. (better to die
America than face this foolishness?) The
banker doesn't cover our loans, we do Alex.
So giving them trillions in American worker
wages is a bank robbery in progress. Simple.
NOT a diabolical ingenious plan, we, the simple
folk can't figure without the Alex Jonesers
geniuses of thought control developed by the
CFR, builderberg, the Boners and NASA.

Obama stated all lawless soldiers who war for
godless Zionism are heroes, which includes South
African death squad goons who murder my nigger
friends. AEGIS. I call them lawless enemies of
God, deserving death sentences to save the lives
of their next innocent victims, Obama calls them
heroes warring for the escape of the neocon
traitors responsible for 911. Who are you going
to believe?

I would like to get a portable scanner for use in Chicago. I live near US
Cellular field so I am not too sure about interferrence I might receive. I
am particularly interested in monitoring CPD, ISP and CFD. I am also
interested in monitoring Midway airport tower (assuming the distance isn't
too far for a portable: about 5 miles).

Since CFD is testing digital and CPD has digital channels assigned is it
worth spending the money to go digital now or should I wait until they cut
over? Who knows when that will be.

I am retired and money is limited, but I would rather buy what I need now
rather than buy something that will be useless in a year or two.

I would appreciate your opinions.

Thanks,
Joe

Hi Joe,
Sorry no one has answered so I'll try to help.

My personal thoughts, I like BearCats (Uniden)

They make a very nice little scanner that fits on your belt and looks just like a police radio and they work great.

Be sure to get some software so you can load the local freq's. You should be able to load about 300 freq.'s and that will cover most everything you want to listen to.

I buy most of my stuff from:

http://www.universal-radio.com/catalog/index2.html

http://www.grove-ent.com/

Also, be sure to get the latest freq. updates from some of the "Online" clubs that have freq list.

Hope this helps, I keep waiting for someone in you area to answer.

Let me hear from you

Thanks for the info Burr, it is appreicated. I too like the size of the Unidens. Since the BCD396XT is due out next month (unknown cost), I am not sure if I should wait for that or even better, pick up a 396T for less! It looks like ESK support is what has been added to the XT (GRE's PSR-500/RS Pro 106 already supports this).

Since Chicago area Emergency Services are just now getting ready to switch

to digital, I am not sure if the lack of ESK is a show stopper, but I
imagine in the near future it will be something I want.

If anyone has any specific info on the Chicago areas move to digital, I
would appreciate hearing what you believe is necessary.

By the way Burr, I have been through the Bulacan area several times during
my 6 years of being stationed in Subic.

Maraming Salamat Po.

Joe

Joe,

Why don't you call Universal and Grove and talk with them. They have some smart people there and they want your repeat business so they will tell you the truth.

It's not what you know, it's what you are able to find out on any subject!!!

Burr

You can purchase printers and scanners from any of the leading dealer stores in the market; but, there is another way you can purchase them. You can search for them on an online shopping store.

Printers and Scanners the two ------------- of latest technology are the biggest asset one can have in office or home. Few years back, one would have to wait in queue to get their print out or to get their copies scanned. With the latest printers and scanners, making entering homes and offices, things have become easier. Now one can simply take a print out at their home with the printer attached to their computer or get the huge 500 pages book scanned in a matter of few minutes. Printers and scanners have made life certainly easy.

Epson, Panasonic, Lexmark, Samsung, Brother, Canon, HP are some of the most famous names when it comes to printers and scanners. From latest features like interface, ink droplet size, paper size, print speed, noise level and buffer system, these hi =96 Tech printers are the pulse of a number of organizations.

Assuming that the 8000 and 7000 are same radio (base vs HT)
there is a 7000 English manual at

Well you guys have told me just about everything I knew was out there.
I'll find any of these frequencies interesting if they say interesting
stuff :) I mean for instance can you tell me what type of stuff you
hear on police, fire, aircraft, military, etc. It seems to me like I'd
fall asleep waiting for something interesting but I don't know.

Police sounds like the most interesting, I know the news reporters are
always listening to that to get the scoop, though I don't live in a
bad area. I live in New York but away from the bad neighborhoods so I
think I'll just pick up chatter about moving violations lol.

>> Is is so important that you go to Burger King?

No. But as I sid, there are very serious legal implications to it,
eeven if you don't go there. Such as if you're in a car accident
through no fault of your own and your car just happens to land on BK
property.

Aren't there other junk
> food places in your town?-

Yes. But they're all closed due to road construction.

They even have signs up on those restaurants saying that the
restaurants are curently closed due to road construction.

The road construction there has been going on there for a few years
now, and the finished parts of the road are now worse than before they
began!!!

The road didn't need any road construction at all. Until after they
decided and started doing it.

Okay, they're not all closed.

Some are.

They have a McDonalds at the visitor entrance to Tampa General Hospital..

I got weak once and ordered a double cheeseburger.
I stand strong when I say 100% beef means lungs and stomachs.

I will never eat at McDonalds again.

Hello everyone

new here... just got myself a Pro-96 while it was on sale for only 200
bux, not bad I think.

anyways, I live in Boca Raton, FL and would like to tune into their
PD.

I also wanted to setup PBSO, and miami dade and whatnot, but i'm
reading the manual here and i'm bit confused.... I got this one knowing
it is APCO-25 capable, so i should def be able to listen to most if not
all PDs.

any help is appreciated, thanks!

What I did (I don't know if its that easy... I probably did it wrong)
is -

PGM - FUNC then went up and picked bank 9, ch 01

pressed trunk until motorola came up.

went back to PGM and then put in 853.7875 (Boca Raton Police-F1-Main
Dispatch) that I got from here -
http://members.optusnet.com.au/extremescan/usa/florida_fl.html

and pressed scan for bank 9.... nothing comes up however =/

Radio Shack has a real sale going for a few more days
PRO-106 & -197 for $299 and free shipping

"chesucat" <me@privacy.net> wrote in message news:gh4dk8$8m0$1@chessie.cirr.com...
I noticed that Radio Shack has a digital capable scanner on sale until Christmas, called the PRO-106, for $400. What is the difference between the PRO-106 and the PSR-500? The only difference I can see is the PRO-106 has a little wider coverage around VHF-High T band and it doesn't come with a AC power adapter and PC cable adapter.

```
  PSR-500 Frequency Range   PRO-106 Frequency Coverage
* 25-30  Amateur Band 10 Meters * VHF low 25.00000-54.00000MHz
* 30-50   VHF Low Band
* 50-54   Ham Band 6 Meters
*  108-137  Aircraft Band * VHF aircraft 108.00000-136.99166MHz
*  137-144  Federal Government * VHF high 137.00000-174.00000MHz
*  144-148  Amateur Band 2 Meters
*  148-174  VHF High Band
*  216-405  UHF Mil Air Band * VHF high 216.00250-299.93750MHz
*  406-420  Federal Government * UHF low/t 300.00000-512.00000MHz
*  420-450  Amateur Band 70 Cm
*  450-470  UHF Band
*  470-512  UHF "T" Band
*  796-824  800 MHz Band * UHF high 764.00000-960.00000MHz
*  849-869  800 MHz Band
*  896-960  800 MHz Band
* 1240-1300 Amateur Band * UHF high 1240.00000-1300.0000MHz
```

Also, the PRO-106 speaker is supposedly a little tinning but at least it on the bottom of the scanner. How is this OOUI paradigm different from my Uniden BC246T's dynamic memory model? Thank you for your time and assistance!

Entering JUST the one freq will not always work with the
the trunked digital systems.

Here is the Radio Freference info on the freq for your city area.
http://www.radioreference.com/apps/db/?sid=197

then get a copy of Don Starr,s Win96 program and the
Radio Shack USB-scanner interface cable CAt#20-047

http://www.starrsoft.com/software/win96/

You can Download and try the program free for 30 days

IMHO:
its WELL WORTH buying it..

took me a whole day to figure it out. apparently I was doing it wrong. I found out there is another page on radio ref where it has trunk information as well.

got it working pretty well now, but I got a question...

it always scans through the banks I have on.

How can I select a certain talkgroup ID, and only listen to that? there are 2 ways I can do it now, which is a major PITA. lock out ALL other channels except the one I want (which is a lot of locking/unlocking) or wait til I hear the talkgroup talk, and press pause...

is there a way where I can go through the talkgroups and select the one I want it to tune to???

if you have the manual, go to page 91
see paragraph at top of page

basically you manually select the talkgroup ID, then press FUNC TRUNK
this puts that ID in HOLD MODE directly

works on my pro-96

If Federal law truly supercedes state law as hams claim they do, then
how are local state laws prohibiting using scanners to monitor the
police legal???

The federal ECPA law clearly says that monitoring police transmissions
is specifically allowed.

From anywhere in the U.S.

And "anywhere" would inclide from a vehicle.

And if I recall correctly, the ECPA even goes so far as to say that
monitoring of police may not be prohibited.

Just my .2 worth, as a truck driver we always go by the most stringent law
be it the state,fed, or local, just to be on the safe side.

okay. After posting, I just tiik a look at the federal ecpa law again. And IF the hams are correct that federal law ALWAYS supercedes anf trumps local and state laws, then it is legal for cbers and other non-hams to have scanners in their vehicles no matter what state and local laws say.

The ECPA clearly says it shall not be unlawful to listen to police transmissions (as long as they're unencrypred).

And it does not mention any places where you're not allowed to listen to them.

In other words, it shall not be unlawful period to listen to police transmissions.

Anywhere within the U.S.

Unless of course the hams are wrong and state and local laws supercede and trump federal law.

Which is it?

state and local laws superceding and trumping federal law so non-hams listening to police transmissions in their vehicles is a crime.

or federal law superceding and trumping state and local laws so non-hams listening to police transmissions in their vehicles is not a crime.

copy of part of the text of the FEDERAL ecpa law:

"(g)it shall not be unlawful under this
chapter or chapter 121 this title for
Post p. 1860 any person---

"(i)to intercept or access an
electronic communication made through
an electronic communication system
that is configured so that such
electronic communication is readily
accessible to the general public;
"(ii) to intercept any radio
communication which is transmitted--
"(I) by any station for the use
of the general public, or that
relates to ships, aircraft, vehicles,
or persons in distress;
"(II)by any governmental, law
enforcement, civil defense, private
land mobile, or public safety
communications system, including
police and fire, readily accessible
to the general public;"

There you have it, folks. It shall NOT be unlawful to intercept any radio communication which is transmitted by any governmental,LAW ENFORCEMENT,civil defense,private land mobile, or public communications system INCLUDING POLICE and fire, readily accessible to the general public (meaning not encrypted. If you can hear them on a regular analog scanner, they are definitely unencrypted.)

That is federal law.

"(III) by a station operating on
an authorized frequency within the
bands allocated to the amateur,
citizens band, or general mobile
radio services; or

Interesting because even after the ecpa passed, certain hams around my area told me that it is against the law to listen to ham radio at all on any radio reciever unless you have a ham radio license.

"(IV) by any marine or
aeronautical communications system;

I've listened to the airband. Boring.

The problem with your logic chain starts with the assumption that federal law supercedes state laws. In some types of statues dealing with universal rights (freedom to vote, anti-segregation and other types of statues relating to civil rights) it does. When it comes to general regulations, deference is given to state and localities. Conservatives have long trumpeted this division of deference to be the linchpin of shared federalism between the national gov't and states.

Study constitutional law, it matters!

Irregardless of the ecpa, try to listen in on military tactical comms and let them find out about it.. they tend to call that espionage. Which is why most scanners don't have the tactical freqs. in them...

Also, it depends upon your USE of the intercepted comms. There is an enhancement for using a police scanner in furtherance of a crime.

You should have studied for that PhD, then you wouldn't have had to lie about having one.

I am looking for a a schematic for a PRO-2011 scanner. I undersstand this was made for Radio Shack by GRE and that GRE may have sold it under a different model. I would like to get this schematic to look into creating a computer interface modifcation. Info on locating a schematic or its GRE counterpart would be greatly appreciated.

Yes you should,
Ever hear of the commerce clause?

There are thousands of Federal laws that trump State laws.

The bad part about the issues at hand is
the state can confiscate your stuff.
and you have to spend thousands to prove they were wrong.

It works both ways there are Federal laws that overule state laws and
stae laws that overule federal laws. Kidnapping is a state crime but
made federal if you cross a state line with the victim. All federal
civil rights laws trump state laws unless the state's is more liberal.
I think most federal laws have a clause stating how they relate to
state laws. As clear as mud isnt it. The American Civil Liberties
Union is the place to contact tfor information on specific laws. I
believe they have already been involved in some cases in Virginia.

hello,
  Am looking at the new Christmas gift trying to figure out how to
program conventional frequencies in this machine. No trunked systems
up here in rural PA. Would I have done better getting a Uniden BC 146
T ? Advice on programming is requested please.
Thank you

I also got the 404  error. His other link to qrz worked and I got this
```

working link of Palmdale's website mentioning ham antennas dated
December 2008.

This link is currently working:

This might sound like a joke, but it isn't.

You know those back up safety lights they sell to install in and on
your car that uses the frequencies in the

ham bands?

However, Burger King has signs up saying "no videorecording or photography allowed" and that "violators will be prosecuted".

So with that sign, Burger King is telling all of us that it is against the law to have safety lights on your car because it violates Buger King's rules.

They seem as bad or maybe even worse than Palmdale, California.

But you all just KNOW that sometime somewhere some city will pass a law requiring you to have those safety backup lights on your car.

Whch also poses a problem in federal areas where they say "no cameras allowed" and no photography" allowed since it's NOT easy and is actually a pain to keep uninstalling them and reinstalling them.

Such as if your city passes a law requiring them and you have to drive to your local social security office for some reaon, where they're prohibited by law.

Maybeit's an old retired ham or old retired cber.

To follow th law you must break the law. That is

To follow the law of no cameras permitted anywhere on social security/ federal property, you must remove them BEFORE you get your car on that property, but by doing so, you are breaking your city's law by not having them on your car while on city property off of federal property.

But following the law to have them on your car on city property means you must have them on your car until your car is completely off of city property which means until AFTER par of your car is on federal property and you're now in violation of federal law prohibiting cameras on federal property.

Of more concer is where radio transmissions are prohibited because of explosives. But you CAN't just uninstall them willy-nilly. Its too hard of a job to do that.

And who is Burger King to tell me that I'm not allowed to have safety lights on my car???????

yeah, some smart aleck is probably wanting to answer, "Well, he is the king."

Not in the U.S., he isn't.

Seriously, in my opinion, the Burger King company,corporation, whatever they are, has NO business telling me that I MUST drive more dangerously.

And that I MUST risk running over kids that are too small to see behind my car with the mirrors while backing up.

Or their pets.

Who is Burger /king to tell me that I HAVE to run over innocent little kids because having transmitting safety backup lights on my car violates Burger King's rules against "no cameras, no photograhy, and no videorecording?????

Guess what? With those safety backup lights transmitting on the ham bands, even if I don't do any videorecording, you just KNOW that there's probably going to be some ham somewhere in his own house watching it and videorecording it from his own house.

Maybe even several hams at their own homes videorecording the transmissions from the safety backup lights.

So take that, Burger King.

Of course, with their sign, they have already threatened to call the police and prosecute anyone they catch with any kind of camera on their property.

Once, even while inside Burger King, the manager came up to me and told me to get rid of my "camera" that I had because it's against the law and not allowed inside there.

Until I then showed him that my so-called "camera" was NOT a "camera" at all, but an Icom IC-R3 tv set.

Yes, the idiot BK manager thought my Icom IC-R3 radio/tv reciever was a "camera".

This might sound like a joke, but it isn't.

You know those back up safety lights they sell to install in and on your car that uses the frequencies in the ham bands?

However, Burger King has signs up saying "no videorecording or photography allowed" and that "violators will be prosecuted".

So with that sign, Burger King is telling all of us that it is against the law to have safety lights on your car because it violates Buger King's rules.

They seem as bad or maybe even worse than Palmdale, California.

But you all just KNOW that sometime somewhere some city will pass a law requiring you to have those
safety backup lights on your car.

Whch also poses a problem in federal areas where they say "no cameras allowed" and no photography" allowed
since it's NOT easy and is actually a pain to keep uninstalling them and reinstalling them.

Such as if your city passes a law requiring them and you have to drive to your local social security office for
some reaon, where they're prohibited by law.

Maybeit's an old retired ham or old retired cber.

To follow th law you must break the law. That is

To follow the law of no cameras permitted anywhere on social security/ federal property, you must remove them
BEFORE you get your car on that property, but by doing so, you are breaking your city's law by not having
them on your car while on city property off of federal property.

But following the law to have them on your car on city property means you must have them on your car
until your car is completely off of city property which means until AFTER par of your car is on federal property
and you're now in violation of federal law prohibiting cameras on federal property.

And who is Burger King to tell me that I'm not allowed to have safety lights on my car???????

yeah, some smart aleck is probably wanting to answer, "Well, he is the king."

Not in the U.S., he isn't.

Seriously, in my opinion, the Burger King company,corporation, whatever they are, has NO business telling
me that I MUST drive more dangerously.

And that I MUST risk running over kids that are too small to see behind my car with the mirrors while backing up.

Or their pets.

Who is Burger /king to tell me that I HAVE to run over innocent little kids because having transmitting safety backup lights on my car violates Burger King's rules against "no cameras, no photograhy, and no videorecording?????

Guess what? With those safety backup lights transmitting on the ham bands, even if I don't do any videorecording, you just KNOW that there's probably going to be some ham somewhere in his own house watching it and videorecording it from his own house.

Maybe even several hams at their own homes videorecording the transmissions from the safety backup lights.

So take that, Burger King.

Of course, with their sign, they have already threatened to call the police and prosecute anyone they catch with
any kind of camera on their property.

Once, even while inside Burger King, the manager came up to me and told me to get rid of my "camera" that
I had because it's against the law and not allowed inside there.

Until I then showed him that my so-called "camera" was NOT a "camera" at all, but an Icom IC-R3 tv set.

Yes, the idiot BK manager thought my Icom IC-R3 radio/tv reciever was a "camera".

Besides having signs up saying videotaping and photography are prohibited, Burger King also has signs up saying they have security cameras up (Well a leastsome of them do).

So Burger King has a double standard.

So here's some other things to Burger King.

Those car safety back up lights don't just transmit on one channel, but do simultaneously transmit on all four part 15 channels, two of which are ham
channels.

And not only can hams pick up all four channels, but other people who are not hams can also pick up all four channls if they want to and buy the
right equipment to do so.

And maybe I shouldn't tell them this, but your own security cameras Burger King uses can probably also be picked up by hams in their own homes
and by other people in their own homes who are not hams.

hahahahahahahahahaha.

So take that, Burger King.

You are the joke "radioguy" .
The Burger King sign says "no videorecording or photography allowed".

It doesn't say yo cn't have a camera or camcorder. It says you cannot
take photographs or video recording. What's your problem?
Either don't go to Burger King r if you go follow their rules.

What are your interests? I listen to police, fire, aircraft, marine, military, schools, some businesses, amateurs, GMRS, FRS, etc. If none of that interests you, then I guess there is nothing to listen to.

Oh please. If you are outside the "store" you can record anything you like. People do not have the expectation of privacy in public. This would include the drive-thru line at Burger King.

Burger King might be able to give you a trepass order and make it so you can't come back but I'd like to know what law they think you are breaking by recording your experience in their drive thru. I'll bet that law doesn't exist or doesn't apply.

What does this have to do with scanners?

And to add insult to injury, you'll have to spend your money to get your antenna installed, spend your money to fight the city's illegal rules, and then you'll have to pay your taxes.. which the city will use to FIGHT YOU and your antenna installation.

The Government(at all levels) passes all kind of laws that probably aren't legal or constitutional. They're supposed to at least try to pay attention to existing rules, laws, and the Constitution but frequently they don't. And then we the people have to spend our time and resources fighting the people we elect to these offices.

The real problem is no one pays attention to these things. Even if you manage to go to court, get these rules thrown out, the people who wrote them will not be penalized in any palpable way.

I had a HAM friend in a town near Sacramento who had to fight city hall on an antenna tower he'd set up. He had it up for almost 10 years before the city noticed.. and then tried to pull some permit nonsense to get him to take it down. Luckily he found a city clerk with half a brian, explained to them that the FCC handles these matters, and they left him alone.

Hey there,

So I've been living in this area for almost 4 years now. I've found most of the frequencies for the local services I want to monitor.

I have a county hosptial with a trauma center maybe 2 miles from my home. They have a helicopter that is always flying in and out.

Can't seem to find any info on what frequencies they would use. I'm sure
they talk back to base letting them know what is coming in, right? Plus
they probably check in while in-route.

This is for Valley Medical Center located on Bascom Ave in San Jose, CA.

Any info is appreciated.

Thanks!

Charlie

Burger King is public property, anyway. You can do anything you want on
public property.

Huh? You mean the restaurant doesn't own the property? I think they do, and they have the right to say no video recording on their property. Now if you want to step out to the side walk, which is public property and photograph, then you can take all the pictures you want. And by the way, you can't "do anything you want" on public property.

```
I don't see what back up lights and video recording have in common as
the original poster was complaining about.

They often use Calcord, 33.9600MHz. Check

Having safety lights that transmit pictures is photography, as far as Burger King is concerned.

I already had a BK manager tell me to get rid of my "camera" that I was NOT taking any pictures with inside since "cameras aren't allowed and are illegal inside here".

The reason I didn't take any pictures wth that "camera" was because it was NOT a "camera", but WAS a radio and tv set.

Lots of people take their radios into Burger King and listen to them with headphones out.

The idiot manager thought that my radio was a camera. And he wasn't a young kid either. he was a middle aged man.

I don't go there much anymore anyways, but it does have serious legal implications.

Suppose I'm on the public street and happen to get in a car accident that's not my fault, but is completely the othe guy's fault and his car makes
mine end up in Burger King's parking lot.

I can now be charged with illegallyy violating Burger Kings rules "no photograpgy allowed".

Even though I never intended to be at Burger King.

Since "evidence obtained illegally" is not permitted to be used as evidence in court, I would then now be unable to use the pictures from the safety lights
that would prove the accident was not my fault while I'm n court.

While I would be able to legally use thiose same safety light pictures as evidence in court as long as my car happened to spin and land somewhere off of
Burger King property.

But if my car spins and happens to land on Burger King property, that same legal evidence is now illegal evidence.

Also, some Burger Kings also have the "no videorecording or photography allowed" signs posted on their drive through windows where you pick up your food.

If that rule was just meant for the inside of the building, why is it posted where the drive through customers see it?

And if it's meant to address just the employees, why is it positioned so that the drive throughcustomers see it?

It seems the only reason to have it there is if the rule was meant for the whole premises, both inside and outside the building.

Also futher legal implications:

I don't know why BK has that rule, but if it's because you don't want your employees photographed, get this:

A car with safety lights installed does NOT even have to be on BK at all to photograph your employees.

A car with safety lights installed can be completely on the city-owned public streets and as long as your employees are in sight of whatever the safety lights see, the safety lights WILL transmit live motion pictures of your employees.

And other people can then videorecord your employess from their own home by recording those safety ligt transmissions.

Once a viideorecording is made, it's a simple matter to make stills from that video or even simpler, instead of bothering to make stills, just put up the video as you recorded in, in full glorious full motion video.

Since no one wa on BK property, and the videos of BK employees was not inteninall made by the person with the safety lights, and thepeople at home recording were just recording tv signl they just happen to recieve, and they were not recording any transmissions from BK cameras but were recording transmissions from the safety light cameras, and BK has no authority over the person with the safety light cameras since they were never on BK property.

What can and can't be installe on cars is the business of whoever in the state controls vehicle laws, NOT the business of Burger King.

And I very much doubt that any city,county, or state would even consider, let alone passing a law that makes it against the law to have SAFETY LIGHTS that protects kids more installe on your vehicle.

And if some city, county, or state government was stupid enough to actually pass a law making it against the law to have SAFETY LIGHTS that protect kids moe installed on your vehicle, I think that city, county, or state would find theirselves in a unch of political hot water, a bunch of legal hot water, and involved in a bunch of court cases.

As far as I can see, I have not found aanything in my local city, county, or state laws yet that state having SAFETY LIGHTS installed on your car is against the law.

If they were, then why are the legal national chain stores allowed to kegally sell them?

Along with other stores that are not national chain stores.

I'm not sure if the safety lights also transmit sound besides just pictures or not, so maybe people watching the safety light transmissions at home might even be able to hear what your employees are saying in addition to seeing them, while scanner listerners would be able to hear them in such a case.

And all the while with both the car and safety lights never ever ever bein on Burger King property at all.

So take that, Burger King.

hahahahahahahahahaha.

IThat is not as easy as you make it sound. I would like to see you keep on uninstalling and reinstalling safety lights on your car everytime you enter and leave Burger King property.

It's at least a two hour job one way.

Who in their right mind is going to spend two or mor hours uninstalling safety lights right before entering BK property and then another two hours or more reinstalling them after leaving BK property just to have lunch there for half an hour or less???

Not only that, but you will most likely get arrested if you do so, since you will be blocking traffic on the public streets for hours at a time while uninstalling them right outside of Burger King prroperty.

And of you reinstall them while on BK property before leaving so you won't block traffic, the BK managers and employees will woner what you're doing there fo so long and will say something to you anout it.

So again, what right does Burger Kimg have to say SAFETY LIGHTS intalled on your car are illegal since it violates Burger King's own rules about
"no photography".

When there's nothing in actual local city, county or state laws saying that SAFETY LIGHTS made specifically to be installed on a car are against the
law to intall in you car???

They're sold specifically to be installed on your car in order to protect kids more and pets and other peoples' property.

You may be right. That might be a loophole. It's obvious that Burger King's intentions, for whatever reason, is so that there won't be any photographs or videorecordings of their employees.

The SAFETY LIGHTS don't actually take "photographs" and don't do any "videorecoring" but they DO transmit live motion pictures in realtime which CAN be videorecorded by other people in their own homes.

Which either photographic stills can be made from or can be left as a videorecording.

And a car with safety lights instaled doesn't even have to be on BK property for such a transmission/videorecording of BK employees to be made.

If the employees are outdside, it will most likely see them. If they're inside, well a lot of BK is window glass.

However as I said, whle inside a BK restaurant, a BK manager already thought that my radio, complete with headphones, was a "camera" and told
me it wasn't allowed in there since "cameras aren't allowed in here".

It is very obvious to me that I was not taking any pictures with a RADIO that was capable of recieving only, radio and tv signals.

And it's not just BK. Some other restaurants and some other places are doing the same thing with a "no cameras allowed" rule or a "n phoyography allowed" rule.

Okay. It should be said that when I first saw the safety back up lights for sale in the store, Burger King did not yet have any signs up prohibiting photography or videorecording.

They added that sign months after (maybe even years after) I first saw the safety back up lights for sale in the store.

So once againb, what right do they have to tell me that I have to spend hours taking the safety backup lights off of my car and run a higher risk of running over innocen little kids just because it's against Burger King's own rules and illegal according to Burger King's own rules.

They are NOT the Department of Transportation. They are NOT the police department. They are NOT the Bureau of Motor Vehicles.

> I don't see what back up lights and video recording have in common as
> the original poster was complaining about.

Again, the safety backup lights I seen for sale in the store transmits full motion video pictures which anyone in their own homes can pick up and videorecord from their own home.

Cars with these safety backup lights on them don't even need to be on BK property to pick up certain BK employees and their actions.

And a bunch of other people sitting at their own homes are able to make videorecordings of these transmissions of BK employees and their actions.

And all the while, none of the BK employees or managers have any idea that they were ever videorecorded by anyone at all.

hahahahahaha.

IThat is not as easy as you make it sound. I would like to see you
keep on uninstalling and reinstalling safety lights on your car
everytime you
enter and leave Burger King property.

It's at least a two hour job one way.

Who in their right mind is going to spend two or mor hours
uninstalling safety lights right before entering BK property and then
another two hours
or more reinstalling them after leaving BK property just to have lunch
there for half an hour or less???

Not only that, but you will most likely get arrested if you do so,
since you will be blocking traffic on the public streets for hours at
a time while uninstalling them right outside of Burger King prroperty.

And of you reinstall them while on BK property before leaving so you
won't block traffic, the BK managers and employees will woner what
you're doing there fo so long and will say something to you anout it.

So again, what right does Burger Kimg have to say SAFETY LIGHTS
intalled on your car are illegal since it violates Burger King's own
rules about
"no photography".

When there's nothing in actual local city, county or state laws saying
that SAFETY LIGHTS made specifically to be installed on a car are
against the
law to intall in you car???

They're sold specifically to be installed on your car in order to
protect kids more and pets and other peoples' property.

You and Jerry should hook up.
you would make a great wingman.   Imagine riding shotgun in the Sauk
mobile.

As Jerry would say " you fuckin assholes, stop with the cross posting"

That was done by BK as a result of teenagers videotaping pranks at the drive-thru and elsewhere in the resturant and later posting the same on Youtube. Not so much for copyright infringement but more to prevent clownish young adults from pranking with cellphone cameras and the like. expect the rest of the fast food eateries to follow suit. They could care less about any arcane "technical aspects" concerning the (same) rule. Just don't let 'em know what it is and they'll just think you're a fireman or an EMT and your ham radio HT is a "portable".

Not only that, Burger King food sucks! Wendy's makes a FAR BETTER
hamburger and it's cheaper too!

So what's to prevent me from pranking them? Just today I saw some
other backup lighs for sale, but this one with a honking big huge
monitor.

Maybe I'll get it just to p.o. Burger King.

And drive through there where they won't be able to help but notice the picture showing them theirselves.

So hams, get out your ham video monitors, and cbers and everyone else, get out your part 15 video monitors. It's probably going to be a real show.

Of course after that, they probably won't let me back on their property. But who cares? That would be worth it. I agree with the poster who said
Wendy's makes better hamburgers.

They
> could care less about any arcane "technical aspects" concerning the

I was originally going to agree with you. but then I thought no they probably won't think that. After all, the idiots already thought that my Icom IC-R3
RADIO WAS A CAMERA that I WAS taking pictures with!!!!

They "seen" me "taking pictures" with it.

I still wonder how since that radio does NOT take pictures.

And since I was NOT taking pictures with it.

Not even acting like I was. Just sitting there listening to it.

Yet plenty of other people use radios in there without any problems that I know of.

Who knows what boneheaded ideas they would think or come up with about safety lights?

they might think I'm a fireman or emt like you said. However, after them seeing me take pictures with a RADIO that does NOT take pictures, I very much doubt that they are that smart.

Firemen and emt probably won't even cross their mind.

It will probably more than likely be some boneheaded idea that sane people never thought of.

A better prank just thought of.

Go next door off of BK prroperty, and videorecord them from inside the building next door or from outside the building next door.

After all, you won't be on BK property while doing it so you can videorecord if it's your house or the house of a friend of yours.

Then drive through there with a car without saafety lights installed, but a video of what you recorded of them earlier.

They'll probably really freak out. You won't get a video of them freaking out this way, but they also WON'T find a camera ANYWHERE in this case.

No matter how hard they try.

Ooopsss! Never mind.

this idea won't work. The problem with this idea is that

they will think and say that your am/fm car radio IS a camera. And they seen you taking pictures with it.

Or that your ham radio IS a camera. And they seen you take pictures with it.

Or that your CB radio IS a camera. And they seen you taking pictures with it.

If it's a radio, then it IS a camera as far as BK is concerned.

Just like they already told me that my radio IS a camera.

that they seen me "taking pictures with"

Ha!!!

No, my messages were not spam. If you don't like my new crimefighting
attitude, you can blame Steam and Valve.

Ever since I got ripped off by Steam and Valve, I am on a crusade to
verbally fight all crime and ccorruption that I see or experience by
verbally exposing their crime, corrruption, and illegal activities by
posting on the internet.

I'm not taking t anymore. Too many people don't stand up for the real
laws of this country anymore, which is most likely why things just
keep getting
worse and worse.

Next up on the list:

The illegal activites of Palmdale, California.

IF they are indeed illegal activities.

Which several people said they are.

But are they really?

hmmm.....

I'll have to take another look at their rules and regulations.

However, whether legal or illegal, they sure are making it hard to impossible for hams to put up antennas of any sort

Imagine if you didn't stand up for the real laws of the country and just sat back saying nothing and posting nothing and letting Palmdale illegally
do whatever they want to.

you soon wouldn't be able to use your ham radio at all. Then no using your cb at all. Then no using your frs at all. But it wouldn't stop there.

Next or eventually comes regulating the color of the cell phone you can have. The color of the cordless phone you can have if they don't outlaw those first.
The color of your house. Etcetera.

And impossible to follow laws since they purposely contradict theirselves.

The posts about Palmdale on qrz were back from 2006 and I think 2002 or so also. the current one is current, December 2008, and even the 2002.2006 one wasn't the first time Palmdale tried banning ham antennas.

They also tried it around 1992 or 1994. I saw the posts dated around then.

It seems obvious that Palmdale is NOT going to give up trying to ban ham radio antennas or ham radio alltogether.

And did they or didn't they just ban mobile ham radios and handgelds also.

From reading their rules, I believe their intentions were to ban handhelds, but if so, they goofed as it seems to me their rules permit handhelds and handheld antennas.

However, if permitted like it seems to be, their intentions might have been to allow them instead of ban them.

But that doesn't seem to mesh with the rest of the rules.

It looks to me like they are trying to ban mobile ham radio operation.

What about those of us from out of town and out of state who just happen to be driving through Palmdale on vacation or for some other reason and have big honking huge ham antennas on our car since they're not illegal where we live?

I think It said something about them having to meet the vehicle code about ham antennas.

However, I have never ever seen any vehicle code mentioning ham antennas.

Of course, being California, theirs' might.

If their vehicle code doesn't mention ham antennas, what are the chances of Palmdale using that to say since the vehicle code doesn't mention ham
antennas at all, then the ham antennas don't meet the requirements of being how the vehicle code says they must be, and are therefore illegal.

You have to remember, California is screwy. And Palmdale even more so, from what I've read posted by other people.

They said Palmdale is and was already a bad trashy looking ghetto dump.

And that a bunch of ham radio towers would actually improve the look of the place.

I've never been there myself, so I can't say for sure if that's true or not.

.

At least not without a big huge fight on their hands.

The latter is what happened to me and everyone else in the trailer park once the new landlord/owner of the trailer park took over.

okay. If I was a ham living in Palmdale, California right now, I would do this kooky thing.

The proposed law says antennas are not allowed to be one inch over the roof line at all.

And unless I'm mistaken, I think it says antennas on portable ht's are exempt from the antenna laws.

So I wonder how Palmdale would like itt if I sat on top of my roof with a portable ham HT in my hand, talking on it, in which case the antenna on it would be MORE than one inch above the roof line of the house.

Hey, they did say portable ham HT's are exempt from the law, unless I misread something.

When you're not allowed any antenna towers over one inch above the roof line, what better way to get better reception than to talk on your HT while sitting on top of your roof?

hmmm... another idea. I guess there is a better way. Nope. I thought of using an extension cord to set your base/mobile rig on top of the roof using a mag mount antenna on a pizza pan, while talking on it, but base/mobile rigs aren't exempt from Palmdale's laws and would count as an illegal antenna over one inch above the roof line.

Back to the talking on a portable HT while you're sitting on top of the roof of your house.

I wonder how Palmdale would like those aesthetics.

Of course they'll probably still try to get you for having an antenna over one inch above the roof line.

But you can then show them their ordinance that says HT's are exempt.

However, a ham winning against them in court when they revoked his permit for an antenna two years after they gave him one.. is what prompted them to try to pass this latest proposed ordinance to eliminate all ham radio they can.

At least that's what several people have said.

Agreed. However, Palmdale is shooting itself in the "foot."

For those not aware, Palmdale is adjacent to the San Andreas Fault. I
can easily envision any and all amateur operators in the area REFUSING
to take part in any emergency communication, whether practice or real,
with regard to any disaster in the area. Palmdale obviously does not
value the operators as a resource.

Note that Palmdale also went after TV and satellite antennas. Again, there are laws separate from PRB-1 and its state equivalent that exist at both the federal and state levels of government that clearly PERMIT these antennas. Practically EVERYTHING cited in the proposed statute is pre-empted at a higher government level. Is the City really that clueless?

I guess I stand corrected then. They are trying to outlaw ham HTs
also, since they say they can confiscate them.

However, notice that they also exempted their own selves from the very rules that they are trying to impose on ham radio operators.

Also, they claim it's to eliminate interference to other electronics by ham radio.

However, as ham radio operators and some cbers know, lowering the height of the antennas INCREASES interference.

Why didn't someone tell Palmdale that? Or did they?

If they were told that, and really wanted to decrease unterference to electonics by ham radio, they would INCREASE the height linit.

Which they aren't.

If they were told that, and still DECREASING the height limt like they're trying to do, then it's obvious it's not about them wanting to decrease interference but is about them wanting to eliminate ham radio alltogether.

Palmdale: The ordinance must also provide a
reasonable accommodation of licensed amateur radio operators and allow
the rights of
the public to have access to programming received through residential
television
receive-only antennas.

Me: So Palmdale admits that they must provide reasonable accomadation
to licensed radio amateurs.

Palmdale: Further, the regulations were to ensure that residential
television and amateur radio
antennas are designed, installed and located in a way that avoids
hazards to public
health and safety;

Me: So they lowered the antenna height limits which INCREASES both
interference and rf safety hazards to the public instead of decreasing
them like
they falsely claim to be doing.

Palmdale: minimizes adverse aesthetic effects; and is compatible with
the
surrounding neighborhood by preventing adverse visual, health, safety,

and other impacts on the surrounding properties and/or the community while at the same time reasonably accommodating amateur radio service communications.

Me: Then why did they INCREASE the health and safety hazards with this proposed ordinance if they want to decrease them?

And translation of Palmdale's meaning of "minimizes adversse aesthitic effects": "We don't want to see anyham antennas any where at all because we don't like the look of them."

Palmdale: ANALYSIS

The new ordinance permits the following types of antennas to be installed without prior approval of the Planning Department of the City of Palmdale. However, they may still be required to obtain a building permit from the Building and Safety Department. These antennas include: a) antennas that are installed, placed or maintained and used under the roof, or extend no more than one inch above the roof, or are behind and below an approved architectural feature and do not protrude above the highest point of the building and are not visible from a public right-of-way or other private property, including upper floors of adjacent buildings; b) antennas that are handheld or mounted on vehicles consistent with the vehicle code; and c) antenna installations intended for use by the City of Palmdale or another governmental agency.

Me: "Under the roof where they can't seen by anyone outside, no more than one inch above the roof so people outside won't see them, or behind and below an approved arcgitectural feature so that they can't be seen by anyone outside, only the architecural feaaturee which must also be approvedm and even these antennas might "still require" a "permit from the building department"

Did they just outlaw both mobile and ht operation with the above rules if the proposal passes as law?

It sure seems like it.

Translation of Palmdale's statements: We don't want to see any ham radio antennas anywhere because we don't like the loks of them and we don't like ham radio at all."

Palmdale: It also allows a single vertical antenna mounted directly on the ground or on a roof that is located in a non-residential zone or in a residential zone where the lot on which the antenna is located and all lots within a 1,000 foot radius are at least one acre in size.

The antenna is to extend no more than six feet above the main structure and must be located behind and attached to the main structure on the lot if ground-mounted, and on the back quarter of the roof if roof-mounted. The antenna is to be colored to minimize its reflectivity and blend with its surroundings as much as possible.

Antennas Approved by Minor Modification or Conditional Use Permit (CUP)

The ordinance then specifies the types of antennas to be permitted by either the Minor Modification or Conditional Use Permit process. The antennas permitted under the Minor Modification approval process are essentially the same as those antennas noted above with the exception that the lot size requirement of one-acre has been deleted thereby requiring a Minor Modification approval on all lots less than one acre in area. It also provides that the height shall extend no more than six feet above the main structure in a residential district no more than fifteen feet above the main structure in a non-residential district.

The Minor Modification process also requires that notification be provided to adjacent property owners and any homeowner=92s association at the cost of the applicant.

MeL: So Palmdale is sating that if you want to put up an antenna, you must notify ALL of the aadjacent property owners. Of course their definition of adjacent is probably "everyone who can see it" instead of just "next door neghbors".

And at your own expense.

You know they'll want you to prove in writing that you notified them if some case or court case comes up.

Palmdale: notice will state that any appeal to the Minor Modification must be filed with the City within thirty days of the date the notice was mailed. An applicant or any interested person may file an appeal to the Planning Commission, of the Planning Director=92s decision to issue or deny a Minor Modification, which appeal will automatically stay the director=92s decision and/or rescind any Minor Modification issued and cause the application to be processed as an application for a Conditional Use Permit. An appeal must be filed within 30 days after the date of the notice. The Minor Modification will then become effective thirty days from the date the notice was mailed if no appeal is received within that time. If an appeal is received within such time, the Minor Modification is to be rescinded and the applicant required to file an application for a Conditional Use Permit to obtain permission to install or construct the antenna. If the installation of any antenna is not prohibited pursuant to Section D, or permitted pursuant to Section E or Subsection F.1, the antenna shall require a Conditional Use Permit approved by the Planning Commission in order to be established.

Amateur Radio Antenna

The Minor Modification or Conditional Use Permit applications for amateur radio antennas require the submittal of additional information related to the ham radio

Memo to the Planning Commission
Zoning Ordinance Amendment (ZOA) 08-04

operation. The additional information will include information about the radio operator, specific information on the proposed antenna and site location, any structural details, any mitigation measures proposed to minimize any adverse effects such as painting or screening of the antenna or antenna structure, and a statement of the reasons why an antenna as permitted under Subsection E will unreasonably interfere with the operator's ability to receive or transmit signals.

Other information will include a list of equipment, proposed maximum transmission power wattage to be used, and a discussion of other available methods to accomplish amateur radio communication without exceeding the development standards which do not require Planning approval.

Me: When did Palmdale get the authority to regulate how much maximun transmission power wattage you can use????????????????

I thoght only the FCC has the authority to regulate that.

So now Palmdale is falsely claiming they have more authority over radio transmissions than the FCC does.

Palmdale: The City may alsor retain the services of a consultant to assist in the evaluation of an antenna proposal with the cost of such services to be paid for by the applicant.

Me: So Palmdale says you yoursel (hams)f HAVE TO PAY for the sercices of a consultant that the city itself hires and retains to assist in the evaluation of an antenna proposal

Palmdale: In addition to the standard findings required for approval of a Minor Modification or a Conditional Use Permit, the ordinance as proposed requires that additional findings be made prior to approving a Minor Modification or Conditional Use Permit for an antenna or antenna support structure:
a) That the applicant has demonstrated that strict compliance with the development standards specified in Subsection E would unreasonably interfere with the applicant's ability to receive or transmit signals, or that strict compliance with said development standards is not, under the circumstances of the particular case, necessary to achieve the goals and objectives of this Section.
b) That the antennas, including antenna support structures and accessory equipment shall be located, sized and designed so as to minimize the amount of the antenna that is visible from surrounding properties, public streets and all public rights-of-way, recognizing that complete screening may not be possible

Me: translation of Palmdale's statements; We don't want any ham radio antennas visible at all.

the above is another of Palmdale's proposed laws that outlaw both mobile ham radio use and portable ht use.
.
Palmdale: c) That in the case of amateur (ham) radio antennas, the use permit would accommodate reasonably the amateur's desire for communication, while at the same time requiring the minimum practicable regulation to accomplish the City's legitimate purpose of protecting the public health, safety, welfare, aesthetics and compatibility with the neighborhood.
d) There is adequate space on the property for the antenna and antenna support structure without conflicting with buildings on the property or usable

yard areas
required by other sections of the Zoning Ordinance.
Memo to the Planning Commission
Zoning Ordinance Amendment (ZOA) 08-04
December 4, 2008
Page 5
e) The antenna would not despoil the primary view of a neighbor

me: translation of Palmdale's statement: No outside ham antennas at all since a neighbor can see them.

They just once again made another rule/law, if it passes, that outlaws both mobile and ht operation. Your antenna must NOT be in the prinary view of
any neighbor.

Which a mobile will be at some point while driving through the neighborhood, or entering or leaving your home. The same for a HT.

Palmdale: f) There are trees or a nearby landform that would serve as a backdrop to mask the
silhouette of the antenna.
g) There are trees or other features in the neighborhood that represent existing tall
features as part of the neighborhood character.

me: translation of Palmdale's statements: We don't want to see any ham antennas at al.

Palmdale: In granting the permit, the Planning Commission or Planning Director as the approving
authority may impose conditions reasonably necessary to accomplish the purposes of
this Section, provided those conditions do not unreasonably interfere with the ability of
the applicant to receive or transmit signals.
Minimum Requirements
The proposed amendment also provides the following minimum requirements; however,
the approving authority may impose greater restrictions as necessary to protect the
public health, safety, welfare, aesthetics and compatibility with the neighborhood.
These criteria specify a variety of minimum requirements related to height, screening,
operation, insurance, modification to existing antennas, annual inspections, and nonconforming
antennas.
1. Height. The antenna shall not exceed the minimum height determined by the
approving authority to be reasonably necessary to achieve transmission and
reception.

me: Which doing so INCREASES the public's exposure to rf hazards instead of decreasing them.

And what does Palmdale consider "reasonably necessary to achieve transmission and reception"? recieving other hams from one mile away? What if you wanted to or needed to talk to people further away?

Palmdale: The applicant shall provide information and fund any expert evaluation of the specific site being requested as required by the approval authority to documentthe minimum height required to the satisfaction of the approving authority.
2. Screening. Ham radio antennas shall be screened to the extent practicable with vegetation, trellises or other means acceptable to the approving authority even though the screening may somewhat diminish the effectiveness but provided that it does not significantly impair the operation of the antenna.

Me: Yeah, that will sure help the signal from my 70 centimeter ham transmitter to get out. /sarcasm

Palmdale: 3. Insurance. The antenna owner shall provide proof of liability insurance in the event that the antenna falls and damages persons or property. Such insurance shall be maintained as long as the antenna is in place.
Memo to the Planning Commission
Zoning Ordinance Amendment (ZOA) 08-04
December 4, 2008
Page 6

me: So in Palmdale, if you have a ham antenna, you MUST pay for ham radio antenna liability insurance as long as you have the antenna up.

Which of course will probably be at least a monthly fee.

And you know youll need it from them claiming you're the one responsible for someone's sickness for caused by your unsafe RF causing it..By having your antenna to high where it causes more RF dangers to the public.

When we all know the real reason the person got RF sickness is because Palmdale required lower antenna height limits which increased the RF dangers to other people instead of raiding the antenna height limits to which decreases the RF dangers to other people. ;)

Palmdale: 4. Modifications. Any Conditional Use Permit for a ham radio antenna shall include a condition that the permittee shall report any changes to equipment or antenna structure from that authorized by the Conditional Use Permit and shall if necessary, obtain a modification to the Conditional Use Permit.

5. Inspection. Any use permit for a ham radio antenna shall include a condition that it shall be inspected annually to certify its safety and to verify that liability insurance is in effect and also that the ham radio equipment may be inspected without prior notice upon the receipt by the City of a complaint that the radio operation is causing interference with neighbors electronic devices due to the use of higher wattage than allowed by the FCC.

MeL Isn't this a matter for the FCC? When did Palmdale get the right to do ham radio and wattage inspections?

And to certify whether your ham radio is safe or not?

They probably don't even know all of the technical requirements the FCC requires.

And if there really is interference to the neighbors' devices, aren't those part 15 devices which by federal fcc law are REQUIRED to accept all interference they recieve.

So what is Palmdale doing investigating ham radio operators' radios in those cases?

When no federal or fcc laws are being broken by those ham radios.

Although there's plenty of federal and fcc laws being beiken by Palmdale in those cases, along with Palmdale breaking state law.

Palmdale: The City shall provide this inspection service at applicant=92s cost. Permittees shall pay an annual inspection fee adopted by Resolution of the City Council in an amount sufficient to reimburse the City for an inspector qualified to inspect amateur radio equipment.

6. Antennas and supporting structures shall be a neutral, non-glossy, non-reflective color (i.e., earth-tones, black, gray) and be located in the most inconspicuous location possible to receive and transmit signals. An antenna which uses or is composed of perforated metals, radar mesh or wire screen, thereby

reducing the
antenna's visual mass, is encouraged.
7. Approval by the City shall not be deemed as approval by a homeowners'
association pursuant to any covenants, conditions, and restrictions
(CC & R=92s).
8. Any equipment on the base of an antenna or antenna support structure shall be
screened subject to the approval of the approving authority.
9. Anti-climb devices shall be installed at the base of the antenna tower if required
by the approving authority.

Me: Then how will we be able to climb up there to make modifications
to the antennas if required by the FCC????   ;)

okay. I know that's usualy to protect kids and other people from climbing it.

Palmdale: Building Permit.
When required by the Palmdale Building Code, a building permit shall be obtained for
the installation of any exterior antenna. The Building Official shall determine that the
antenna is in compliance with all applicable sections of the Palmdale Building Code and
any local regulations prior to issuance of the building permit.
Time Limit. Any antenna permit granted pursuant to the provisions of this Section shall
be developed and utilized within a period not to exceed twelve (12) months from and
Memo to the Planning Commission
Zoning Ordinance Amendment (ZOA) 08-04
December 4, 2008
Page 7
after the date of the granting of such permit, and, if not so developed and utilized, such
permit automatically shall become null and void at the expiration of such twelve (12)
month period.
Abandonment. The owner of a permitted facility shall submit written verification
annually that the facility is operative. Any antenna structure and related equipment
regulated by this Section that is inoperative or unused for a period of six (6) consecutive
months shall be deemed abandoned and declared a public nuisance. Removal of the
abandoned structure shall follow the procedures set forth in Chapter 8.10, Public
Nuisances and Abatement Procedures, of the Palmdale Municipal Code

Me: Definitely an attack on all ham radio operators and all ham radio operation. What if you're sick for more than six months at one time ? Then you're in violation of the law. After all, we all know how all the ham operators constantly talk about their health problems and doctors' operations over the air. ;)

.Palmdale: Antennas and antenna support structures legally installed, i.e. with all required
approvals and permits, prior to the effective date of this section shall be deemed to be
legally nonconforming. All antennas legally installed prior to the effective date of the
ordinance codified in this section which do not conform to the foregoing development
standards shall be discontinued and removed from their site, or brought into compliance
with said development standards within three (3) years from the effective date of the
ordinance codified in this section. Those installed without required approvals and
permits shall remain illegal and shall be removed immediately.
General Plan Consistency
This Zoning Ordinance Amendment is consistent with the goals, objectives and policies
of the City=92s General Plan. General Plan Objective S2.6 provides that the City should
=93Minimize exposure of residents to other man-made hazards, to the extent feasible.=94
Further, General Plan Policy S2.6.2 provides that =93To the extent permitted by law, work
cooperatively with the applicable agencies and homeowners to eliminate/modify sources
which interfere or disrupt emergency communications including, but not limited to,
improperly installed or operated Ham and citizen band radios.=94

Me: When did HOMEOWNERS ASSOCIATIONS get the authority to decide if ham radio and cb radios are improperly installed or improperly operated.

I THOUGHT that only the FCC has the authority to do that regarding ham radio.

Palmdale is a reasom why the FCC should have NEVER ever turned over CB regulation to the local governments like they did.

Palmdale gave HOMEOWNERS ASSOCIATIONS the authority to regulate and determine whether you are operating your CB radio legally or not and whether you are operating your cb radio safely or not.

And it all seems to be legal as far as CB is concerned, since the FCC gave local cities like Palmdale the authority to regulate and enforce CB radio and Palmdale allows the homeowners associations to regulate and enforce CB under Palmdale's authority to do so.

Palmdale: The proposed Zoning Ordinance Amendment establishes standards which accommodate amateur radio service communications but which regulate the size, location, height and screening of antennas which is necessary for the preservation of the health, safety and welfare of the community. Further, the amendment as proposed provides a more stringent regulation of antennas as is necessary in residential areas compared to nonresidential areas in order to preserve neighborhood compatibility and the open vistas and appearance of the community.

Memo to the Planning Commission
Zoning Ordinance Amendment (ZOA) 08-04
December 4, 2008
Page 8

In addition, the proposed amendment, to the extent permitted by Federal law, sets forth certain standards for the operation of the amateur radio antenna to limit unreasonable interference with electrical equipment in the surrounding neighborhood which is incompatible with that neighborhood.

Me: So according to Palmdale, now even if your whole neighborhood is completely okay with your ham antenna and a surrounding neighborhood that is NOT part of your neighborhood doesn'tlike you having it, you're in violaion of the law.

Palmdale: The proposed standards require the submittal of information to demonstrate the need for increased antenna height and the operators ability to communicate in a reasonable manner without the increased height.

Further, Zoning Ordinance Amendment 08-04 is consistent with the General Plan Policy S4.1.1 which states, =93Adopt appropriate codes to assure minimum standards to safeguard health, safety and public welfare by regulating the use and occupancy, location and maintenance of structures within the City=94 because the proposed changes to Section 95.03 of the Zoning Ordinance sets forth standards to ensure that antennas are located on parcels of adequate size and with adequate setbacks from adjacent uses. Standards are also proposed to ensure adequate structural integrity of antenna structures to protect public health and safety.

ENVIRONMENTAL REVIEW

An environmental initial study was prepared in accordance with the

California
Environmental Quality Act (CEQA), which determined that proposed
Zoning Ordinance
Amendment 08-04 to amend Section 95.03, Vertical Antennas of the
Zoning Ordinance
will not have a significant impact on the environment.
CONCLUSION
The proposed Zoning Ordinance Amendment provides regulations to ensure
that
residential television and amateur radio antennas are designed,
installed and located in
a way that avoids hazards to public health and safety, minimizes
adverse aesthetic
effects, and is compatible with the surrounding neighborhood by
preventing adverse
visual, health, safety, and other impacts on the surrounding
properties and/or the
community while at the same time reasonably accommodating amateur
radio service
communications.

Very disturbing is Palmdale's law (if the proposed ordinance passes or did it already pass?) which gives Homewowner Associations the authority to determine if you are operating your ham radio (or CB) within RF safety limits or not. And if you're operating your ham radio (or CB) legally or not. And how much power wattage you can use.

Are those people even going to know what the legal FCC rules are abvout RF safety exposure limits???

And if so, are they even going to follow them if they decide they theirsselves don't like the look of any antennas and so there should be none???

If they trylyknew theFCC rules and were truly concerned about RF safety exposure to the public, they would be complaining that you must make your antenna higher, no lower.

If they claim to be concerned about rf safety exposure limits to other people and tell you have to lower your antenna to comply with rf laws to reduce rf exposure to other people, then you know that they're NOT going by the real true FCC rules about RF exposure.

And know that they're NOT qualified to make such deccisions.

I guess I stand corrected then. They are trying to outlaw ham HTs
also, since they say they can confiscate them.

However, notice that they also exempted their own selves from the very
rules that they are trying to impose on ham radio operators.

Also, they claim it's to eliminate interference to other electronics
by ham radio

They obviously don't understand 47 C.F.R. 15 ("Part 15") which
basically says that unlicensed devices must accept interference from
licensed services. They've got it backwards.

From my reading of Palmdale's rules/laws, I get that even if you don't have any outside antennas at all and are only operating indoors, either Palmdale or Homeowners Associations can come into your house and deermine whether you're operating your ham radio or cb within rf safety limits or not, and whether you're operating your ham radio or cb legally or not.

They definitely either don't understand the federal FCC laws, or do understand them and are purposely ignoring them.

Don't mean shit any way, everything is going digital..and again ONLY
the FCC has jurisdiction over RF and interference from RF

I just heard something said on the show that's on tbv here now and
thought that's exactly what Palmdale needs.

"Whip them with the car antenna".

Okay, the exact quote was

"I'm going to whip them with the car antenna".   ;)

It is Monday, 2:15am EDT (0615z).
NOAA Hurricane Hunter aircraft "NOAA 49" was up with Miami Ctr on
119.825.
The Center discussed tonight's routing and performance of the

aircraft which will be conducting a study of Tropical Storm Fay, currently in the Caribbean near Cuba.

NOAA 49 is a Gulfstream IV-SP (c/n 1246), based at the NOAA Aircraft Ops Ctr, MacDill AFB Florida.

NOAA 49 is now heading to its first waypoint for the flight. The pilot has recited the following waypoints for the flight:
Waypoint 1: 31 North, 78 West
Waypoint 2: 31 North, 73 West
Waypoint 3: 28 North, 73 West
Waypoint 4: 28 North, 77 West
Waypoint 5: 24-30 North, 77 West
Waypoint 6: 22 North, 74 West
Waypoint 7: 20-30 North, 73-30 West
Waypoint 8: 19 North, 74 West
Waypoint 9: 19 North, 79 West
Waypoint 10: 20 North, 84 West
Waypoint 11: 23 North, 87 West
Waypoint 12: 24-30 North, 84 West
Waypoint 13: 26 North, 84 West
Waypoint 14: 26 North, 89 West
Waypoint 15: 28-30 North, 89 West
Waypoint 16: 26 North, 91 West
Waypoint 17: 28-30 North, 91 West
Waypoint 18: 28-30 North, 85 West
Then will RTB MacDill.

There is some consternation,because the pilot admits that MacDill filed a flight plan for the flight with incorrect waypoints. Miami Ctr is now having to refile and enter each of the correct waypoints. The required coordination with New York is taking quite a bit of time.

The NOAA pilot says "I am curious, did she get any of the waypoints correct?"

Miami Ctr responds "Yeah, she got the RTB MacDill right."

Miami Ctr now hands off NOAA 49 to HF freq 5550 kHz USB, with secondary freq 3455 kHz USB.

NOAA 49 has come up on 5550 kHz USB and repeated recital of the listing of waypoints; also got a SelCal check.

Howdy Folks my names Phil im in Sarasota, Fl i just picked up my first scanner today. I picked up a Radio Shack Pro 94 (1000 ch dual Trunking) scanner and a huge inch thick book called "Radio Shack Frequency Guide" for 35$ is this a good deal? Im having a bit of trouble tho as it seems most things in my area are digital and this is an analog scanner. Anyone know where i can find some good analog frequnecies to listen to? Look forward to learning, listening, and sharing with you all thankyou.

~Phil

Howdy All
After 6 weeks of trailing, www.newcastlescan.com has now a semi permanentl
live scanner feed and are creating some youtube clips that associate with
the scanner hobby in some way.

Its a video feed via Ustream and has nearby police, fire brigades, ambulance
service, marine, air, rail security and more turned on and off.

So come and have a listen to our part of the world, please sign our guest
book or email us
Cheers
Mike

I did not know radio shack had a frequency guide, used to like the old
police call books they used to put out.

I've bought 7 SAME models since they were first made so I need one that works correctly.

That meets these creiteria
1. That after carefully programming the SAME codes the radio actually does sound off when any severe weather is in or near my county which now only happens 25% of the time. I am less than 2 miles from the transmitter from the local NWS.
2. SAME radio that can be programmed without the need to read a short manual with horrible details.
3. Ability to program channels without pressing a very very long sequence of buttons JUST to get to the FIPS number.
4. Be able to just press a button and LIST the FIPS numbers entered.
5. Be able to program a FIPS channel like this:
Press "new fips" button, then enter fips code, then press the "ok" button. like that.
6. Have the radio SKIP the loud blaring alarm when an alert is sounded so that you don't have to listen to a 900dB siren for a ful 10-15 seconds while waiting for the verbal message to be heard.

Oh Hell, why not just make a SAME weather radio that can be connected via a USB cable and program by a website?

why not?

I am hearing comms related to Hurricane Hunter "Teal 73" on his

Hurricane mission. Teal 73 is a WC-130J out of Keesler AFB's AFRC 403W 53WRS "Hurricane Hunters."

Miami Ctr ATC on 135.075 is using airliner "Jet Blue 584" to relay comms to Teal 73.

"Tell Teal 73 that if he is going to come within 40 miles of the seashore, he should notify ATC via Miami Ctr's 132.25 or guard freq."

The Miami Ctr ATC also asks Jet Blue 584 to get Teal 73 to confirm the altitude block in which they want to work.

Jet Blue 584 themselves have now been handed off to 134.85 so is probably getting beyond range of Teal 73.

Thank you for posting this. I am sure there are Hammers and other
folks who will be on it now. Talk about real time data, that even
beats the weather channel!

It's really cool that the airliners are helping out, I hadn't heard
that this was done but it sounds like they are stepping up big.

The other fellow posted here about the type of fliers who pioneered
this stuff, the guys doing it must have major guts.

Instead of getting grounded for storms or trying to avoid them they
fly right in.

I just purchased Trunk Tracker 3, handheld, and it works great.  But I
cannot figure out, how lock out a talkgroup.  The trunk I'm monitoring
is Motorola Smartzone (I think type 2).  I do not want to lock out the
channel, just specific talkgroups.  Any help will be appreciated.
Note: I have been scanning for about 20 years, so I'm just a novice
when it come to Trunk Tracking.
Thanks
Fred Burgess

Just got word of a new audio file from a river rescue that turned into a recovery yesterday up in Wa. State:

Ravensdale, WA - River Rescue 09-08-08 Length - 55:13 Units were dispatched to 32101 Cumberland Kanaskat Road SE, Kanaskat Palmer State Park for a teenage boy who was lost in the river. Chief 89, Battalion 89, Battalion 88, Rescue 89, Aid 88, Aid 80, Engine 80, Rescue 80, Chief 84, Medic 12, Dive 14, Dive 31 and Medic 12 responded. King Co Sheriff also sent their dive team. After a lengthy search the teenager was found in the river but no resuscitation attempt was made.

> Note: I have been scanning for about 20 years, so I'm just a novice when it come to Trunk Tracking.

If this is similar to a Trunk Tracker III base scanner (e.g., BC 898T), there are two ways to accomplish locking out talkgroups. These methods assume that the trunking frequencies have already been programmed into the scanner, and that the scanner is already finding talkgroups when it is in Search mode.

Method 1: When the talkgroup is displayed (a three to five digit number rather than a specific scanner frequency), press the Lockout button while a transmission on that talkgroup is still active. The talkgroup should be locked out immediately. All other talkgroups should be continue to be scanned except for those which have been locked out. This works well enough up to the maximum allowable lockouts for the scanner, but also can require a lot of scanner listening time just to locate and individually lock out multiple talkgroups.

Method 2: If supported on the handheld, create a list of talkgroups (up to the maximum number of talkgroups that can be in a specific list). The scanner will only trunk scan among that list of talkgroups when in Scan mode, but also be aware that this applies only to the frequency bank(s) that are programmed for trunking and that the remaining banks can still be scanned conventionally. Switching to Search mode will once again continue to find other talkgroups within the trunking frequency banks, except for those talkgroups which have already been previously locked out using method 1.

This is basically generic information, not specific to any particular trunking scanner model, but hopefully this is also somewhat helpful in getting started with locking out unwanted talkgroups.

You never know, Uniden or some other scanner designer, may come with a
scanner or general coverage reciever to decode VoIP, and other packet
radio. After all they came up with the Trunk Tracker type scanners,
and other companies have recievers for proffessional use that can
decode digital cell phones.

Reminds me of the gay invasion of the 1960s. Now gays are everywhere and that turned out rell well.

Seriously , we need SAME radios with uber easy programming....up,right
double click then 3rd section clock click....etc

People who write manuals never buy the products.

128bit was broken by our government more than 10 years before they
admitted to it being done. So it can all be hacked...

p.s. hacking isn't 'guessing passwords'

They are also very rarely native speakers of Standard American English. Many years ago, I checked out on the first of the digitally controlled television production suites available in this country (USA). It was a Panasonic product and of excellent quality, but the training materials and operating manuals were so poorly translated into English, that they could've been written by the Jerry Lewis character in "The Geisha Boy"! We finally photocopied and blew up the diagrams, disregarded the rest of the printed matter and doped it all out by trial and (a heck of a lot of) error. Due to popular outcry, the manuals were eventually rewritten, but the early editions were a mess.

bump up ..&#12288;My husband, Brian, is a computer systems
administrator. He is dedicated to his job and works long hours, rarely
taking time off for meals. One afternoon, Brian was over
&#65293;whelmed with solving a computer network problem, so I decided
to deliver a meal for him to eat at his workstation. When I was getting
ready to leave, I said good&#65293;bye and reminded him to eat his burg
er and fries while they were still warm. Staring at his monitor, he
waved me away.&#8243;Don&#65287;t worry,&#8243; he said, obviously
distracted,&#8243;I&#65287;ll deleted them in a few minutes.&#8243;
&#12288;When a woman in my office became engaged, a colleague offered
her some advice.&#8243;The first ten years are the hardest,&#8243;she
said.&#8243;How long have you been married&#65311;&#8243;I
asked.&#8243;Ten years,&#8243; she replied.

Thanks for your reply, actually I also got help from a radioreference.com forum. Do you know how many talk groups I can lock out?

I'm interested in purchasing a scanner with the greatest frequency coverage range possible and offering the widest selection of reception modes.

I would like to be able to monitor police, fire, air traffic, government and other services. There are so many different makes and models it's hard to know which are the best choices.

Price is not really an issue (although *very* expensive models are outside my budget).

Will someone please offer me some advice or recommendations?

TIA

Samantha

Hi Samantha -

As a starter-scanner I'd recommend you go to a local Radio Shack and look at their selection.
http://www.radioshack.com/family/index.jsp?categoryId=2032072&cp=2032052
will get you to their product page for scanners. Surely your location has at least one Radio Shack nearby. They're not always the most savvy but they're there and you can go back if necessary. They have all sorts of things ranging in price from $80 to $600. Most of their selections will tune the frequencies you're interested in. (I've got a BC95 which is a great radio, I think!) Expect to spend another $25 or so for batteries, wall-wart power adapters, a book or something.

You'll want to decide on a desk model or a portable radio. I'd say portable as you can take them with you, of course. A trip to the airport to watch planes is a lot more fun if you're listening to the control tower grant landing and take off permissions! Or a trip to the harbor to watch and listen to tugs helping a ship tie up at a pier!

Be sure to learn if your local police are using a "trunked" radio service - if they are, you'll need a radio capable of following trunked systems (frequently called "trunk tracker radios").

Another thing to think about is if you want a radio you can program (that is, establish frequencies in) by computer or by hand. A radio you can program with a computer (and a special program available from several sites on the web as well as a programming cable) is much easier to deal with. Programming by hand is not impossible but it gets tedious! A computer programmable radio will cost a little more but (to me) is worth the few additional dollars.

There are a lot of other places to buy a scanner, too. Many on the web are good, of course, but sometimes when you're new it's nice to go there and touch, feel and ask questions before you put your money down!

Good luck!

Al

Your need for the "very expensive" models is dictated by the type of systems
in use. You have to have local area knowledge. In some areas, police are
off limits because the scanner technology isn't there yet.

Sam,

As others have suggested, you need to do some quick research. I highly recommend http://www.radioreference.com
to see what your local PD/Fire/EMS system is using...

In the past, you could just buy one scanner to do it all - but that's not really the case any more. I have one for trunking and one for conventional. Then I have a portable handheld scanner as well. (Actually I have 3 of those, but I only use one regularly.)

If you are in an area that is using a trunked system, then you need to find out if they're using digital. It's called APCO P25. If you see this in the description, then you're limited to only a few scanners. Also, I should point out that there's also no guarantee that the Police won't encrypt certain channels. If you look at the radio reference site, there are forums by state. Check around and see what other people are doing in your area.

I can highly recommend the Uniden BC396T as it comes with programming software (you can download at no charge.) It can decode the "digital" mode (P25) and it's also a conventional scanner as well. This model is right around the 400-500 price range. This is a handheld model. (They have a 996 model which is the base version.)

If you're in an area that is not digital (you'll see it say Motorola 800mhz Type II or Smartzone) then you have a bit more options. A good scanner is the Uniden BCT15. This model is around $200 - but you do have purchase the programming software ($25.) This model is a base scanner (or mobile.)

So you see it depends on what your local community is using for their radio system. Like another person suggested... take a trip to your local radio shack and chances are they can help you figure out what you need.

-Nick

If you want a very versatile analogue scanner I recommend
Icom PCR-1000 with 0.01MHz to 1300MHz gapless coverage.
or PCR-1500 with 0.01 to 3300MHz coverage.
These are PC controlled radios.
However the PCR-2500 is also standalone with a frontpanel included,
and same coverage as pcr-1500.

They are superb radios, spur-wise and quality-wise, and they also
got a 50khz filter and discriminator output, which is great for decoding data
such as satellites and pager/minicall/pocsag and other broadband services.

I got two myself :-)

//Greg.

Yes, but these do not do trunking.  If her intention is to listen to
police/fire/ems, then she'd likely need a different radio depending on her
location.

That old boy just can't stay out of trouble.

I got along well with him so I can't say anything against him BUT, I hear
lots of stuff

The good part about such things, You can have a dedicated radio monitoring a vital frequency 24/7 rather than being just about everywhere else.

Radio shack does NOT carry them in store, however they can be ordered
through them.. International crystal is their supplier..
(IF you are lucky enough to get a GOOD and knowledgeable sale tech..)
Most know nothing about crystals or how to order them anymore)

or go direct to International

http://www.icmfg.com/

and

One source of freq information..

  http://www.radioreference.com/

IMHO:
 Personaly unless you are a collector, a scanner that old, is
probably useless, due to corrosion and oxidation of the switch surfaces.

I have heard lots of news about health risks with cell phone, but not
much on cordless phones.   I assume they have similar health risk as
cell phone.   If so, which cordless phone frequencies are safer
(900Mhz, 2.8Ghz, 5.8Ghz or 6.0 Dect)?   If I had to pick, which is
the lesser of the evils? And yes, I know that using a corded phone is
the best way, but sometimes I need the convenience. And yes, I do
realize they might not be as bad as some say, but there is nothing
wrong with being cautious.   Thanks for the input.

This made my day!!!  It was about time.  It should be "Violation of
Parole" (VOP)

That crook has been thumbing his nose at us since the day he was put
on probation.
I also noticed that Ford Motor Credit had apparently been trying to
collect a debt from him as well in September and a civil action was
filed.

I guess the ol' probation officer got wise to his shenanegans and
looked into what he was doing for a living.
The same crap as before.

As I have said before... there is justice out there, delayed or not.

A Happy R.O.

An acquaintances of mine sent me this info. This article claims that
talking on the cell phone for 24 hours total, is the equivalent to
getting 1600 x-rays. Seams outrageous, but if true, is very
serious.   This web site gives there interpretations of the
evidence.   Is there any truth to this article?   Thanks.

So have you sent them your money yet?

Are cellphones depleting the ozone layer?  It's OK to ask the question if
you don't know the answer, just send me $2.4 billion and I can find the
answer for you.

That's an excellent scanner, Frank, but a bit hard to find (it was my first scanner--I actually owned two of them at one time, but have sold them both since, unfortunately). Surely there are other handhelds that meet or exceed the capabilities of the Wavehawk for the same kind of money. I have a Yaesu VR-500 for sale if you might be interested.

Is there a antenna specificly for listening to the 482 frequencies for a
handheld scanner? I know that there are mobile antennas specificly tuned
for certain frequency ranges,so I was wondering if there are any
handheld antennas that would be better for receiving the 480 frequency
range.

Most designed for 450-470 on a hand-held scanner will do as well for RX to 512 MHz.   Higher gain antennas are more critical though. A multi element LPDA or Yagi could still be hand-held though if that is what you mean.

I've recently got a hold of my dad's old radio scanner. It's a Radio Shack Pro-62, and appears to be in complete working condition. I've been blaming the fact that I haven't been getting any reception on it to me being very new at this, and probably just inputting bad frequencies for our area.

I was hoping for some tips on how to get some results. I know the police change the frequencies often, but if I leave the scanner scrolling through a few frequencies, I'm bound to hit something, right? And what do you guys usually listen to? Just curious =)

Also, my dad heard from his friend (Steve Todd) that he modified his to pick up the "locked out" frequencies. Such as the 87.8-108MHz AM/FM frequencies used by radio broadcasters. Or the 26-27MHz used by CB. Have you heard anything about this?

Thanks for reading, please help,

-Mike

Outrageous indeed.

X-rays are powerful enough ionize molecules and damage chromosones and other chemistry and cell phone RF is too weak to affect chemistry.

Like comparing a rain of water droplets to a rain of .223 caliber bullets.

I am looking for recommendations for a handheld scanner or receiver with these minimum requirements:

1) S meter
2) SSB or CW product detection
3) Tune 433-434 MHz
4) External antenna connector

Will be used for direction finding purposes.

Hi Mike,

I don't know if you have the manual for it. If not check out:
http://support.radioshack.com/support_electronics/doc33/33751.htm

That is an shortened version on Radio Shack's site.

Next I would recommend checking out Radio Reference for information on frequencies in your area: http://www.radioreference.com/
If you happen to be in Atlantic Canada, check out: http://www.marscan.com/ for frequencies and http://www.nstuners.ca/scanmaritimes/ for a message board with up to date information.

I don't know if you are familiar with Trunk Tracking. A lot of the services have changed to this and from what I see the scanner you have does not Trunk Track.
In case you are not familiar, a really basic description:
  In the old system, each service would have a fixed frequency - for instance Marine Channel 12 is 156.600. If you tune into that frequency, it will always be Marine related. Sometimes Police and Fire Departments had a number of frequencies. Police here had Dispatch, CPIC (Canadian Police Information Centre), Car to Car, etc.
  In a Trunk System, the system has a number of frequencies. Our local one has 16 frequencies. One of those is a data channel, which sounds like sound blurbs. BUT the number of services and channels in use is well over a hundred. Each channel used by a service is assigned a Talk Group.
  So when someone from a Talk Group goes to talk on a Trunk System, the system computer looks for a free frequency among the 15 other frequencies. It sends out a data blurb to all the radios within the Talk Group to change to that frequency for reception. When he stops talking the frequency is freed up and the radios reset. The next time he talks, or someone answers, it may be on another frequency from the system. Especially, if someone else, from another Talk Group starts speaking in the meanwhile.

Even for a basic description, it can get a little long to explain.
Also, one thing that has cropped up in recent years, is that some of the Trunking communications has gone digital. Like cell phones. They would require a scanner that is able to receive digital.

Your scanner can receive the 800 band of frequencies. So, if your area has gone to Trunking, you may still be able to hear them. But as the section on Trunking explains, the same frequency may have a variety of conversations going.

As for the modifications, I, obviously, am not specifically familiar with them, but they seem possible, in theory. Issues that I would expect to have-CB radio is AM, the nearest frequencies (30-50MHz) are FM. They are different Modulations, so are not compatible. The same with FM radio. The nearest is Air Frequencies, which are AM.

Good Luck. Hopefully, you will find something in your area of interest.

John

I'm certain that George gave thanks yesterday because he wasn't still in jail.

But, there's always Christmas, and perhaps George will be there to participate
in the festivities.

I'm a longtime shortwave listener who has often decided to take up scanning, but never seemed to get around to it. It looks like I might soon be able to. I'm located in NYC and would very much like to connect with local expertise -- a person or club. (I know we have trunking here; not sure about digital; etc.)

I don't want to bog the group down with NYC specific questions, so I'm

happy to use email (just "cut" what begs to be cut from my address.)
Or I'm happy to ask questions here and bore the non-NYC folks. Be
well,

Summary: A query of the differences of the PRO-106 and PSR-500.
Keywords: digital scanner GRE differences
User-Agent: tin/1.8.3-20070201 ("Scotasay") (UNIX) (NetBSD/2.1.0_STABLE (alpha))
Xref: g2news1.google.com rec.radio.scanner:367

I noticed that Radio Shack has a digital capable scanner on sale until Christmas, called the PRO-106, for $400. What is the difference between the PRO-106 and the PSR-500? The only difference I can see is the PRO-106 has a little wider coverage around VHF-High T band and it doesn't come with a AC power adapter and PC cable adapter.

```
  PSR-500 Frequency Range          PRO-106 Frequency Coverage
* 25-30  Amateur Band 10 Meters      * VHF low 25.00000-54.00000MHz
* 30-50   VHF Low Band
* 50-54   Ham Band 6 Meters
*  108-137  Aircraft Band       * VHF aircraft 108.00000-136.99166MHz
*  137-144  Federal Government       * VHF high 137.00000-174.00000MHz
*  144-148  Amateur Band 2 Meters
*  148-174  VHF High Band
*  216-405  UHF Mil Air Band         * VHF high 216.00250-299.93750MHz
*  406-420  Federal Government       * UHF low/t 300.00000-512.00000MHz
*  420-450  Amateur Band 70 Cm
*  450-470  UHF Band
*  470-512  UHF "T" Band
*  796-824  800 MHz Band        * UHF high 764.00000-960.00000MHz
```

* 849-869 800 MHz Band
* 896-960 800 MHz Band
* 1240-1300 Amateur Band   * UHF high 1240.00000-1300.0000MHz

Also, the PRO-106 speaker is supposedly a little tinning but at least it on
the bottom of the scanner. How is this OOUI paradigm different from my
Uniden BC246T's dynamic memory model? Thank you for your time and assistance!

Unforunately I've not gotten much out of those. I have the campus police tuned in for a few local universities, but nothing of note there usually. The DNR usually has to the janitor more than officers in the field.

But CB radio can be really interesting. One night, when I was having insomnia, I heard some trucker go off on a used car dealership somewhere in Ontario. His rant literally went on 10 or 15 minutes.

Another thing I like to listen to, from time to time, is aviation stuff. Not a whole lot of variety, so I only listen in short bursts, but it's usually pretty consistent as far as traffic goes.

Palmdale, "Kalifornia" is attempting to outlaw amateur radio. The city of Palmdale has now passed a draft zoning law that proposes an enforcement unit that could seize amateur radio equipment and restrict antenna height to one inch above a fixed structure's roof.

It also applies to mobile and portable operation using an HT. They can even arrest you and take your HT just for walking down the street and talking on it.

I am not kidding. Here is a link to the actual proposed ordinance where you can read it for yourself.
http://www.cityofpalmdale.org/city_h...spl120479c.pdf

QRZ.com are leading the hams in a campaign to stop this law from taking effect. You can read all about it here: http://forums.qrz.com/showthread.php?t=185892

There is also are some videos on YouTube from N9FAA about it.

Sure they can; all they need to do is pass an ordinance.

Whether or not someone has the resources to file a court challenge
and fight it is a separate issue.

technically no they can't, Congress passed a law in 1983 giving the
FCC full authority of RF energy also in the 1980's the FCC passed
PRB-1 which exempts amateurs to some degree, for example any ordinance
that bans all antenna violates PRB-1. Any ordinance created must use
the lease restrictive means to serve the government interest.

And you all didn't believe me that SOME cities and counties are doing
this.

I didn't even know about the Palmdale California one until reading
this message. So chalk up ANOTHER city making such a rule.

"must use the least restrictive means"

then what about all the previous statements in thse newsgroups that
legally the local authorities are allowed to be more restrictive than
the federal
radio rules, but not legally allowed to be less restrictive than the
federal rules???????

It seems to be if thety're allowed to be MORE restrictive than the
federal rules, then the ban on ham radio in that city by that city is
completely
legal, if the law passed.

Not true, many cities believe they can, but if you were to fight it in federal court, they would lose. Cities, States and Federal according to the courts must use the "lease restrictive mean necessary to substances governmental interest". There has been many court cases including Supreme Court cases and which the courts has ruled that is how it's suppose to be. That's where the FCC got that term in PRB-1.

Actually Federal laws also have to abide by the "lease restrictive mean" as well, although a lot of government agencies don't

Technically, yes they can.

A city can pass an ordinance making it illegal to wear a white shirt
```

and it is law until challenged in court.

And, for what it is worth, California adoptd AB 1228 in 2003 which
basically makes PRB-1 part of state law.

Neither AB 1228 nor PRB-1 mean anything until a locality passes and
enforces an ordinace contrary to state and federal statute AND an
individual is "harmed" by the ordinance AND the individual challenges
the ordinance in court.

I have a RS Pro-528 and a RS USB-to-Serial cable (20-047) and I run
Ubuntu Linux 8.04 on a Dell Latitude C610 laptop. I am searching for a
means to access my scanner via the USB cable for the purpose of
reading and writing it's memory banks. I know there is software out
there that does this in Windows. I know that some of this software
runs quite well on virtual machines and through windows emulators. I
am not interested in either so please don't respond if all you have to
offer involves either method.

That first link doesn't work anymore. There's a redirect and it
doesn't have anything to do with radio from what I can see.

Either a portable or base unit would be fine--with a slight preference toward base because of larger, easier to use buttons/knobs.

Very expensive (to me) is $800, with optimum price for good quality unit not to exceed $500 or so.

Thank you Nick for your great post. I'm studying the web site you referenced. Very informative. Can you tell me, is an outside antenna a good accessory and can it be attached to the scanner without much technical knowledge? Is one type of antenna better tyhan another?

Hi ya'll, what do ya'll think of the Radio Shack scanners, I am looking at the Pro 162 or Pro 164 to get into trunked scanners. lots of the local public service has gone this way, Radio Shack is the easiest way to see and try one out before buying it, dont want to mail order it. or I would go Uniden.
Thanks

Sam,

Well the positive aspect to 'trunking' is that the radio frequencies are much higher. With most US cities, you can get buy with a simple rubber ducky antenna or a telescopic base antenna. If your city is using conventional frequencies then you may want to invest in an outside antenna.

The price of an outside antenna is reasonable. I use the Radio Shack "scanner" antenna (20-043) and it's priced here at $73. It's very easy to set up. Just get it up as high as possible. Mount it on a PVC pipe or some kind of pole and you're good to go. The higher up you can get it the better. (Some people will buy a TV antenna mast... which is like 25ft and then mount it on that.) Whatever way you choose, just make sure it's secure and away from any power lines. My antenna has withstood winds up around 70mph, so I'm not too worried about weather.)

You'll need to buy RG-58 coax cable. Plug one end into the antenna and the other into the scanner. Most scanners have a "BNC" connector type. You'll need a small adapter to convert between the coax and BNC. Ask the RS salesman for that. It's like $5.

For receiving - almost any antenna will work. I think the RS scanner antenna is the best value without going overboard. It should last you for years. The antenna is usually a one-time investment. You'll see "discone" a lot. That's a pretty typical type for a base scanner. Now, why some vary in price from $50 to $250 - I don't know. They claim better performance, but that might be stretching the truth a bit. ;o)

Another retail store I use is "Universal Radio" - they're very nice and will take time to answer questions for you. They have a nice online site to look at gear, accessories, etc. http://universal-radio.com/

Their prices are very good btw on most products.

Here's their direct link for antennas:
http://universal-radio.com/catalog/scanants.html

Here's their direct link for scanners:
http://universal-radio.com/catalog/scanners.html

PS. Some of those antennas show the assembly instructions... so you can see what's all involved. Usually it's just screwing things down. Pretty straightforward.

Good luck,
-Nick

Craig, I personally don't like the RS scanners. I'm a Uniden guy. Invest
in a good Uniden model and you won't regret it.

PS. Make sure your local PD hasn't gone digital or those RS scanners won't
help any.

Sam,

If you're looking for a base model, then check out the BC898T. It's a pretty good scanner for about $220. It does NOT have the digital capability. For that, you'll need either the 396 or 996 model.

We still down in the sticks here in SE texas, most are just now using trunk
systems, some still on the older systems that use the 155 mhz or the 460 mhz
frequencys
I like uniden too, just want to find one that I can put my hands on first,
dont like to mail order something that expensive without trying it out,
getting touchy feely first, you know what I mean.

Yeah I hear ya. Just be warned that programming these scanners is best done with a computer. So you'll have to at least buy the USB cable and scanner as well. Then check out BuTel software (google them)... they have demo software you can try out for free.

Also, you should check out http://www.radioreference.com and look at the "Texas" forum there. You can probably find several people that would be willing to help you out - either sell you theirs or let you stop by to play around. ;o)

There's also a for-sale section on that site as well.

That is why they are piled up in drawers everywhere. My last job was a boatanchors dream. Two-way service shop owner since 1957 died of cancer 15 years ago and the widow still keeps it like it was and collects site rentals. Dust everywhere, Tube stock, parts stock from Mot, GE, Midland, EFJohnson, Kenwood, Icom all just laying around getting old in an annex off the main office of a horse farm. She would throw it all away if she knew it's commercial value. Piles of crystals. Too much "stress" to bother.

find out which frequencies and modulations are used by the agencies you want to listen to in your area
http://www.radioreference.com/

if they are all analog, you can buy cheap scanner like a RS Pro-97 to start
if they are digital (APCO-25), you have to buy an expensive digital radio scanner (RS Pro-96 is the cheapest) to listen

I have/keep my scanner on, I just don't understand a lot of what they are saying but, if a plane or something big gets in trouble I'll know it.
I heard the plane with the hole in the side a few months ago.
Running WinScan 895, works for me and it has for years.

what is frequency for Phoenix Fire Channel 14?

I know Phoenix, Az also used an 800 mhz (855-870mhz area) system for PD, FD, and city services and Maricopa County has their own separate 800 mhz system.

I'm in the Philippines. I have a list of Freq.'s I have picked up.
Is there a list that will tell me who these Freq.'s are assigned to?

Like 121.6, 122.4, 118.1. This group are all aircraft.

Today, there were various comms heard to prepare the launching of the
Space Shuttle STS-126 on 261.5750 MHZ FM mode by Sat.

For more details:
http://home.wanadoo.nl/psdedeugd/

http://home.wanadoo.nl/psdedeugd/Space%20Shuttle.html

Most of the info is in Dutch, but is easy to translate by a programma like
Google Translate.

Greetings,
Peter

I just saw a Realistic Pro-55 scanner at a thrift store, and was reminded that I always wanted to get something like that. I was afraid it was totally outmoded at this point though - looked like you had to buy crystals and set up each one of the buttons for a specific frequency. It got the weather radio, but that was it, so it must have had only 1 crystal in there. Not sure if it was worth buying even at $4, if you can still get crystals, or if everything is encrypted these days. (and how do you find out what frequency local things are broadcast on???)

Can anyone tell me - are there better ways to start out at $100 or less?

Homestead ARB 93FS F-16s "Mako 11" flight are up on Jax Ctr freq 273.55; they are in the altitude block FL170 to FL190. Possibly headed to Pinecastle Range.

The MAKOs are using 138.125 for air-air.

Also, their stablemates "Shark 21" flight has just checked in with Avon Park Bombing Range on 292.2.

The SHARKs are up on 138.25 in air-air comms. They are engaged in ACM, using simulated AWACS "Darkstar" for control. Later, they will attempt to expend GBU-12 munitions; but if weather is unsuitable for GBU-12s will use GBU-38s. [GBU-12 are laser-guided bombs; GBU-38s are GPS-guided Joint Direct Attack Munitions.]

With some recent bugs on my computer I have decided that it is time to reformat my drives. The only problem is, I can't find the Software key for my ARC software. How can I fix this issue can I move the software to an external drive, reformat and then move back, or does the registration use Registry keys?

US Coast Guard's "CG 2102" is up with Sealord on 120.95.
He has an ELT signal.
He will be searching around location:
29-44.9 North
80-16.6 West.

CG 2102 is an HU-25D Falcon Jet out of CGAS Miami.

====================

"CG Rescue 2102" is now up on Sealord's 267.5 freq, where he has
just been handed off to Jax Ctr's 126.35.

According to the comms, USN P-3C "Lima Lima 05" (NAS Jax VP-30)
participated in the SAR as well.

CG Rescue 2102 is also up with Sector Miami on 157.05 and is
passing his
location as 28-34 North, 80-15 West. He informs Sector Miami that he
is
returning from a SAR case.

CBP freqs 165.2375 and 164.775 have been active this morning.
At 6:35am EDT on 165.2375: Unid was "trying to get "Omaha 558" (UH-60A helo) on Net 1; no joy." He was in comms with "Charlie" (no numeral heard for Charlie).
At 6:57am EDT on 165.2375: "97B on Net 1"
At 6:58am EDT on 164.775: encrypted.

The "97B" callsign is perplexing. I do not have an "Omaha 97B" in CBP inventory; and if "97B" were a USCG asset, the "B" would connote an HH-65, but I do not have a USCG HH-65 with that numeral in its tail number.

Hello to the group and thank you for your help.
I have a PRO-2066 and PRO-94 scanner.
I want to use the trunking feature on both.
I have programmed both according to the instructions.
After programming the frequencies, including the control channels, all I hear is data, buzzing, tones, etc, on whatever talkgroup it stops on.
What am I doing wrong?

Thank You,
Greg (Bogey)

Gaping hole in Qantas jet forces emergency landing
A large hole in the fuselage of a jet forced a Qantas flight to make a rapid descent and emergency landing, the airline said. "There was an almighty crack," said one passenger on the Hong Kong-Melbourne flight that landed in Manila, Philippines, instead.

Heard him declare an emergence and come on down, fast 15 minutes.

     It is Sun, 1:27am EDT (0527z).
     "Delta 351" is up with Dispatch on 129.9.
     Pilot reports a very loud pop occurred at 10,000 ft.
     Says it was especially startling to the flight attendants in the
back.
     Says it is getting worse, and he wants to put the plane down.
     Says he is now just south of Ft Myers FL; has 49,000 pounts of
fuel aboard.
     After some deliberation, Dispatch tells the pilot to return to
Atlanta.
     Dispatch advises pilot to inform passengers that they will work
on getting another aircraft to continue the flight to Lima.
     Delta 351 is a Boeing 757-200 that departed Hartsfield IAP,
Atlanta GA (KATL) and is en route to Jorge Chavez IAP, Lima Peru
(SPIM).

You are more than likely getting digital talkgroups (especially if you hear that sound that resembles a jackhammering sound). This requires that the scanner can decode digital.

Verify that your scanner can decode digital signals and is not just an analog scanner. If it can decode digital, then make sure you are set up for digital scanning. If the scanner cannot decode digital, then it will be necessary to lock out those digital talkgroups, or create a scan list of just the analog talkgroups (if the feature is supported).

Not sure if we have a Civil Air Patrol exercise coming today, but 148.15 has been busy with their comms this morning.

Most recently, "FL CAP 427" tried to reach "FL CAP 423."

"CAP Mission Base Melbourne" has been calling "CAP 450."

Might sit on the freq for a while.

It&#8216;s true that we have been leading a difficult life, for we need
not only to be under various external pressures, but also to be in the
face of internal perplexities.You would be affected by the warmth of
life if someone gives you a understanding look during your bitter
struggle.Even a mere glance would make you moved and inpired.

Thank you for your help Daniel.
The PRO-2066 and PRO-94 can scan only analog apparently.
The manuals do not say anything about decoding digital.
It only says the 2066 tracks Moyorola Type I, Type II and Hybrid analog
systems. The 94 tracks the same sa well as GE/Ericsson EDACS.
Any thoughts on a scanner that will track digital as well as analog
systems?
Thank you again,
Greg (Bogey)

The PRO-96 and PRO-2096 can (I'm pretty sure anyway).

I just had to purchase Mixw - it's a superb program and I do like to support efforts in
electronics and radio (and I never buy software normally - which means I like mixw alot :-)

When I purchased it I also asked in the mail if the key also worked for future versions,
and I got a reply that it did - and that there was a new major release coming soon....

That was in Sept.2007....
The latest version I can find is 2.19 which is from Dec.2007 but that is only a minor release...
Does anyone know if these people are still alive? Looking at their main website there
hasn't been any updates at all lately...
It would be a shame if they simply grew tired of developing it, it really rocks!

Ok, so for the last four nights, starting about 4 days ago, a group of guys have been goofing off on 154.57000 - a frequency SUPPOSEDLY in use by the WI dept. of transportation.

Dirty limricks, sing-alongs,wise cracks, you name it they're doing it. :))

It generally starts about 11pm, for those of you who want to check it out yourselves.

I got some of it recorded - though because I can't pause my recorder there's long gaps of silence (also missed the best of it :( )

http://www.sendspace.com/file/52ow2w
http://www.sendspace.com/file/k42i52

The weird thing is, that this only happens "after dark". During the day, the frequency is deader than a doornail.

B-52H bomber "Scalp 99" is up with Miami Ctr on 285.5, but just handed off to Miami Ctr's 293.225.

He is requesting a change in routing. He had been headed southbound to waypoint RSW (Regional Southwest A/p, Ft Myers) and then to MacDill AFB. Now wants to turn back towards Cross City. He is at FL240.

He is also up on 260.9, maintaining comms with AWACS "Bandsaw." Now asking Bandsaw "How long are you going to keep the music off?"

Now he has been handed off to Jax Ctr's 317.6 where he requests the routing "Cross City to Crestview, then to Cross City again, then to MacDill AFB."

Scalp 99 is from Barksdale AFB.

Is anybody aware of a converter that will receive digital 800 MHz signals and convert them to Analog?

Our local public services went from VHF analog to 800 Mhz digital last year
and I don't believe they are trunked.

Try this

http://www.aorusa.com/ard25.html

but you need a 10.7 MHZ discriminator output

Good luck.

Valid point. Makes sense. Keep the 2006 for other monitoring. It is still a good receiver.
Go digital with a new, trunking receiver and be done with it.

I used to listen to scanners maybe 25-30 years ago and thought I might get back into it. Looks like things have changes a bit since then-- scanners these days seem to be computers with speakers more than radios!

Anyone got a favorite link or article to help an old dog get back up to speed so I know what to buy....

Where do you live, what do you want to listen to? Makes a difference in what you need. Radio Reference page can some times be a hell of a lot of help in this area.

I always thought that Citizens Band ran from 26.9650 to 27.4050 Mhz.
That's what it says on my scanner anyway's.

in some area,s it sounds like cb the 5 channels allocated for MURS are
151.82  151.88  151.940  154.570 154.60
you are actually allowed to put up an outside antenna and run up to 2
watts which on that band will go pretty far. put those 5 freqs in your
scanner and listen you might here some more people having some fun
right in your own town.

On Monday August 11, around 19.30 UTC I heard clear comms on 255,3500 MHz in
the FM mode.
It was the Airforce 1 in contact with Lions Den (WYG911, FEMA, Maynard,MA),
they where talking
about the encryptions settings that didn't work out for the Airforce 1 :-)

After some time things were set up right and the comms returned in ANDVT.

You can find a recording on my website: http://home.wanadoo.nl/psdedeugd/

Regards,
Peter

Depends on what services you wish to monitor.
How serious is your interest?
Handheld or desktop ?
Price range ?

 Lots of variables..

Unfortunately Central Florida has a lot of crooks. The state is having bad economic troubles, housing foreclosures, and it has its share of scam artists.

The runt doesn't have a real job. He scamming someone to make a living or selling stuff to pay his bills, but he has from time to time posted "I want to buy" several expensive articles for that communication center.

Hi all!

I have both a PRO-97 and an older Realistic PRO-2022. I have come across an interesting problem on which I would like your collective input. While my PRO-97 scans the 923 - 927MHz range for portable phone handset frequencies, my PRO-2022 scans the 902 - 905MHz range for portable phone base frequencies. When someone activates their phone, my PRO-97 will stop on, for example, 924.525MHz and my PRO-2022 will stop on 903.125MHz. On BOTH scanners, I hear BOTH sides of the same conversation. If, during that conversation, I switch my PRO-2022 over to 924.525MHz, I STILL hear both sides of the conversation. HOWEVER, and here's the issue, if I tune my PRO-97 to 903.125MHz, I hear NOTHING but static. Both of the scanners are sitting right beside each other.

So why would my PRO-2022 be able to hear both sides of the conversation on BOTH frequencies, but my PRO-97 only be able to hear the conversation on ONE frequency? This disturbs me since the PRO-97 is much more advanced...and much more expensive! If any one can shed light on this, I sure would appreciate it.

Thanks all!

Matthew

Hi all! Thought I'd share some info I discovered accidentally while playing with my PRO-97 scanner. When you first turn on the PRO-97 scanner, the LCD displays a three line message that says something like:

Multi-System
Trunk Tracking
Radio Shack

Though it displays only three lines of text, it has the ability to display four...and you can customize it. I cannot find this documented ANYWHERE, including Mark's Easier to Read PRO-97 Scanner Manual (http://myweb.cableone.net/marksscanners/97/97.html).

To change the startup message on the PRO-97 scanner:

1) Turn on the scanner.
2) Change to any standard FM channel.
3) Press [PGM] to enter program mode.
4) Press [FUNC] + [TEXT]. The display will read:
    Start Message
    Edit 1st line:
5) Enter the text you wish and press [ENT] to move to the second line, then the third, and so on.

Hope you enjoy this! I was quite surprised when I accidentally hit the key and saw this.

Matthew

I recently updated both a PSR-500 and a PSR-600 to the latest firmware (CPU and DSP). After that, neither one correctly displays P25 WACN, systems, sub-systems, and site numbers. I did discover they display properly if I go back to the previous CPU version.

Has anyone noted similar.

Hi, Brad! Thanks for your input. I must admit, I am ignorant of the
subject of images though I have heard of this topic repeatedly. Would
you mind explaining your thoughts in layman's terms or pointing me to
a site where I could educate myself on this? I'm very interested in
learning about. Thanks again, Brad! Have a good one.

Every modern radio receiver uses intermediate
frequencies in the demodulation process. This
results in better quality signals being fed to the

audio anplifier; thus, better quality sound from the loudspeaker. Usually the IF is given in the specs of the scanner, and by convention, 10.7 MHz is used in consumer radio sets.   To get the image frequency of any given channel, double the IF and add and/or subtract the result to/from the given frequency.

For example, my local NOAA frequency is 162.4 MHz. Image frequencies for it will be at 162.4 MHz. � 21.4 MHz., or at 183.8 MHz. and 141.0 MHz. (2 X 10.7 MHz. = 21.4 MHz.)

 Tune your scanner to a given station's image frequency, and you may hear a signal strong enough to make you think that the station is operating on that channel; or stations operating on an image frequency may effectively jam reception of a desired frequency. Which as Brad points out, may be the case with your base/handset channel pair. Receivers which employ multiple intermediate frequencies aren't as susceptible to this issue.

I too wish to know what is available. I am a HAM, but I haven't done any scanner work in years.

I am getting involved with ACES/RACES through my association with the American Legion. As my organization has a perminate building and property, rapid response to potential attacks has become a priority. It is especially important as I live within 11 miles of the Washington D.C border.

I guess my question is, the most bang for the buck, with room to expand/upgrade in the future.

My current selection would be the Uniden BCD996T using the ARC996 software.

Am I close????????

To add a little bit of hopefully useful
information to the above, high end receivers will
say in their specs that they employ "dual
conversion" (two IF's) or "triple conversion"
(three IF's). A good explanation of how radio
signals are demodulated can be found in Robert W.
Shrader's "Electronic Communication," published by
McGraw-Hill. The most recent edition retails for
over $100 US; one might try to pick up a used copy
somewhere, or borrow one from the public library.

I would avoid the 396 and go with the GRE PSR-500. Far superior at
handling interference and adjacent channel rejection. I had Uniden and
then went with GRE 500 and 600. There is no comparison. I was missing so
much with the Uniden.

But if you are going to get one anyway, the Uniden lets a burst of the
encrypted transmission come through before muting it. The GREs will not
mute the encrypted at all.

This Icom R7000 Receiver/Scanner covers from 25 to 999 and 1025 to 2000 MHz (UNBLOCKED) in the following modes: AM, AM-W, FM, FM-W, FM-N, USB and LSB. The R7000 covers low band, VHF civil and military aeronautical bands, marine, business, FM, pirates, amateur, government, TV bands, NASCAR, border patrol, plus much more.

99 memories store frequency and mode and may be selected by simply pressing the memory switch, then rotating the memory channel knob or by direct keyboard entry.

Scan modes include full-scan, programmed-scan, mode-scan, selected-scan, priority-scan and auto write programmed-scan. By depressing the Auto-M switch, the receiver automatically memorizes frequencies in use while the unit is in the scan mode. Six tuning speeds: 0.1, 1.0, 5, 10, 12.5 or 25 kHz. Requires 117/240 VAC.

This is one of the very best receivers Icom has ever manufactured. It is use widely by governments around the world, military, intelligence and anti-terrorism agencies. This radio is extremely clean. There are a few very minor (patina) scratches & paint chips. There are splash marks on the rear panel, but that does not affect the operation. The front panel is in perfect condition. It is guaranteed to not be DOA.

Please email me for more pictures: kz3dx@yahoo.com The price is $478.50 for the radio plus shipping. The AC power cord is included. Shipping & Insurance: to the lower 48 states is $48.35. To Europe is $98.60. To Australia/NZ is $115.27.

If you have any questions, please email me at: kz3dx@yahoo.com

Hi. I have a Pro-2040 and need to know how to eliminate whole bands and restore them. Two of the ten bands on mine are shut off and need to bring them back. When it's scanning it just junps over band 2 and 3. Hope it's not broken. Thanks in advance!

Always helps to have the manual ....
You were lucky, many manufactures did not make their manuals
available for downloading.

He has a full URL selling radio stuff, I think, had his name all over it.
Didn't the judge say that he was to stop selling online?

PS: I never had any problem with him but, I never bought anything from him.

Product Description
Manufacturer Description
The Panasonic DMC-FX12 Lumix digital camera features a superb optical 3x zoom (35-105mm, on a 35mm film camera equivalent) Leica DC lens with f/2.8 brightness, a 7.2-megapixel CCD and a large, 2.5-inch LCD. all within a compact, stylish profile.

An Intelligent Image Stabilization system comprises two features, Mega O.I.S. and Intelligent ISO Control, that together make it easy to capture beautiful photos every time you shoot. Now recognized as a must-have feature for digital cameras, Mega O.I.S. compensates for the effects of hand-shake, making it possible to capture clear, crisp photos indoors, at night, or when taking macro close-ups -- those situations in which hand-shake is most likely to be a problem. Even Mega O.I.S., however, cannot suppress the motion blur caused by a subject moving as the photo is being snapped. That's where Intelligent ISO Control comes in. In this system, the camera's Venus Engine III image-processing engine detects whether the subject is moving and, as necessary, raises the ISO setting and shutter speed according to how fast the subject is moving and the light conditions. This happens automatically, so you can shoot without the bother of adjusting settings every time conditions change. Lumix and its powerful Intelligent Image Stabilization system do all the work automatically. You enjoy easy, trouble-free shooting in any situation and get the satisfaction that comes with capturing clear, beautiful images.

In addition, the FX12 offers a range of features that enhance usability and add convenience. The new Quick Setting function lets you quickly and easily access and set the functions used most often. With the new Date Stamp function, you can simply stamp the date on photos or you can take advantage of two original Lumix features. When travelling, you can stamp the day of the trip on the photos you take. Or, if you have a baby, you can stamp his or her age in months on your photos. The stamped information appears on photos that you print yourself at home or have printed at a photo shop.

It also boasts an internal 27MB memory (approximate) and accepts large-capacity SDHC memory cards, giving users more flexibility in shooting and recording. The menu and its graphical user interface have also been redesigned, with the colors brightened for easier viewability.

DMC-FX12 Highlights

Bright f/2.8 Leica DC lens in a compact body The 7.2-megapixel DMC-FX12 packages a bright f/2.8 Leica DC Vario-Elmarit lens with 3x optical zoom into a stylish, compact body. Comprising seven elements in six groups, including three lenses with three aspherical surfaces, this advanced lens unit passes Leica's stringent standards and delivers an exceptional optical performance. Further, in 3-megapixel resolution mode, the Extra Optical Zoom function provides additional magnification, extending the zoom power from 3x to 4.1x by using the center part of the CCD.

Intelligent Image Stabilization: Mega O.I.S. for hand-shake plus Intelligent ISO Control for motion blur Panasonic drew on its cutting-edge lens technology to invent Mega O.I.S. (Optical Image Stabilizer), an optical image stabilization system that prevents blurring from shaky hands -- the leading cause of blurry images. With Mega O.I.S., it is easier than ever to capture clear, sharp, beautiful images when shooting indoor portraits, illuminated night scenes or even the scenery you see from a train window.

While hand-shake is the single biggest cause of blurry images, it is not the only one. Another problem is the motion blur that can occur when a subject moves as the shot is being snapped. Incorporating Panasonic's Intelligent ISO Control, Lumix cameras are the first in the world to fight motion blur by themselves. This system detects whether or not the subject is moving. If it is, the system automatically raises the ISO setting accordingly, allowing the camera to shoot at a higher shutter speed. If the subject is not moving, the camera shoots at a low ISO setting and captures beautiful, natural-looking images. Intelligent ISO Control is included as one of the corrections in certain scene modes used to shoot subjects that are often moving, such as Sports, Baby and the newly added Pet mode. Simply select the mode that best suits the subject, and Intelligent ISO Control provides the optimal corrections, making it easy to capture crisp, clear photos.

With Intelligent Image Stabilization -- Mega O.I.S. to compensate for hand-shake plus Intelligent ISO Control to prevent motion blur -- Panasonic has taken image stabilization a leap forward and equipped the new Lumix DMC-FX12 with the industry's most advanced countermeasures against blurring.

High-quality, high-performance image-processing LSI: The Venus Engine III The DMC-FX12 features Panasonic's Venus Engine III, an advanced image processing engine which in the past was offered only in the upper-level Lumix models. It can record at a sensitivity setting as high as ISO 1250 with full resolution. With its multi-task image-processing capability, the Venus Engine III also boasts outstanding response time. Shutter release time lag is as short as 0.005 second. This fast response makes it easy to capture sudden, spur-of-the-moment shots. It also allows unlimited consecutive shooting -- you can continue snapping shots until the SDHC/SD memory card is full.

Bright LCD for easier shooting and more enjoyable playback The FX12 has a large, 2.5-inch LCD for comfortable viewing both while monitoring shots and while playing back the results. The pixel-mixed readout method used by the CCD automatically increases the brightness of the live image on the LCD, making it much easier to shoot in low lighting. Thanks to the Power LCD function, which boosts the LCD backlighting by 40 percent, even shooting outdoors in bright sunshine is no longer a problem. The High Angle mode, which can be accessed quickly and easily via a dedicated button, makes the LCD screen extremely easy to view when the camera is held high, such as to shoot over a crowd.

Record clear, bright, wide-aspect VGA motion images -- ideal for widescreen viewing In addition to recording standard VGA (640 x 480) motion images at 30 frames per second, the DMC-FX12 can record stunning wide-aspect VGA (848 x 480) motion images at 30 frames per second. These 16:9 motion pictures look extremely impressive on a wide-screen TV. The pixel-mixed readout method used by the CCD enhances image brightness, so the pictures you see are clear, bright and beautiful.

Other advanced features The compact and stylish FX12 features 27 MB (approximate) of built-in memory, which can save the day should you happen to fill up or forget to take along a memory card. The functions and settings used most often, such as white balance adjustment, ISO level, image size, image quality (compression format), and consecutive shooting are quickly and easily accessed via the Quick Setting function. There's no need to open menus to adjust them. The FX12 also accommodates large-capacity SDHC memory cards. A wide variety of scene modes, including the new Pet and Sunset modes, make it easy to get beautiful photos in a range of photographic situations. Above them, Sports, Baby and the Pet mode take advantage of the Intelligent ISO Control as previously described, to let you get great results even if the subjects have unexpected motion. When used with the optional marine case housing, Underwater mode allows underwater shooting with optimal automatic settings that capture subjects and the surrounding water in beautifully natural colors.

The fun continues even when the shooting is done With the DMC-FX12, the enjoyment of photography doesn't end when you're done shooting for the day. One additional function that broadens the fun of photography is direct print mode. To select it, simply turn the mode dial on the camera top. Then use a USB cable to connect the camera to a Pictbridge-compatible printer, and you're ready to print beautiful photos. Print all the images you shot or only your favorites, and make one copy or multiple copies as you wish. When you turn the mode dial, the mode selected is indicated on the LCD. This lets you change the mode to recording, playback or direct printing without taking your eyes off the subject.

Also interesting is the new Date Stamp function. In addition to showing the date a photo was taken, the FX12 can show on which day of the trip a photo was taken. It can also stamp your baby's age in months on a photo, after you've taken the shots. These dates, which can be helpful when making a photo album, can be stamped on photos whether you print them yourself at home or have a photo shop do them.

And with the optional Panasonic DMW-SDP1 HDTV Photo Player, it's easy to have a slide show of Lumix images in 1080i high-definition quality. By simply connecting the SDP1, via a component cable, to a high-definition TV such as a Panasonic Viera, and inserting the SDHC/SD memory card into its slot, users can view their photos on a large display together with family or friends. Like Lumix cameras, the DMW-SDP1 incorporates the Venus Engine III imaging engine. This provides extremely quick advancing from one slide to the next. It also allows playback of wide-aspect VGA (848x 480) motion images that fit an HDTV=92s 16:9 screen.

Today at 1300 UTC Cape Osborne started Test Comms with a loth of stations
and TAL sites for the launch
from Space Shuttle flight STS-124 later this week.

I made a list with callsigns and a recording that you can find on my
website, direct link:

http://home.wanadoo.nl/psdedeugd/Space%20Shuttle.html

Scroll down till you see "STS-124 Pre Launch Comms"

Have a nice day :-)

Hi all. I recently purchased a Radio Shack PRO-97 handheld scanner. I have been VERY pleased with it except for the "Signal Stalker II." It simply doesn't detect anything. I have walked very near known transmission sources (ie, baby monitors in 900MHz band) and it the scanner does not stop on the frequency. The only thing I can get it to stop on is a GRMS walkie-talkie when it's right next to it. I have read MANY posts on the Internet where people have this exact same problem but I have never read a solution.l About half the posts say, "It works great," and about half say, "Signal Stalker does nothing for me." Do any of you have any thoughts on the matter?

I'm wondering if Signal Stalker even scans in the 900MHz range even though the radio itself supports it. I ask that because when I watch the display scan through the frequencies in Signal Stalker mode, nothing in the 900 MHz range appears. I DESPERATELY want this feature. Any suggestions would be much appreciated!

Thanks!

Respectfully,

Matthew Connor

I think that I have them, I'll have to search around.

I will mention however that I have another item which may be of interest to Bill Cheek fans. I have the HB-232 unit which Bill designed to control the PRO-2006. I have the following:

PRO-2006 scanner with HB-232 installed -- PRO-2006 is in excellent condition with box, manuals, etc.
Original PRO-2006 Service manual
HB-232 Documentation set

Please contact me at byungjaykim@yahoo.com if you're interested in any of these items. I'll seach for the Cheek books tonight.

I know about the following frequencies for DECT cordless phones:
1881.792 MHz
1883.520 MHz
1885.248 MHz
1886.976 MHz
1888.704 MHz
1890.432 MHz
1892.160 MHz
1893.888 MHz
1895.616 MHz
1897.344 MHz

but I fgured there might be more. Are there?
The reason I ask is because I have a philips dect phone and when I use it and run
my
scanner on the above frequencies I get nothing. Before you jump on me I know that
you
can't listen to dect phones on a scanner and I know about the encryption, but I
just
wanted to find out what frequency my phone used (if not one of the above). I did
try
contacting philips but they don't respond andthe above numbers are all I could
find on
google.
Thanks for any help.

I have all 3 books in excellent condition. I would like to get $20 each and I will ship by media mail or USPS Priority whichever you would like. Let me know if you are interestsed in any or all and I will get you the shipping cost and you can pay with paypal if you want or we can discuss other payment options.--Gary

Let us all know if you ever actually receive any money from this clown. He has been pulling this scam for over a year now. He asks for the books, then settles on a price and he says he'll send the money and you never hear from him again.
I dont think his paper route pays enough.

Sure you will, a distinct buzzing sound.
Try WFM and scan around 1.8-1.9GHz, alot easier than
using narrow bandwidth...

yeah thanks greg you were right about wfm, I was scanning on nfm and couldn't pick up
anything, but did get the expected buzzing on wfm at some of those 1.8g
frequencies.

my scanner goes to 3.3GHz, more than enough for this purpose.
I simply wanted to increase my knowledge about these things and be able to
recognise
certain sounds that my scanner picks up.

ooops, I understand a bit clearer now. Yes my scanner does support user-specific
steps
such as 1.728KHz.

thanks Jim, I tried a scan between 2.010 to 2.025 GHz and did pick up a hiss on
2023.4000MHz WFM but as yet have not identified what it was.

What antenna are you using?
Mostly you'll find just interference, from computers, satellite recievers etc
etc...

I am looking for a program that will allow me to program my radio in windows
XP. I have tried a few but keep getting an error that says dos programs will
not run. Anyone have any luck with this.
Thanks

The reason for this is that the signal is time division multiplexed (up to 12 calls supported per channel at any given time!), and as the transmission switches on briefly and then off again for the majority of the time, i.e.. it has only a few percent duty cycle, the transmissions are too short lived for your scanner to open squelch. In fact, the base and handset take it in turns to transmit, the switching happens thousands of times per second; this is what allows the base and handset to use the same frequency to apparently provide a full duplex link. This method of transmission is known as 'digital ping pong'. Also, remember that the channels have a bandwidth of over 1MHz, and that your scanner can only (even in WFM mode) hear less than 10% of the channel at once, so most of the signal always falls outside of its passband. You may hear something though if you open the squelch fully, go close to the phone or base station whilst a call is in progress, and try tuning each of the 10 centre frequencies. Remember, you will hear a slight electronic buzz mixed with the background noise. That's your lot!

By the way, 3G phones use Wideband Code Division Multiple Access, and channels 5MHz wide in the 2100 MHz area. I won't go into how WCDMA works as it's tricky to explain, but don't expect to hear even this much if you tune into a frequency which is part of a WCDMA channel even if your scanner tunes this high, you can detect these of you have a radio with a bandscope allowing you to sweep at least several MHz of the spectrum, a strong WCDMA channel shows up as a wide pulse above the noise floor since the base stations continuously transmit throughout the 5MHz of spectrum.

Anyway, I hope I have explained?

        Picked up a Pro 2001 scanner.
        Works, picks up local radio weather channel 146.400

        No manual, so which buttons do what?

        Program (blue) sets up a frequency, needing decimal point
        CL clears mistakes or entry.  ENTER enters number.

        What are UP  Low?
         What are FS and SS buttons?

        Scanner seems to get out of Program mode.
        So what does the Monitor button do?
        Can I therefore scan a range on one channel and then save the
        best frequency to that channel?

                                                  dsaygrasha@yahooNOspAM.com

I dont know what he wants. Most if not all the mods in Cheeks books
are for scanners made during the 80's, which by todays standards are
hopefully outdated, slow etc. Buy a new scanner for Christs sake.
Not to mention one of the "speed up" mods to one scanner I had
sure sped it up,,, so fast that it never stopped on a signal.. back in
with the original xtal.

On11 June, at 1200 UTC on 257,1500 MHz FM mode, I picked up a clear signal
with an American accent.
In the following two hours it became clear that I was listening to American
Peacekeepers who try to get the peace back
in a place called Gerani in Afghanistan, after some incidents.

At my website you van find a brief story in ENGLISH with some soundfiles of
the comms.

I got all 3 books, I was quite the modding fool with my 2006 back in the day.
Still got it [and the books], though I haven't used it in years.
I got the LED S meter mod, signal squelch mod, center freq LED mod, at least 4 others.
I got a total of 7 add on switches on the face, a couple I forgot what they are even for.
Oh yeah, one of them, used in conjunction with a jack on the back, kicked in a circuit when squelch broke, that way if you were recording, it only records when squelch breaks ... Which, of course, is when you want it to record.
I used to record alot of surveilence operations when the DEA/FBI ect used to typically run them in the clear, and this little mod was great for recording those.
The most complex was the double memory mod, which basically involved piggy backing the memory chip with another, and soldering all the tiny legs together except for 1 each, which leads to a switch so you can choose between them.
Quite a soldering job, I was shocked when it actually worked. I thought for sure I would goof something or other up, with all that micro soldering.
I'm not sure if that particular mod was in the books, Bill used to have a monthly subscription based mod letter also, which I subscribed to.
I think it was in that.
There was some good info in those mod letters, Bill would have likely turned the content into SMH #4 eventually.

Other than clipping a diode, I don't think I did any speed ups, as I was content with the stock speed.

Seems to me these old scanners still have a place, especially for VHF aviation buffs.

Hi Tom,

I am using a homebuild 5 elements satcom Log Per antenne. Click on my site on the button Antennes (the last one) for a picture and technical info. I make them and sell them worldwide if you like.

Put the scanner stuff aside. "YOU" people are NOT seeing the big picture. "If" this story is TRUE, the big picture is that the prison violated the civil rights of this guy under federal law by first the illegal search, second detaining him in a locked room and the list goes on. Prison employees do not have the right to go beyond the prison grounds and search anyone's property under any conditions. He should have went to the federal attorney and filed charges, by-passing all the state courts and presumed corrupt judge and etc......

A violation of your civil rights supersedes and fcc violation.

I just found out that Scanners Unlimited had shut its doors.

It took me by surprise, because Glenn had only just relocated to a larger place in 2005 to accommodate more business. That's why a retirement announcement so soon afterwards didn't make much sense to me ... even after 31 years.

Makes me think that maybe it turned into a big mistake, so he threw in the towel before it started chipping away at his own meal ticket. I don't blame him anyway. He's been at it long enough and knows the market has been trashed.

I bid you farewell Glenn. The factory fresh AOR MK3 you sent to me a few years back is still in flawless service (for what scanning is worth today). My timing was typically terrible, because I returned to your website to size up a GRE to add to it.

It's funny, because I even missed the flea market sale he held on April 12th by two days. However, I'm pretty sure most of the better stuff never made it there.

That really depends on the Law of the STATE, under which the Prison is operating. In some States, Prison Correction Officers are Commissioned State Law Enforcement Officers, and have all the Police Powers that other Officers in that State have. This is especially true when they are out after an escaped prisoner, in some States. Also, in some States, under State LAW, when you are a Commissioned Law Enforcement Officer, and under Investigation for Official Misconduct, you are subject to different rules than Regular Citizens, similar to Military Personnel being only under the Code of Military Justice, rather than local Law, should the Military decide to exercise that Authority. This is all a question of What State LAW, IS in the State in Question.

That's a shock. I bought my last scanner from them about a year ago. Oh well. I wouldn't be surprised if he got some bad news, health wise, or something.

The big picture I see in this whole thing is I have yet to see a link to the
story. You are assuming some tale told on Usnet was true.

I just picked up this used scanner on eBay to get back into the hobby,
but when I try to program a frequency into a channel as stated under
"Programming Using Manual Entry," I get the display showing "E-LOC"
when I push the Enter button.   I get the same thing when I try to
delete a frequency from a channel (there were frequencies already
programmed into several banks, and I've been trying to program a
frequency into an unused one).
Any advice as to whhat I'm doing wrong?

Look on the back of the scanner. What is the position of the Enter
Lock switch?

*** Welcome to rec.radio.info! ***

Welcome to rec.radio.info, a group that aims to provide a noise-free source of information and news for the entire rec.radio hierarchy.

Two introductory articles about rec.radio.info are posted to the group every month. You are now reading the first article, which explains what rec.radio.info is, and answers some Frequently Asked Questions. The second article is titled Posting Guidelines, and you only need to read it if you want to submit an article to rec.radio.info.

You can skip to the next section of this article by searching for the next
" -- " string. The sections available are:

- What is the purpose of rec.radio.info?
- Why are messages almost always cross posted to rec.radio.info?
- What is a 'follow-up', and what does 'moderated' mean?
- OK, so now I know what 'moderated' means. Tell me more.
- What type of material is considered inappropriate?
- I do not have access to news, how can I get the information posted to rec.radio.info?
- Will the material appearing in rec.radio.info be archived somewhere?

- I have a regular posting with timely information, is there a way to speed up it's delivery, or automate for more convenience?

-- What is the purpose of rec.radio.info?

The purpose or charter of rec.radio.info is to provide the Usenet community with a resource for information, news, and facts about any and all things radio.

All the other rec.radio groups are intended for discussions and general chit chat about radio. Rec.radio.info will contain informational, factual articles only. Follow-ups are redirected to an appropriate other group, and further discussion (if any) will not take place in rec.radio.info.

In order to ensure that rec.radio.info contains only appropriate articles, it was decided to create the group as a moderated newsgroup.

-- Why are messages almost always cross posted to rec.radio.info?

It provides a "tag" for each article to be assembled into a filtered presentation in rec.radio.info (even with cross-posting, only one message, with a unique Message-ID, is propagated across the net). This tag also facilitates a pre-existing method of dropping or canceling the articles locally within the discussion groups if you don't want to see them. This accommodates individuals who want to separate the bulletins from the discussions, discussions from the bulletins, as well as those who are adamant about not reading another newsgroup and wanted to see everything all in one basket.

With the total size of Usenet (in number of newsgroups and total traffic) doubling every year or so, this is no insignificant contribution to reducing information noise and chaos. Making the discussion groups a catch-all, and making extra newsgroups filters on that catch-all, is also the most realistic way to implement such a scheme (It's not intuitively obvious what the charter, contents, and general appropriate topics for each and every newsgroup are. Seeing FAQ's and charter/intro postings in the home newsgroup is beneficial for new readers).

By cross-posting one only is adding a few tens of bytes to each bulletin (to specify the extra group on the Newsgroups line), but are adding the capability for very powerful filtering features available on most news servers, listservers and readers. Your local news guru could probably explain these features in more detail.

In rn, for example, according to Leanne Phillips in her rn kill-file FAQ, add a line of the form:

```
/Newsgroups:.*[ ,]rec\.radio\.info/h:j
```

either in ~/News/KILL (if you don't want to see rec.radio.info articles anywhere) or ~/News/rec/radio/amateur/misc/KILL (if you don't want to see them just in rec.radio.amateur.misc). The latter method means your kill file will only be consulted during rec.radio.amateur.misc (and hence runs more efficiently), and will probably work for most people.

In nn, according to Bill Wohler in his nn FAQ, add a line of the form:

```
rec.radio.info:!s/:^
```

in ~/.nn/kill (if you don't want to see rec.radio.info articles anywhere), or put the following lines:

```
sequence
rec.radio.info
rec.radio.
```

at the end of ~/.nn/init in order to see all the rec.radio.info bulletins first, then read the remaining rec.radio.* without the bulletins.

In slrn, according to the srln FAQ, the following scoring rule will |
allow you to see rec.radio.info-crossposted bulletins, while still |
filtering out most SPAM or "Velveeta" crossposted to more than 2 |
newsgroups (as such articles usually do not contain a 'Followup-To:' |
header): |

```
Score: -9999                                                       |
        Newsgroups: ,.*,                                           |
        ~Followup-To: .                                            |
```

More information about kill files may be obtained from Dave Fawthrop's Killfile FAQ at:

http://www.hyphenologist.co.uk/killfile/

-- What is a 'follow-up', and what does 'moderated' mean?

If you are new to Usenet and are not familiar with the terminology, you might want to read the general introductory articles found in the newsgroup news.announce.newusers. Doing so will make your life on the net much easier, and will probably save you from making silly beginner's mistakes.

If you think that at this moment you are reading an echo, a conference, or a bulletin board, I'd also strongly suggest a trip over to news.announce.newusers.

For the rest of this article, we will assume you have a basic knowledge of Usenet terminology and mechanics.

A moderated group means that any article that needs to be posted to the group has to be accepted by the moderator of the group. Since we need to ensure that followups to an article (discussion) do not show up in the rec.radio.info newsgroup, the `Followup-To:' header line contains a newsgroup that is appropriate for discussions about the specific article.

-- OK, so now I know what 'moderated' means. Tell me more.

Rec.radio.info is a moderated newsgroup, which means that all articles submitted to the group will have to be approved by the moderator first.

The current moderator of the group is the rec.radio.amateur.moderated Moderation Team. Submissions to rec.radio.info can be posted, or e-mailed to:

rec-radio-info@panix.com

Comments, criticisms, suggestions or questions about the group can be e-mailed to:

rec-radio-info-request@panix.com

But before you do so, please be sure to check out the "Posting Guidelines" article.

The influence of the moderator should be minimal and of an administrative nature, consisting chiefly of weeding out obviously inappropriate articles, while making sure correct headers etc. are used for the appropriate ones.

-- What type of material is considered inappropriate?

There are three broad categories of articles which will be rejected by the moderator:

1) Requests for information: rec.radio.info is strictly a one-way street. We receive information in our mailbox; we then post it to rec.radio.info. Requests for specific information belong in the normal discussion newsgroups. If your request gets answered, you might consider passing the answer on to rec.radio.info, though. Especially if you can edit it into a informational, rather than a discussion, format.

2) Obvious discussion articles, or articles that appear unsubstantiated.

3) Commercial stuff: a relatively unbiased test of a radio product would be accepted, but any hint of for-profit might be reason for rejection. For three reasons: This is not the purpose of the list, for-profit is a controversial topic, and this list may be passed onto Amateur Packet Radio (where for-profit is prohibited except under certain provisos).

   rec.radio.swap may be more deserving of the posting in any matter.

   Similarly, copyrighted material generally cannot be used. If it's TRULY worthwhile to the net, We would recommend obtaining permission from the copyright holder. Please note the source, and if permission was given. We reserve the right to make the final decision concerning appropriateness in all situations. In most cases, a brief summary of, or pointer to, the copyrighted information may be all we can allow.

-- I do not have access to news, how can I get the information posted to rec.radio.info?

Google has an excellent web interface to Usenet newsgroups. It is available at:

http://groups.google.com

It supports both reading and posting.

Another excellent web interface to at least the radio-related Usenet newsgroups is the RadioBanter site:

http://www.radiobanter.com

sponsored by the NewsgroupBanter project:

http://www.newsgroupbanter.com

It, too, supports both reading and posting.

-- Will the material appearing in rec.radio.info be archived somewhere?

Yes. See Google Groups and RadioBanter above.

Effectively this means that anything you post to rec.radio.info will be permanently stored, so your work will not be lost.

-- I have a regular posting with timely information, is there a way to speed up it's delivery, or automate for more convenience?

Yes, there is! It may take a bit of chatter with the moderator, but we are willing to take responsible people and provide them the means of posting the articles directly from their site. We will try everything we can as we fully realize that DX (distant signal) and astronomical data can be somewhat transitory. We are also willing to allow regular posters of information the same courtesy, even if the information is not as time critical.

We refer to this as self-moderation, which is partly based on the model for rec.answers/news.answers. This requires co-operation and goodwill to be beneficial to the community in the rec.radio hierarchy.

Please direct any comments, questions, or criticisms about this article to rec-radio-info-request@panix.com.

*** rec.radio.info - Posting Guidelines and Etiquette ***

Two introductory articles about rec.radio.info are posted to this group and to rec.answers/news.answers every month. You are now reading the second article, which explains how to submit something to rec.radio.info, and which answers some Frequently Asked Questions about the submission process. The first article is titled "Welcome to rec.radio.info", and it might be a good idea to check it out as well.

-- How do I submit something to rec.radio.info?

Two possibilities. You can use your newsreading software to just post the article to rec.radio.info, as you would do with any other newsgroup. The difference is that the software recognizes the special status of rec.radio.info as a moderated group, and will e-mail your article to us, the moderation team, instead of posting it to the group.

Alternatively, you can mail your article directly to us at the following address:

rec-radio-info@panix.com

Mailing us directly is probably (a wee bit) faster, but using the transparency offered by the newsreading software is probably more convenient.

If you have any questions, or wish to deal with some administrivia with the moderation team, we suggest mailing to the following address:

rec-radio-info-request@panix.com

-- How soon will I see my article appear?

It depends on how busy we are. Your article reaches us as mail, we have to read it first, give it the stamp of approval, and finally send it on to the group. We will attempt to read and decide on all submissions within 72 hours at the very least, though we will probably be able to process submissions much faster in actual practice.

The site from which we moderate this newsgroup, "Public Access Internet and Unix, NYC" (Panix), is directly connected to the Internet, and articles posted at that site should appear at most major news sites, including Google Groups, the same day. The principal delay, therefore, will be the wait in the moderator's submission queue.

If you post a periodic article, and have shown to be trustworthy, we may allow you to post directly if the article is of a timely nature. See the section below on direct posting.

-- Should my article be in a specific format?

No. If it is not totally illegible, we will accept it, and if it does not have a correct subject-line we will correct it with your permission -- that's what a moderator is for.

However.

You could do us a big favor by making sure your article conforms to these simple requirements:

1) The article must present information, not discussion or requests, We will reject the article or require you to change the wording if it is worth it.
2) A good, descriptive Subject line.
3) Always mention what source you got the information from.
4) Don't forget to include a Followup-To header, at least if you don't want further discussion to automatically be forwarded to you, the poster, which is the default if the article is only posted to rec.radio.info.

As we said: if your article is appropriate we will post it even if you don't follow these guidelines, but then don't blame us for not processing it immediately. 'Perfect' articles we can send on with a couple of keystrokes. Stuff that needs minor editing is going to have to wait until we have time to do so.

Please do not waste both our and your time by posting requests, as this is an information only news group.

-- What about crossposting?

If you send something to rec.radio.info, just name any group you'd like to cross-post to in the Newsgroups field. Then, when we approve the article for rec.radio.info it will get automatically cross-posted to any other groups mentioned. This will also override the default Followup-To: poster, replacing it with the groups you cross posted to.

We would prefer if the group be cross-posted to the various discussion groups in the rec.radio.* hierarchy that are appropriate:

rec.radio.amateur.misc	Amateur (ham) radio and related matters
rec.radio.amateur.packet	Amateur Packet Radio discussions
rec.radio.amateur.policy	Amateur Radio practices, rules, etc.
rec.radio.noncomm	Non commercial radio discussions
rec.radio.shortwave	International broadcasting on the 'HF' bands
rec.radio.cb	Citizens Band (27 MHz) discussion
rec.radio.scanner	Scanner discussions (unsupported group)

or in one of the moderated groups:

rec.radio.amateur.moderated	Amateur radio practices, rules, etc.
rec.radio.broadcasting	Discussion of *domestic* radio broadcasting

We will leave it up to the poster to decide which group(s) are appropriate, but reserve the right to add groups if we feel it has broader interest. We will consult with the poster first.

Notes on crossposting:

- rec.radio.broadcasting is also a moderated group. The rec.radio.broadcasting moderator prefers to review all articles himself before posting. Placing rec.radio.broadcasting before rec.radio.info on the Newsgroups line should accomplish this. We will typically abide by the rec.radio.broadcasting moderator's decision whether the article is appropriate for rec.radio.info.

- rec.radio.amateur.moderated is also a moderated group. As the rec.radio.amateur.moderated Moderation Team manages both rec.radio.amateur.moderated and rec.radio.info, we can manage crossposting and approvals for both newsgroups. The rec.radio.amateur.moderated group does not allow crossposting to other discussion newsgroups, whether moderated or unmoderated. However, we would like to manage rec.radio.info as consistently as possible with how it was done by previous moderators, including the grandfathering of existing regular postings. Therefore, the submitter can choose rec.radio.amateur.moderated or the other unmoderated rec.radio.amateur.* discussion newsgroups for crossposting, but not both.

- Any FAQ or informational posting approved by the rec.answers/news.answers moderation team that is also crossposted to any rec.radio.* newsgroup (besides just rec.radio.info) is also automatically pre-approved for rec.radio.info. See below for more information.

If you post to another moderated group, it may be better to make special arrangements with both moderators before posting by contacting us at our administrivia addresses.

In addition, cross-posts do not take up extra space; modern newsreaders can be configured to show you cross-posted articles only once anyway; not everybody reads rec.radio.info; and rec.radio.info was never meant to reduce the volume of the regular discussion newsgroups. But keep in mind that some of the mail gateways may filter out the informational postings (at request of the subscribers) to keep the load down.

You decide.

-- I have a regular posting with timely information, can I make arrangements to help speed up delivery by posting directly from my site?

Yes, there is! It may take a bit of chatter with the moderator, but we are willing to take responsible people and provide them the means of posting the articles directly from their site. We will try everything we can as we fully realize that DX (distant signal) and astronomical data can be somewhat transitory. We are also willing to allow regular posters of information the same courtesy, even if the information is not as timely.

We refer to this as self-moderation, which is partly based on the model for rec.answers/news.answers. This requires cooperation and good will to be beneficial to the community in the rec.radio.* hierarchy.

If you are currently maintaining (or plan to maintain) a radio-related periodic information posting, you may wish to consider crossposting it to rec.answers/news.answers. Postings that are approved by the rec.answers/news.answers moderators for this treatment are automatically pre-approved for crossposting to rec.radio.info (as the news.answers requirements are far more rigorous than the requirements this newsgroup ever plans to use). For more information about this option, consult the appropriate information articles and posting guidelines in rec.answers/news.answers.

Realize also, that even if your post is not approved for rec.answers/news.answers, it can still be approved for rec.radio.info. The intention is not so much to get every last bit of radio-related information on rec.answers/news.answers, but rather to provide an alternative avenue of approval (as well as grandfather existing maintainers of radio-related information and spare them additional bureaucratic hurdles). Again, crossposting to either rec.radio.info or rec.answers/news.answers, both, or neither, is at the discretion of the poster (subject to the approval of the moderators). You decide what is most appropriate for your article.

Please remember that as an information maintainer, you are not alone. There are many others on the net who maintain and post periodic information postings, using various intermediate-to-advanced features of Usenet (usually via automated tools). Various degrees of technical support and general hand-holding are available from many Usenet veterans. Send us some E-mail describing your needs to our administrative address below, and we'll try to help, or at least refer you to the right knowledgeable individual(s).

-- And Follow-ups?

If the only newsgroup you have specified is rec.radio.info, then the Followup-To: field will always be set to poster. If you do not want this, you must supply a Followup-To line of your own, and we will honor that one, as long as it is a subset of the original Newsgroups line.

If you specify newsgroups to cross-post to, then the Followup-To field will be set to include all the cross-posted groups, excepting rec.radio.info itself. Again, if you do not wish this behavior, supply your own Followup-To line.

We maintain other standards on the various RFC-1036 (news transport) header lines. For example, if the article is appropriate for passing into the Packet Radio Information Network, we encapsulate the Packet Bulletin Identifier (BID) in the Message-ID: news header line indicating the machine of origin as the ampr.org domain:

Message-ID: <$opa.55.1994@ampr.org> |

where the Packet Radio BID, in this example, is `$OPA.55', and it was posted in the year 1994, because some of the Bid numbers are cycled yearly. Hopefully, this can be used as a key to re-introduce the articles for the Packet Radio network. Also, if the article is a repost of an already existing information article in the rec.radio heirarchy, we ensure that the References: header line is linked to that previously posted article. This also helps to tag articles, and may be used for additional filtering if needed.

Since the articles are archived, please use the Summary and Keywords header lines to help one search for your article.

-- Why have I received no reply from you?

We never reject anything in silence, and we make a point of it to answer all our mail. However, E-mail, like a brain cell, can and does get lost, every now and again.

So, if you send us something, and you don't see it appear it rec.radio.info, and you still have not heard from us in reply after say, five days, you can be pretty sure that either your mail never reached us, or that our answer has never reached you. In that case, please try again (We will filter out duplicates).

Please direct any comments, questions, or criticisms about this article to rec-radio-info-request@panix.com.

Hi - I've gone through five scanners and was wondering if someone can recommend one before I run out of money. On all of these scanners, I try and set the squelch so that it skips unused frequencies. However, when a used frequency is found, the squelch chops out most of the audio. If I turn the squelch all the way down, I can hear all of the audio. I try and use the least amount of squelch possible, but it still chops the audio so you can't understand anything. Needles to say, I'm ticked off that devices could be designed so poorly.

Thanks in advance.

Can you tell us what scanners you've used? I use the Pro 96, Pro97, and PSR 500. Also have used several different Bearcat, Uniden, and Radio Shack models and haven't found the squelch too difficult to regulate.

I assume you've turned the squelch all the way up and then backed it slowly down until it just allows the radio to scan thru the frequencies? That's how I fine tune mine. If I have an additional freq. or two that overloads and stops on that setting I back off the squelch just slightly to get those freqs/channels to scan. So far I don't feel I'm missing anything and everything seems to come in loud and clear.

Am I missing anything? Is this what you've done so far without success?

I've owned over 50 scanners going back over 35 years, and only two had
any squelch issues. One had a defect, the other was just a bad design.
I think the problem is you, to be honest.

Several questions,
have you tried to use these in one location or multiple ?
do you live near a radio or television transmitter ?
do you have a cable tv leak, bad connections ?
have you checked for an RF source ? microwave tower ? Cell tower ?
open case computer ?

any one of these can cause interference in the IF section of a scanner.

are you scearching for freqs, or have you programmed freqs that you are looking at ?

How close are you to the transmitters you are trying to monitor ?

are the freqs you entered car to car or Repeaters freqs ?

Tomorow, Senate Bill 1325 is coming to a vote before a State Senate committee. That's Tuesday April 29, at 1:30 p.m., in Sacramento. If it passes, it will allow SPEED camera tickets - also known as photo radar tickets - to be issued automatically and mailed to you.

To stop SB 1325, call the Senators who are on the Senate Transportation Committee. Now! For info about the Committee, go to: http://www.highwayrobbery.net/redlightcamsjoin.htm#Action5 Also, phone the state legislators (assembly and senate) representing the districts in which you live, work, vacation, or shop. Their numbers are in your phone book's government pages.

Once you're done phoning the legislators, call your auto club and ask them to oppose SB 1325 (and any other speed cam bill that come along). If the auto clubs strongly oppose these bills, they won't pass. Phone numbers for the clubs' main offices are available at the link, above.

Speak NOW or forever hold your peace. Now (Today, and Tuesday until about noon) is the time to let your elected representatives know what you think.

You assume correctly.  As I mentioned... I try to use as little
```

squelch as possible.
I did have one scanner that worked not too bad (a Pro 92) that died.
I'm looking for another one with no success.
I've since bought several on Ebay that are total crap. A pro 2051, a
pro 2055, and a few others that I don't recall.
I suppose that it could be just bad luck that I got duds.

I've designed a lot of digital and microprocessor electronics in my
day, and what kills me is that it would be so simple and inexpensive
to digitally process the audio signal to see if there is a signal
present. The computer could then just cut-out the squelch at that
point. Rather it seems that they just use some old crappy analogue
squelch circuit that chops out the audio (especially on weak
signals). I'm seriously considering making my own scanner unless
somebody knows of a good one that doesn't use WWII technology.

The only thing that makes sense is either you are getting a lot of bad scanners, or you don't understand that squelch isn't perfect and very weak signals will pop in and out, especially if it's not set correctly.

The latter is my guess. I'm not trying to be mean or anything, but with nearly 45 years of listening on tunable receivers and scanners, the squelch circuit was/is basically a non issue with all but the two I mentioned before, and one of those was bad out of the box. A replacement worked fine. The other I could have fixed, but I just sold it instead.

The scheme you mention for designing a squelch circuit has already been done, in many scanners. It works, but not much better than the "WWII" technology in others radios.

I have talked to a lot of people about scanners over the years, and can count squelch issues on the fingers of both hands.

Can you give me a model, or what is the name of the feature for the smarter squelch so I can look for it?

With the way it works now, I have to manually turn the squelch right off and, yes, the signal is bit weak and snowy, but I can hear everything perfectly. If I turn up the squelch a bit, all I hear is BA__ DE__ NO__ LE__, etc. All I need is the feature that automatically does what I have to do manually.

Thanks

The Pro 2004, 2005, 2006, and many more GRE built Radio Shack scanners
made nearly 20 years ago had a feature that would force the radio to
scan to the next channel, after sitting there for a while, allowing the

squelch to be set lower than normally it could. Not perfect by any means, but sometimes, it makes a huge difference.

But..it drives me nuts. Lots of hissing.

What you describe above is perfectly normal. NO RADIO MADE will not do this if the signal is at the squelch threshold. Doesn't matter if it's a commercial radio, ham radio, or scanner, they all do it, and always will, even with digital signals, it will still pop in and out. If the signal is that important for you to hear, then get a better antenna. But the problem is, you get a better antenna, it makes stuff you couldn't hear at all before strong enough that it's doing the same thing the formerly weak stuff did before. And on and on.

I think you're just not being realistic. Do you know any long term scanner listeners personally? If not, look around on the net and see if there is a local scanner group. These groups have info you can't get anywhere else, and real expert users to help you out, and explain that what you think is a problem, might just be "the nature of the beast".

Good luck..

The cult offerings are quite expansive.

Odd, most people report a marked improvement in performance, especially
if using Xubuntu.

Sounds like you are trying to use a carrier(AM) or noise(FM) operated squelch as an audio squelch - different animals.

Google "audio squelch" for details - it is indeed a simple digital device; and when done properly will ignore all except human voice (or some signal which approximates the syllabic rate of human voice).

Carrier and noise squelch have been around for generations - I have used them in scanners, ham transceivers and professional equipment for over 50 years without the problems you are having. Aviation, public safety, Ham radio and other mass users of squelch don't have the problems you are encountering.

Audio squelch has been used for a quarter century or so, especially for SSB, in professional equipment and has started to become more common in consumer level stuff in the last ten years or so.

If you really want a voice squelch Google "SSB Squelch" the first hit will give you a source, and there are others in the 53,000 Google hits.

Nothing exciting there. Many things depend on your particular GUI.

No performance advantage whatsoever. I also found it to be a
convoluted mess to install many applications. I tried many different
versions with different computers. I had a dual boot setup for a
number of months. I kept going back to Windows XP. I tried Ubuntu,
Mandrake and Red Hat. I didn't give up easily or lightly.

Not my experience. I have the KDE version running on 5 systems new and
old and it is even faster than XP. When compared to Vista, it is night
and day. On my primary system, I have it set up to dual boot Vista or
Kubuntu. 99% of my usage is now Kubuntu since Vista is such a dog
requiring such many computer resources.

It is easy to install about anything outside of the thousands of
programs outside the repositories. You just have to know how to do it.

I too have a dual Boot machine; XP / Ubuntu..

-I enjoy having the Unix window for commands;

- Just like at work !

caveats;

there are still some problems if you stress things like graphics, ;
- Hence the recovery mode . -

- And since my machine is dual boot, I can still go over to teh XP
side & search around for solutins.

I have been testing importing different applications to Ubuntu from XP;
\\- and have had surprisingly good results !

For most Users, and those on a tight budget, Ubuntu can do just as
well as windows

- And it's FREE !

I've never crashed my Ubuntu boxes. If I did, I'd use a live CD of
Puppy Linux, to poke around.

And it's indeed free, in more ways than one.

Picked up some of the little NASCAR 100 channel scanners on close out and
wonder if there is a way to delete the NASCAR frequencies and add your own?.
Any help appreciated.

I don't know where you get your information but you sure do have a good imagination.You should write for the Enquirer.

To call everyone on there communists is a crappy thing to say.

Name one scanner listener on there that wants encryption(you can't)

In my opinion RadioReference is one of the best sites out there.

Tons of information

Alot of good people on there willing to help anyone(except you maybe thats why your ticked off)

How many sites out there that you can program your scanner via the website? answer is one (radioreference)

I can go on and on but I don't need much to prove you wrong.

Anyone listening to this fool need their head examined.

Lol good one. Don't even know how to use squelch, yet you are going to
design your own scanner.

The RR forum is not immune from that which afflicts every internet forum whether it deals with scanners, cross-stitching, model railroading, or whatever. The "sandbox" mentality and existance of "forum bullies" and other typical forum personalities is something you either have to cope with or walk away from.

That being said, I agree with the poster that RR is possibly the most extreme example of a dysfunctional forum there is. Most forums teeter on the brink - but sanity always prevails at the end of the day. On RR, the know-it-all "forum bullies" are never challenged or called on their bullsh*t. It is almost comical watching the regular members rally around an Admin when said Admin is peddling B.S. and some poor noob is trying to introduce some sense to the discussion. They will defend an Admin even if they have no clue what the topic is or who is right or wrong. This habit of people ingratiating themselves to the Admins on internet forums would never work in a real face-to-face social situation, but it's the M.O. on RR's forums. If you don't believe it, try to correct an Admin just once and watch all the boot lickers come out of the woodwork, people who don't even know who is right or wrong but want to score points. The toll for this behavior is that vital information about whatever is being discussed is suppressed and potential contributors just walk away. Some even bother to state same, which of course draws the usual, "hey Mike, there's goes another one, hope the door doesn't hit him on the ass too hard, har har".
Whatever...

Your best bet to counter the RR forum nonsense is to refer to my first paragraph - accept that this is how things work there and make the most of the site. It does have lots to offer, with the database being the obvious best example. Mentally "filter out" the trollish Admins and their fanboys and get what you can out of RR - because there is a lot to gain by being a member there.

"Lord grant me the serenity to accept the things I cannot change..."

It is Wed, 12:13am EDT (0413z).

JSTARS "Wizard" is up with Northrop Grumman ground station "Terra 5" on 231.75 in test comms.

Tonight, "Wizard" is the rear-end callsign for "Canoe 03," the E-8C that did some touch and goes at Patrick AFB earlier and said he would be back in a few hours. My photos show Canoe 03's "JS" tail markings, denoting the
Melbourne IAP-based Northrop Grumman JSTARS operation, as opposed to Robins AFB GA-ANG 116ACW.

"Wizard" is also IDing as "T-3," a callsign often used by the Melbourne-based JSTARS acft.

The ground station "Terra 5" is producing a horrible horn sound every time it keys up to respond to "T-3."

Incidentally, the callsign is not "Tango 3"; they pronounce it "Tee 3."

T-1, T-2 and T-3 were the original three E-8s produced and were used for testing. T-3 is acft serial 90-0175.

Comms between T-3 and Terra 5 are now discussing establishing a SCDL link between them; also discussing on-going Satcomms via freqs 266.05 and 301.055.

I agree - they both have a "cops are always right" attitude, AND certain
"good old boys" can do no wrong, even when starting crap with people
who's only crime is asking a question.

As an example, I give you the following:

Scanners & CB radios

Pretty good so far - getting some decenet info to really help me out.

BUT, then along comes THIS bozo...

Now, the REASON I was asking was because This summer a group of us plan to use CB radios during variopus events - we'll be using at least 2 channels, and I wanted to set up a scanner with both channels back at my house to monitor & record all that goes on (As invariably things can happen - like the drunk who attacked one of our volunteers at the haunted house last october).

Instead of posting more information, Loudick and his butt buddy start suggesting that what I'm doing is somehow criminal in nature!

Before responding, I checked their post list.... and found that they LOVE doing this kind of crap - and the admins ignore it while leaning on the person they've pulled it on! SO, I dropped the axe.

I've also noticed car2back, Rolncode3, and a couple others ALSO do the same garbage. Just like certain people in the RW, the admins there practice "SELECTIVE ENFORCEMENT"!

And for you RR dicks trolling this forum - F.O.A.D. !

As I said in my last post there, they can kiss my ***

The first is a completely legitimate question. Frankly it crossed my mind as well when I was reading your example/explanation.

The second comment answered *your* question.

Perhaps you could have given more details in your original question. Or explained it further after their response. You, as we see, chose to take the low road, the path I suspect most well worn in your travels.

:>Instead of posting more information, Loudick and his butt buddy start
:>suggesting that what I'm doing is somehow criminal in nature!

What? Criminal? Did you read and understand the answer?

" I think the list of scanners that don't cover the CB band is considerably shorter than the one that does. "

He is telling you that almost all scanners include/carry the CB bands.

Humor me: Please point out where you think either respondent was
suggesting you were doing something illegal.

:>Before responding, I checked their post list.... and found that they

You dropped the axe, your way of saying you were going to act like an
ignorant boor, because you couldn't understand the answers you were given.

You'll write the words in a moderated forum but censor yourself in an

If your immaturity wasn't enough, your grammar and spelling are both
atrocious.   I suspect after reading this little exchange that you've been
banned from the rr.com forums.   Kudos' to the admins..

And my answer is a big "No Thanks" to your arse-kissing invitation, since
I suspect your nether regions are probably as unwashed as the rest of you.

-All fighting to see who thinks they know the most.-

Your just mad because Lou sent you to the corner with that funny pointed hat with the the big D on it :)

-But you have to pay if you use programming software. Freqs are all over the internet. If you can't enter your own freqs into your scanner than you NEED radioreference.-

I pay $30 a year on RR wich is peanuts and well worth it,I can program my scanner in 5 mins through the site...wich is alot quicker than doing it by hand,maybe your just to dumb to use the software.

-Go back to rr. You're one of their know-it-alls WHO needs rr.com to program their scanner for them! hahahohohoohhehehe-

I have been into scanners for 0ver 20 years I dont need nothing and never claimed to know it all.

Anyway im not going to argue on here about something you know nothing about.Your probly just another punk that got their little feelings hurt on RR and still crying about it....hears a kleenex feel better now.

Forgetting just for a moment your inability to construct a grammatically correct sentence, would you kindly tell us what scanners you own and then enlighten us as to the advantages you've found hand programming hundreds of channels when you could use a computer and software to accomplish the same thing in a matter of minutes? The one thing you revel in is doing things the hard way. You appear content to walk along a freshly tarred road without wearing shoes while the rest of us stand around wondering why you like having burned and blistered feet.

Nova1010 you are a perfect example of some of the ingratiating fools on RR who can't just enjoy it for what it is without immersing yourself up to the neck in forum drama and politics. Do you really think Lindsay needs your "support" - particularly the kind you are offering here which basically amounts to childish taunts and flame bait? Then you run back to RR jumping up and down excitedly pointing to the activity in this thread. For crying out loud.... stop, count to ten, take a deep breath.

This isn't the skins vs the bloods, Nova1010. RR is a great forum and the DB combined with Butel software is extremely convenient, but if you can't acknowledge RR has problems too and the fact that some (not all) of the grievances pointed out have some validity, then you're just seeing one side of the story. The shame in all this is that free and open discussion is discouraged with the RR good old boys club rallying together to ridicule and ostracize each newcomer that "steps out of line". Some speak out while others like you try desperately to be part of the club by doing what you are doing right now and ply for acceptance among the forum bullies. But it's insincere and doesn't accomplish jack in the end. Think about it.

Sounds like Nova1010 is happy with the status quo. You OTOH are making baseless accusations about supposed activities while imploring him to agree with your POV.   Why are the opinions of those on rr.com so important to you?

To begin with my friend I didn't come from rr.com.   Secondly the person
you're defending is the one with the holier than thou speech. He seems to
think it most unseemly to use a computer to program 1800 channels into a
scanner.   I'm still waiting for a rational explanation for why manual
programming is somehow advantageous in scanner operations, and why anyone
who chooses to use a computer and software to accomplish the task would
somehow be deemed less worthy.

Well Sarah, in my case, it might be as simple as not having a computer
nearby. I didn't say it is advantageous, but it's a good reason to do
it manually :-)

And your a perfect example of someone who thinks they know me,I do
enjoy RR for what it is very much so,Did I ever say Lindsay needed my
support? (no) skins vs the bloods? lol funny

you say others like me trying desperately to be part of the club by
doing what you are doing right now and ply for acceptance among the
forum bullies.(I dont think so not me)

Anyway RadioJay I'm done here I think I'll go hang out with the the
bullies on RR ,theres a few newcomers we need to pick on.(what a joke)

Not to use productivity software and instead use a slow clunky interface is foolish.

Unless of course your time is worth less than the money paid for the software and data.

No one really needs the software to program but as some of us know programming a 1000 channel scanner with alpha tags can be done anyone knows this,wich would probly take a few hours,but on the other hand if you have the software handy this can be done in minutes.

Ive had many many scanners old and new right know im using the Pro-96,(500 channels - 10 banks +Virtual Memory - Allows up to 5500 channels into 11 folders)I haven't got it filled only 500 channels right know.

can you imagine filling it manualy? lol I have tried ,very time consuming indeed.

Used win96 combined with RR to program it.

And this is one of the main reasons Im a member of RR.

Hey Sarah.  I agree but... it doesn't matter.  I know a guy who can sit
down for hours keying into his scanner manually because he won't spend
$15 on a cable.  Who cares?

You would probably argue forever about whether something is teal or
green.  Chill out.  Here, try this:

:>Well Sarah, in my case, it might be as simple as not having a computer
:>nearby. I didn't say it is advantageous, but it's a good reason to do
:>it manually :-)

I too have not always had a computer nearby and in the "old days" , I
started monitoring radio transmissions via a scanner back in 1978, doing it
manually was the *only* option.   :)   It should be noted that back then
you were limited to less than 50 channels and the task could be done quite
quickly.   These days I would find the task of programming hundreds of
frequencies by hand a daunting task at best.   I live just outside of
Washington DC and the # of freqs. available to listen to is almost
endless.   The win* software has been absolutely invaluable.   That said,
when I was back home in New England last summer I manually programmed

```
approx. 30 frequencies and it took me about 10 minutes.

Lucky you :-) There isn't too much to listen to here in Sweden
unfortunately, so the task of entering channels by hand isn't too
daunting. But I understand that your situation is much different from
mine.

rr.com is a nice way to start, particularly for loading digital trunk
systems with many many talk groups
INVALUABLE when visiting a new area
```

Winxx on the other hand is a pleasure to use, with or without rr.com
One should not be dependent upon it, particularly if you are out in the
field with just the handheld, but not to use it is a waste of time.

Once again, it's a question of relative value of your time.

Hi,

If everything goes right, Space Shuttle flight STS-124 will be launched at
the 31th of May.

For more info about this and pre-launch milsatcom (UHF) comms take a look at
my website and hit the button "Space Shuttle" at:

That is a quirk of all of the older Bearcat
scanners. Just program them as normal and the
thing will work. For example: 155.6250 MHz will
show 155.625 (pretty obviously, no problem there).
So will 155.6255 MHz; it'll still work.

"Taliban fighters are guilty of nothing but standing in defense
of the innocent victims of 911."

Canada's Mission in Afghanistan - March, 2008

John Manley - Former Canadian Deputy Prime Minister and Finance
Minister
- Chair, Independent Panel on Canada's Future Role in Afghanistan

"The Taliban may have been a lot of things, but they weren't corrupt"

- speaking on bushite nazi forces abusing women and children,
oppression Christians, stealing humanitarian aid, pushing
heroin, and denying our children an education on who is TRULY
good or evil. All the while, bombing our families
indiscriminately as the demon antichrist forces responsible
for the crimes of 911 in New York City. Bushite of the nazi

air forces are enemies of Freedom for Americans. See the bushite, bill the bushite for We, the People, is the truth, the light, the way. A bushite nazi soldier who refuses to phone Coast to Coast talk radio to demand Americans support the public arrest of General Ahmad who financed the terror attacks of 911, is an enemy worth billing to defend our dying freedoms held in contempt by censorship. You can not find a single soldier on Earth to publicly support George W. Bush without immediately being recognized a traitor, a liar, an enemy of freedom for Democracy.

Taliban fighters are guilty of nothing but standing in defense of the innocent victims of 911. Bushite antichrist forces are the worst of religious fundamentalists. They refuse to arrest "judges" who order the bushite dumfuk to murder those who speak for women's rights through the Koran. They refuse to arrest "judges" who order bushite dumfuk to murder Christians guilty of nothing but respecting Mohammed.

/ / KBR's Tiger Team stayed at the five-star Kuwait Kempinski Hotel, where its members ran up a bill of more than $1 million. This outraged the army, whose troops were sleeping in tents at a cost of $1.39 a day. The army asked the Tiger Team to move into tents. It refused. \ \

See? KBR is now privately running hospital care for the dum-uk grunts, so, what would you expect but rat infestations? Oh, you never truly thought... what being a "Liberal" or "Conservative" victim of illiteracy to the blame game is. Are you pro Liberty, or pro tyranny is the question riddled really. Example: Murder is Illegal.

Let honorable Soldiers know, who are the enemies that get them KILLED for demon lies. CBC, the BBC and CNN is the terrorist enemy by forbidding US, The People, from seeing the meaning of iron flowing like water from the towers, prior to the imminent collapse for the neocon traitors. As planned - boogahboogah. Just because they hang on the fact they are here to mislead ourselves for needless wars to die YOU for, doesn't make the criminal intent they publicly express unchallenged against Humanity, any less horrific in it's dupliciting of war crimes by smiling ~ 'unknowingly'. To go silent, is to except freedom to live denied.

Real Jews don't murder innocent people to steal their rights to Life for money.

Again, demonic zionists are ENEMIES of the Jewish faith.
They lie to cheat at murder for money. Money paid for by American tax payers to murder innocent Christians, Jews, and Arabs. The pictures of zionist offspring, signing their nazi family name to cluster dud land mines, were FIRST used against Jewish northern communities in Lebanon! Way truth.|.
yahduhyahduh.. Checkcheck. Johnny calling America! we have lift off with receivers, i think I got a connection.. Listen:

Freedom for America

George Norry, demon enemy of Freedom for America, must be demanded to allow open discussions on the fact that the war crimes committed against Iraqis, are crimes against US all. Crimes committed by the neocon traitor liars, who are 'escaping' responsibility for 911 also, as the true enemies of all Life and God to believe as Justice. Where's the reason for George Norry to be happy about godless tyranny destroying

GOD'S undefended America I ask YOU?

/ / Just FIVE major U.S. banks control 97% of all the bank-held derivatives in the United States, a concentration of power and risk unsurpassed in the history of finance. \ \

/ / JPMorgan will take over Bear Stearns' $13.4 trillion contracts \ \

Understand this: JPMorgan received 13 TRILLION in derivatives by excepting the American tax payer gift of two hundred million, to take a billion dollar public building off our hands as 'the losers'. Then this: of all the billions in free tax monies given to the EXTREMELY wealthy [some are actual trillionaires] of the FIVE private banking industrialists, done to "bail out" America of this mortgage meltdown, none of that TAX money goes to the scammed home owners, who's costs have directly increased due to the transgressions of hedgers who privately take the real money for themselves escaping into the Cayman Islands, and leave US, the bogus credits to default on by disappearing public pensions, stock, ect... Example: where is the 13 TRILLION that JPMorgan inherited at the cost of more than 200 million American taxer played? How could a multi-millionaire stock holder of Bear Stearns lose all their money, if the company is still holding 77 trillion for public leveraging? What kind of bankruptcy of Enron book keeping is that where our loot is unfounded? "lost" to market forces? But JPMorgan inherits 13 trillion? Try FRAUD. Like did you know, Mr. Trillion Aires isn't even on the hook for covering the initial mortgaged loans of mortgaged loans? Or that, the Royal Bank of Canada popularly paid out .02% interest on Canadian savings accounts just for spite? 'Knowing' you don't even have the strength of conviction to raise your phone demanding fairness for our forsaken Worlds, because, for starters, CBC, CNN, with the BBC an George Norry ain't going to take our calls for free communications, for, the neocon zionists committed 911 with Bush's business partner General Ahmad to rob you all - and die our sons and daughters are, dying our sons and daughters are. Does George Norry really care?, do Americans even care?

/ / Hallburton subsidiary KBR told employees at a water injection plant in Iraq a sand-like substance scattered around the plant was just a "mild irritant," workers recall.

It turns out to be sodium dichromate -- a highly toxic chemical which can [as will] lead to cancer even with limited exposure. \ \

See? Bushite will kill bushite for a stolen nickel. Did these employees know their company robs from soldiers by charging themselves a $100.00 for a single bag of laundry?, or keep slaves to serve the nazi grunt yumyums? Or poison water supplies?, stealing oil revenues?, over billing America while Championing unchallenged by CNN Bush whores more needless wars to profit US further dying as innocent victims on? If the sacrifice of soldiers lives is going to mean anything, it going to mean how long it took, Americans to care for themselves as really worth saving.

Who's Jesus?

ABCNEWS.com : FBI Called off Terror Investigations
http://abcnews.go.com/Primetime/Story?id=3D131907&page=3D1

Now think American: Why do you suppose this is anything else but treason involving the escape of the 911 terrorists? Obstruction of Justice is seriously criminal. Understand: CNN, CBC, and the BBC news producers know the neocon bushite committed 911, [I've told them myself] but refuse open debate through dialog to continue murdering ourselves. They are all of Humanity's true enemies by forbidding the knowledge to defend ourselves judicially. In Iraq, American tax payers pay the salaries of lawless mercenary goons who gun down our families at random for entertainment, and all they report is McCain unchallenged, that openly supporting lawlessness, torture and theft of Iraq, is the only way to war "al-Qaida". Not to arrest the guy who financed the 911 operation, General Ahmad, no, but to murder our innocent families by those at Guantanamo, who practice Satanic ceremonies to the demon Moloch. Maj. Gen. Geoffrey D. Miller. You can't make this up. Where is CNN celebs concern for soldiers who beat children to death for pleasure escaping unaccosted? CNN Heroes?, like those who murdered more than 200,000 innocent People in Fallujah for traitor Sattler? Fight back for Christ

'47,500 lbs. of bombs were dropped by bushite on innocent people'

Bushite who war Humanity for Bush are enemies of God as Love, attempting to escape those who actually committed 911, like General Ahmad. When a bushite bomber of the air forces die, all Creation celebrates the victory over lawless tyranny. A good bushite, is a dead bushite halted as a thief from murdering more of our innocent selves indiscriminately.

Where is Christ in Canada when CTV reports there is no evidence that mercury causes Autism?.. Not reported is that vaccines cause brain damage 100 percent of the time, because they contain mercury to poison YOUR child. Type 'mercury vaccine' in Google, and ask yourself, how can some paid hundreds of thousands of dollars in salary as a zionist "expert" miss such findings, along with thousands of corrective emails, as an openly confessed enemy of Love in Christ, as Justice for Life? Do you believe those of Israel's military, who purposefully targeted Jewish communities in Lebanon are anything but, enemies to Life as Love for God's

Son the Messiah? Where is a love for Jews in Israel, where
this issue of Zionists murdering Jews for money in Lebanon
isn't on their front pages demanding Justice for Jews in Any
Town, Universally? Better Right: Who are the actual Jews
Here? - and what about this "God" business.. I mean,
really..

These personal Usenet accounts closed by Google I've had for years. No debate was offered, no opportunity for me to even ask formally what the ungodly enemy of Life complained about, Why? Because the truth would have prevailed, and bush whore zionist enemies of God can't have free thoughts expressed by Man, for they would be understood in the streets by the Jews and Christians, arrested, tried, as prosecuted for lowly treason as enemies to Justice. For example: Condi, the zionist demon witch, dropped seven million land mines on more than 170 towns and villages in Lebanon to MASS MURDER our children indiscriminately for decades. Example two: Google has done nothing over zionist pirates who vandalize, every day of the year, page after page of alt.religion.islam, soc.culture.israel, and soc.culture.palestine from Earth's free speakers. EVERY DAY. A zionist enemy of CHRIST screams in joy over such crimes, as the silencing of the crying families going further unaddressed by CNN and CBC, who smile such denials, of my simple public demands to have the truth set US free naturally. FACT: Nazi Israel STEALS our Homes as the innocent forsaken by corporate news americans. Now, those criminals in Israel wish to steal my name also, further, as my, Johnny Wizard King of Earth thang - not so fast pilgrim.. I don't know who you think you are but, I am a good man, not a thief of Peoples lives. As Son to God Creator of the Heavens and Hell, my will has intent to defend life, as I am a fighter for Justice in all my Love resides Holy and Righteous.

YOU as my "American" listener, will be expected likewise as CNN and CBC has broadcasted You, to do nothing to defend your own child from their refusals to report the fact that mercury is a highly toxic heavy metal that harms all of God's children. and YOU, like FOXNEWS TRAITOR LIARS, will kill your own offspring before acknowledging our great strengths of character as unparalleled in wisdom, for the Ages We Are. Instead, "The Experts" of FOXNEWS and CNN, will tell US as deeply ignorant on subjects you know little of nothing about, they will tell US silently not to bother bushite CRIMINAL enemy of Humanity personally to defend our innocent selves, but instead, evil thought "Socialized Medicine"'ers, being total losers to Life and wiser folk by simply doing the math as ourselves. [Americans pay twice as much and get near half the coverage that Canadians do - !no middle men!.] It's all about talentless corporate multi-millionaire mercenary pirates, seeking our freedoms in America to die profitably, as they stand on the growing pile of rotting bodies, telling US all, we was right all along to do nothing for ourselves - like speak openly for Rights granted All in a Free Universe of Possibilities. Pick up your phone cowardly dying American, and demand Justice for 911, for, they could be You again. Al-Qaida =3D General Mahmoud Ahmad, and we have video of iron flowing like water from the towers. And... murder is illegal in all States. As just because the victim was an Iraqi child, casts their lives no less than any other of Humanity's Greatest.

Again, I, as the Son of Man born to GOD will remind ALL Americans, bushite have murdered more than a MILLION innocent people indiscriminately in Iraq, to thieve for the traitor neocon liars. Thousands of videos document those in the air force who target the murder of helpless children for example while chanting "whore yeh" in praise of the lawlessness to continue carnage against our better wills. Worth a death sentence by trial then firing squad, as blatant war criming traitors. Pick a Side: An innocent family?, or a UNARRESTED bush whore nazi rapist, a torturer and thief who believes some how Men of Earth do not exist to hunt them down with the Law of the Land for it. Not in Johnny World I'll tell you my friend, not in my world. Bushite are antichrist forces of evil who war GOD with supporting torture as our INNOCENT families of Humanity, all for the escape of the zionist neocons personally responsible for the demonic crimes of 911 going unadressed. Canadians will know, General Hillier has publicly pronounced Canadian Soldiers will not defend innocent people from being tortured to death under his criminal authority as enemy. Treason against Canada of the lowest order is what Hillier has spoken for himself cowardly. It's official: I am now in Command.

TOP ISSUES

The DEA has openly acknowledged that bushite in Afghanistan are pushing heroin into our streets. Innocent people are still being kidnapped by KNOWN bushite to be tortured as the Innocent to death. The 911 perpetrators such as Bush, Cheney, Condi, Myers with Rumsfeld and Ahmad, have still gone unarrested. Support my demands for national radio hosts like George Norry and Art Bell to allow US open discussion on these subjects, with open line callers to work ourselves through this struggle against lawless tyranny defeated with reason to be somebody worth the effort, or don't. George Norry has told US he's into killing kids, and going ballistic against any soldier who would refuse a criminal order given by neocon. A "great patriot" fighting the NWO?, or a traitor that to this day, happily watches Humanity be poisoned deliberately, and can't find the care to empower ourselves by simply allowing open line calls from real people who demand a halt to such extreme evil criminality passed off as foolish newsertainment?

I DEMAND OUR VOICE FOR AMERICA

I DEMAND nazi America respond to my Public calls on the fact there is no defense for the criminal war act of attacking Iraq. It is only through censorship, that bushite enemy of Life confuse the viewer. A so named "American" believes falsely as an idiot, Johnny Wizard's position must be challengeable with words, but it is not. Murdering People in Iraq does nothing to serve Justice, but is a criminal act against God and Man. We, The Free World forces had 100 percent access to go wherever we wished, without dropping a bomb, or shooting a child prior to the indiscriminate carnage that started the Iraqi war crimes. To murder in Iraq, in violation of America's War Crimes Law, UN Charter, and the Bible, LOWERS ANY, ANY, bullshit excuse for why American GIs cowardly sacrifice their lives today for the neocon zionist liars. It is only to thieve, rape, and murder an innocent other the bushite ENEMY chants "whore yah" over the willful indiscriminate bombings of our communities as the once civilized. Corporate America pirates "Freedom" by smiling in silence over bushite beating to death innocent children for pleasures. TV bushite hate the Blacks as leaving Katrina victims undefended with demands US whites think like they do absent any real care or love for life and God. Why? Because THEY'RE ugly rich. Like the Hedge Funders who still are paying themselves salaries with an obscene take of in around 1.5 billion a year in such "failures" of national management skills. They take from ALL disenfranchised being Talentlessly criminal as truly, the despicably evil. All TV nazi pundits at FOXNEWS and elsewhere will be publicly tried for war crimes. Taliban fighters are guilty of nothing but standing in defense of the innocent victims of 911. Today, in Afghanistan, bushite bomb and torture indiscriminately while oppressing women, Christians, and children, push heroin, and steal everybody's donated cash. Real Christians will bill enemy liar bushite for GOD and man until these undisputed truths are openly discussed with the facts in Our names. Death to the bushite torturers, rapists, and thieves, death to the enemies of a free America liberated from the tyranny of censorship.

TV NEWS CENSORS ARE OUR MORTAL ENEMIES

Did you hear! The Khadr team found a bushite manufacturing evidence in the military commissions trial. Death sentence for the bushite enemy, or will we instead silently except more crimes against ourselves as the innocent victims? Clearly, bushite are enemies of Freedom in America. We decide. Why must all Humanity die for TV America's contempt for Justice?, to not even fight for OUR dying rights, as if, My rights were theirs to steal. Support my demands for a real Public debate or die unworthy to the neocon's treachery.

HOCUS POCUS
* Only in America you Win 287 million where it really means 96 *

These TV experts on America, who refuse to defend American People from poisons in our foods, water, and vaccines, who just nazi lie and broadcast without challenge their top standings among themselves as sell-out corporate Bush whores, are the enemies of every living person who cares about counting votes to determine our real winners. Take a stand, be a man, dial the phone, your not dying alone. Help me.

God Damn the Corporate News American

I DEMAND a public debate with Americans on the FACT that George Walker Bush is a war criminal. Example to Humanity: the Iraq conflict has no cause. Period. Despite demon Bush repeatedly LYING that Saddam wouldn't let the inspectors in.

http://www.whitehouse.gov/news/releases/2007/11/20071107-5.html

Saddam wasn't found in violation of 1441. VERDICT: No reason to murder more than a Million Innocent People indiscriminately to thieve from for the zionist neocons liars responsible for 911. Soldiers who war GOD for Mr. Bush are enemies of American Liberty, and deserve to die before the innocent they target as 'no cause' war criminals.

We can not be defeated, for we never have been even challenged on what is globally, well documented as indisputable. Support my continuing demands for open communications to benefit any as Justice for all. All war profiteers will be sought for prosecution as the worst of criminality. AEGIS, CACI, and Blackwater will pay with their worthless lives through public trials for first degree murdering our families never forsaken in my living forever name. Death to the bushite, death to the enemies of Christ in America.

A New Life

A new life was brought into our world, and a bushite pondered that Heart, and threw it off a cliff for entertaining laughs. Laughs in knowing such action could make every child of Earth cry, that such action could make many American men feel helpless in knowing, such an enemy to Life, would dare steal the image of America as Once Great, risking itself continuing on with no more of a death threat than a small fine if anything. However. If we publicly demand the puppy killers be tried quickly for a tossing off a cliff for fairer sentencing, then the torturers and rapists might soon fear, they're never gonna get away from US either. Death to the bushite, death to the enemies of God as our great Love for Liberty.

We shall Start with public demands for the formal arrest without bail of traitors Bush, Cheney, Condi, Rumsfeld and Myers for the crimes of 911.

As for our British Loves, call for the immediate public arrest of the con man Peter Power, as the probable cause for the 'al-Qaida' crimes of 7/7. Along with Ian and Tony Blair with their phony cop who was caught guilty for lying as our media over and over again, to then finally confess, he gunned down an innocent man for no 'known' good reason as an escaping MURDERER. And to never forget why the bushite will continue to die rightly: All for, The Queen's Best soldiers, who kidnapped barefooted children from Iraq to be beaten to death on prized video for their godless pleasure of hate for Justice

NEW GAME TO PRACTICE UP WITH

Turning Point: Fall of Liberty
http://www.gametrailers.com/game/5117.html

Boy, this new game is something, not just another, 'questions are stupid. lets just kill whomever-shoot-us-uppers', a computer game of life maybe worth the buy, if for only the reality concept..

New York City is over run by thieving bushite nazi savages, so you, as one of the few proud and brave of a, left to die leaderless, Corporated into lawlessness, America, give the bushite nazis, the real welcome they deserve with fire works. (As freedom killing terrorist liars, the blind to reason bushite always are. [unless seeking forgiveness for such cowardice]) Like it or not. Al-Qaida =3D General Mahmoud Ahmad, and we have video of iron flowing like water from the towers. And... murder is illegal.. So, DIE BUSHITE DIE by trial and jury we

WILL stand for God and Country to defeat evil Nazi tyranny, guaranteed. It's written in the stars. Your paying for some crime. What are YOU good for? The Man says, Evidence is Everything. ..and a person accused of a criminal offense without any public evidence to surmise, is still innocent to anyone. Justice Will Rule when we know what true freedom is gained, by enforcing anti-torture in all cases, then actively hunting down, as Reagan's War Law States, the bushite personally responsible for crimes against Humanity in our stolen Names. We have the demon repuglicons who are voting on the support of torture as something other than TREASONOUS that excuses a murder of an innocent other, as godlessly sadistic. [For even the True Satanist, or True Atheist, would bill these grunting bushite torturers without even sweating about what's right or wrong. thinking.] Those censors like Rush Limbaugh or Shaun Hannity that refuse our wiser minds, do so because Freedom defeats them in seconds - to be the disturbing groveller to self destruction that they confess to be, hiding from nobody. However: In Johnny's America, they's not down burning in the fiery pits of hell symbolically to teach US all a valuable lesson, Theys got millions from us for "our" continual wanting of yet more mass murders as worst than any fictions since dreamt, and I, the Wisest Godman on Earth, instead of having Coast to Coast public interest, have mostly zionist crazed insults from extreme sexual dysfunctionals, offering to whore to a hundred and 50 something countries - just to fuk you up as lost again to the cause of Liberty. SEE? My critics can't criticize me on my facts, because we are truly dying here forsaking ourselves, truly dying as victims, because of the corporate media refusing to HONESTLY take our continuing challenges to report on. Look, CNN and FOXNEWS hosts have multi-million dollar salaries to cover nothing as important enough to honestly gauge US on, while I, I got hunger pangs feeding my growing costs. Support giving generously to me as my fledgling company, and soon, god willing, I'll be able to leastly afford myself a bus ticket with a tape recorder to get myself down to Washington DC, where I should be giving answers to the People whose questions have not as of yet, arrived from departure. Even with the speed of the Internet and everything, we are still putting harmful chemicals in our vaccines, foods and waters, that do nothing but kill us quicker. Stupid proved a million times over, or, no.. master genius of a new world order, whatever, it must stop, and it must stop now. But, not according to CNN, CBC, BBC, FOXNEWS, and newspaper editors who are much more into money taking by blindly supporting in print, the killing of innocent Peoples in Our Name through Israel, for the stolen cash kickbacks, by just claiming they don't hear US really screaming.. Ever? Never?

Sad, but without your generous dollar donation to the cause, (meaning more than being near less than nothing you people'll please give me in return,) i may yet go short again, so our bankers can take even greater monies by investing in our denied "failures". How about supporting my rise to demand public debate on Justice actually Ruling: by Publicly arresting for Public Trial by TV Jury, Mr. Bush and Cheney immediately, for the crimes of high treason as a major misdemeanor. 1. They closed down investigations following the 911 crime scene leads, designed by the lawMakers of the Land to capture the actual terrorist bad guy leaders of true evil - you know, the Crooks. (Obstruction is serious!) NOBODY disagrees?, publicly? ! SEE? CNN CBC AND FOXNEWS ain't really taking our calls for listening then are they for Justice? It could be dreamed that we are only refused for to be, not valid as fairly recognized. Like, how absurd! that Obama's preacher suggests supporting WAR crimes AGAINST HUMANITY, is a crime against God too? See, corporate America couldn't give a dying soldier a clean glass of water to save his forsaken life, because hey!, who cares? CNN, CBC, and FOXNEWS certainly don't care about escaping the bushite enemy responsible for the lives lost through the crimes of 911, and so on.... but my friend... do you?? Believe I mean.. In Justice winning a Freedom for all included? Leaving US to silent media condemnation, is to leave yourself a place as History. When a bushite dies, I celebrate the saving of innocent lives.

All irrational bushite dumfuk are godless enemies of Humanity, and worthy the death sentence to defend our dying innocent families they target as theives to murder for the zionist neocon liars. Who actually committed 911.

So,

Send this post to your favorite talk host, newspaper, or bar message board if sparing me a few dollars from Japan seems rather obscure. All for the sake of knowing a brother's down on his luck to find some love for Liberty in America.

King Johnny Wizard

P.S. I seriously need to eat.
Please help me, by supporting our cause to not starve to death. If you appreciate my words in defense of the once great Human race, donate a few dollars to this cause. Justice and Freedom for all, especially God as Just, and worthy our praise for Peace. Donate me leastly five dollars for milk and bread please.

How They Voted: Torture Bill
http://www.cbsnews.com/stories/2008/03/11/ap/congress/main3927680.shtml

These be criminals of the worst order. In America, today, the standing Reagan Law, demands that these bushite enemies of God serve a minimum of 25 years, for knowingly supporting the war crimes actions of torturing innocent Peoples to Death. As President, with the Armed Forces in tow, we will arrest, try, and convict all these demon enemies of freedom for Americans.

Look, we have to realize: everyone knows a bushite cop killer thief is a cowardly enemy of America, who wars God and Humanity as OUR ENEMIES for the criminal escape of the neocon Zionists responsible personally for 911.

Proud bushite enemies of God and Man state:

http://www.forum.militaryltd.com/tun-tavern/m10997-zarqawi-had-close-call-ma=
rines.htm

"Heaven Won't Take Marines and Hell Is Afraid They'll Take Over."

See? A bushite is an enemy of the Family, who rapes and murders for the demon antichrist thieves. Dishonorable to the core of what it means to be a free man, they die in cowardice, too afraid to defend what's right as true. A liar, a thief, a murderer, that is what a bush whore nazi grunt who states life must die for as lawlessness. They war Humanity as bush whore slaves for the escape of the neocon liars of 911. (General Ahmad funded Atta) They support torture by silence, they support raping women by silence, they support robbing The Peoples by silence, and they support killing themselves for FOXNEWS to continue LYING to America about what it costs to be a bush bitch who chants routinely, "whore yeah, whore yeah" Death to the bushite, death to the enemies of freedom in Johnny's America to talk openly with the FACTS absent Coast to Coast hosts Demonic censorship of American voices as True Liberty.

1. The ISI's General, Mahmoud Ahmad funded 911's Atta

A Zionist liars website:
www.Jews-Did-911.com

I didn't do 911?, least not responsible for closing outstanding criminal investigations on who personally was responsible: Bush and Cheney, Zionists. Not Jews. Zionists believe Israel should not be defended from war criminals who bomb Jewish communities indiscriminately to murder children with millions of landmines. Condi, zionist witch, ordered the dropping of near seven million land mines on Lebanon, with the first strike targets to be JEWS pin pointed by the anti-Israeli racist nazis. Jews, who are so, no matter where we eek out a significance. CBC, CNN, and FOXNEWS with George Norry refuse to take my challenge for public accountability as Zionist enemies to Life. Nazi Israelis steal innocent peoples homes, period. Who's in charge here Kangaroo?? Eh?

Conspiracy of Conspiracies

March 7th, 2008, George Norry
'Why is it that we can never find the big foot?'

Ask the more good than bad Alex Jones why he refused to ask Lou Dobbs why he hasn't reported that General Ahmad funded Ahmad? I know why.. Because Alex Jones once again, with Dobbs, whored for the demon antichrist's escape for the treasonous acts of 911 committed in his name.. What is Alex Jones when he alleges George Norry, who's into killing innocent kids, is anything but a traitor deserving the death sentence through public trial? Justice as Freedom?, or more go nowhere NWO shadow government bullshit to escape the ungodly zionist neocons personally responsible for the crimes of 911. I demand a Presidential debate with America where Alex Jones can't hang up on US, while claiming to ourselves as the audience, that the truth tellers hung up himself, honest John. Alex Jones suggested yesterday that ALL those who criticize himself on anything, without naming names, are just jealous. Again, Mr. Look! it's a Prison Planet is not qualified to lead a Peoples towards freedom through Justice wanting. (Qualified to lead the news however, granted, one of the best, IF NOT THEE. (Except for Zionism, Health Care, Immigration, feminine Rights, Banking Issues, and a.. Trade Law))

Mr. George walker Bush is the primary CAUSE for almost all the criminal transgressions against God in America and abroad, since the demon stole the initial election back in 2000. Alex's contention that Mr. Bush and Cheney isn't worth attacking personally with our Laws on treason for defense, (all because theys not responsible for nuting, as his NWO "Puppets",) IS Tyranny of the worst order. Ask anyone, including Alex if he could get his chumped "ego" out of the way. Truly, "Socialized medicine" can also mean paying half as much, with double the coverage. Middle men are our answer givers when it comes to Americans questioning the system of injustices inflicted. Did you know: Private Insurance Companies can clear 70 percent of money invested? NOW... wHy wOuLd wE Do tHaT? If we had the free choice to decide for ourselves I mean, "I" am asking "You"??

Justice is what ALL want for 911. The State of Vermont just ordered all State troopers to not stop Bush on arrestion for High Treasons. Newsworthy in corporate America? YOU decide, or don't. Mexican troops, funded by American tax payers, are selling dope in America for Bush and Co. openly now.. Who are you going to call?

Who IS running this bushite nazi liar show, where they, our elite corporate media masters, kill our stupid kids with their flagrant naked monster lies, while refusing all calls for clarity, Johnny America really wants to know. Like immediately. Help us out here some man, don't be evil.

Petraeus Threatens to Murder More Innocent Peoples!

/ / Gen. David Petraeus said. "We can feel it and see it, and what we're trying to do is rip out any roots before they can get deeply into the ground." \ \

As the President, I will demand Petraeus explain himself. If he refuses, I will order the military to arrest him on sight for lowly treason. We know already, that every bomb that goes off to murder indiscriminately, that isn't credited by bushite THIEVING enemies, is blamed on bin Laden, without the least of any investigation, according to Petraeus' own staff, as so reported on PBS. He, Petraeus is an enemy of AMerican GIs, by refusing to order them all to hunt to kill the neocon terrorists responsible for 911. TREASON is anyone's book. Death to the bushite, death to the enemies of God in America.

THIS IS TREASON

Bogus Iran story was product of Pentagon spokesman
http://rawstory.com/news/2007/Bogus_Iran_story_was_product_of_0116.html

/ / Starr added that one American boat had been given the order to fire, and the Iranians had moved away just in time.

Porter identifies Bryan Whitman, the Pentagon's top spokesman, as the culprit for the spurious [TREASONOUS] account.

Fifth Fleet commander Vice Admiral Kevin Cosgriff denied that his ships had been close to firing on the Iranians. So did destroyer commander Jeffery James. \ \

Remember, these bushite are trying to con leaderless America into a another needless conflict, where we die for their growing riches as war mongering privateers of this, our 'popular will' contesting as defeated already.. Johnny America for Presidential Election Questions! Or, go back to dying needlessly then as dunfukked "Bushite", you losered.

Bushite "Hero" makes eight year old run five miles to save the life of his loving mother, to only after the run, be laughed at with a refusal to grant the emergency water the soldier dumps elsewhere. [Remember: demonic bushite enemies of GOD blew up the water treatment plants to "help" Iraqis.]

[this video is of the same culprit, but different child - seek, and you shall find the will to bill a 'lawless' bushite for God and Country..]

Look, the bushite has no mind to support these indiscriminate bombings of our friends and family. To kill a bushite, is to save the lives of innocent god loving peoples. A bushite is a lying traitor to civilized humanity, who wars Life to escape the neocons for 911.

President Clinton Speaks on US as Dying Idiots

President Clinton - "We look like [DYING] idiots, folks, denying that the people who murdered our fellow citizens [GENERAL AHMAD and Co.] didn't when they are continuing [AS THE 'ESCAPED"] to murder people all around the world," to thieve further for the neocon traitors, from a left undefended "America" silenced by censorship practiced by the demon enemy George Norry, making lawless and godless, synonymous with good will and charity. Where's the reason for George Norry to be happy about godless tyranny destroying GOD'S undefended America I ask YOU? George Norry is what is referred to in the bible as a Demon.

Fight back for Freedom, Fight back for God, or rightly die a cowardly victim to eternal life's desperate struggle against the bushite's tyrannical barbarity where indiscriminate bombings with torture and rape is not worth getting anyone publicly arrested over, and courts with lawyers are banned to practice by the war criminals left in charge without questions given or answered, while YOU continue to pay dying in silence. Pick up YOUR phone, and make the call to talk radio to-day. Demand Justice for America, demand Justice for God.

Demon Livney "The world should respect ANY ACTION taken by [ungodly zionist evil] Israel in order to defend it's citizens."

So, UNGODLY nazi Israel can put millions of innocent people in concentration camps, because hey, it's to protect the enemies of Mankind who routinely steal innocent peoples homes, while murdering our children indiscriminately with land mines for Satan. According to the Jewish/Christian Bible anyway.

Catholic Bishop: 9-11 was inside job

U.S. Army Sergeant Logan Laituri - "The problem that we face in Iraq [AND ZIONIST AMERICA] is that policymakers in leadership have set a precedent of lawlessness where we don't abide by the rule of law, we don't respect international treaties, so when that atmosphere exists it lends itself to criminal activity," ..by rapists and torturers who OPENLY practice a hatred for G-D unprecedented in world history. The Nazis of WWII have nothing on bushite enemies who sing and cheer on video available at YouTube for the murders of innocent god loving children. (Just like REAL DEMON censor George Norry advocates publicly by the way without contention) Death to the bushite, death to the enemies of a liberating Mankind. So says the Man of men as Son to God always.
